Ashram Talks With Swami
 Difference Between Illusions and Mother Divine
 The Importance of Stitha Pregnathata.
 Talk at the Ashram
 October 13, 2002

Swami: What festival are we running guys, name of this festival? Dasara. What is your feeling Daiichi, why you're doing aegyams?

Daiichi: (not audible)

Swami: I am making five people to talk, Monika L., Nancy, Tobias, Anya, Gary, the subject is difference between illusions and Mother Divine. If it is the same, explain in a beautiful way. Until now it seems successful, pretty good one level. If it seems successful, what type of success it is, and how to turn more on the successful path with the master including with your master too? I want to hear from them then I want to give a few messages. Monika L., can you come here. It will answers for everything, it covers everything. Sorry (*Swami is motioning east-west not south-west to her*)

Monika: Me by myself?

Swami: You and Nancy, please, don't get panic attack. How is Petra doing? Excellent... I am the problem. I am the solution, definitely.

Monika L.: The first question you want us to answer is what is the difference between Mother Divine and the illusions? Well in one way there is no difference between Mother Divine and her illusions.

Swami: Permission to Swami to interrupt? It's the same?

Monika L.: Well, it's all part of her creation, so in one aspect it 's the same because it's her play, her mechanism, her creation but it's the part of her creation that she uses to divert you from seeing her real reality, so in another way it's like in opposition to her.

Swami: Where are the illusions coming from exactly?

Monika L.: The starting point of the illusion is our desires.

Swami: Where is the desires coming from, Nancy?

Nancy: It is coming from the mind.

Swami: Then?

Nancy: Those are self illusions, what you draw to yourself through your beliefs, or your weak protection circles, and then there is another level of illusions which is divine illusions that is playing on you when you're taking steps to understand that.

Swami: Anybody has full permission to ask questions and cross-examine them.

Paul: How does the elements play in the illusions?

Monika L.: The illusion play through the elements.

Swami: How possible? Give me an example.

Monika L.: Everything on this planet is made of the Five Elements, in your body for example.

Swami: Including your Brahma Consciousness?

Monika L.: Around your Brahma Consciousness.

Swami: Your thoughts is also in the Five Elements?

Monika L.: Yes, in one aspect, yes.

Swami: How? Convince me.

Monika L.: Through the air element. When I'm breathing very rapidly, my thoughts go very rapidly.

Swami: On Philip?

Monika L.: One aspect, yes.

Swami: Does it make sense if you breathing in very fastly? I get tired if I breath in very strongly, I won't get any thoughts.

Monika L.: That means your breath is very quiet, then your thoughts get very quiet.

Swami: How that link between the breathing in and out, and the thoughts? The So-Ham, how is it linked to your thoughts?

Monika L.: I think it is totally linked to your thoughts, your breath your prana is totally linked to your thoughts. What you're thinking when you're peaceful and quiet and doing the So-Ham then the illusions, the mind is quieter and so the illusions play less on you.

Swami: When you're quiet and calm the illusions does not play on you much?

Monika L.: Well, they don't affect you in the same way.

Swami: What is another aspect?

Monika L.: Another aspect is you have to surrender to however the illusions are playing.

Swami: Why you need to surrender?

Monika L.: First you need to accept exactly whatever it is, then from that point you can change it after you accept it.

Swami: So you're identified it, isn't it? Without identification is you have any idea what is going to happen to you in one hour? Your Braham Consciousness know?

Monika L.: Does my Braham Consciousness know, it may know certain things but it doesn't know everything, no, it doesn't reveal everything.

Swami: Do you have a great protection circles, maybe it can protect?

Monika L.: Yeah.

Swami: Do you have?

Monika L.: Yes, I hope so.

Swami: God bless you, and then we went again to divert subject – how it's linked with thought to the breath, prana So Ham?

Monika L.: I think air is the element that the prana travels through so the prana which is our energy travels through our breath, through the air in our body.

Swami: For example, I stop my breath still the Braham Consciousness is working isn't it? Still my thoughts is flowing, still I'm able to doing whatever I want, whatever I am. How is relating to body breathing in and out to connect to the Braham Consciousness? Doesn't make any sense to me here – true guys?

Students: Yes.

Monika L.: I think the Braham Consciousness is separate from the elements.

Swami: If it is separate, how?

Monika L.: It's the aspect of our consciousness that's free from the illusions, it's our God awareness.

Swami: How do you know that's pure Braham Consciousness?

Monika L.: I don't think you can know until after you reach the fifth stage, then the illusions start to fall away around your Braham Consciousness.

Swami: You think Ravana'sura didn't get until to last stage, still he got illusions stuck. How he went Nancy? Gary? Come to here please, I like your way of walking. Whenever I have the free time, I imitate few peoples walk, first Anya, second Gary, third Ron... ok, never mind...

Gary: Swami, could you repeat the question again, please?

Swami: Monika L. said, until the five stages, it's hard to believe the Braham Consciousness, five strokes with Mother. I said the Ravana'sura who got the atma lingam from Shiva, who connected Shiva, he merged with Shiva, terrible the illusions played on him, why it played on him? Even Maishasara, the rakshasha, this Dhasara Festival, he got the boon from Shiva, plus mother, if anybody cut him, each one blood drop is one million times his soul power capacity rakshashas, has to come up. It's ridiculous that he got that boon. Still he died in the Mother's hands. Why the Ravana'sura got failure? Even he merged with Shiva, he got the Shiva lingam, direct from Shiva.

Gary: My understanding is, as long as we are in human form, in mothers creation, there is no escape from the illusions no matter how evolved or enlightened you are. I heard you say, even you are subject to....

Swami: Fifty percent I agree, another fifty percent no, what type of illusion he got? Just guess and tell.

Gary: My guess would be that the illusion he had was that he was beyond the illusion, that he was free and not subject. My guess would be that he thought he was beyond the illusion, that he was not, that it couldn't play on him anymore.

Swami: To Ravanaasura? Nancy, you know the story.

Nancy: I do, my guess would be that his intentions weren't pure.

Swami: Intention means the thought? Ok, where it is coming from that? Lets come again from that.

Nancy: I think he wanted the power from his son.

Swami: He wanted also help the world too. He doesn't know how to play the illusions. Ok, you have the car it will go speed. Ok wonderful, you know the drive, ok wonderful, if you don't know how to drive perfectly, you will die. Same thing when you're handling the power. Whenever the right moments came to you, if you don't know how to approach, how to handle it in perfect way, no matter how much great driver you are, in a fraction of minutes, seconds - chapatti. It makes sense. Before, he had a thought he loves Shiva, one time he cut his head and Shiva appeared to him, he done many times keeping on receiving, and receiving. He never listens Sukracharya, the master of Ravanaasura, how to really play the Shiva-shakti energy, same time amazing glory, same time completely viragya. What happening here in the group, everybody reached the soul level stage. Everybody is Maharshi's here, yogini's, chanting three times your mantra's, sucking energy in your souls, it's not ordinary, it's extremely powerful every person that is here.

From this point to, how to connect the deeper inner silence in you, to hear inner voice, to observe inner illusions what's really flowing in you? You have to watch out that. Once you know the inner illusions, you know what I'm saying? Once if you started to knowing it then it will get very easy to you to approach to the Shiva also but you can't discussion with him, that's another huge question mark, until now,

even to me to, I put different directions, discussions, direct approaching, it's very powerful.

So my another question Monika L., why we cant believe until to five stages to her... Anya come, you too, and Tobias Ladoo... means prasaad. Look Anya face, she spend thousands of hours with me talking, laughing mostly, in a week minimum ten hours laughing with me - it's a bliss, that's why I got little sick - too much laughing. Well don't go to the antenna subject (*huge laughter*) come, come, come what type of illusion you are right now?

Anya: I think I'm mostly in the illusions with my master. I'm working for you, I'm spending most of my time with you, and you're giving me directions in my life and what to do so everything that is happening to me now is coming from you. How I react to that, how I think of that is my own, still it is my own illusions, it's not clear.

Swami: You're not doing with your heart what you're doing.

Anya: Completely I'm doing with my heart, completely I'm doing it with my soul, but at the same time my... I don't have really clear sight on what is going on. I saw that very clearly the other night, pretty amazing, because underneath it, there is a whole level of really unbelievable wonderful, it's there, it's underneath of this, and it's just there, but I don't have yet the ability to just to be there.

Swami: So, what you're expecting in your life to go underneath that?

Anya: It would be an enormously great relief to be able to be there, more than I am now, because then it would open, I think, the door to really be able to help people and to really be able to walk in the world otherwise, still you're in the way of the illusions that are going on in yourself, in your reactions to the world, your vision is very narrow.

Swami: I don't understand. In the thousands of hours you spent with Swami he gave a lot of messages. In that messages there is no answering for that.

Anya: For the illusion?

Swami: Yes.

Anya: Yes, there is completely.

Swami: What is that?

Anya: That is to surrender, completely one hundred percent.

Swami: Surrender is ok, what is next?

Anya: Then you have to try to understand what is happening, what is the illusion, what is it that this illusion is playing on you, to try and understand the problem in awareness, why is the illusion playing on you, why is the particular illusion playing on you over and over again?

Swami: Do you think I'm a big illusion in your life?

Anya: I think you have made a lot of illusions...

Swami: No, no...

Anya: No, this is very serious.

Swami: Do you think I'm a big illusion in your life?

Anya: No!

Swami: How come?

Anya: Because in you is the reality, the truth, all those things, sathya, dharma, prema, shanti all in one in you and beyond all of that, I don't really have the words to really describe it, but I know this when I first met you, that there was a reality there that I have not experienced in my life. So to me you are not an illusion, although you can make illusions happen... a lot!

Swami: Am I make illusions on you anytime?

Anya: You have provided the energy for me to make my own illusions.

Swami: Avoid it means, I gave it... she's telling me indirectly, it's fine.

Anya: I'm not blaming... it's your job.

Swami: That's I like it, mistakes I like it, ok give me few examples.

Anya: Like Cyndria and I, putting us together to work together.

Swami: That much horrible she is? (*big laughter*)

Anya: I'm so sorry.

Swami: You're right, you're absolutely right, Anya will say one day on Cyndria like this...ok.

Anya: No, I think that was an amazing thing you've put on us.

Swami: Same thing that Tatyana thinking with Tobias.

Anya: No, I don't think in her case it's the same. I think everybody is different.

Swami: What do you think about her case?

Anya: Tatyana?

Swami: You're thinking like same, horrible?

Anya: You said that, I didn't.

Swami: Just I'm asking what is your guessing?

Anya: My guessing is that they have a really great marriage. They were the first couple that I ever saw when you were walking by, you looked at them three or four years ago and you stopped in your tracks and said, "I am enjoying the beautiful energy from those people."

Swami: That's why they're right now in the illusion with me.

Anya: I don't know what their case is. I can't speak for them.

Swami: Ok, well, Tobias will talk later, so...

Anya: Well Cyndria and I, you've put us together in this incredibly intense situation where we have to work together really, really hard, and it...

Swami: Like slaves...you work hard...it's meaning, giving the impression...

Anya: I don't feel that way totally I don't feel that way.

Swami: Ok, so... You sure you does?

Anya: I like working there, it's a great honor for me to do that, I'm sorry it's a huge honor...

Swami: Absolutely I agree... no doubt on that.

Anya: So anyway you put us together...

Swami: No, you told the nine Mexican stories... *(big laughter)* How come that both of guys working as an illusion, it's not making any sense to me?

Anya: Well, I haven't finished what I was going to say.

Swami: Well, I'm sorry, can somebody put a plaster to my mouth? *(big laughter)*

Anya: I'm working round to a very good part of it...

Swami: I know that's why I'm also breaking that.

Anya: Oh, I see...

Swami: You have to tell this straight.

Anya: Well, I don't know if I can tell this straight because it requires a little explanation. You're putting us together to work as a team, we have to do this for our whole lives, we have to always be together, you said it's like a marriage, which is in a lot of ways when you have two people working that close together, it's like that. So in that, is a huge amount of illusion between both of our personalities because we're very, very different..

Swami: Jealousy.

Anya: Oh, everything, you name it, we've been through everything.

Swami: Don't take this as a comedy, take it serious, taking certain blocks out... blocks, then I'm giving clean slate finally...

Anya: No, this is serious! It has required both of us to see beyond the illusions that are playing between us.

Swami: How come I am the responsible for that?

Anya: Well, you've set it up... you did... it's fine...

Swami: Laugh...means everybody coming here, it's my responsibility... for example... you're nine Mexican banana, one is also... I am responsible?

Anya: No, I'm not holding you responsible, I did that before I met you.

Swami: If I know your soul from the beginning, I should be little bit responsible for your soul isn't it?

Anya: Yes, then ok.

Swami: Ok. Its my mistake, ok I believe that.

Anya: I'm not blaming you Swami. I think everything is my own production, yeah I created it, my karma, my good karma to be here everything was coming from me.

Swami: What the worst things you've created in your life, Nancy will tell also very beautiful way, after you. She'll mentally prepares...

Anya: The worst things I've created in my life, was number one, huge depression.

Swami: Huge depression?

Anya: Yes, which I had for most of my life, terrible, ever since I was a child, and...

Swami: Still your depression?

Anya: You know, it's really interesting, I sometimes get depression, but mostly I'm not, and then feeling very alone in the world. That was really big and I had that for most of my life, and huge unworthiness... I had enormous unworthiness...

Swami: Even after you met me?

Anya: Oh, God yes, absolutely.

Swami: Still you have unworthiness?

Anya: Still I have a little, yeah, I do, and then I would have also because of feeling not really worth it, then I would be very jealous of other people who looked like to me, and I don't feel this way now, but

it would look like to me that they were getting really a lot from you, I would judge everything on the surface and not looking underneath... that was a big mistake, but I couldn't help it, it was...

Swami: Your nature... uh-huh...

Anya: And uhm... let's see what else, I think also a kind of egotism, like feeling that you know that you want to be the center of attention in a certain kind of way.

Swami: You want everybody attention on you?

Anya: Well, not everybody, but mostly it was about you...

Swami: You want my attention?

Anya: It's perfectly natural, it's normal, I would say everybody probably wants it...

Swami: If I make my too much attention, then attention will grow in you.

Anya: Yes, I understand.

Swami: Ok, I accept that.

Anya: And you said one time, not believing what you say, that was one of my big blocks because I really felt that I did believe everything you say, but then I realized that sometimes when you say very nice things, a very positive... I couldn't hear it because of my unworthiness... it's very interesting.

Swami: So now, what you're believing, what you're not believing... let's come to overcome to that...

Anya: Now, I totally one million percent believe you, and I also am ready for it all not to be true.

Swami: Say that again.

Anya: I believe you one million percent, but I'm also ready for it not to be true, and for some other truth to be there that I don't see.

Swami: So you want to see the truth?

Anya: I want to see what I don't see now.

Swami: I think you've seen everything... *(big laughter)*

Anya: No, I haven't.

Swami: What is there to see?

Anya: Well, there is something to see or to experience that when you do experience that, then it puts you in a kind of peace and rest.

Swami: So you don't have the peace at all?

Anya: I have on one level huge... no, I think I don't have much peace

Swami. I'm always like thinking, working, wondering what's coming next, trying to think of what needs to be done, what is that and in that way I know that I could have it underneath at the same time. I don't know it...

Swami: Ok, do you think I have peace?

Anya: No. *(big laughter)*

Swami: I'm absolutely one million percent peaceful person... See, that is Anya... once if I walk out from my bed, majority ninety percent, if I see any person I have to make a joke to laugh, or to myself even I'm alone, I make some jokes myself, making jokes on the nature, laughing, if I have little time, imitating somebody's walking, near mirror, my ground floor, I'm really enjoying my life. Same time,

working, what to take care, what not to take care, what is this, what is that, the mind keeping on, but I treated all the works as a peanut. When I strongly return, it's not a big deal. Whenever any big difficulties came, ok, fine, simply I'm hearing it, going.... The will power brings it to me. So finally you're blocks, how many blocks you said with Cyndria?

Anya: Well let me see what I said about the illusions, just we're having to really work together...

Swami: It's not me to set up together, when I'm making the both of guys working, also it's a kind of bliss.

Anya: Yeah, that's hugely wonderful, I totally agree with you.

Swami: I'm very happy with both of girls working, and these girls are going in the world to maintaining in organization of Swami, and few people also here, and...Vijayadashimi on the day, I'm announcing who are the members in America, day after tomorrow. But if you win your master first illusion is me. If you win me, you can go for the second strokes of the illusions, its Mother Divine, second stroke means the five strokes. For each stroke is like a one element, you know what I'm saying. You can't believe any element, you can create damage in your soul, that's why I put you, that's why they do especially nine days homas (puja's) to convincing and making mother very silent, not any more play, using majority fire element works out... you understand?

So today my advice, focus on the fire tonight, tomorrow night, day after tomorrow night, try to spend as much as you can these three days around the fire, chanting the fire mantra. You know what I'm saying, fire mantra, in the element the fire mantra. If you choose by good luck, your personal mantra yourself in the elements the fire mantra some point some one word you can chant only that, then you can see how the coin will flip in a beautiful way - your soul will turn, different beautiful direction.

But what I'm recommending guys, the blocks, one part is making me very uncomfortable, for example, whenever your Swami comes to you or whenever you're approaching your Swami, or whenever you're sitting, or whenever you're talking... like you're playing with the five elements, you know what I'm saying? If I call little small, I don't care, little bit funny impression on your soul, whenever you're with me majority your mind is ninety percent off. I never, ever make you to talk with your mind, generally, when I'm ten percent, still I give a chance to your mind... how much still commanding on your soul and your heart.

Majority people also, they done terrible mistakes, for to one group I made to write their blocks, some clarifications, three or four times, reviewing, still terrible mistakes they wrote it, they not clarity enough. Ok, who is the person to making certain things to happen? Is only just chanting mantra and following the diksha, is brings the success, or just and also same part of making convincing the master heart is also part of their truth? Which one is very important, this one also is very important, this one is also very important. Early morning whenever I wake up from there, the sisters, both of, they do the Ganesh pranam and they sit, they're doing like... it touches my heart, such a discipline, they go and they pranaming. Sometimes Aghni go, she jumps on the Hanuman putting the flowers, it means the way of your doing things, even though wherever you are, your behaviors, put this way, your behaviors, how much you're growing inner silence, keep smooth even though you talk little loudly, just talking this and that, how much you're much inner silence growing in you, it catches me. You automatically hooks the master, Guru Parampara, not only me, the Guru Parampara and to the Dhatta, pure Datta, listen, listen, then you'll win it, easily.

I tested many angles, of course I have also lot of blocks, once I came as a physical body to certain people I have to behave very cruel because of they're little... something need to wash in there, necessary. Some people I'm very romantic, because of the energy is there, I have to be. Some people super devotional, I have to be. Some people highly spiritual, deeper philosophy. Some people they treat me their son, ok, they don't care anything, just they want to take care of me as a son.

Some people they don't care, just they want to do, just job. Even some Indian people, even if I gave a diamond necklace, forget it. It's like a Hanuman doing the Rama, even though he chanted Rama Rama, he don't care about the Rama, he care's what the Rama says to doing it, same time he's chanting too, then it add up, air and fire, more flame, then he win it because of everybody is also doing the process whatever I'm saying, certain things to hiding in your heart and doing the process, it can't bring the success. It impossible, it can't bring the almighty, she's the illusion hidden in that.

Whenever the master want to come to break to that, the master is a knife - you're a lemon, whenever the knife the energy putting on the illusions, it means you're behavior and you have to impress, that energy is the master, between you and mother, to cutting that to breaking that. After you got it done, then you know how to approach the master/mother, balancing the energies. I told Ravanasura he never followed his master Sukracharaya, that's why entire his strokes got failure. What is your main block Tobias?

Tobias: My main block? My main block is fear.

Swami: Fear of... Tatyana? Fear of Swami? Fear of failure?

Tobias: Well, I think it's I'm afraid of the illusion.

Swami: Afraid of the illusion, also kind of illusion isn't it? Why can't you recognize that?

Tobias: Well, fear is also an illusion.

Swami: You are in this planet, is also illusion you know that? I am in the illusion I came here doing just my dharma. I'm eagerly waiting for to take off, but I have to do some work. Why he gave that much headache and hard work to me? Sometimes I fear terrible. Sometimes when I'm throwing up, especially last night, I throw up, little sick. Especially my body won't get adjusted to the air conditioning room - very chilled. I pulled the blanket on me. This body still... then luckily the Ramakrishna came, "Can you turn off air condition little low?" It

means I also feel the illusions is playing on me, it's my dharma. I have to do whatever it is. Illusion is illusion. You have a fear, I have to be responsible certain things doing it, but I treating it as a peanut. It is not easy to get that inspiration, "It's a peanut." It only comes when you suck high inner silence in you. I didn't much time seen you inner silence, fighting with your wife, arguing with Petra and confusing yourself, and then how come? It's a make sense. Ok fear, then next...

Tobias: Well there are many blocks from the fear, the unworthiness is coming from the...

Swami: Why you're having unworthiness? If you, I'm telling to everybody. This is my golden statement, "If you're really feel you're a student of Swami Kaleshwara - Forget About Unworthiness. You will get success," you know what I'm saying? If you feels, "Ok, I'm a student of Sri Kaleshwara," done! One step, the illusion will run away from you.

Tobias: Well, there only two main blocks, it's the fear and fighting with my wife.

Swami: Ok, now that's my favorite subject, (laughing)... Fighting with your wife, majority what type of things, the fightings will start?

Tobias: Sorry Tatyana, can you join with us too, please?

Tatyana: Yes, I think I have to.

Swami: You can stand there, he's in the west, great, northwest and southeast, always fighting nature, that's why I close that door, that main entrance door, no more gate, it comes from there it go to the southeast. Northeast is cut off, now you can pretty good enjoy it. No, you have to stand there, please.

Tobias: Well, from my point of view, it's sometimes the demands she has...

Swami: What demons, demands? (*laughs*)

Tobias: Demanding on me, "Do this, do that," and also the way of, well that's first part.

Swami: Talk with your heart. I know what exactly is running there. If you want to tell, I can tell the dialogues too... (*laughs...*) You have any doubt Philip?

Philip: No, no, not at all. (*laughs*)

Tobias: Ok, then I'll start with the second one. Its if she acts in a way that make me feel, make me think that she thinks that I'm stupid, or doing something wrong, or I should do it better, or different way, that hurts me. Then if I can't realize it fast enough, then I'm punching back and then the battle starts.

Swami: You're beating her?

Tobias: No!

Swami: What do punches?

Tobias: Verbal, verbal... well, then I'm picking points I see in her where she has blocks, then I'm explaining her blocks, and then it falls back in her plate and then I'm happy again. I'm in a good position again.

Swami: What is her blocks? No, no, no you have to say then she will tell too.

Tobias: Well...

Swami: You have to think, don't miss something there.

Tobias: Well, I felt more about my blocks, than about her blocks, uhm...

Swami: Do you have any fear once you get back to the room again?

Tobias: No.

Swami: You sure?

Tobias: Even if we fight it will be fine, it's no problem. Well it's the huge unworthiness, then uhm, huge longing for love or being loved, then uhm, then I don't know how to explain, but it's always if the goal she want to achieve is a little bit far away, she think she is not good enough to reach there, instead of just going step by step because she thinks, "I cant do it in one step, so I'm not good enough to reach, to achieve that goal."

Swami: That's all?

Tobias: That's all I can think of.

Swami: Tatyana, whatever he complains is true against on you?

Tatyana: What he said about the blocks?

Swami: You're always fighting and you're not giving happy to him?

Tatyana: I think today we talked about that. What is really bothering him is that he feels that I am treating him like, like a mother like, "You should do this, you should do this, like this." Like I'm telling him what is best to do, so I think he mentioned that.

Swami: It made you hurt?

Tatyana: One part, yes.

Swami: One part no... Do you think he's clever?

Tatyana: Yes.

Swami: How much clever?

Tatyana: He's very clever, he is.

Swami: To attract you?

Tatyana: What do you mean?

Swami: To make you happy.

Tatyana: Well at this point, no.

Swami: That makes sense. First make her happy then automatically you get the peace (*big laughs*) forget about all this moments... it's simple isn't it. Sorry Tatyana, ok you can sit...

Swami to Tobias: Just make her happy, whatever it is, yes, ok, done, wonderful. Learn three words: excellent, you're right, I'm wrong, you're free... I told you that (*to Philip*). You Nancy? Majority who have that heartbroken, why I mention this, wife and husband, boyfriend and girlfriend, any good friendship, if they have the misunderstandings and fightings its like a big pouring of your soul energy unnecessary dumping in the waste. You can't hold your inspiration to turn it in a beautiful way to the nature.

Number one minus point in spirituality is heartbroken, misunderstandings, depression in the relationship. It could be any relationship even in a friendship. A friend really hurt you who you really loves, it grab from there and collapse, again from there it comes up, coming up it takes again time isn't it, again it's starting to...once if you made it falling down, its started until somebody catch the ball. It takes some time... it could be take months, years. For example Herbert, in his case, completely I disagree - he did a mistake. I'm sorry Herbert, that's my strongest statement, he did a mistake, just Petra came and crying, and crying, and crying. If you have the real talent, you have train her, "Ok look, sit, do this way, do this way, be like this way, be like this way."

From my childhood days, Lakshmi, I told the story. How many days back entire her family came? About three days ago, three days back,

her sister, brother, mother, sister's kids, everybody came for the holiday sort of a surprise. Except she is only number one blaming person in my life. Simply I'm saying wonderful, you're right I'm wrong, thank you. Some millions and millions of rupees I spend on the phone, not joking, but I never took seriously, even if she's crying, ok, I lift her, I lift her, I lift her. Today she's leaving the planet with life, means she attempted a lot of times making suicide and going super down, lifting her up. If one person in your friendship is going down, it's your duty, you have to bring them up, not making you again to go down. That's horrible, you're negative results is coming from there, you can't be successful, Nancy

Nancy: Swami, what is the question?

Swami: What is your blocks, and how much you really fix it? What you have to go and fix it? For example, today I made you connect to certain things that's still in my mind. Last time I prepared for the energy, everything, whatever I got the message from her it make me completely shock. I told you the farmhouse, "Wait a minute, which angle she's really coming and hitting?" I didn't want to talk now the angles. Give me your blocks, if it's still the same what you wrote it.

Nancy: The old blocks?

Swami: The latest, what you're right now carrying.

Nancy: Well, I still have some unworthiness about love, not feeling worthy of love. I have unworthiness of being loved.

Swami: With whom?

Nancy: I think it is a general wound. Through my lifetime I developed that, and that's why I made so many mistakes with Clint because I was trying to protect my heart from being hurt. I wanted love but because I was afraid of being hurt, I put up some protection so it keeps the love from flowing out from my heart. But it also is a mistake cause if you block your heart from love going out, it also blocks love from receiving and then it becomes a bad cycle of heart break, because

if you're heartbroken then you try to protect from more heartbreak and then it keeps more love from coming in.

Swami: (*Swami gave her water*) You have to talk five more minutes, ok? Then are you really happy Clint and Kirsten they went, really heartfully send them?

Nancy: Yes.

Swami: You didn't feel left out from him?

Nancy: Not in this case - no.

Swami: What do you really want in your life, Nancy? I'm asking straight, I hope everybody is witnessing. What you really want? You win me, no doubt on that.

Nancy: Well, that's number one.

Swami: Ok, you got it.

Nancy: I want to win my processes so I can become the best master of what my soul is capable of.

Swami: Do you have the qualities of the master?

Nancy: Not yet.

Swami: Say that again.

Nancy: Not yet.

Swami: So what type of qualities you require?

Nancy: stitha pregnathata.

Swami: It means the balance of the emotions.

Swami to Cyndria: Do you have that?

Cyndria: I'm getting there...

Nancy: Inner peace, understanding the illusions.

Swami: Get stitha pregnathata, then you get everything, you'll win everything. Take bad luck and good luck sporting... It also comes to the married people too. Anything, take as a sporty, ok? Whatever it is, it is - no problem then you'll win it. That is the real reason... so you have to also develop stitha pregnathata, can you?

Nancy: I have to.

Swami: You have to otherwise there is no way, certain illusions, certain really playing on you. For example, let's say on me in the ashram it pour at the time. I didn't shake, "Ok, wait a minute, it's a cloud it won't stand there..." Who I really liked, Prashanti, in a very short period of time she really understood, the great, great, she help me to getting some fresh-up. Anya and Cyndria that night we had a great...and laughing... I'm very drowsy and I lay down on my bed. She's going tomorrow. I say, "No. Harry's marriage is in a matter of five, six, seven days, see Harry wedding then you go. She says, "No, I have to go." I let her, "Ok, go." And the morning, early morning 6:30 I got the phone call, Prashanti died in an accident. It's like a few minutes - it's like a big rifle shot through my heart. Then it takes to me in this body, in this lifetime, this only one case it took to me few days to me to come down. Today her sister came. I made her huge laughing, no cry, no more sadness energy there, totally evaporated, just laughing, laughing...

The point here, to come out from the heart feeling - never hold it. If you keeping on planting it, putting the water, it will grow, and grow, and one day it will smash you. Forget about you receive the sunrays, you're under it - sadness. So what else do you want?

Nancy: What else do I want?

Swami: Stitha pregnathata, so when are you going to get that?

Nancy: Stitha pregnathata, well, I think it's growing slowly and hoping that some processes will help make that grow faster.

Swami: Have you surrendered to your process?

Nancy: Am I surrendered to it? Yes.

Swami: Are you surrendered to the master?

Nancy: I hope so; I think so... I feel like I am but because you're asking that question I think that maybe there is something...

Swami: No, just I'm asking casually.

Nancy: Yes.

Swami: It also come to each my question, not only to them, to everybody. Again if you review why I'm asking these questions, this and this, comedy way, and each question brings his own energy. If you surrender to your master and the process, no way you can get the failure. Ok guys, please... Laduu, his new name is today onwards Laduu Tobias, prasaad... Anybody have any questions?

Thomas: *(Talks about emotions, anger, the positive usage versus negative, and about Swami using anger.)*

Swami: Give example.

Thomas: *(Says, maybe on the boys, on him sometimes, not directly at him but at the thing, it seems there is a positive force in that.)*

Swami: I use anger majority in my life with Cyndria, Anya, Philip, Monika L., Ramakrishna, Gaya, Jewels, Johanna, Herbert, Paul, Myuri, Gary - these guys, sometimes Tobias. Like certain things, sometimes why can't I give a slap to these guys to wash out that behavior, to come back again straight up. Intentionally I love to play

with them, making them confused, shaking them, rolling them, putting them in the desert, go this direction, that direction, then they miss the map. Once they get spinning, and throwing them, "Go to the north," first I'm telling them, "That's the north go ahead, keep going in the north," then they're not walking very comfortably, driving me crazy, then making them spin and throwing there, "Go to the north." They don't have a map, they're in the desert, they only have a compass - they're going south, again making them spin, "Come straight."

Of course the "Big Boss" also he's doing on me, super spinning. It's a kind of blessing I can say. Sometimes before you're doing any mistake, in my case few mistakes I did, just I accept it, some energy levels the processes. Instead of doing a certain way, I do it a different way. Why always go long way, use a shortcut. The majority ninety-five percent I got successful using the shortcuts, never using the... also Baba likes that. Sometimes when too much high energy comes, at the time super sensitive thinking something very deeply on something. Somebody comes and sits and starts to cry, nothing is there! I have to talk to my friend. If I talk to my friend at 4 a.m. in my bedroom, who have a jealousy on that lady, you can think whatever you want but I know what I am doing it. You know what I am saying, if you're having a jealousy and next morning you're coming and crying and feel left out, feel unworthiness, easily I can catch that. Simply you have to say, "Ok master, that is your karma, your grace, he is a lucky guy, you talking to him something, giving him information whatever or whoever it is, it is not my business, simply..."

If you're holding some type of things and manipulating whatever you want it, of course I can smell from you, I can feel from you then the punch is ready...to waiting for. Whenever your access comes very funny, hitting all things at a time, making a chapatti, not taking a revenge, just putting this straight. It means it's not I'm doing wrong, it's not I'm doing right, it's my life, it's my style. If I want I can drink the mercury one more liter, I can drink the poison, I can play whatever I want. If you have the same stamina, then you have the right to make a judgment, "Ok, he's doing the mistake, his throwing

the angry," you know what I am saying? He's taking advantage. Yes, you have food, my body, I'm right. If you're not able to doing certain things, you have to simply shut-up and do the process and take off your process, then you understand. Think nowadays even brother and sister going on the motorbike they talks, but who doesn't know they're brother and sister, amazing gossips isn't it? So what, Shirdi Baba, his lifestyle too - super serving, that serving... Any questions?

Student: (Wanting to know what people are holding and when they come up to Swami, how he is putting it straight, to know what is that energy, to recognize it in yourself.)

Swami: Sometimes I'm deeply thinking very important. They come and they sit and they talk silly things. I already came pretty good structure on one person' life, on one person process. This guy, of course we have intimacy, intimacy? Very closeness, very good friend, let's say like Ramakrishna. I'm sitting in the middle of night in the garden and deepfully I'm thinking or I am laying down here just thinking, even I'm listening the music, he thinks I'm listening the music. If he wants to talk to me, he wants to sit, he just try to come, "Hi Swami, how are you doing?" Just come and sitting, and talking about president Clinton and Bush, and this and that completely his divert my attention, isn't it? Then, wait a minute, why you think, why you approached?

I put a note if you really want to talk, majority even two days, three days I start to see everybody. (*inaudible*), very, very important, just you can sit in one place for several hours, even like five, six, seven hours in my, "moment timings" (*inaudible*), easily you can send through Anya some message you want to talk to me. Ok, then I can sit, I can clarify your questions. For simple, silly things approaching and disturbing and also it makes me sometimes funny. The arati time is running, sometimes I sit there. You can go to arati, the big boss and sitting there they come very closely, again they runs back. I have to laugh the Big Boss, like I'm the big obstacle there, not to come to his arati. I feel horrible, oh my God what am I doing? Ok, going in. Nobody is not looking at me, just they're looking at Baba and the arati. From dwarkamai I said, "Ok, simply I'm saying to Baba, it's not

my mistake," So today I am clarifying that. The arati time is fine to go. Whenever you walk, try to walk gently. Sometime they walk with fear... you no need to fear with your master, be humble, not with fear. Humbleness is there, but fear is also covered. Is it true Philip?

Philip: Yes.

Swami: Why the fear with me?

Philip: Why do people have fear with you?

Swami: Uh-huh, you think I'm a tiger to attacking them or what?

Philip: I've experienced that, yes, but I don't think most people feel that. I think they're afraid they'll make mistakes and you'll put them on the waitlist, so they're afraid to do anything...

Swami: On the waiting list... that's a omen... you did any mistakes? Are you on the waiting list, Paul?

Paul: I'm not on the waiting list. I have made mistakes, but I just take them as sporty.

Swami: You're not on the waiting list, is that what you're saying?

Paul: No, I said I don't feel I'm on the waiting list.

Swami: That's right, if you really surrendered that mistakes, ok, I done this, forgive me it's over, again I won't do like that, then it's over. Keep again doing that, keep again doing that, reviewing that, that makes me sad. Victoria, you're not talking anything, Queen Victoria, you have any questions?

Victoria: I have a question about stitha pregnathata, which is, I hear it described in many ways sort of calmness, not bumpy. I have a question about if you're happy and in silence, does that mean that you keep that down, so if anything happens that you're not happy about it?

Swami: Happy is happy, keep go, it's a national highway. I have to invite you certain my, in my room talkings... of course maybe first day or second day you feel little uncomfortable, few talks - totally happiness there, jokes, laughing, especially day before, few nights back, Ramakrishna giving massage...

End of Talk
