Ashram Talk With Swami  
Swami's New Year's Message  
Teaching in the Ashram  
January 1, 2002

*This talk was on December 31 and went through midnight into the New Year.*

**Swami:** I really appreciate everybody did their maximum best. In this coming year, also heartfully I'm praying to everybody and blessing to do the same, and this is the maximum, the final year to everybody to complete your spiritual progress, to complete, done. The target period is the Shiva Ratri by March 12<sup>th</sup>. Actually I fixed the energy channels to two Japanese, Taketa family, and two Germans, and two Americans, unfortunately I postponed for three four days later. Some energy level channels I didn't feel that much comfortable to connect them to the Mother Divine and to receive some abilities to they demonstrate some miraculous energies in front of you. You can see, is it really possible?

Can certain abilities, you can enjoy it through some of your colleagues, or your friends, you know what I'm saying, to clear up some of your 'monkey minds,' to wash out, to stand for the truth and divinity, to walk with great abilities in the world? But I have to say one thing truthfully. Even you walk with great abilities in the world, the world treats you as black magicians. You have to that great, that golden statement in my heart. You have to overlook that, you have to ignore completely - truth is always suffer from the beginning, from many, many Yugas, from many centuries. So you no need to worry from this year, it's always there. You have to be ready to bring such great daresness and guts, to show your abilities, to walk.

One thing, if I didn't bless any certain abilities one part, to myself it feels big embarrassing to me. You know what I'm saying? If my students is not doing certain abilities, even if they did amazing austerities, if I didn't bless them with certain abilities it's my failure, I can consider it. But until now, I didn't see ninety-nine percent no student really that much surrender to the real truth. They're still holding something in their hands. They're a little diplomatic. Diplomatic? How to say that? Diplomacy. They want but they don't know what it is. You know what I'm saying? They have a lot of unworthiness but they want to do it. You know what I'm saying? That's your own block, you can only wash with your own heart. I'm so sorry I can't wash that. If you gave that to me to wash it, I can really wash with beautiful cooking. That cooking you can't tolerate.

What Baba, he's been cooked with his master Venkusa, it's really, really cooked, squeezed. I don't want to do that. I'm giving the chance to your hands. Figure out the blocks to your hearts to wash out. I never satisfied, even with your heart and your mind's thinking. Ok, I washed it, again it comes up, in the next month it comes up. Completely I disagree that. You know heartfully what is really the washing. You know what I'm saying? You have to learn that pure surrendity, belief, patience, pure practice. You don't need to be, to feel...you don't need to feel that under certain circumstance you're under a cult. If our tradition, our Baba tradition, the Hinduism, if everybody treats as a cult I can consider, I can proudly with egoism, I can tell, "God is a cult." You know what I'm saying? Christianity is a cult, Buddhism is a cult, Hinduism is a cult, Muslim is a cult - all religions is a cult. Our cult... yes we are under a beautiful cult, the cult of love, understanding the mechanism of the real truth, the channelings of real fragrance. Once if you really surrender for the real truth, then everything comes to you with pure surrendity, one hundred percent patience, faith and practicing it. Many people have the huge confusing and doubt and unworthiness. We don't know if certain abilities we can reach at least we can have some experiences. For example, let me talk honestly. Can I talk honestly, Philip?

Philip: Um-hum.

**Swami:** Philip is a pretty good long student with me. Long student?

Philip: Long-time student.

**Swami:** I hope he really understand what he did, huge mistakes he did with me. I hope he really... what I tested him too. What I can test? Just

how much you are patience? How much you are belief? How much you really surrender? And, how much you have really great hard work nature. These things only I can test on you before I give certain things. Even if you're giving a billion dollar check, I don't care. Even if you too much buttering on me, every day doing seva, cleaning all the things, fixing it, I'm so sorry, I really care the depth of your heart what is really there. You know what I'm saying? Forget about this Sri Kaleshwar human life character. You know what I'm saying?

Even I'm like a complete avadhut, like purely my master Guru Parampara, under the tree, it will happens but you have to reach, you have to win the real fragrance from him, the juice sugar from the direct sugar cane... without doing any process....many people did their supernatural processes. Especially, I'm giving the example of the Philip. He really loves me. One part he really doesn't know how to surrender it. You know what I'm saying? He doesn't know how to surrender it. One part he worships, he really loves the master, Guru Parampara at the same time some blocks he don't know what it is, it's really bothering him. Whatever his relationships, a lot of his personal problems, it's coming on the master to stopping... the blocks...bottom line here, your personal life problems never put in the spirituality. You know what I'm saying? Even though you have the great, great quarrel fighting between you and your wife, between you and your friend, stop that whenever you're doing japas, some processes. Forget that entire in the process, do it with your heartfully. Whatever you done, heartfully surrender to the Guru Parampara – he's the Big Boss. I'm crossing my heart, I'm telling the truth one million percent.

In the universe, I really, really, really care, and really afraid of the Big Boss Baba but I can do thousand times miraculous, miracles than the Baba, what he done in his life. I can do a thousand times but I took him as my master, that's it, that's my pledge. Pledge? And, I did the great austerities power, two times more. I'm not buttering on myself. I know my lifespan, what to do, how to do. Even in this century, in this period of time you're listening it. Coming a hundred years later, this is dakshina Shirdi, South Shirdi. There is the north Shirdi, this is south Shirdi. No, I'm not exaggerating it. This is South Shirdi. He did as a different way - I'm doing as the different way but...he's the Big Boss. But I didn't receive, I didn't receive the suffer what he enjoyed, the suffering stage what he done it, what his master blessed.

But you have to really understand one point. In the Guru Parampara life is completely mortalism. You know what I'm saying? Mortal. You know

what I'm saying, mortal, temporary, human lives is completely mortalism. There's no, no guarantee. You are in the body. You have to experience something great experience. That makes you enough to qualify for the moksha. I don't care whatever the saints...it's completely insane, whatever they gave, the statements. I'm so sorry to say that. I'm not insulting them, but I completely disagree their statements, ninety-eight percent their statements. If you experience the beautiful, miraculous power on the moment, on the spot, on the instant, you are eligible to the moksha. You are witness to the supernatural, cosmic energy. You know what I'm saying, you are under the moksha you got the ticket.

The second step, even though whatever you're doing the amazing channels, first of all you need to figure out, to understand why these channels you have to do. If you do it, what you really want to do it? Ok, if you have some ideas you want to get name and fame, some prosperity, I'm so sorry. If you have those kind of attachments in your life, then the really Maha Maya will play on you. If you are really focusing on your own selfishness then it will really play on you. You have to really surrender what she bless it, what the Guru Parampara blesses it to give it back to you the results, the satchitananda, the happiness, whatever it is.

Even the Big Boss, Jesus, he did amazing stuff in India. He did amazing stuff in India. He gained supernatural powers in India. Whatever he did the channels, the practices, ninety-five percent all my students, whatever they're doing in the channels, the exact mantras, the channels he already did. I'm crossing my heart, I'm telling the truth, very pretty soon I will prove it, I'm not exaggerating it. Whatever I tell, I'll prove it. Does it make sense to you Ramakrishna? Cross your heart and tell the truth? Be honest, totally honest. With your personal experiences with me, does it make sense to you?

Ramakrishna: Completely.

**Swami:** Whatever I have the proofs, the ancient knowledge, whatever I have the ancient proofs I'm not exaggerating it. It is there, 1,900 years back, 1,800 years back some amazing proofs. Every soul one hundred percent I can consider is under illusion. You don't know the real truth, but even if you don't know the real truth, but you're still doing the amazing processes. You know what I'm saying? But, once if the truth comes up...before the truth comes up, you have to reach some abilities. You know what I'm saying? Certain stages. It's only depended on your hard work ninety-nine percent, if you're not doing austerities, how come I can bless you? How

come I can connect you certain abilities to reach your destiny. Even, like, for example, any person, for example, Tobias. I brought him and just making... for example, today Ramakrishna and Skye we went to the Baba Fakrudein. You know Baba Fakrudein, beautiful Darga, beautiful Samadhi? Is it a Samadhi or huge graveyard Ramakrishna?

Ramakrishna: Both. It's a Samadhi inside a huge graveyard.

**Swami:** How many graves is around?

Ramakrishna: Too many. Thousands.

**Swami:** Around, thousands of graves, he's in the middle. Is a graveyard or a beautiful holy place? What we call it? Hello. It's a beautiful graveyard. Even though they built a little tiny temple, hundreds of people worshipping. It means they're going to a graveyard and worshipping it. You know what I'm saying? I'm not exaggerating. I'm not insulting any religion here. I love all religions. I'm telling the truth of the mechanism. Of course, he's also a friend of mine. What type of energy is there? What type of real energy is there just in the holy ground? If you understand the real truth, then you're really about understand the creation, and Mother Divine. And you can really understand yourself, where you are, where you came from, what is really your purpose, what is your next life, what is the real purpose in this lifetime? Who are you? What is the real connection between you and your master, the Guru Parampara stages?

Ok, you are with sixty, seventy, eighty, one hundred years the lifespan. You are with your body. After left that, how much you are with the soul level with the Guru Parampara having the real relationship? At the time, what you can really receiving and reaching the abilities? That's why I fixed certain intimacies people in my Dwarkamai. If you go any Samadhi, any Avadhut Samadhi, any amazing, supernatural, miraculous person's Samadhis, there is a graveyard around him. Period. It's a golden statement, entire in India tradition. If you consider it black magic energy, I'm so sorry. The real black magic energy I can consider it if you are really, really taking that energy and implementing that energy for the bad purposes. You know what I'm saying? Cursing on the bad, ruining on someone's life. Even if you gain some austerities power and sending it on someone to ruin their life - that is black magic thoughts. You know what I'm saying? Plus, and if you really, really playing with spirits and ghosts - that's dark energy. But I can say one million percent confidently, who really stands in front of the Big Boss eyes one minute, even if you are a supernatural black magician,

he can make you disappear, all your energies. You know what I'm saying? No way your energy will stand in your soul, just he make you evaporate it. I'm totally serious. You no need to worry for that but you need to understand the real truth and the mechanism to lift your souls and to gain the energy. Am I switching to different subjects?

My point here, everybody's doing the great, amazing austerities. I really appreciate that. But how much you really surrender for the real truth. Heartfully you want to win it. Not having any disturbances. Of course, many, many people I told hundreds of times, don't feel left out - do your austerities. I will come and knock at your door, soul door whenever it's ready to, I'll pull you, to give you the experience. Everybody's equal in my life. Of course who did the great austerities power, I have to give a little priority power to them, you know what I'm saying, like ten to fifteen people's souls.

So my dear, divine souls, divine is divine. Once if we are here on this planet, we have to do something great to the world. Your life has to be a great message to the world. All saints what I observed, what I seen it, completely they ruined it, spirituality, ninety percent, just they talked the *Vedas*, *Bhagavad Gitas*, *Guru Gitas*, *Mahabharata*, *MahaBhagavad Gita*, *Mahabharat*, all that stuff. That is Kruta, Treta, Dwarpa Yuga stuff. Talk about this Kali Yuga, talk about this century, people's minds and psychology. Super short cuts, we need this present situation. Who cares about the *Ramayana* and the Kruta Yuga? Who cares about Krishna and Dwarpa Yuga? Who cares about Kruta Yuga? Who cares? You know what I'm saying? Three Yugas back knowledge do you really need know? It's completely meaningless.

You need this Yuga. In this Yuga, Mahamaya is very intense. Who really wants to learn certain abilities, certain things, even the Big Boss Jesus, Big Boss Baba, any saints they been through all channels up and downs bumpies, but I'm not scaring all my students. I'm here to protect ninety-eight percent not to get damaged, even if you are in the vairagya stage, still you have the huge attachments with your physical world can do amazing great stuff. And heartfully I'm really blessing to, as giving as the beautiful gifts, you can do whatever you want in a beautiful good way, as blessing to the world, not damaging anybody's life's and souls. You can do whatever you want to enjoy for your own happiness in a beautiful way, not damaging anything but, you have to really focus on your real work. You know what I'm saying? Then I'm with you, my love and my energy,

and my blessing. I'm for you guys to do hard work to bring certain abilities to grow in you.

You have no idea what Swami is really working for you. I'm so sorry, I can explain right now but it's not good. It's not fair. Not fair to the cosmic level. If I gave idea, definitely your mind and soul will think crazy way. You will really wound yourself. You know what I'm saying? But it has to happen like that. Hit it but I have really great hope feelings, by the grace of Baba and Jesus, by Shiva Ratri I can cover the majority peoples' souls can fulfill their desires. At least having great, great experiences but I have to say I have really big, big, big uncomfortable with my students. Can I say honestly? Each student has to be honest with me. That honest, whatever they feel a little uncomfortable with me, whenever I'm talking, doing some process - never feel shy. They have to say, "Swami, I have a little uncomfortable with this. Can you fix this? Bring me in the channel." Then I'm happy to help you to show you the path. Once if I travel with you a little distance, then you don't need me. You can travel yourself. If you know the ghora and aghora, and the pure siddhic powers, and the supernatural enlightenment means the high abilities, all these channels only happens after you start to connect with the real Mother. Everything is there.

In the western countries, I hate to say that, if you talk on the siddhis they think it's purely black magic. You know what I'm saying? If you demonstrate the power they consider it as pure black magic. If you demonstrate certain powers or abilities, high, high supernatural arrows, Eleven Arrows, they will think it's a complete dark energy. Hey, it's a huge tree. There is the roots, trunk, branch, leaves, flowers, little tiny fruits, ripe fruits, juice, seeds - it's all came from one tree. You know what I'm saying? It's all came from one tree. From the milk came the yogurt, from the yogurt butter came, from butter, the ghee came - it's all process step-by-step. If you hate the milk before you're receiving the milk, and you hate the cow, it's a huge block, how can you take the milk from the cow? So sorry, it is the process step-by-step to reach it. Step-by-step you received that real fragrance. If you feel a little uncomfortable things, you can always wash out. You can always follow the heart but it really needs to understand the total picture of the truth then you can take whatever you feels good to help the world. If you don't know, if you can't understand the whole picture of the truth, you can't simply understand one chapter. If you see another karmic things then you don't know how to fix it, then you are really in trouble to fix that soul, the sufferings.

Believe me guys in my life I've seen the crazy, crazy souls suffering with a lot of karmas. Whole families they want to get suicide. Their house is a beautiful good vastu, their karmas is terribly bad. Nobody have no idea what energies hit their family. They want to get suicide. You know what I'm saying? Like thirty, forty years they're completely under huge tragedy. If you really change their energies to get back to the positive, that's really guts. This all channels is only at the time possible to re-fix their lives in a beautiful way. I'm totally serious, even if you believe it or not. Is it make sense to you? You better to learn... if you really want to become a master, learn everything, chose whatever you want, lift it, practice on that - go. But you should know the majority stuff, whole karmic things. But I'm really, really recommending, and commanding, and requesting on each soul my students, be honest, go for the truth. Truth is always wins it. Truth is truth - don't abuse your energies. Abuse?

Monika L.: Misuse.

**Swami:** Misuse. Don't misuse your energies. It's really huge bad karmas to you. Even, "Ok, Swami gave these channels, I got it, done." Misusing it really brings you back a hundred times bad karma. Hundred times bad karma. Surrender to the Big Boss to your Guru Parampara, open your heart to help the world, help any person, it will come up...do your austeries, japas, charging to your souls. It's not a big deal to pull the Mother Divine, to pull the Baba, to connect and discussion to receive certain abilities. Peanut. I'm sorry to say that. It's a peanut... By the grace of Baba my master it's totally possible. Seventeen, eighteen people - who are they? They chose the Baba. They want to talk one hour. Who are they? Can you raise your hands? They have some special channels. They asked a boon, they want to talk one hour to the Baba, like this and they want to test Baba. Test? That's pretty guts. I gave the channelings to them. Channeling? They're under the process.

Actually, today I fixed the process to two Japanese guys, one German guy, mostly, two American guys to fix, connect to the Mother Divine tonight but the energy is not that much cooperated. Daiichi, I'm happy to do within three or four days with you. Is it ok with you to your father? Is it ok? And also, try to do the same process charging, ok? But the majority, this year is the, the, the, the, the, big year to everybody to reach your destinies. You have to be really a big, little leech, little leech on your master to get it with humbleness, not go crazy to receive it. I'm here to give it but forgive me I'm really taking avadhut energy. I'm really taking avadhut energy. I have to. My Dwarkamai is almost getting ready, almost getting

ready. Any questions? But you have a lot of confusing here. Oh, Swami you said, "Ok, let's go tomorrow something is happening. But it never happens tomorrow. If you really a master how come it's not happening tomorrow, if you gave the word?" Is tomorrow have any date? Hello? Is tomorrow have any date? Tomorrow is tomorrow, ninety-nine percent my talk is very diplomatic, believe me. Even though I said (*phrase in Telugu*) it means indirectly, "Ok." But today I'm in the Happy New Year mood not I'm talk exaggerating, like this talking giving promise but it's my duty and dharma to give the abilities to my students, at least give some amazing experiences.

I really heartfully I want to give it, plus one part the world situation is very crazy and the Penukonda circumstance is not that much cooperating to me. You know what I'm saying? It's not that bad comparison to a lot of states - it's a little peanut. But I'm so sensitive... but a lot of friends, police, they're cooperating us and it's really hurting to me sometimes in the evening hours when I'm talking to the people, some Indian families, Indian people - some womens (students) they're completely walking. You can stay in your rooms for two or three hours it's not a big deal. Let's say like 5:00 to 8:00 or 8:30, 9:00, three, four hours, the remaining timings you completely have the free time. You can come back and forth any time you know what I'm saying?

A few people they're intentionally going in the northeast garden, even the gents going and sitting and meditating and coming back. That junction is not that... a lot of Muslims coming and going back. They're (students) not really caring how much Swami really cares security. Who really going in the northeast garden, to be honest, I have the worst, worst feelings on them. Even if they're going in the evening hours, meditating there without my permission. Even if I gave permission, if they really want to go, they can go to the top pyramids, sit and meditate on the top terrace or they can come and sit with Jesus and meditate here. You have to really also care about Swami's circumstance to give some... like good babies. You know good babies, to listening to Swami. Just think what happening in Afghanistan, all the Muslims going crazy. Things is happening, there's a little mosque there, a lot of Muslims coming and you are just pretending you are going to do meditate. It's a peanut what you're doing there, complete peanut. A few people I observe, they're sitting and doing meditating, meaningless, it hurts me, completely hurts. If I'm there to walking with you it's ok. Why I should care if you're not really thinking with human level one part? Not really caring about Swami's... if you really pulling too much attention from Swami, you not really eligible to

stay in Penukonda. I don't care if you're so super wealthy, such a name and fame person, you spent a lot of money to get an apartment. I don't care. You have to get out. You're a little off. You don't have the normal mind to think. You know what I'm saying? Sorry to say that. Understand guys.

Certain circumstances you have to stay little your boundaries. Maybe maximum like evening hours, the maximum hours, like four or five hours. The remaining times it's completely open, you can walk, meditate wherever you want, sit meditate. That's the super bad you're doing guys, super bad, a few people... I don't want to say their names, it's not fair unless if I gave the permission you can go meditate and come back. Ok, even if you went into the northeast garden you have to take a chair and sit in the chair. You know a little tiny bit scorpions, tiny cobras are there in the northeast garden. You know what I'm saying? If it's ten minutes late, you're out. Whose responsibility? You have to be a little safe and meditate, not completely like in vairagya stage, whatever it happens. Your Swami is responsible for you certain things, not to behave completely like idiots. Few people they're really behaving like idiots. It's not fair. You have sit, take a chair, and sit in the chair. The cobras they love to kiss you, "He's a beautiful crazy character, I have to bite him. I have to give a beautiful kiss to him."

I would like to have you happy, wisdom and peace, no problem but take a small permission from me or from my staff. Take a chair and sit then it feels so comfortable then it also makes me feel so happy, then I really care about what you're really doing it and putting my focus on you. It's ok... so sorry, any questions?

Marianatha: I sometimes feel the energy when I meditate and when I wake up. I close my eyes and pretend to meditate. It doesn't work that way. How can I... When to close my eyes when...(inaudible)

Nancy: She's asking when should she pay attention to you when she's doing her japa? Should she keep her eyes closed or open when you're there?

**Swami:** You're always around me. Even when I'm sleeping you're around me there watching me. Close your eyes, think on the Baba and do japas. You know what I'm saying?

Marianatha: (inaudible parts) I'm really confused when to watch and when not to watch?

Nancy: In the past you said to watch if you are there, so she's confused when to watch you.

**Swami:** When I'm in the garden, when I'm laying down in the bed I have some process, it's very pretty intense. I watched you like five times. At the times I wanted to give you a warning very seriously, badly, you missed... sorry to say that. Then you moved from the bed all the way to the corner, I entered into my room, you switched your bed there and just you want to listen what I talked to a few people. I know the truth, sorry. I hate your crazy monkey mind. At the time, you're so lucky I'm so relaxed otherwise you're in the big trouble. I'm big rakshasa and all the time you're just watching and not really focusing on your process of meditation. Don't put out your attraction energy. Put your attraction energy for the divinity, then you can gain it otherwise you'll be in your country.

Marianatha: (inaudible)

Nancy: She said she moved out of the light so she could sleep that's why she moved to that position.

**Swami:** Sorry, I disagree, I know you. Poor Philip, he's sleeping, I took the rosewater, he's completely sleeping, I took the rosewater, I poured on his face to make him wake up. You remember?

Philip: Yes.

**Swami:** He's a little bit snoring and just I took the rosewater from Clint and just I poured on his face giving shaktipat, using sankalpam to make him wake up, "Who's that crazy character who throw the water on my face to make him wake up?" Unfortunately, I don't have the scissors. If I have the scissors at the good position... (laughter). I'm sorry, I made with one of my Indian students. All my boys are sleeping, with the scissors.... never mind! I always care each soul, each soul, no matter wherever you are, how you're doing it, how you're really doing it. That's my duty. That's really my duty. Any questions?

Monika L.: If the master asks you what boon you want, or what gift you want, what's the best way to answer something like that?

**Swami:** Thank you. What do you want to ask?

Monika L.: What do I want to ask?

**Swami:** Um-hum.

Monika L.: You're asking me? That's my question. I don't know...you're asking me? *(laughter)*

**Swami:** *(to the group)* Sssssh!

**Swami to Monika L.:** Look at me.

Monika L.: I'm asking for an experience that will open my heart forever and ever.

**Swami:** Pardon me?

Monika L.: I'm asking for an experience, a miracle experience that will open my heart forever and ever.

**Swami:** You're under the process, isn't it? I hope you feel so satisfied with that.

Monika L.: I do, I do.

**Swami:** That's enough like eighteen, like a union. By maximum Shiva Ratri you're going to get that. I promise that. Totally promise that. I can't give guarantee if I take off very shortly, but if I'm with my body definitely I can give guarantee to connect whatever you asked ten times depth. Just having to experience it, then after you experience to really digest that energy for twelve full moons, anybody minimum to digest it, to rebuild that energy up to implement it. You know what I'm saying? All of a sudden you seen it, you got certain things, after that you need to know to digest it to your soul, to be peaceful. Again that's a little ninety percent you got it, ten percent you need to know exactly how to digest it otherwise it's super danger. Like Ravanaasura, he got the atma lingam from Shiva. He don't know how to do it. You know what I'm saying? He don't know how to do it. You got from Mother a beautiful something Clint. You know how to do that? Until to now, I don't have the daresness even to explain to you that...you feel something like solid, you felt it?

Clint: Yes.

**Swami:** Is it weight, weightless?

Clint: It's light.

**Swami:** Watch out, it will really gain weight today onwards. It will. Everything is with you, isn't it?

Clint: Yes. I have it.

**Swami:** Don't make to show anybody, including me. Whenever the right time comes, I let you to bring it. This is the weight then you can see the weight later. Minimum ten times to a hundred times, super weight. Then you really need to know how to digest that to get in you to implement it. That takes a little, tiny bit of time, intense, calm, quiet mind to get in you that the majority time. You know what I'm saying? If you missed the time, out, completely meaningless to your life. Meaningless? Completely meaningless, no use, you understanding Ushi?

Ushi: (inaudible)

**Swami:** A little bit? Any questions?

Jonathan: I just wanted to check in with you how I'm doing digesting.

**Swami:** You're doing pretty good.

Jonathan: Anything else I should be doing?

**Swami:** Come at least one time and say hi to me.

Jonathan: That means what? I came tonight.

**Swami:** No. It helps to me. At least a person to come and say hi to me, like look to look is enough to me. I can, you know what I'm saying? It's a little bit helps.

Gustav: I'm so sorry I hurt your feelings going to the northeast garden. Can you forgive me, please?

**Swami:** Why you going to the northeast garden? You have any process?

Gustav: No, I did my japas.

**Swami:** You can't do your japas in the normal garden, or here in the Jesus temple, or here anywhere?

Gustav: I can. I can. I love it there under the tree, that's the only reason I go there. So I'm really... I see it's crazy because there's this junction with the Muslims. So I'm...

**Swami:** Everybody cannot hurt as the westerners but it's completely, it's your responsibility not to put too much attention on Swami to worrying on you. You know what I'm saying? Stay in the boundaries to be peaceful wherever you want it. It's ok. If you're going, go like a four or five people group. Lock it. Stay there with the chairs. Sit in the chairs. Sit in the chairs. Hey even a small, tiny cobra walking in the garden, "Hello, I want to kiss you." If the Clint is not around, I'm not around... Just forty percent you have to act as the responsibility, not completely irresponsible. I hate that. At least you have to be a little responsible for your life. Ok, I don't want to give too much class in the Happy New Year mood! (laughter) "He's so bad." So can you play the music of Happy New Year, forgive me guys if I'm a little hot energy. Even my hot energy is completely blessing for everybody's success, happy, wisdom and freedom, health, pure love.
