Shiva Ratri Program 2000  
In the Baba Temple  
Swami Births Two Atma Lingams  
March 5, 2000

*Shiva Ratri night after Swami gives birth to two Atma Lingams. Early Morning Talk*

**Swami:** John you have to give one promise. Can you do that right now?

John: Yes.

**Swami:** You will do always good for the universe using this power objects, these holy Indian tradition Shiva lingams for only the good to the universe. Do you promise?

John: I promise.

**Swami:** What do you mean like that, promise?

John: Praying by my heart. I got these big Shiva lingams - yes, I promise only for the good to the world you gave the Shiva lingams of the Indian tradition - Shiva Shakti.

**Swami:** You never go away, you never throw away this Shiva lingam in the ocean or to sell it to somebody.

John: (*laughing*) I promise. No throwing away its my babies.

**Swami:** It's your babies. Okay, sit down, sit down, sit down, sit down... Somebody recorded what I chanted all the mantras? Just recorded?

Myuri: Uh-uh.

**Swami:** Hey guys, unbelievable healing mantras in the world, the top the number one. No more on that - how to suck the Mother Divine, and angels, and Shiva (snaps), period. They can't escape from that boundaries, that is the boundaries... I thought my beautiful student at least recording the voice! Is anybody did?

Myuri: I thought you didn't want us to.

**Swami:** Hey taking video camera is different recording is - gosh. Giving shaktipats to few people. How many people got shaktipats? I think I gave near, near thirty-five, forty people - huge shaktipat. When Clint gave massage he twisted. You explain. Stand up and tell.

Clint: Swami asked me to help the tension around and the muscles around the lingam. He asked me to help release some of the pain and tension around the lingam and he showed me where it was and he put my hand in that exact place and I could feel beneath. After some massage in that area it loosened some, and John was holding his feet or one foot, feet, and very hard, very strongly, and one time the lingam it was spinning in two different ways really. It is like an egg is spinning along the long way and the short way, or Swami's body is turning around my hand, I'm holding it still, I don't know which. In a moment huge energy, unbelievable energy, my body temperature went up ten degrees. I was suddenly sweating everywhere in an instant, boom. And it moved around many times. Swami said he felt it move around four times. And a lot of blood came from his mouth, a lot of agony like that releasing.

**Swami:** When after today, helping Clint, thank you so much Clint, I can give certify him real doctor. Seriously. He knows how to help the especially spiritual teachers to make them happy and easier. He caught exactly that, and he made it; he turned it like three, four times, four times. Then there's a big chance the brain go collapse, you know collapse with all pain, can't bear it, then it came out with all blood and then after, when after it is released like egg broken, then

its free. Then later, I very free. (*Swami birthed two Atma Lingams, Shiva-Shakti for John*)

John: There was a huge shift from agony and pain to, "Hey man that was good! I feel good now." Because he shifted the direction of the egg inside of him, it just had to be twirled around several times to loosen. He seemed like a thousand times percent better.

**Swami:** What he is saying?

John: I was just saying you got better.

**Swami:** Much, much better. Huge relief. I want to do in the two forms Shiva and Shakti but its always missing. Shakti is going different way. Shiva is going different way. They're not together.

John: I like Shiva and Shakti together.

**Swami:** I know you are. All the women they know.

John: They belong together...

**Swami:** One part of that rule is done. When I went in, okay this is very serious important subject, when I went in meditation, actually I has to go in meditation for little long time for the big reason of one of the Vishvayogi coming in the Monika L. life.

He sended message, of course he's unbelievable sick and previous he's lot of misunderstand. It's not misunderstand its lot of power fighting systems is happened between me and he. Its okay, but I want my student's safe and happy - good life. He went in the different strong rough way. Instead of the national highway, he going in the rough way. Finally he's doing in a smooth way. He's, he really wants to come and then after to me he only has to channel awaken up his energy back, to give his powers back, his channels back. With the right person and the right who knows, the pin number exactly to that soul, then only they can release it. Otherwise it takes many, many lifetimes to get the enlightenment and to get the same power, to any person in the universe its normal. Before you got the enlightenment with whom, that's why I gave every person personal mantra, the seed of the beginning of, the seed of tree is very important. You understand?

So, he wants to me to come and waken up his channels. I told certain people can waken up his channels, but Philip and Monika L. their hearts is not open, different people opens their baby, and only Vishvayogi he have also much confident on me when he born, when he little grown one year later to given up all his powers channels. It's a big confusion between he and me, not confusion - little fighting. If I really, it's a big fighting even though if I stay I am sure one thousand percent the negativity can comes and attacks on me very strongly. Either I can go huge sick, any moment any way, maybe car accident, or different way my soul will take off. You understand? The fuel is dead, fuel is less, the flight is in high altitude it has to fall down like that. I has to land very smoothly my way. So, I have to meditate. I have to go and coming to point, if I am staying for to waken up his channels I have to go to Himalayas or in Hampi the deepest, there is a cave four to ten people they have to really take care my body.

Sometimes if I go into samadhi four days, five days, three days, six days, like a dead - period. Like two batches, morning one batch, evening time one batch to take care my body. It's not making up, "Oh, Swami's talking..." It is, we'll see. Only advisable to the male, and its advisable only ten to fifteen, twenty percent female can protect. How many male people can protect, take care Swami's body, I want to know? It's near twenty, twenty-five days man. Twenty-five, not one days, two days, like it is twenty-five days to fifty days. For sure you're talking with your heart, or simply just throwing me in the cave whatever it happens (laughing), "Now our Swami is gone, now we can take revenge on him, done." Okay, thank you. Then how many female? Oh, female no doubt.

Okay, tomorrow I will let you know when I am exactly starting my process. So, really I need ten people, five people daytime, five people nighttime take caring. Even though sometimes I walk, then you can go in the meditation. Why two batches means, if I went one in deep trance, the trance it goes like a same Samadhi - dead. Certain days coming back again two days, three days meditating, normally talking, eating and much time meditation. Much, much time only meditations. So, its very hard, very hard work, complete hard work not only to me, who was surrounding protecting to me, they're also have to do certain mantras, certain prayers otherwise that energy drives unbelievably crazy, lot of negative forces attacks, and I'm telling before. Its not like you're sitting, "Okay no problem, I can

drink coca-cola and I can watch Swami." Its not like that. Whatever I am doing there, same fifty percent you have to also do concentrate much mantras and prayers concentrating.

So, lot of huge attention like a small kid, you know like a kid who was walking with four legs, four legs means like with knees and hands, crawling. In your home if your kid is crawling, the mother always, "Hey, hey, hey where you going?" Midnight coming and watching, early morning 4a.m. coming and watching, seeing is there any ants, is there any bugs whatever it is, going there - huge responsibility. And so I need my students' help. I can also take the Indian services, the Indian, my Indian devotees, then it go little crazy. Instead of the protection, instead of take caring, they sitted and started to crying, and crying, and crying, and crying. Its one way of the love, but they're I can pure innocence, they don't know how to on the moment what is the right to do there, what is the right action to do on the moment, they have no exact idea. Most of ninety-five percent people, they have huge love and devotion on me but... We will do our process Paula G. tomorrow. Is it okay? Is it okay?

Paula G.: Yes.

**Swami:** Any questions?

Paul: Any specific talk on Atma Lingams?

**Swami:** Tomorrow, like two to three hours we can talk very deeply on that. Two hours, three hours, very big talk we can complete that. Tomorrow everybody's duty, to make me to talk on the Atma Lingam. Who is Shiva, first of all? And, what is inner secrecy of in his soul power? Why the God is making different souls, the holy divine souls on this planet to showing these are all stuff? And, compared with different religion, divine souls, compares and same with the Indian tradition souls, holy beings, what is the differences, and the inner secrecy of the Atma Lingam power?

We can see its a Baba like a statue. When you seen beginning first of all two, three years back in Baba's statue the eyes that is different face, structure. Now, if you see it, compares with that until now, you can feel his presence the energy in the eyes, the glory, the charming in his face. I'm not kidding. This is true. Is it true?

Students: Yes!

**Swami:** And the same thing in your lives, some picture at least a normal about your picture is hanging in your home. After you keeping on seeing after one year, two years, three years later that picture started to living like a real life. Like a real life it means the vibrations it sucks. It's sucking. It's observing and it started to giving. Automatically when your soul is impressed with one picture, when you're keeping on seeing that, the magnet power automatic it comes to that, then it started to create. Here to Baba everyday they're taking abishek, lot of pujas, camphor, Aarati and lot of prayers, lot of yagyams, thousands of people coming and surrendering to him, lot of huge attachment. But even we can talk as statue unbelievable vibrations started to releasing, positive vibrations to healing, even though wherever you are in the world just if you started to think on Baba, making a map, Penukonda, Swami Ashram, in the hall, Baba, "Please bless me." (snaps) Your heart is open for that, its like a line connection hooks you, "What do you need? What is your negativity there?" It comes, it protects you it comes back.

This is one hundred percent exactly true. That is the - who have the real connection it helps. That's why Baba he told in his life history, who really thinks on him he'll give the answer from his Samadhi - his bones will talk. His bones will talk. That's exact, that's absolutely right. I'm giving as much as I can to my students, unbelievable things, unbelievable good things. There is a lot of meaning why I said this. Everybody knows in their, its very private to each persons, everybody know that. It's the greatest gift in this planet, in the world, to receiving such a great boons.

In your countries who cares about having whatever you have huge comforts... but the real permanent happy and joy its only we can get through pure spirituality - helping each others. If you worship the human beings it is equal to worship the God. You understand? If you know the supernatural power about the God energy, supernatural healing capabilities, you can help unbelievable who was in depression people, sad people, heartbroken, confusion people - that is the real treatment. If a person has stomach ache if you gave a medicine, some pill its fine, that's not the real treatment. The real treatment nowadays in the world, ninety percent big diseases is huge confusion, huge hungry for the spirituality.

They don't know what they're doing. Everyday morning they're waking up, they're going they're duty, again they're coming, they're eating and they're sleeping. Lot of pain in their lives, lot of confusion, they don't know where they are going, they don't know why they are struggling in this life. Whole their lives they're living like that way. So, to such types of persons it only helps to spirituality people to teaching them meditation, to teaching them to about God, to teaching them about lot of miraculous things what the God he have his greatnesses, how funny his creation. When you keeping on talking, if you make them to understand then he can grow unbelievable abilities, strong resistance power he can afford whatever the illusions, whatever the negativity in his life, he can cross that because of innerly he have a strong confident, "God will protect me. God will take care me. God is there." Does it make you sense guys?

Students: Yes.

Swami: Yes, no?

Students: Yes!

**Swami:** So, if you can misunderstand, "Swami, who you are? Why you are doing this? Why you sucked everybody here?" I didn't suck everybody here, no way. I can simply, can blame on Baba. Even me for funny I went Tirupati, we got just last night, two nights back, we went straightly there. Actually, we supposed to go darshan. Next day morning, the officer came, "Okay, now you can come." That was the Guru day, hmm. Okay, we went. After we got darshan, I said John, after...

John: Do you want to turn the video off?

**Swami:** No, I am not talking that, don't worry, I know you're small author. If you want you can buy book... then we got darshan. When we came back out of temple, simply John said, "We can go back to Penukonda." When I am coming down the hill I got the message, big political leader coming to Ashram. We don't know who is he, a leader coming. Then I said, "Hey we are supposed to stay one day here peacefully, why you're again telling me to back to Penukonda?" Wherever I go its lot of huge pressure, not pressure, huge responsibility on me to Baba always making me to call and what's going on in Ashram. It's like big huge wife, seriously, very hard,

expensive wife. So, sorry to say, I can't afford it! (laughing). It's too expensive my time and to giving him always. Okay. One level I feel, "Okay I am so glad." Even though I am sleeping the construction, all the walls, it's rotating. Something I have little confusion, I wake up then go walk straightly, sitting on the wall and watching, "How is that angle?" (laughing) How my life completely turned huge responsibility way crazily!

Why I am saying this means my point here, once if you surrender to God you're duty is open your heart, surrender to God. And, same level he gave unbelievable happiness to me, unbelievable joy, the happiest life in spirituality, melting in milk, pure milk of his love - that's it. But, once you have to taste the real love, once you have to touch the heart, that's it (snaps) then he'll take care. Maybe somebody thinking, "Oh, Swami, we are little bit attached to you but you ignores me. You never talk to us. You're always walking. You're only talking certain people. You're in different mood. We can't understand you! Completely we can't understand you, you're little bit crazy. We want to run away but we can't run away. We are like prisoners her in your presence!" If you say that I can say simply I'm so sorry! That's only my answer. I'm saying in front of everybody you're life is your life, completely free life.

Whatever your heart says follow your heart. Wherever you are Swami loves you, period. Wherever you are Swami loves you. Everyday when you are here with Swami you can learn one new thing. Everyday you can learn new thing. So, it's up to everybody. "Swami want to stay? What's going on? We are in big confusion." Don't be confused. Be happy. Kick out that type of thoughts in your mind. Why you are here? Don't create that type of crazy confusions. Think, "I am here for the big reason. God made me, God put me here, okay I have to research on the God."

This is the big research center, one of the biggest research centers in the world so you can research on the God, everybody's scientist on the God, spiritual scientists. Sometimes evening, everybody can make me to sit and talk some questions, some beautiful conversation you can make me to talk, and you can melt in the deep silence, going in the deep silence. I am seeing everybody is meditating unbelievable - I am really so proud of. Nobody didn't saint, did this much teaching and progress, creating progress with the students like this. I can feel myself big proud, "Okay." But still a lot there, by Guru Purnima

arounding time, unbelievable information one more step, no more steps beyond that, but maximum huge step, I want to talk on that. So, do your hard work.

When you have huge peace in your life, automatically in the peace you can create lot of good qualities. For the love, the intelligence, your greatness, for to everything it only comes to your peace. When you are not in peace - no way, no way. That is my experience, personally. Many people who very close to me, lot of different saints their experience too. The holy saints, the powerful people you can see always in their faces much peace and silence even the Shirdi Baba. Sometimes he's angry and throwing sticks, whatever it is, by the out-looking he's so screaming on them because of when he's screaming on them means washing their negativity, identifying themselves to showing themselves, "Something you did an mistake. Think yourself." There are a lot of stories on that.

We can discussion tomorrow the avadhuta's angry. He have huge power. God gave huge power to a person, but he's still huge angry, what is difference? But in front of avadhutas, if the kids goes they loves it. They brings, "Okay and kissing, okay." It's not in the, how I say that? Even though he's angry, he's throwing the rocks on the moment, if the kids go there he loves the kids. So there is a deep meaning. Tomorrow I will explain the process of the avadhuts. In the *Bible* they told anytime the Jesus is huge angry?

John: Yes. He went into the temple and the people were all changing money so that people could pay for their sacrifices. Then he came in and said, "You shouldn't be doing this!" and was very angry and knocked the tables over. Imagine going in and knocking over the tables, all the money going everywhere, "Who is this guy, knocked everything over?" He was a pretty tough guy.

Ramakrishna: He was not a small man. He was a big man.

**Swami:** Who?

Ramakrishna: Jesus.

**Swami:** He is. So, today is the special day, everybody's wakening, sleeping or just waking up?

Ramakrishna: We're staying awake.

**Swami:** Staying awake. Staying awake?

Students: Yes.

**Swami:** Who is sleeping here?

Ramakrishna: What's your advice Swami?

**Swami:** I can't sleep. I have to go interviews a bunch of people they're waiting. I put the huge work to them 10,008 times they have to chant it "Om namo namashivaaya" I threw the, they're chanting until morning. They're doing it. They're doing it.

Lothar: How shall we continue with the program? Shall we continue the mantras and the silence?

**Swami:** Sure. I recommend three hours minimum, morning hours, two times in the silence just for twenty-four hours until to tomorrow this time then later, peaceful. And Swami going to Hampi, there is a bunch of Japanese is waiting. So I have to give darshan, talk. If anybody interested to come, no problem to me but I don't think so the Japanese people invites in their group, but its okay we'll talk tomorrow. I will talk to their group leader, we'll see.

Gaya: Swamiji, I just wanted to say thank you for all of this, because its so much in our hearts. I know each one of us wanted to say that to you. Just your selflessness and your giving constantly, you are just the best being on the planet.

**Swami:** You know if you say thanks to me it means I am a different person. If somebody did a help, if you say thank you it means I didn't feel. Do you understand my meaning?

John: No.

Gaya: I didn't.

**Swami:** Oh yeah! Suppose Bonnie did a great service to you, you say thanks to her?

John: I have to or I have to sleep outside!

**Swami:** It means you have right, okay. You say, "Thank you." Take care. All my staff they're doing unbelievable service, I say hey, just in the heart, great, my pleasure Gaya.

Gaya: Oh, we love you so much.

**Swami:** Thank you so much. Me too. Okay, guys I'll take a little walk and everybody can touch one time the John's lingam, I mean...

John: (laughing) You can choose either one, its your pick!

**Swami:** Ramakrishna, he's really interesting. You can touch (*joking back*).

Ramakrishna: Its gold plated too!

Lothar: Swamiji, Herbert is asking whether it is allowed to take pictures of Atma Lingam?

**Swami:** Sure, no problem. I have to ask the John. Is it okay?

John: No... just thought I'd say that! Yes, they can certainly take a picture.

**Swami:** You can take the lingam, Atma Lingam not... Maybe he misunderstood (laughing)! ...he have huge fear all his books it will go in the front page, big sales book...

John: You said it is Atma lingam, is it Shiva-Shakti?

**Swami:** Atma means union. Perfect meaning of the Atma means union to God, Atma and Paramaatma.

Ramakrishna: His lingam is bigger than mine.

John: No way!

**Swami:** They can really torture each others. (*Students make more funny jokes, then Swami jokes about the bathroom.*) Okay guys.

John: There's a lot of people here. You want them to hold it? How much should they hold it?

**Swami:** Like few seconds, think, just think one desire like ten seconds. Ten seconds, give ten seconds, give ten seconds, give ten seconds. Okay every person got the water when I sprayed, at least one drop is hitted? Who was not? Its big important. You didn't got?

Anya: I don't think so.

Cindy: We were in the back.

**Swami:** Yes. I covered every person. Who didn't got, don't touch the lingam. I will tell why it is tomorrow, rest of, if everybody's really, really tired, take sleep. If you can wake up, stay awake, you can stay whole night until to morning sunrise. Even you can go in your rooms. You can make your conversation talking and talking. I'm sure if everybody here meditating definitely go sleeps, big snoring and the Indians goes, "See they're lot of snoring. They're sleeping, we also has to sleep." I put it strict rule to them, if I see any one person sleeping I am putting lot of water on them. They know about Indian tradition about greatness of the Shiva Ratri so even if I say or don't say, who was fifty people they always stay awake every Shiva Ratri, every year.

Myuri: What time was the lingam born?

**Swami:** What do you mean?

Myuri: Did anybody see the time?

**Swami:** I don't know.

Myuri: Did the doctor catch the time?

Remesh: No.

Myuri: No birth certificate.

**Swami:** Make few people stay, ten, twenty people, different people, make a small walk, come back and change. Okay? Its too much huge energy just make a walk.

Cindy: Thank you Swami.

**Swami:** God Bless!

End of Talk
