**Ashram Talk With Swami**  
Swami Pays the Bill For His Students  
Teaching in Jesus Temple  
December 7, 2002

**Swami:** I had talk with Mother Divine and She gave a list what She wanted from me for certain things what I'm asking. I have to pay my bill in a perfect way to convince Her to give victory to my students and what I want to give to the world. Part of my job, I'm doing my maximum best. From the last full moon She asked interesting things from me. I told Her I'll give Her this new moon. New Moon energy almost gone, I'm giving it tonight. Of course I put a lot of sankalpam on top priority students who already connected. A lot of gossip is running that Swami's only giving few people. When you're in my presence try to understand the reality, to go to the positive reality of the truth, try to understand the truth. Truth is always truth, even the Yuga is changing - truth is immortal.

Sai Yuga started 2,000 - I'm the founder of the Sai Yuga. Big struggle will come later with many people saying they created the Sai Yuga. Sai Yuga means, who miracles, darshans, and abilities, all my students are great amazing enlightened souls. Last Full Moon I really wanted to hit some amazing things but I'm really smelling, myself... certain things I really want to bring it, She asked lot of my flesh. By Shiva Ratri I have to give 500, 1 kg. of flesh plus produce nine Shiva lingams, and the mercury lingam is still in my body. Top priority tonight to offer my flesh is Number One, Gary, Number Two, Tobias, Number Three, Lora.

I know how to bless this planet. I'm the incarnation of the Datta. I don't care about your comments on me. Who cares your comment? I

will suck, to vomit, to surrender to the truth. Still I'm in the Guru Parampara stage. One day you'll know the reality after you see the proofs and the manuscripts. If you think as western style of healers persons, I really want each one to open like a kid when you see the Mother. When you see Her, even you have thousands of friends, you only really want to be with Her to know the truth. Each person has to fight for that then only you can walk out. You're living on this planet forever and ever is a joke! You're dying is your body. Everybody has to die one day. When you're here you have to know the truth. If you can't figure out the truth, total bullshit - you waster your time.

What is the meaning, wearing the watch? It's not for the purpose to tell the time. When you wear the watch you should know each hour how much you're really wasting your time, your dharma to find the truth. The majority of people on this globe are stuck in the kama energy - kama means desires. Could be any angle of desires, attractions. Attraction in you is a slow poison. You'll be out or you'll be bed ridden for three, five years if you play undisciplined way. The karma will play back on you - pay the bill!!! The body won't accept and you'll be suffering on the bed. You'll have to feel guilty lying on your bed. It will, will, will play on you. You won't be able to pee or do your works.

When you're in the presence of the Guru Samsthan and you're hiding and doing certain things, it's equal to dong hundreds of murders. Shouldn't do anything under the Samsthan. Samsthan means whenever you are under the guru control or the guru is under your control. I know a few people are doing it. I'm happy for them but Guru Parampara won't be happy. You should pay your bill. Maybe you can see on me, "Swami Kaleshwar, you're offering your flesh, it means you also paying your bill." Yes, I'm offering, not only for you guys, I'm offering way, way ahead coming twenty-three generations I'm paying my bill today. I don't care about myself. Even you can think, "I don't care myself," to me Swami, but you should witness some amazing miraculous energy or you should get great experience. You have to taste the nectar in the presence of the guru.

Each person I have been under keen observation who is who, what is what, who what is doing it. Ninety-nine point nine percent I'm under observation each person. One part I'm happy, one part I'm not happy. Every person has their own style of living - it's not healthy. It has to be straight pure surrender. Maybe you think, "Who care

even you give your flesh and you some processes? Is it really going to help few people's lives?" Yes it will, will, will help few people to help their process. When I suffer for so and so names, it cuts their bad karma because they paid their bill to me then I'm paying their bill, through me, to the Almighty.

Since three months I put under huge observation each student, their energy all angles. Sometimes I really got frustrated. I really wanted to come and give a slap, really ridiculous, undisciplined, really undisciplined behaviors. I really want to kick them out form my ashram. As a father, as a big grandfather I showed the mercy but I won't accept after next days if I see the same symptoms again, their hunky-punky activities. This is the ashram for pure devotion and dedication to knowing the truth. To go through what they need to go through to get the enlightenment. If they do any crazy things now - no mercy, even if they are so close and thicker to me, thicker to my close students too, I won't accept any recommendations. I know each person's stories. Does it make sense Sabeena? Does it make sense? Hey Kirsten does it make sense?

Kirsten: Yes, that makes a lot of sense Swami, one hundred percent.

**Swami:** Yes, this makes wonderful sense too. It also need lot of surrendity for the divinity, otherwise completely bullshit. This flesh one day has to go in the dirt. If you're seeing the flesh, you're not seeing inside of the reality. Who sees the soul reality, they will win their victory. Who seen the reality, few people to their souls I put few illusions around them. It's a challenge to the globe, but I'm not insulting, embarrassing anybody. Be happy, come to the truth, then come for the truth with a punch including with me, "Swami what is the truth?" You have to, that's your dharma. After they get the flesh out, I'm doing a process everybody. After put a candle and after I'm doing something.

End of Talk
