Ashram Talk With Swami

Swami's Birthday
Teaching in the Jesus Temple
January 8, 2003

Swami: This year is last birthday to this body but I'm trying to do as much as I can, my maximum best, to help a lot of students with their channels to get successful in their way. But I won't be pretty good, I'm ninety percent successful with my process while I'm in this body with my students. But this year, actually I decided to take samadhi. Couple hours back I really went in the deep trance, even though my mind is working with different people, talking with the different people... I didn't get the clear permission yet but one hundred percent this body is going to take off this year.

But your Swami is a part of the Almighty channels to giving the high healing abilities, the high power channels, to giving, to wash out the negativity in this planet. But even whatever I'm doing it, still the Big Boss Baba and Jesus, in an interesting way, they're playing their channels on me, testing the illusions, playing on me. Heartfully I'm accepting it. They're doing their duty but I'm doing my duty too. Every day is my birthday, every sunrise is my birthday, you don't have any particular birthday to me - every sunrise is my birthday. I came for the purpose of the duty. I'm doing my duty, the climax scenario came, I'm doing it. Pretty soon I have to fly. But every soul is so lucky. I'm lucky to be with everybody here. But I'm heartfully begging to Baba, Datta energy, to bless pure truth to each person, to understand the life and death, the immortal nectar, to understand in your soul. If you're stuck in the human body with the

affections and attachments, they're the huge hell in your lives - terribly crash. I pray, I did my maximum best, I blessed.

I showed Mother Divine to a lot of people. Lot of people received a lot of things from Mother Divine but I'm also equal to you. Every soul in this planet is a God, it's called Aham Bramhasmi - everything is God. I'm not great, you're not great - we're all equal. A part of truth I know, a part of truth you don't know - that's why you're in the dark. After you know it, you're also part of the light. Don't suffer fighting for the truth. Unnecessarily carrying huge blocks in you in a strange way, your blocks are a huge energy. You're a part of the God. When you wash your blocks, you'll know the truth but you can't identify, you can't put your finger, "This is the truth exactly." You can't tell, "This is the truth." There's no limit for the truth, you don't know yourself you're the truth. You will know the truth when you really merged and tasted the real nectar of life and death, when you can help who really fell down in the death position, when you're lifting up their soul then you're a part of the Creator. You can lift up. That's called Kalagranha Bramha.

But ninety percent of my students and ninety-eight percent of this globe are under the illusions. A part of I did my job, I don't think I can do any more my job the coming days, whether I take samadhi any hour, any week, any month before this year end. Even if I come with this physical body and give a darshan, I bless - truth is immortal. The truth is - you have to know how to wash your blocks. Once you know how to wash your blocks, plus how to connect the Guruparampara, to connect the Guruparampara is not a small deal. It's extremely like a big boxing.

Whatever I'm going through, whatever the big boss Jesus been through, his fight, he's been through incredible strange way. It's a kind of similar way I'm also going through too. Almost all what he went through I've been through, again I'm paying my extra bill since three lifetimes. I offer my flesh to Mother and my blood, more than a couple liters to my students to wash their souls. Even my students think it's a little strange to give my blood to purify their karmas. I'm not an idiot. Even coming days, some people will come, "It's a little negative energy, dark energy." Don't believe it. I did with my heart, I did with the order of the Baba, Datta energy and the order of the Jesus energy. I don't care about my life, I don't care any dark energy, I'm going like a sharp knife for the truth. I'm suffering...in the suffering, the Guruparampara, my guru... of course he's everybody's guru, he smoked, he drank, he ate for his relaxation to his body, it's required,

otherwise you cannot stand. Jesus also did, big brother he did finally he went flat.

But my message to this body as birthday, Kaleshwara' body birthday, never believe the illusions, never believe the time, focus your process, never lose your inspiration until you reach your real nectar. Illusions are always a poison, it wants to bite you, it won't allow you to taste who you are - that's Kali Yuga standard principle. It wants to swallow you in that - that's Kali Yuga. Don't give a chance to that! Drop all your things, catch the Guruparampara, whatever it brings.

So heartfully I bless everybody. Before my body takes off I wish to bless everybody - they can reach pure love and enlightenment stage and the Guruparampara but super careful. We came in this life in a human body. Once you drop your human body, it's a wheel cycle, again you have to come back. I caught a lot of souls...I scanned, I caught - super lucky everybody who is here. Don't give a chance to the illusions, surrender to the Guruparampara. You don't need to surrender to me, surrender to the Baba, he's the Datta Guruparampara. You know what I'm saying?

Today I want to offer small my flesh and blood to Tatyana, Lora and Gary, with the help of Clint. Even to me, a part of I know the illusion, a part of I don't know but I'm happy what I don't know but I know what I don't know it. But I have to accept it, simply I have to accept it. Every person has to accept it because you are in this Kali Yuga. You don't know what you're accepting it, but I know what you're accepting in your soul. You know what I'm saying? The difference between you and me, we're all in the dream of Maha Kali. Don't believe the time - super poison. Pretty soon the whole globe is going to get a little blast. Before it's going to hit it, try to know the truth, it's enough. Don't drop your body without knowing the truth - that's the hell. Every person has to research in yourself when you are in the body to what's going on in this planet. Forget about this body and flesh, it's not permanent. It's not the mortal and it's not the immortal. The, The, The, mortal, something is there. Immortal also is a mortal. The, The, The, mortal, the Brahma Consciousness, immortal also in the Kali yuga is dying. With the attachment of the Guruparampara only, it's going to stay for a small time being then again it's getting ash, getting pushed out. You know what I'm saying?

Pretty soon a lot of people are going to connect the Mother Divine. Try to ask Her with a brilliant intelligence. How many connected the Mother Divine so far? The Guruparampara is the symbol of a little uncomfortable,

giving strange feelings to you, I tried to give the strange feelings like what Baba did with his students, I failed on that. But I can't do what he did, no way, of course he was sixties, seventies, I'm thirty-one. There's still a big gap I can't do it. But be super careful, conscious, understand the real nectar, try to catch the moments with your guru. It doesn't matter whatever, the majority persons will get your time with your master. It means it doesn't matter whether in my interview room, the Dwarkamai, whatever experiences the master wants to give you. It means your guru, me, at the time part of, be careful. I talked last night with a few people on Bhairavi Mata, Digambari Mata, Ghora, Aghora, I gave the four stages of the steps to a few people in the group how to understand that. That group also has to be super careful. The moment what I am is a Ghora/Aghora, or what the next step what I'm going to do it, what the inner fragrance hidden in that, super important.

But only ten percent students tasted real nectar of the Datta, to those who really connected the Mother Divine, in that only ten percent. Who didn't connect the Mother Divine, I open my heart to them to connect to me directly can hit super cosmic energy, can get unbelievable experiences. I don't care about my life, my flesh, my body, my soul, I'm for the globe in this Kali Yuga, to this planet, to Guruparampara, to Datta energy. My selfishness is your happiness, that's all I want it, of course maybe your thoughts, in your ideas, Swami had little special coke, this and that, it's nothing. Of course I came with human body, it deserves it, it's natural but I have to follow it. But you have to follow the truth principles, ok?

(Then Swami told Lora, Tatyana, Gary he added Leslie in the group offering his flesh)

End of Talk
