Ashram Talk With Swami
Swami Checks in and Gives More Questions
Discussion in the Baba Temple
November 4, 2003

Swami comes to our group discussion.

Swami: But I am really looking forward to your confusions and your questions, any angles on any point on any subject, and I have a few questions. We made the Shiva clay from there. That's one of the key points I want to ask the questions to make sure you got it. Your personal mantra charged it and you buried it in Dwarkamai, why we did that the process? What is the link with that to the Paramashiva Yoga and what is linked with that to the Inner Elements and Five Elements? That is the questions.

And why Krishnadeva Raya, he made side-by-side, one is Narasimha and Lakshmi narasimha plus Shiva lingam there? Why he made, what is the inner significance? And also Krishnadeva Raya, he built Virupaksha temple. Virupaksha is the main temple in Hampi, the main temple is the Shiva. The same guy, again he built Golden temple (Tirupati). What made him to come up to the, to change to the coming to the Vishnu energy?

And that big Shiva lingam is anywhere linked with Ghora and Aghora and any Bhairavi Yoga's? That Badavalinga and plus in the Gurustan, your Gurustan here, what is the significance of this Shiva

lingam, and how it is going to effect on your soul using that clay, whatever your power spot, whatever your charging, and mechanism running what you're really expecting it, what type of changes will come in your life? Do you know what I am saying? To the Krishnadeva Raya his Badavalingam he used it. Finally he changed to the Lord Venkateshwara and what you can expect in your life? You understand my point here, hello?

Student: Yes.

Swami: Such a big Emperor, such a huge belief strong soul character turned to one subject to another subject. You have to come up with your own ideas too on that. Yes? And I really want, somebody needs to check these are the questions. Try to make the answers. And if you can discussion tomorrow. And if you don't, if you can't figure out the answers then I am happy to clarify that questions. If you got clarified that, it's done. If you really want to know about Sri Chakra you have to talk on the Golden temple. Without talking Golden temple you have no idea about Sri Chakra. Actually I didn't explain about Sri Chakra deeply enough, do you know what I am saying?

Students: Yes.

Swami: I didn't explain deeply enough and what really Sri Chakra it will does and another thing, Dwarkamai, in the middle of the Dwarkamai there is a turtle, what we call turtle, turtle is there. Why Baba he himself put the turtle there, what is the inner significance? These are all questions what I am giving going to conduct the examinations. Pretty good tough questions will be there in a few days. Can you answer why he put it?

So for these questions try to make it clarified to me tomorrow then we'll go for next step and I will teach on the Bhairavi Yogas, the concept. Without knowing this, what I given, this principles... it's good to go first the elements whatever you can and I taught in the Sky element like you can do yourself in the nature. Why I mentioned only it's for yourself? Do you know what I am saying? In the elements I mentioned it is only for yourself connecting the cosmic and the angels that you cannot see anybody around. Like it's included, it's totally powerfully linked with Shiva lingam, it's the Shiva energy there - Om lingastakam nidam punyam ya ha patay Shiva sanny dow Shiva loka mavapnoti Shivayna sa ha mogatay - totally surrendering

to the Shiva. Do you know what I am saying? Why you need to be in the nature alone, what is the inner significance? Alone means your body needs to be alone or your inner side create peace. I also talked in the Inner Elements how to create the peace also.

Each, any my point, if I double times, triple times, if I repeated any sentence there is a tricky point there. You should know, you should recognize there. It really helps the coming days to the process, to the practices, just simply vaguely, just mantra and practice this and that - no way. Just take the Krishnadeva Raya life how it turned, it's enough. Good job.

Students: Thank you Guruji.

Swami: Thank you guys.
