Guru Purnima Program 2002
Swami Drinks 800 gm. of Mercury
Shiva/Shakti Mantras. Relationship Problems & Spirituality
Teaching in the Jesus Temple
July 20, 2002

Swami: Good evening guys. Everybody have clear idea on certain yogas what I explained last night? Hello?

Students: Yes.

Swami: Before I'm going to give some mantras, can I review what you really understood, some questions to everybody? Permission?

Students: Yes.

Swami: My first question, how much is really important or necessary all these yogas? Is it really necessary these yogas to reach the God, Lora?

Lora: Yes.

Swami: Yes? Why?

Lora: Especially what you explained the Kundalini yoga last night, to connect to the Mother.

Swami: Many people have the feeling, "Swami didn't give the talk, just he sprayed a little water." I'll explain what happened last night exactly. Why it's necessary the yogas?

Lora: It's a technique in order to channel our energies, like a structure in order to use our energy to channel to different structures.

Swami: How much you really believe these yogas?

Lora: I believe it one hundred percent.

Swami: How much hope you have Tatyana you'll get success in these yogas?

Tatyana: I have one hundred percent hope to win these yogas. Not only these yogas, but as much as I can in this lifetime.

Swami: One hundred percent hope, you're not confident?

Tatyana: I'm confident too. Yes, I'm confident I can win these yogas by your grace and my hard work.

Swami: Sorry, just I'm a small, tiny big boat in the big ocean. I think I told it, I'm also not responsible for my life too, you understand? You can have a hope on me, but what you really understood about Khandana yoga Tatyana? Sorry, today you are my target, you and Nancy, and Kirsten.

Tatyana: What I understood about Khandana yoga, Khandhana means cutting the body in different pieces and being able to re-fix those pieces together. It's cut, but it's not real cut. It's cut but...

Swami: Who knows if Swami's not doing the hypnotizing to your eyes? There's a chance isn't it?

Tatyana: Well, we heard about different people's experiences that they had, the experience to hold the animal in their own hands, so there's no chance to be hypnotized. They had their own experience.

Swami: Maybe they're in their own illusion, second stage illusion. Maybe at the time they are in the illusion.

Tatyana: Well, if I have a bird in my hand, I can see very clearly the head is cut. There's no way I feel this is an illusion.

Swami: So the Khandana yoga, that system, if you really want to do those same channels what do you need to do to be required? What type of

energy is required? To whom you need to get permission and what type of process you need to do for the Khandana yoga? This is my question to you. Today my talk is very important to coming to one clear idea shape?

Tatyana: So you said in order to be able to do Khandana yoga, you need to have a connection to Mother Divine, so you need to have darshan or communication with Mother Divine, and you need to get a boon from Her in order to be able to do Khandana yoga.

Swami: So connecting to Her what type of energy is required?

Tatyana: In order to get the connection with Her? Well first, everybody here got the process to suck in their soul a lot of Shiva energy in order to come close to Mother Divine. That's one part of the energy, the other part is you're part, so both are necessary, your austerity power, the help from our master, you.

Swami: Is everybody understanding what she's saying? Hello?

Students: Yes.

Swami: Everybody is understanding? I'm not understanding, just you're saying, "You know, you know, you know, that's all I'm hearing you saying," gun shot, please one more time. I can see her face totally red from here.

Tatyana: Not only my face is red.

Swami: Tobias is here I can't make any...ok. It's ok, Tobias, please go ahead.

Tatyana: So, in order to be able to connect with Mother Divine, there are two things necessary. The first thing, everybody needs to charge their own soul doing austerity power, doing a lot of japas.

Swami: Like Paramashiva Yoga, or Concord?

Tatyana: Yes, like Paramashiva Yoga, and Concord.

Swami: Or like whatever Swami gave, the million of japas charging that. Once if you charged, you're holding it, it's in you the energy, that energy how to make it to digest in you? Right after when you're entering into

Dwarkamai, or the Shiva lingam is onto of your heart, that energy will totally digest in your soul. You understand? Whatever you did millions of japas, just to digest in your soul. So the austerity power is required, you're saying, to connect Mother? Wait a minute, how much austerities' power is required to connect Mother? What is the limit? Do you understand, it's the next question? If you don't mind can you stand Nancy Fengler? How much is required really? The austerity powers needs certain limits doesn't it?

Nancy: On one hand, I don't think it's just austerities' power, I think....

Swami: No. You had a good day today?

Nancy: Pretty good. Austerities' power is critical, but also you can get by the grace of the master, he can also bring that into a process and just with your open heart, can bring that process to success for you.

Swami: One more time.

Nancy: Austerity power is very important, and you want to suck as much of that energy as you can in your lifetime, but also the limit is that there is no limit. And one part, it's not necessary if you have an open heart, the master can bring his austerities' power into a process and give that.

Swami: Maybe who has that idea, maybe the master is making some students lazy, isn't it? You understand, like, "Oh, the master is so close to me. He's very nice to me. He definitely can help. I don't have to do this, I don't have to do that." There's also a chance he can crash your process. Does it make sense?

Nancy: And I think that Mother Divine likes to see our austerities' power, our hard work, wants to see our sincerity.

Swami: Let me ask this question, if you're really doing amazing austerities' power, I think you did it, I hope. What do you think?

Nancy: I think I've done a lot. I like doing it. I'm happy doing it.

Swami: So, is that austerities' power helping in your personal life? Is it helping you in your personal life? If it's helping, what is it? If it's not helping, what is it? I really want to know. Is it a good question guys? Do you want a chair?

Nancy: I never thought about that question before.

Swami: Now think, no problem.

Nancy: I think that the more you develop austerities' power the more clarity you develop, but I would say directly it doesn't help because with the blocks the austerities' power doesn't help.

Swami: So what you're saying, the austerities' power is not helping you?

Nancy: I don't know if there's a direct...

Swami: That it's helping you? That's what you're saying?

Nancy: It's helped me develop a certain awareness.

Swami: Good.

Nancy: Strengthened my belief in my own self. So I think it has helped for myself personally, it's given me confidence.

Swami: What you're really expecting from the austerities' power, what you're really gaining it?

Nancy: Well I'm expecting some experiences. I'm hoping for some experiences.

Swami: Like what?

Nancy: Like winning some yogas and...

Swami: Like what type of yogas?

Nancy: Well, as many as possible.

Swami: Well, how many you heard?

Nancy: You gave eighteen and you gave in your talks the top ones.

Swami: So you really want to win all?

Nancy: And I would like to win Mother Divine and have a very strong relationship with Her, very close, powerful relationship to Her.

Swami: Um-hum. Then?

Nancy: And I would like to have channels, all my life to you and Baba and Jesus.

Swami: Why me?

Nancy: You're a beautiful master.

Swami: You didn't feel satisfied like this talking, or you need more?

Nancy: After you take off.

Swami: Still, even I take off you really want to be like commanding on me? Hey, Clint is it fair?

Clint: No comment.

Swami: I'm happy, no problem. So, the final bottom line is saying the austerities' power is a limit, or no limit?

Nancy: I don't know. I think there's other things other mechanisms, once you go to a certain austerities' power, like you, there's no more... I think there is a limit because you need other things also, but I don't know what that is, but I think there must be a limit but for students like me, I have a long way to go.

Swami: For different yogas, for different mantras, for different japas, it's one hundred percent required to charge to your soul - do you understand? Certain hundreds of thousands of times... like 10,008 by 11 times, by 11 times, like that. I think many people did it like that, like a stages blocks – block A, block B, block C, whatever certain block you did.... block means a section, a sector... it will help that energy. You can turn that whenever you connected Mother. When you ask the boon, whatever She blesses you, it's huge high stand, I can do one yoga very powerfully as a specialization. Of course She can give you lot of energy. Even She blessed you certain many yogas, still you need to develop that. Develop that means you need to do austerities' power, either that way, or this way. You understand? Either this side you have to do it, or that side you have to do it - no chance of

escaping. After you digested the austerities' power in your soul, then that frequency, that vibration, easily you can connect it then you can make that yoga to fulfill. Certain amazing things you can change it to different form, to different form - different impossible things to make it possible - possible things to make it impossible. You can switch it. It's only possible with Her blessings, when you've digested the austerities' power in you, understanding clearly here.

It means, the mantra one stage here, certain japas is required until you made it certain number figures, certain hours. Completely you have to figure out, you have to digest it, you have to gather in you then you have to digest in you. Do you understand? So, how much are you really confident Nancy about the Khandana yoga linked with the Atma Sandhana Para-Atma Sandhana yoga? You're very confident?

Nancy: I don't think I understand completely, I haven't had any time to digest that.

Swami: Ok, let's say you already connected certain things. I don't want make comment your personal things - you connected. You're going to digest it. You already majority digested it but your master didn't give you permission yet to do certain things, am I right?

Nancy: Um-hum.

Swami: So, how much you're really confident you can get from the Atma sandhana Para-atma sandhana yoga and Khandana yoga, these two yogas, you can implement in your life in a very short time? How much you're confident? Yes you connected, that energy is digested in you, but certain things too... still there's a block. What is that block?

Nancy: Well, it's my relationship with Clint.

Swami: Again the relationship problems, again here?

Nancy: I have other blocks...

Swami: What is that?

Nancy: You want my blocks?

Swami: Um-hum.

Nancy: Holding, broken heart, and because of the broken heart I think I have a closed heart.

Swami: The broken heart from me?

Nancy: No, from Clint.

Swami: Um-hum. Am I blaming anybody here, so you feel?

Nancy: Are you blaming?

Swami: Um-hum, are you feeling to blaming on anybody else right now?

Nancy: I feel like I made some mistakes. I think Clint made some mistakes and, I think Kirsten made some mistakes, so I'm blaming on all three of us equally.

Swami: So how to fix that? They did austerities' power - done. They connected wonderful they digest the energy pretty good. Still small is left they need to digest it, but amazing heartbroken is there. Once if it is healed, they can do it. Do you know what I'm saying? So the bottom line coming from the majority of this topic is heartbreak, isn't it, from the beginning days and you're holding things. So, can you wash out that holding things in your life, do you think?

Nancy: Yes.

Swami: How many years, how many months, how many weeks?

Nancy: I think I'm washing it out right now.

Swami: What? You're washing right now? How come I can believe you, since long time you're holding, just you can wash right now? Does it make sense Clint?

Clint: Yes, Swami.

Swami: Hey, does it make sense to you guys? Hello? Please, mistakes is natural, of course many people got heartbroken from me. Heartbroken means, I tell one thing and sometimes I do another thing - that's my nature. I tell one thing, I go another thing - crazy, "Hey, he's really Swami, he tells

this, he's going to do, why he did this?" Yes, in my heart I'm fair, is it true Tatyana?

Tatyana: Yes.

Swami: Why you said yes? Maybe you don't have any other option otherwise I'll make you to stand to talk? Be fair?

Tatyana: Well it's always fair, your decision. You always know better because you can see much more than here right now.

Swami: Maybe that's you insulting yourself, you're ignoring yourself, you're ignoring your inner confidence, you're totally surrendering to me as a slave, maybe it's true, Monika L.?

Monika L.: No, that recognizing you is honoring ourselves. I don't agree.

Swami: When I give a promise, "I'm going to do this guys, ok I'm taking care of this." When I start to take caring, when I see you're so bumpiness, then I don't want to waste my bullet, you understand? My attempt I don't want to make it wasted. Better to make it stop or aiming is here but the gun is other side, then you go crazy, then you calm down, "Hey, he's shooting something." Whenever I'm aiming on, pretending I'm shooting something, focusing on then you go crazy on, then you come quiet down then all of sudden comes, hits it. You understand?

Monika L.: Yes.

Swami: Same thing I did with Nancy many times. Now she's still... I don't know how to hit it. The second person is Eric too. Eric and Leslie and a few people – Tobias and Virginia, Ramakrishna, Marcie, Myuri, Philip, Ganesh, Petra, Sabeena, Monika L., Birte and Gary, Paul, these guys - still a few left... Bumpiness, they're very, pretty tiny close, if they're not shaky then it's boom.

My nature is, I really stopped... not talking too much. Once I started to talk, once if my lectures starting, talking lot of information things but I gave pretty good enough. Still you can win that, easily you can win that, but how much you're totally giving the clarity to me. Forget about Mother, Shiva, the illusions whatever it is. To your Swami, how much you're really clarity, it's a depth point to understand, super depth point. How much you really giving the clarity for example, last night I told everybody to meditate

this Kundalini, and Swami's sitting and playing his music in there, "Ooo la, la, la, la, la, la." I put my sankalpam, I in charged to Jesus, "Take care of everybody," and I put very strong prayer, and strong order, and strong begging and strong request, "Please take care of everybody, and whenever I come back then I'll take care of everybody guys." Then I'm talking to a few people certain things, I know certain people it disturbs to do the meditating to the Kundalini, but few people when I came out they're already snoring. Then I put rose water and I gave the order to a few people to go and give the shaktipat. Of course I also touched a few people to lifting it. Who was sleeping in my presence it's enough to lifting it, do you understand? Even walking around between you is enough to lift it. If you got confused, I'm expert on that to make you confused more. I don't care, no problem. It's not my egoism, ten percent I need you, ninety percent you need me. The patient always needs the doctor, is it true Victoria?

Victoria: Yes.

Swami: Hey, be honest, the patient is always needs the doctor. Is it true or not?

Victoria: Yes, if the patient is ill.

Swami: Patient means he's ill doesn't it? So, of course I'm going to charge, of course I want to develop, my business too but my business is not you're... whatever you're giving, the small little way. What I'm doing with my heart, my job... when I do my job, I'm doing one hundred percent sincerely. If I don't want to do it, forget it. No matter whatever it is, how much you pay, how much you love, how much you sacrifice, how much you're dedicated, I have to see. I have to think how much you're really eligible or not, "Is he really capable on the planet to do certain things or not? What is the God's will to make him to do?" and also thinking, "Some things even pretty good, some small channels there, making it done, let him do it." Of course everybody is eligible person here, but same time, I really expecting how much every person can understand me, can understand the real divinity and open heart. Do you understand? Why I drank mercury Nancy? Did you see I really drank the mercury?

Nancy: Yes, absolutely.

Swami: How much?

Nancy: 800 grams.

Swami: 800 grams mercury drank. You know mercury, what it does? It's a poison? It slowly kills the person or it immediately kills the person, Clint?

Clint: Well, a small amount is slow, but a large amount should be within a matter of days. That amount you took should result in immediate sickness.

Swami: How many days?

Clint: I don't know, I don't think there's any medical history taking that many grams. It's just not possible for anybody to do it. Nobody could even do it, even if they were trying to do it they would throw up. So the answer is, it's definitely poison. It has to be a matter of a week or ten days to get unbelievable sickness.

Swami: How many days is over Nancy?

Nancy: Three months.

Swami: You can take a vote on Guru Purnima, again I will vomit all your mercury just with a small mercury Shiva lingam. Remaining things with blood and mercury coming out - that I gave you, the personal experience to you. Whenever I've given an experience to any person, maybe you think it's a little crazy, it's between the master and student. It has to be... sometimes I take a group, like five, six, seven people, sometimes two or three people, sometimes I take one person, sometimes I take ten people - depends on their soul stamina. It's driving me for few days very super shaky until getting it settled down. It's a little strange to your minds, but it's natural to me, I don't care, it's my style, my life style. Nobody can help it, it's my style, I'm sorry. It's a part of I'm in this nature.

Whatever the people thinks, "It's a cult, it's a crazy, whatever stupidity is this?" Yes, if you think it is, whatever you think, yes, no problem, I'm happy. If you think all Shirdi Baba's devotees are a cult, yes it's a cult. One part of his devotion people's is a cult - yes it's a cult. Jesus people, everybody a part of thinks it's a cult - yes it's a cult. Do you understand what I'm saying? The Shiva students just worshipping a black stone and doing aarthi and just putting a garland on a black stone, if you went to Sri Sailam gigantic temples worshipping to the small Shiva lingam, the gigantic temple worth hundreds of millions of dollars, you can't build like that the same situation and they're worshipping a small rock. If you think

it's a cult - yes it's a cult. Cult is what you're really feeling, what the real darkness is in you. You are the real cult - wash out that. You already in a cult - you're born in this globe. You know what I'm saying? Recognize... until you walk out from this globe with clarity, then you're not anymore in the cult. I'm serious. Recognize what is the darkness in you. If you're hurting somebody, if you're damaging somebody, if you're really making somebody's life miserable, then you're a little cult and like a... making a craziness, diverting completely terrible bad habits. Whatever you're Swami's saying, "Taking the japa malas 10,008 times, 11 times 11 meditation, like millions of mantras to do as a meditation. If you feel it's a cult, I'm so sorry... meditation never becomes a cult. You don't need to support to me, talk the talk - talk with your heart Tatyana.

Tatyana: Do I feel it's a cult?

Swami: If I'm in the position asking if it's a cult, what are you going to give the answer to me? "Why I should do these million of mantras? Why can't I chant just two times equal to one millions times done, take care of God."

Tatyana: I'd try to explain why it's necessary, so you can understand why.

Swami: Please, can you explain to me? I'm in your position, I'm happy to stand you can come and sit.

Tatyana: It is necessary if you want to recognize yourself. You have to look in yourself, deep down in yourself and the way to do this is the way through meditation, the japa. Your attention moves from the outside to the inside, and through the austerity, millions of japa, you're raising up your vibrations. You're filling your soul pot with the higher vibrations and what happens in the process - all the crazy stuff is coming up.

Swami: Coming up?

Tatyana: Yes, you become more aware of the darkness inside, you see it more clearly.

Swami: That's your experience? So all the dark stuff came out Tobias, from her?

Tobias: It all came out.

Swami: What really came out? We really want to know? It's ok she won't mind you. You can sleep tonight here? Slowly you can go home tomorrow.

Tobias: Some unworthiness came out.

Swami: Did anything affect on you? Her craziness, she said all her craziness came out. She said something like that isn't it? Did anything affect on you?

Tobias: Yea, always asking me if it's right what she did or wrong. Then I don't know all her blocks, but one thing is not being happy with, I don't know how to say it....

Swami: C'mon, don't hold it - no permission. It's not fair to the divine court. Is it true guys?

Tobias: Don't hold it, ok.

Swami: He's telling pretty good fair answer, so you should be pretty fair. What affected on you? Why are you looking Tatyana to him? Look to me please...

Tobias: So very often she's saying that she's not satisfied with the relationship, something's missing.

Swami: What is missing, again it's coming, the relationship problem again here? Oh my God, what's really going on? What's going on? Ok.

Tobias: Also, if I have a weakness...

Swami: You have a weakness?

Tobias: Well, I don't know if I have one, but it looks to her I'm weak.

Swami: Weak means?

Tobias: Having fear or something wrong, then she's very upset with me and throws some anger at me. Not anger, but throws some energy on me that makes me even feeling, more worse.

Swami: So at the time you give any suggestions to her?

Tobias: Well sometimes at the time I get angry. Sometimes I get more sad, and just go away or I tell her what her mistake is.

Swami: What you observe the majority of her mistakes? So sorry Tatyana, what do you mean by looking like that, "I'll see your end one day?" Is that the meaning?

Tatyana: I completely surrender.

Swami: Sorry, has to, I have to, including me too. Then?

Tobias: Her mistakes, one is lack of self-confidence.

Swami: How you can judge that?

Tobias: Well, if she asks me always whether she did right or wrong, it must be lack of self-confidence.

Swami: It means you're so confident at the time?

Tobias: Yes.

Swami: Ah-hun, ah-hun. Hey, it's a Guru Purnima Festival, it's my festival too. So? What you really want to do Tatyana, now all this stuff came out. You really want to go blaming on Tobias?

Tatyana: No, I don't want that.

Swami: But intentionally it comes or unfortunately it comes?

Tatyana: Sometimes when it comes, when he's feeling of anger is coming up or the feeling, I know it better and feeling he's not good enough for me, then sometimes I'm not able to work it out with myself. I throw the energy out and blame him or make him feel bad. I know that's not the way to do this. I really don't know how to change myself, that's a problem. Sometimes you fall back, then you have to sit up and you recognize immediately when you're in your old patterns and I'm trying very hard to change my behavior. There are situations I see myself falling back in the same behavior. I still have to work at this.

Swami: How long, how far?

Tatyana: Well I hope I can change myself as far as possible.

Swami: Expect how long? Hey, I'm in huge hurry guys to make some people to make it done, clear out, you understand. To many people to make it done, get out to go in the world just... once if I prepare a Sector A Group like thirty students got amazing stuff. Then thirty students they can help thirty another students who is already in the process. You know what I'm saying? Hundreds of hours already I spoke and I gave lot of experiences to them. They can make them to win it, no problem. So everybody will get successful. So who is very close, they are my good targets. So, can you give a promise to me Tatyana?

Tatyana: Yes?

Swami: You pledge to Baba to wash out all your blocks. You pledged already?

Tatyana: Yes, yesterday.

Swami: Is it true Tobias? Is it getting better? Hello?

Tobias: Yes, she was getting better.

Swami: She was getting better? She was getting better?

Tobias: But the last few weeks, she was a little stuck, holding.

Swami: She's getting better, you're saying?

Tobias: I said she was getting better.

Swami: Now, not?

Tobias: Right now?

Swami: In this forty-eight hours?

Tobias: No.

Swami: In this week?

Tobias: Yea, definitely yea. Not necessarily the relationship but in the group she was speaking much more, a lot more, in a good way.

Swami: Good, good. Well, look again I'm talking, heartbreak, the worst thing you can do. If you're keeping on getting heartbreak and you're keeping on hurting yourself, forget it, spirituality, especially with my processes, you know what I'm saying? Just white flag, go to your countries, I'm happy, I love you so much, forever and ever. You're my best friend and best student or best family member, but I can't, can't, can't help you or any person - that's number one. If there's a misunderstanding there, wash it out right away on the spot within one hour, or two hours, or three hours, wash-out, ask the help of the God and each other, forgiving each other is so important. You understand. Anyhow you have to forgive each other in a week or ten days or fifteen days later isn't it? Why can't you forgive in a matter of a couple of hours, does it make sense Alx.

Alx: So practical.

Swami: Hum, thank you, I have to give a gold medal to you.

Alx: Ok.

Swami: Yes, I will. So, forgiving nature, number two and number three, no matter whatever it is, complete dedication, you know dedication, commitment to your wife, to your responsibilities, to your spirituality. I don't want you to come and to stay here as a sannyasi, to live here, and to just throw out to forget about your family, forget about your kids, your husband, forget about your parents, I'm not telling that, you don't need to do that. You understand? You can do still even in your countries you can do from your countries too. To getting the energy, the blessings from Penukonda, from your master, from the big boss Baba, and Jesus, and Mother, absolutely no problem. Dedication is so important, 'do or die' like fully disciplined, "Yes, I took this process, no matter whatever it is." Never get confused. In the confusion, never get the jealousy that few people got success, "I'm not, why I didn't get successful? What's wrong in me, what's blocks are in me. Why I'm not eligible, why certain people are eligible?" I know few people have that strong feelings, how many people are like that? Raise your hands. Jonathan you raised your hand?

Jonathan: Yes.

Swami: You're so selfish guy, you're really selfish, huh? Ok, why you raised your hand?

Jonathan: Because that's one of my big blocks.

Swami: Ok, God bless you, good luck.

May: I'm sorry Swami I didn't understand the question.

Swami: Feeling really left out, some people got successful, few people didn't get successful, what is wrong in me, why - the friction, inner fighting in your heart. Once if you give a chance to that, it's endless. Of course I gave to you Jonathan certain experiences, still he's having. After I gave experience, sorry Jonathan, his egoism went all the way up. I saw it and I observed it and I noticed it. In his car, one tire, I made it puncture, flat tire - let him wait. Let all course come, then he's changing the spare tire, you're in that position right now. It takes little time to you. If the egoism goes up - no chance, sorry, I'm honest. Instead, if I'm not doing, the Baba did it, he can make all four tires at a time flat, you don't have any spare tire - that's the big boss, that's his way of doing. On the nature highway, no one can help. It's also my number one worry, egoism going up - it really crashes it. So, just certain simple things to follow, totally dedication, then you can see the results. Ok?

So, how can I heal your heart Nancy? Can you be totally honest, cross your heart, and I'm sorry Clint, can I talk your personal things, whatever it is, in the group if you like it or if you want to talk privately with Kirsten or Kirsten do you agree?

Kirsten: I'm totally open to everything Swami.

Swami: I'm so sorry.

Kirsten: I'm happy if it gets washed.

Swami: I really got your note. After seeing this, ah-huh, makes me, "Ok, I have to take this chapter today." Something meaning is here isn't it? Who put it here?

Kirsten: We talked about it both together and I put it here.

Swami: So you put it here so it means you're giving a chance?

Kirsten: I had no idea.

Swami: Even if you have no idea, but I have idea, isn't it? Do you know who this guy is? (*Referring to the card she sent him*).

Kirsten: Krishna.

Swami: Do you know about him?

Kirsten: I think you have a lot of Krishna in you?

Swami: No, I'm asking, do you know about him?

Kirsten: What I know about him is he loves to play with lilas around him.

Swami: Then? Go depth, one more point.

Kirsten: Especially with relationships.

Swami: Ok, got it. Ok, let's talk. Hello Nancy. Look at me. How can I heal you? You connected Mother, isn't it? Hello? Cross your heart.

Nancy: Yes.

Swami: But your heart is broken, are you happy in your life?

Nancy: One part.

Swami: One part, what is another part you're not happy?

Nancy: There's some sadness.

Swami: What is that?

Nancy: Because I love Clint, and he married somebody else.

Swami: What's wrong with that?

Nancy: Because you married us together and you said, at that time, we belonged together in this lifetime, I believed that.

Swami: Say that again.

Nancy: You married us.

Swami: I agree

Nancy: You're beyond the divine soul.

Swami: Yes, I agree.

Nancy: I believe you know exactly what you're doing.

Swami: Ok, I'm happy to take blame.

Nancy: And when you married Clint and me you said we belonged together for this lifetime and I believed that.

Swami: I hope my words will stay. Not hope, will stay forever and ever. So, what you're really expecting?

Nancy: I don't know.

Swami: What? Kirsten what can you help Nancy? Let me ask before you answer. Clint Thompson, big brother, sorry, I have to take little strong energy to... You're super diplomatic guy because you're a doctor. Of course you're not only a doctor to bodies, now you're experiencing with the souls and the hearts, course you've been through pretty good in your life too, do you love Nancy?

Clint: Yes.

Swami: Equal to Kirsten? Just we want straight answer.

Clint: No, they are different feelings.

Swami: Sixty, forty?

Clint: It's a different feeling Swami. It's apples and oranges it feels like.

Swami: Say that again, am I talking crazy guys, this subject? Diverting completely different way and just... you feel like that?

Students: No.

Swami: What are the different feelings?

Clint: I have a depth of attachment to Kirsten.

Swami: Depth of?

Clint: Attachment.

Swami: That's marvelous, wonderful, what type of love you have on Nancy? If you have any question, you can ask anytime in the middle, please. (*talking to Nancy*) It's your heartbreak it's your pain. We're all here like a family, aren't we guys? One day your lives have to be great messages in the planet. Yes, what type of love you have on Nancy?

Clint: Well, it feels more of a sisterly love, than a wife love.

Swami: What does that mean, brother and sister love? That's what you're saying Clint?

Clint: Yes, Swami.

Nancy: I have a question. Why is he telling this now? He's never told me this before?

Swami: Just you be happy he's telling now. Is it true? See... ok, what else you have any questions, Nancy?

Nancy: No, please continue, just it would have saved a lot of... he got my hopes up and it would have saved a lot of if he would have told me that.

Clint: This is my clarity from the last few weeks, I'm happy to accept that.

Swami: Hey man, it's your life, that's her life, that's your wife's life. I just stay in my boundaries and I want only your happinesses. Your happinesses is my happinesses, I don't care whatever it is, I don't care. But one lady is suffering from you. She's saying heartbroken. What you can give suggestion to her? If you can talk to her privately, or now, it's up to you. If you promise you can take care of her privately, make her calm down, can heal her, I'm happy. If I really took it to heal her, it's a matter of (snaps his fingers) it's not a big deal. But why I necessarily, I have to put

my head between two rocks? Sometimes I want to buy an elephant and put my head, and get my head off - you understand? So no chance, maybe you (*Philip*) should visit Clint later. Ok, already he has lot of experience with Monika L. and him. I'm not relationship master but I can make small little heat to come up and make it to smooth out. So, in your case, what's your answer to Nancy, Clint? You want to talk privately to her or what do you think Nancy?

Nancy: I'm happy to talk now.

Swami: Ok, we'll give a chance to her? The mantras what I'm going to give will only take twenty minutes then from morning hours you're doing abhishek to Baba, and fire pujas, and mediation in Dwarkamai - you'll be so busy until Guru Purnima. Few yogas making, coming one yoga, certain blocks how to wash you, certain teachings, and doing it and charge your power spot, connect Guru Parampara, and every person go and touch Baba's feet three times per a day - the process will start. Before that, my senior students and who's close to me, everyday their talks, but I never went in this super depth what I've gone in the public today - I caught that. One part I feel so proud, one part little sad, really I'm sad. One part, yes, at least now it's coming, maybe hitting straight up. What's your questions on Clint, Nancy?

Nancy: Well, I want to ask him if he feels I'm his sister, what do you want to do in the future?

Swami: In the future?

Nancy: Does he want to have a spiritual marriage? What does he want to do about that?

Swami: Well, she ever gave heartbreak to you Clint?

Clint: Yes, Swami.

Swami: You ever begged her again to fix it?

Clint: Many times.

Swami: What she said?

Clint: She completely ignored, "Get out."

Swami: Say that again.

Clint: She completely ignored, no response.

Swami: Again she came back to you crying her open heart?

Clint: Yes, later she did?

Swami: Same times like you did?

Clint: Well no, but I would say with the same intensity, with the same depth.

Swami: What did you say?

Clint: No.

Swami: At the time you already met Kirsten?

Clint: Well, I was already involved with Kirsten shortly after that.

Swami: Is ever Kirsten mad on you?

Clint: Yes, many times.

Swami: You cried in front of Kirsten?

Clint: Yes.

Swami: She cried in front of you?

Clint: Yes.

Swami: Did Nancy cry in front of you?

Clint: Yes.

Swami: Did you cry in front of Nancy?

Clint: Yes.

Swami: Why you cried in front of Nancy?

Clint: Well, mostly it was when I wanted to have a certain relationship with her and it wasn't fulfilled.

Swami: You gave any hope to her even last week or even two week's back?

Clint: Well, I have a hope we'll have a real, and depth relationship throughout our lives. If that's giving her hope, then I have given her that. But for the last few weeks, with your help, by your grace, there's been very strict boundaries on me in that way, and I...

Swami: Hey, don't pull me and put me in the rocks.

Clint: I'm giving you the credit Swami because I...

Swami: I'm happy, but if it goes wrong way... I have to say simply, "Goodnight guys, we'll talk tomorrow." No, no, no.

Clint: Ok, I don't want to do that, I need the boundaries.

Swami: In this circumstance, one hundred percent I'm chicken, I'm happy to advocate. Ok, please...

Clint: So those boundaries are very useful for me and helpful. It's not one hundred percent fair it's only sisterly, but to be honest, the open heartedness is not there.

Swami: Say that again?

Clint: The open heartedness is not there.

Swami: Is there a chance you can open again your heart to her?

Clint: My heart open to her?

Swami: Um-hum.

Clint: Well I was referring to her heart open to me. But my heart open to her... yes it does open to her very easily.

Swami: Say that again.

Clint: My heart opens to her very easily.

Swami: Um-hum, um-hum.

Clint: But I don't have... You've made distinctions before between attachment, attraction and in terms of attachment, that was a very painful process, my attachment, when that was cut and died, that attachment, I don't know if it's going to grow again in the same way.

Swami: What are you feeling Nancy? You can ask whatever you're holding the questions. Release all then it makes it free. I'm giving only fifteen minutes' time, only ten minutes.

Nancy: Well I feel sad because I feel like I haven't really had the chance with Clint to really develop a relationship, to really have a heart opening between both of us. And we've had some boundaries and I've tried to pull back and be careful, but totally I feel love inside. But I'm trying not to let my heart get broken, so I'm trying to keep my hopes up. So sometimes he thinks my hearts not open, it's because I'm trying to protect myself from getting hurt again. And... we've been trying for a long time to give a chance but we're both very busy and so it makes me sad that we haven't had the chance together to really develop that.

Swami: Um-hum. How come you're really still tried still he's married? You know that?

Nancy: Yes.

Swami: After married person, just you come on him? Ok, past is past, you married almost how many months Clint?

Clint: A year and a half.

Swami: Almost eighteen months crossed, still carrying a hope, like you're holding it? Maybe Swami's words it could be, both of guys could work in a spiritual kingdom as good teachers, and go work from Shiva Sai Mandir. And you said first he came to you and you did heartbreak to him, and you rejected him, and he cried in front of you. Then again, he diverted to Kirsten. It makes clear sense. I have to agree to that. Any man will do majority like that. Does it make sense guys?

Students: Yes.

Swami: And you're still holding it? What expectations are you holding it?

Nancy: Well he gave me the hope.

Swami: He gave you the hope? When was that?

Nancy: Last November, we opened up our relationship to try and work it.

Swami: Is it true Clint?

Clint: Yes Swami, it was before that, it was a year ago, last Guru Purnima.

Nancy: I can't help it I still love him, Swami.

Swami: What?

Nancy: I can't help it I still want to feel love from him.

Swami: You can't help?

Nancy: I can't help it I love him. I know I made mistakes and I understand everything that happened in the past. So he gave me the hope, and we tried for many months, and I felt like it didn't work, and I felt heartbroken again for that. I feel my heart has been broken two times now, but I know I'm equal failure in that, but still I'm sad.

Swami: You Clint?

Clint: What's the question Swami? Just respond to that? I think I am more at fault in the last year than her and that was my attempt, our attempt to really experience some healing together.

Swami: What type of healing?

Clint: Try and find a good relationship that...

Swami: At the time your wife is there with you isn't it?

Clint: Yes, I'm living here in the ashram the entire time.

Swami: She knows that?

Clint: She knows all about it, yes.

Swami: At that time, what she told you?

Clint: Well she first heard this was going to open back up like that... well she can speak for herself.... it was a shaking conversation for sure, and I heard her experiencing lots of doubts whether she could handle that situation. And I understand it much as Nancy does, the depth of the meaning of spiritual marriage in the presence of you and Baba, there is something there and so I really, I'm so sorry, but I probably put it to her in a really strong way that, "I'm going to do this. It's necessary, it's part of my dharma and I hope you can stand it because I love you and I don't want to lose that either."

Swami: You know Nancy, before getting married to you and Clint, Clint came to me, he wants to marry you. I asked more than ten times, "You sure, you sure?" I gave one-day time to him to think it. Didn't I?

Clint: That's correct Swami.

Swami: The way before I suspected. Of course whatever marriage is done by my hands... hey, Rama and Sita got married with lot of blessings. When were they happy in their life? Read *Ramayana*, lot of Maharshis, Rishis lot of austerities' people are around and they blessed them. You can't blame them. They can bless you but you can't blame them. Just you have a little liberty you can blame on Nancy and me. On the day, you're not clear enough. Clint really totally fell in love with you. He didn't recognize... again he came on you, he came, he came, he came...

Once even few times, he cried in front of me, but I'm seeing his heart thing and he's going to get married to Kirsten in Germany. He showed the two rings. I didn't give any one my word. Just I looked at the rings, "God bless you." Big Baba picture is there. I know one day again this story will come here. I'll have to discuss this. One day you're beautiful, amazing, you have to take care of this planet with your experiences, with all your things. But the heartbreak, whoever made you heartbroken, first priority he has to fix it or the master has to fix it. So I'm giving the chance to Clint, "Can you fix her?"

Clint: I wish I could say yes Swami, but...

Swami: Did Kirsten allow you when you went to her room?

Clint: She has allowed me to do that?

Swami: She will allow?

Clint: In the future? Yes.

Swami: Kirsten?

Kirsten: Yes.

Swami: You don't have any angry again?

Kirsten: I will probably have about me.

Swami: Probably?

Kirsten: Yes, of course I would but if it's your wish and if it's a way for all three of us...

Swami: Hey, I'm totally on the side of the truth. No matter whatever it is. You understand? Gustav is expert, he's saying, "Yes, yes." So, if you say that your love is as a sisterly, I will recommend you better to stay as a brother. Nancy I'm so sorry and you have to step back, the way back, do you understand? I know it's pretty painful certain period of time, there's no other choice or chance to you, or if he's showing any Krishna lilas again in front of you...

Nancy: Swami, I want to understand this point.

Swami: He said there's a sisterly love, isn't it?

Nancy: Yea, but when you're talking about when we got married, he was married to somebody else that's why I told him...

Swami: Nancy look, he came to you, he married you, he cried in front of you - you rejected it. Ok, that part is over. Whatever again the Almighty is coming to bring to you, to work... step back means, not any more having that feelings. Do you understand? You can talk, you can be as a good

friend and a brother and sister, you can work, go and give workshop and give a talk. Do you understand?

Nancy: I would like to ask for you to heal me rather than Clint. I would like to ask you to heal my heartbreak rather than Clint.

Swami: No problem, you have a lot of good group in your group people, who are they? Can you raise your hands, special project people? Can you heal her guys? I know you're so busy with the different directions for this. Hello?

Special Project Group: Yes.

Swami: So I'm in charging to them. If they got failure then I'll come out.

Nancy: I would like to have Clint help also, but if he only feels that way towards me, I don't know how much he can do for me.

Swami: What?

Nancy: If he only feels like a brother to me, I don't know how much he can do to help - I'd like his help.

Swami: Of course he'll give help.

Nancy: I just don't know how much, not only him but I would also like your help.

Swami: Of course, my blessing and my help will be there no problem but majority the group will be there with you, supportful - pretty good army. Yes, they're strong souls, is it true Tatyana? She's drinking the coca cola. She's thinking, "I'm really relieved. Oh la, la, la, la," thinking on Tobias, "Let's come to room, I'll make you a chapati." Don't worry man, even if you get good chapati, you'll get good massage. Sorry, I'm happy to help you Nancy, but simply he said one cold cut, "as a sisterly love." Then more than that, is there any chance we can talk guys? If you have even five percent feelings like that way, we can talk, isn't it? As a sisterly love he said, we're already helpless, yes, helpless. But you have to give one pledge to me, you have to forgive him, never hold, never go depression, with a strong inspiration do your dharma - never forget your dharma! Forget about it, it's a bad dream. Ok, it's a dream, whatever it is, either, good or bad it's gone, it's gone, no matter whatever it is. Even your master he

married you... still you can blame on me. I'm happy to receive for a period of time, then you'll know the value of whatever I've done my job.

Nancy: I would never blame you. I'm sad. I can't help it.

Swami: What? Me too, that means I should also cry? Many people, in their process, they're driving me crazy - very strong, strong means very close, they're ready to hit amazing things. So I'm happy for them, it's ok. Whatever we think certain times what we want it, certain things don't work out. I can give one hundred percent challenging guarantee like... Let's talk on Terry and Michelle. Hello Terry, here you go. Can you give honest Charlie, one thing and Michelle too? What I'm going to ask a question, in your heart do you really feel depth love on Michelle or not?

Terry: Now, or when we were married?

Swami: He's also good diplomat person. To now, whenever you see her?

Terry: Not now, no, not now.

Swami: Zero?

Terry: Not zero, but not what like it was when we were married.

Swami: It means love is there?

Terry: There's a little, yes.

Swami: You Michelle?

Michelle: Not the same.

Swami: But love is there?

Michelle: Love is there.

Swami: It means the seeds are still alive. If you put water, it will grow, isn't it? Isn't it Nancy? But in his case, he says like a sisterly love, so how it has to work out? I don't have any lips - his wife is there! He's in the middle, like Lord Venkateshvara and she's sitting one side, and she's sitting another side. How can I make it done? And also, whatever he says, I have to believe, we have to believe, inner side in his heart has to make it,

inner side has to make it convinced and Nancy has to know that how much is really true, what he's saying in her heart? Is he saying one hundred percent true honest answer you feel Nancy?

Nancy: Not completely.

Swami: What?

Nancy: Not completely.

Swami: Ok.

Nancy: I think that's what he's feeling right now.

Swami: I don't give her a chance, at all, zero chance. If I'm giving a chance or anything soap opera is running, simply I'm kicking both of you guys out of the ashram, erasing your apartment deals, goodbye, go back and be your life together in your western cultures. Do you understand? You should live certain moral values. Once if you cross moral values, why I should be here? Do you understand? I'm sorry. I can't accept certain things. If you're really going to stand... Are you really going to stand with Kirsten, Clint?

Clint: Yes, Swami.

Swami: Forever and ever?

Clint: Yes.

Swami: That's your heart feeling?

Clint: That's my heart feeling.

Swami: Everybody hearing guys?

Student: Yes.

Swami: Your love is only to Nancy is only sisterly?

Clint: Well I agree it's not one hundred percent. I mean...

Swami: Uummm! Ok, come make a chair to him.

Clint: I'm happy to stand.

Swami: No, no, no. Give him my small coke as a prasad.

Clint: I'm only committed to washing this Swami - I'm completely committed to washing this.

Swami: Just have some coke. I don't think I've caught cold so...

Clint: There was a time I was completely head over heels in love with Nancy, completely infatuated - huge attachment. That's how my relationship with her began. That was the seed of this relationship. So, I have to just admit that, that's true - that existed once. It was horribly wounded, ninety-nine percent it was dead, it was declared dead on the table, I declared it dead from a broken heart. Then Nancy suffered hugely because her heart opened shortly after that but I didn't care because I haven't the stamina, I was too wounded. Really I was in a bad place. That was my weakness. Ok I'll take that karma. Then I'm in a relationship, since shortly after that with Kirsten, which is a beautiful relationship from a lot of different angles.

Swami: No doubt, I agree.

Clint: I have a lot of guilt about Nancy's broken heart and I sometimes act from that guilt. I react from a place of guilt, defensiveness, or trying to fix. For sure I can't fix it with my abilities with my capabilities.

Swami: Why you said you don't have one hundred percent sisterly nature love there? Why you said that? It means still there, there's attraction. It makes sense to me very clearly. If you lied to me, I'm so sorry, there' no Guru Purnima, there's no Vishnu, there's no in this planet. Do you understand?

Clint: Yes.

Swami: Forgive me Kirsten, you should also be open-hearted, don't be like a pressure. Be smile, ok?

Clint: Well the truth is Swami - I enjoy the company of women.

Swami: Ok, here you go. Ok, Chinello, ok. Ok, you love to be with woman's company you're saying?

Clint: Yea, I'm trying to set up another statement.

Swami: Set up, um-hum.

Clint: Another context because there's a part of my heart when Nancy is open to me, when that happens then it's very easy for me to feel very deep love for her. But I have no illusions right now, and this is why I say sisterly. I have no illusions about a husband and wife relationship everyday in the world. I think I do have a deeper understanding of her nature.

Swami: But why can't you say, friendly nature, you have good friend nature, friendly love but not like...

Clint: Well, that's there too, best friend actually.

Swami: But why you used sisterly, that's completely different.

Clint: Because you were asking me to compare Kirsten and Nancy as women.

Swami: Kirsten is wife, and Nancy why you put the sisterly energy there? You understand the sister word, the meaning, the boundary, the huge like a wall?

Clint: That's acknowledging the reality of our life together, whether it was in the beginning, in the first year and a half, or it was the second year and a half. The truth is that's...

Swami: Is it true Nancy?

Nancy: No, in the last year it's been a lot... not like that. We were together as lovers so I don't think that's sisterly.

Swami: What is your answer Clint Thompson? Are you little afraid your wife is sitting at your right side will go like you'll get as a chapati when you get back?

Clint: No, I'm very glad that she and I have already talked about this before this moment.

Swami: Um-hum. Ok, let me ask you a few questions. I don't want to hear, go the stories all the beginning...ah, it's so... Do you love Nancy?

Clint: Yes.

Swami: Are you attracted to her?

Clint: No, not in this moment.

Swami: Not in this moment, what is tomorrow?

Clint: Tomorrow is growing from this moment Swami.

Swami: Understand Kirsten what he's saying? If it really grows, are you happy to stay without Nancy?

Clint: If what really grows?

Swami: Attraction?

Clint: Right now my understanding in my life, the truth in my life...

Swami: Hey, hey, question to answer. Don't put on me questions. Let me put you question and we only have the right for Nancy to ask the question, or Kirsten to ask the question, or I can ask the question to you. Is it fair? On the final moment, you can ask questions to the three guys. Mainly you have to convince both to them, not to me. It's not my job, I'm happy. Even if you're drinking a mercury, "Go ahead." If you have the stamina, please. If you like a lot of women's company, go ahead. Who is the world beauty today in this year, whatever I should go, go ahead. If you, whatever you like, that lifestyle and whatever your follows, that's your heart, your life. As a master, I tell certain disciplines, certain boundaries. Of course that's my dharma. Already I told in the beginning, again I told now.

You love Nancy. You have attraction to her you said and in this moment you don't have it. There's a chance it will grow. Isn't he saying that Kirsten? And the point what Nancy is saying, it was not like that before, like one year before, it was not like brother sisterly nature. It means there's

a chance it can grow. It means mentally you also need to be prepared. Do you understand?

Kirsten: Can I ask a question?

Swami: Please.

Kirsten: If that grows again, that attraction with Nancy, will you want to have an intimate relationship with her again?

Clint: I don't have the stamina to do this Swami. What I've learned about myself is, I'm a failure at that kind of Venkateshvara, not just with my process - number one most important thing. I'm happy to put whatever boundaries that I can acknowledge that I need in my life, to protect my sadhana and my practice.

Swami: Already I told this in the way beginning to you.

Clint: Yes.

Swami: Ok, it's too late. Ok, ah-ha. It's fine but I...

Clint: Well, I've learned.

Swami: At least you're learning now. Ok, then?

Clint: So I don't want to leave something that nebulous, not defined, in your presence. I don't want to give a chance to the Maya.

Swami: You said you're happy to be with the woman's company. Just you told that the first sentence.

Clint: Yes.

Swami: Today Nancy, tomorrow it will be like another Nancy, another woman, another girl. Kirsten you should be prepared for that.

Kirsten: I don't think he's like that Swami.

Swami: No, just I'm saying to you, you should be prepared for that. I'm saving my skin here.

Kirsten: Ok.

Swami: It means I'm not protecting you. I'm saving my skin as a guru. Ok, there's also my selfishness here. One part take care of you, one part take care of me, too and one part take care of the spiritual kingdom. Do you understand? It means I'm not blaming on you. Nobody is Ram Chandra ninety percent in this Kali Yuga. It's not my business but... Nancy what can I say to you? After I see his feelings about his sandhana, whatever he's saying, his diksha of his process, all this stuff, I recommend to you to do spiritual work. Go talks, and give seminars, and be like a spiritual, good friends. Can you accept like that Kirsten?

Kirsten: Yes.

Swami: You won't give any hard time to both of guys?

Kirsten: No.

Swami: You promise?

Kirsten: I promise.

Swami: You'll never suspect them?

Kirsten: No.

Swami: You never give hard time to Clint?

Kirsten: No.

Swami: You never give hard time to Nancy?

Kirsten: No.

Swami: You promise that?

Kirsten: I promise that.

Swami: Even if both of guys are flying and you also want to fly and...

Kirsten: No, it's ok.

Swami: You have to stay and take care of the house and take care of the things?

Kirsten: Yes.

Swami: You promise?

Kirsten: I promise.

Swami: Is it ok with you Clint, to work with Nancy as a spiritual friend?

Clint: Yes Swami.

Swami: You Nancy?

Nancy: Yes Swami, my process is the most important to me.

Swami: After your process, everything done, you're not going to stay guys. I'm... one hundred percent you have to go and work and ... you understand?

Nancy: My spiritual life is most important.

Swami: You sure that?

Nancy: Yes.

Swami: Stay on that. My love and my blessing and the group, everybody's support is with you. It will be with you. I'm so sorry to hear your sadness. I know that sadness is there but, simply I can say sorry. But I can heal you. I will heal you. It's not a big problem it's a matter of ten to fifteen minutes. Ok? Done. Ok, you can write the mantras guys. Take your paper and pens. Sorry Clint.

Clint: Thank you Swami.

Swami: I'm not getting as chapati later on in your hands, is it?

Clint: No chance.

Swami: Kirsten, in your hands?

Kirsten: No, Swami, never.

Shiva prayer

Om dheem kleem saoum
 mama yoga teja
 atma rupam
 shakti rupam
 bhava bhandha rupam
 dhamaruka naada
 dham dham dham
 dhankaa naada
 namo namashivaya
 raksha raksha raksha

Bhava bhandha means, all the attachments, whatever you have in to your soul, and to your mind, and to your heart, the attachments, the illusions, to make it get detached. You're the person of the illusions all making me to hook. You want to wash out. Through certain perfect bijakshras. 10,008 times five times by five times. Can you do by guru purnima midnight? That's the first choice. Second one.

Shakti prayer

Om yoga tejam
 maha tejam
 mama mama mama
 sarva yoga yoga
 maha yoga vishva yoga
 asta siddhi
 mama shakti dhaata
 sarvam sarvam sarvam
 aksha raksha raksha

10,008 times, 3 by 3. After you did these two prayers, either that or this, you'll get the initiation in the dwarkamai on full moon day. But you have to make sure your personal mantra if I ask you inside, if I am there. When I'm giving any experience. Do you understand?

Students: No.

Swami: You have to charge this mantra, first of all. It's the final one with all these yogas. Especially it comes, if you did this, it comes to the siddhi yoga. Siddhi yoga means, siddhi means receiving, it's done. Siddha means

he's a complete commander, command on the energy. Before the full moon, the majority, I don't think it's a big deal to you if you're quietly sitting in your room, in the garden, relaxly doing it. Come on top to the Jesus Temple, complete silence. Come with your mala, start your japas. Ok? And to the new people, I'm writing like thirty to fifty personal mantras, like that, you can select any one yourself or you can come one by one, new people after this talk. I'm happy to write it one person at a time. Which mantra do you want to do, the first one or second one? *(The group is divided by who wants to do each one)*

Monika L.: Swami, you gave the first priority to the first one, is there a significance?

Swami: It's a Shiva/Shakti both. The first one is Shiva. The second one is Shakti. So you can start by tonight.

May: If you're meditating inside Dwarkamai, can we do this?

Swami: But inside Dwarkamai, make as a little group. I heard... even outside, lot of energy. Do you know what I'm saying, the outside room.

Eric: Do we assume the Kundalini position?

Swami: Hey man, you go in the trance, you can't keep the, hun-un. Eric I can see little Maya in you, giving the chance to everybody, you're thinking the Kundalini - no.

Jonathan: Is there any need for anybody to be aware if the amrutha starts to flow?

Swami: It's already started, but...

Jonathan: But everybody knows if it flows out of the tent, not to look at it, not to touch it.

Swami: No need to look. You're such a big religion man, you be inside. It's better you be outside.

Student: What's the difference between the Shiva and Shakti mantras?

Swami: I can't tell now, I'll tell when I'm in Dwarkamai. You can feel yourself. No chance. You came to touch to your power spot, that's eighty

percent job, ten percent you want the blessing from Swami, ten percent the blessing from Shiva/Shakti. That's the deal before Guru Purnima, coming and touching your power spot, forever and ever, communication to your soul, to the Shiva energy.

Guenther: If we finish one mantra, does it make sense to start another one?

Swami: Ah, here you go, ok try, try it.

Guenther: But do you have any short-cut mantra which...

Swami: Ah-hun. Ok, I'm saying good night. Go. At least you can gain two percent or five percent doing japas. Ok? I'm sorry to new people, it's very hard to them to come to, what is this, all the sudden this prayer popping up. The new people cannot do? Who cannot do, raise your hands.

Thomas B.: My mother will have a problem.

Swami: No problem. Who really did heartfully, who cannot reach that stage, definitely I'll take care. Just my one simple love and small hug is enough. Are you ok Nancy?

Nancy: Yes.

Swami: Be strong and I really recommend, everybody don't waste even one minute of your time, even taking shower, your laying down, take your mala around it, making counting it. Keep going, count, count... Understand Luzia? You're expert in that. Ok good luck. See you in Dwarkamai and again on the Purnima Day, your Swami is going to give a talk after the people who are in the Hampi, their process and before that when I come one day before Guru Purnima. I can select few people, making them get experiences, getting straight up. And on the full moon day, that night after you get it, you have to listen certain messages. But I don't think so, after my Hampi trip, after I'm offering certain things from my body, flesh, certain things, your Swami won't be that much... I can heal myself, but I'm taking too much things at a time, mercury, lot of things I'm doing. So I already told it, the flight is started to landing, the seat belt sign is there, so please do heartfully. That's only I can say. You can sit near Baba or Jesus, be comfortable. If I'm hearing any talking... you can talk little important thing but otherwise, silence...go out, japas. Ok? Cool.

Or the new people, if they want to take their personal mantra on the Guru Purnima day or otherwise I'll write on the paper, they can select themselves whatever they like it.

Gustav: You said something about touching Baba's feet and aarathi process?

Swami: It's a good point. Everyday at noon, attend to aarathi with Baba, and make night aarathi, switch it to 9:30 p.m...after aarathi go and touch Baba. If it's too much crowd, few people come to the Jesus, make a candle, your own candle, touch the Jesus. Ok? Your hands need to touch him. Not touching to silver feet of Baba, to his personal statue, only his one foot on the ground, put it. Ok? Done. So I'll put here, the list of personal mantras, and you can select one or two out of this forty, whoever the new students, one by one. Ok, good night.

End of talk
