Christmas Program 2003  
Christmas Message and Jesus Christ  
Teaching in the Baba Temple  
December 25, 2003

**Swami:** Merry Christmas guys, how was your day? Thompson? Everybody enjoy your party? Not yet?

Students: Not yet.

**Swami:** You celebrated luck-pot? What we call that?

Students: Pot-luck.

**Swami:** Today I really want to share some of the information about the Jesus Christ. I hope the energy cooperates, the flow will cooperate and your energy cooperates and Big Boss energy cooperates. Before me to talk, I really want trust members Gary, Paul and Clint Thompson to talk. They're the trustees here in the Shiva Sai Global Trust. What their message to everybody, I want to hear it. Gary?

Gary: Happy Hannukah, Merry Christmas, Happy whatever you're celebrating today. Most of all, happy that we're here with our beautiful Master, Baba, Jesus, Mother and this incredible place. I was sitting at the potluck looking at the beautiful lights that our student group put up and the gifts the Indian staff gave by putting up so many beautiful lights, and what Swami and the Trust gave. I was really touched and I was also touched by... it's been two years since I've been here and now my whole

family is here, my daughter, my son, my grandson and my son-in-law. But also in two years every face around me are so familiar and so profoundly and deeply part of the family I call family now. It's really amazing to me. Nothing ever like that has happened this quickly this completely in my life. And, I know Swami keeps talking to us about groupism and like he also keeps talking about true love and especially on this day, where one of the greatest gifts to the world, maybe the greatest teacher of true love, I'm just beginning to get an inkling, a taste maybe of what true love can be, but also what true groupism and family could be with some of whom I don't even know in any normal way. So I thank you Baba, you Swami, I thank all of the Indian staff and the Trust, I thank India, I thank Jesus and Mother and I thank all of us for this amazing gift this day, to be here together this time, this moment, to receive these beautiful messages from our Divine Master. And I really hope something opens, I'm trusting something opens in us that we can't even imagine. That we can receive these messages and use them to serve the world. So thank you all, thank us all, thank you Baba and Swami, thank you Jesus for making this possible. Now I want to say Halleluia.

**Swami:** Clint. He's a big gift in my life.

Clint: Merry Christmas. Today we're celebrating the birthday of a great soul who came to this planet, and with Baba's and Swami's grace we'll understand the reality of that soul's life and message that's still alive on the planet. But also it feels more and more in the last weeks, days and hours... we're also celebrating another birthday today and that is a birthday of each of us on this planet. The birth of the truth of Jesus in each of us and the rebirth of the truth of Jesus in Penukonda and in India through the Shiva Sai Mandir, through this ashram, through this power spot, which itself has been reborn in the life of Sri Sai Kaleshwara. We truly do live in a paradise here. I think each of us here can remember the days when we woke up and got into cars and drove to an office or work place and looked forward to lunch and then went back to work and looked forward to driving home. And then dread going to bed because it meant we got up the next morning. The life of the normal world in the Kali Yuga in the West for most of us. And we've already stepped out of that world. Each of us right now has already won what more than we could imagine when we said we needed to win something more in our life. Already we're so far down our road, our spiritual path, that we're already unrecognizable to ourselves just a few years ago in a beautiful way. In the same way, the futures that are waiting for us are just as unimaginable, and just as divine and the relationship with

our master and the Guru Parampara, in the same way, is beyond what anybody could imagine a teacher could be, or a guru, or a lineage, or a path to God. So thank you Swami and thank you Baba for sharing with us the truth of Jesus on this planet. A truth that none of us knows yet, no matter what we think we know, we don't know. And we're all happy to hear and so happy to protect that truth in a good way in the world. So not only we can benefit from the paradise that can be in this life but that can be anywhere where we are, through us. So thank you Swami.

**Swami:** My pleasure, Paul.

Paul: What I thought about, first I had to think about all the things I have to be grateful for. Five years ago Swami came in my life and ever since then it's been an unfolding miracle after another. It's through Swami that I began to understand the power... I began to understand Baba. I began to understand just a little bit the message of great saints like Jesus. Then it went deeper because I began to understand the depth of Penukonda. I always thought Penukonda was a place to go to but then I began to realize that the greatness of Penukonda really drew my soul here and I began to realize that Swami's greatness and this ashram, and Jesus, and Baba, they're all linked together.

**Swami:** Say that again.

Paul: Penukonda, Swami's energy, his greatness, Jesus' energy, his greatness, Baba's energy and greatness is all linked to Penukonda - they're inseparable. The saints that came here for a reason, they were drawn here. Swami's ashram is here, his energy vibrates and touches the whole planet in this ground, so they're one in the same. There's a big mystery here, it's a Divine Mystery Fort and everyday when I go and touch the northeast garden, northeast quadrant, I look back at the southwest, I look at the mountains and I just pray to understand the depth of what's working here, why the saints came here, what's the vibrations? How's my soul linked to this place? My soul's linked to a master who represents the Guru Parampara, linked to Baba, linked to Jesus and I think all of us are here for the same reason and I think all of us are here to discover what's already written.

Virabrahmhendra definitely wrote the truth when he wrote about a great saint that would come to Penukonda and release an energy and knowledge

not seen before. This is that time. It's my direct experience that Sri Kaleshwar is that link to bring something great to the planet and we're all students of that energy. We're all students of that lineage, otherwise no one would be here. Penukonda would not allow anyone here to stay this long without permission and blessings and Swami just reflects that. And everyday I'm supremely grateful that I'm allowed to stay here and receive the blessings and be able to do something with it in the world because that's Swami's ultimate goal, his mission, to create masters and everyone here is a master. So from my heart and everyone's heart, truly we're grateful for your presence in your physical form, in this Penukonda giving the energy, the knowledge and the blessings to every soul that's here. For me it be my prayer, it spreads throughout the world to bring the light of Baba and Jesus and the Guru Parampara to the rest of the planet, to really heal the planet, to uplift the planet, to bring true greatness to the planet, real truth to the planet. That's my prayer.

**Swami:** Good, next Anya and Cyndria and Tatyana, one by one. Whole night time we have isn't it? Hello? Just talk what you learned from me. Why I drives you crazy; why you drives me crazy? Make sure it's recording Tobias. Ok, talk.

Anya: Well first of all Merry Christmas to everybody. What I have learned from Swami is mostly beyond words but in my experience it's been with the people that have come here because that's been the gift that he's given me to take care of students who have come to this ashram. It's through that and watching Swami take care of his Indian people and his western students and being really able to watch that everyday that I've learned that's it's everything that is real, is coming from how you feel inside, and the love that you're able to give people. And also a reality that you can express to them about all kinds of different situations because life isn't always easy and sometimes people go through a lot of pain and suffering. But it's how you feel about it, how you're able to talk to them and be with them, help them and understand them, and have compassion regardless of what it is. Sometimes it's a hard thing in yourself to go through that with everyone because you have to feel your own pain and suffering at the same time you're giving love to other people, helping them. And sometimes it's very difficult. But that's been a great profound gift that Swami has given in my life is to be able to watch him, no matter how he feels, no matter if he's sick, no matter if he's troubled with many, many thousands of things in his

life, I don't even know what it is but the tiny part that I've seen, no matter what it is he's always there for everyone.

And it's just so beautiful and I've seen him sitting on the steps of the temple talking to people about the simplest little things like what color sari to wear; what kind of scarf that you had, or just funny little things like, "Did you have your breakfast, did you eat your lunch?" But it's through all of that simple, tender little moments that he does the beautiful work that he does, at least that I've been able to see. I only know what I've experienced. It's the most profoundest thing and giving the help when we go to the rest of the world. But it has to come from each person in their heart, what they took while they're here. That's what they take with them when they go out. Swami said one time, "If you can't learn it here you can never learn it in the world." It's like this is the most intense place in the universe and in that intensity if you can learn it, learn to be loving, learn to open your heart, learn to take care, learn to see what's real, then you can walk out and do it anywhere. It's not an easy thing but it's very profound and wonderful. So, that's why I give my huge thanks and gratitude for that. To be able to watch him, day by day, in the simplest things, in his conversations, in his joking, in his laugh... very, very funny moments that we've had together. That has been the beautiful profound love and energy that he's given to me and everyone here and he continues to do. So for that, I'm always at your feet. Thank you.

**Swami:** No problem, good. Time for arathi nine o'clock. Quick arathi, Paul can you do it? To this year it's the last Guru Day, next January 1<sup>st</sup> is Guru Day, Swami's birthday is Guru Day. These girls (Anya and Cyndria) are pretty amazing in my life and they really did the unbelievable hard work since many, many programs they made success. And again, the Board Members and they're dealing with legally and of course, they're also supporting whenever I'm there under stress, 2 a.m. coming from Bangalore or Hyderabad, "Ok, just getting ready for something guys." Just they are there, such a great dedication. Some people in my life are a great gifts. Cyndria, please...

**Cyndria:** Thank you Swami. Merry Christmas everybody, it's a great joy and pleasure to be here on this beautiful auspicious night.

**Swami:** Don't worry, I won't tell monkey story. If you want to, I will tell and I can tell the airport story about Anya too. Ok, go ahead, just making you little boosting up.

Cyndria: I'm not really a student for learning knowledge and memorizing things and speaking to a large group of people. I don't have a lot of experience in that, but I learn by doing things. And Swami has given me that opportunity by working in the office in the ashram, taking care of all the students that come. When I first came here, my soul was yanked and I couldn't leave, I just had to come back. And my mind has been, even after these four years, trying to catch up with my soul as to exactly what I'm doing... And I'm getting a lot deeper understanding of who I am and what I'm trying to develop in myself. Watching Swami throughout these years as a role model, I always think to myself as problems come up, how would Swami handle these problems in the most loving way. It just takes practice and it takes the reflection of all the people that I'm talking to, I can see that as a mirrorism coming back. So sometimes when I'm being a little rough and tough that mirrorism comes back to me that I need to be a little more gentle and softer. And then a lot of the times when I'm giving a lot of love then I know that I'm doing my job really well. This is very, very difficult for me, anyways, I'm going to make this very short, I'm not an eloquent speaker, but with practice I can get better...and I thank you all.

**Swami:** Tatyana, I have a bet with her. Before she's learning Telugu I'm going to learn German language. I have all the books and the tapes and I'm studying as much as I can. I hope I will win it. I'm doing my best. Please...

Tatyana: So first when Swami said, "Ok, all the Board Members have to come up here on this very special day," I felt such a huge relief in my heart, "Oh I'm so happy I'm not a Board Member." But there is no escape. So, I remember very well last year on this very special day, when everybody was upstairs in the Jesus Temple and Swami gave a very short message about the Christmas Day and about Jesus and he said Jesus is the symbol for love. Jesus is love and love is Jesus. And in my experinece, especially in the beginning when I came here, whenever I talked to Swami or whenever I got together with him, there was so much love there from his side and also from my side. And whenever I saw Swami interacting with anybody I felt, "Wow there's so much love for everybody," and it was just wonderful. People's hearts were opened and were touched, especially in those

programs in Germany Swami, it was a blessing to see whenever people had an interview with you.

And after that how the energy with everybody who had an interview, who talked to you, who saw a miracle, who received a kind of chocolate, how people's heart started to open. And their faces were just radiating beautiful love and an open was there. And I thought, "Wow that is great. What does Swami have, what is missing in me? And it's the huge love I thought. And everybody, each of us, has the same inside of us and we don't recognize it because it's covered. We're carrying a lot of blocks from many, many lifetimes. And last year Swami said, "Whoever is able to wash the block of egoism, then you can recognize who you really are." And that was a beautiful message and I'm still working on it. Everybody here is working on it because it's not that easy to wash those blocks. But we're all so lucky to have the boost in our back, the master's help, without which it's not possible to become free of those blocks. That's my feeling. But with our hard work, with practice, with faith, and with the Guru Parampara in the background, we will recognize the reality of who we really are. And one beautiful experience... it comes back and back - whenever I don't expect anything, when I've give it up, then a surprise is coming which opens the heart more then if I would have received it when I expected it. And Swami's master for hitting those moments. He's always hitting at the right time to give the most, the greatest benefit to the soul. And that's what his goal is according to my understanding.

**Swami:** Is that compliment or a comment?

Tatyana: A compliment.

**Swami:** Oh.

Tatyana: And we're sitting all here right now in a beautiful temple, in the mandir and it's beautiful to be here in the temple, but the biggest temple is in us and my wish for everybody is that one day everybody will recognize this big temple in us. That Swami is in us and we're in Swami – that we're all one. Thank you Swami.

**Swami:** Good, beautiful... Can everybody chant five times omkaram, three times Guru Mantra.

**Swami:** Welcome my Dear Divine Souls. Today is the most precious, auspicious day in the globe. Millions of people are celebrating Christmas festival. Christmas means bringing the light to every person in their heart to remove the darkness. The great soul came on earth to remove the darkness in each person. It's good and wonderful but there's a lot of saints like a Jesus Christ. From many, many thousands of years, they came and they've gone but the top, most powerful soul is Jesus Christ. We have some tradition in the globe and listening his messages and following his messages and doing some service in his name and doing lot of Popes, Bishops, different type of healings. What I believe - they know only ten, twenty percent. Even your Swami knows maybe same, but maybe different angle. The spirituality is a big ocean. We can't perfectly estimate this saint is carrying this life like this way. You know what I'm saying? We don't have any particular evidence on Shirdi Sai Baba. You know what I'm saying? Who's his father and mother and where he learned his teachings? Of course we know his master is Venkusa but there is no authentic proof. You know what I'm saying? Even in the Bible, I'm sorry but I'm not... on the Jesus Christ messages and his lifestyle and his Bible, I totally trust and believe, one part super clarity, but I won't believe. Some crazy guys they really wounded his lifestyle.

And day-by-day the spirituality is getting super pollution. In that pollution, if we keep carrying that, if we keep listening it, if we keep letting it go, after 2,000 years later, completely spirituality will turn as a mess up. You know what I'm saying, already it's messed up. If we leave it like this, after 1,000, 2,000 years later, forget it, we can't get what is really resin fragrance but India... I'm not exaggerating and buttering on India... maybe you think Swami's born in India that's why he's bringing up India as great. From the beginning you know my life. I'm very straightforward. If it's not working straight forward I will make it my own style to make it done, the reality to come out. We have some channels and some great experiences, some evidences on the Jesus Christ. Of course millions of people believe, a lot of people believe Jesus' body is in Kashmir. He travelled to India, he got enlightened in India, but there's no perfect links, there's no links. And he promised to his students and his disciples, "Everybody can become more powerful than him." Is it true? Did it become true until now, yet? Hello? I'm asking innocent, I have no idea. Eric?

Eric: No Swami, except for maybe you.

**Swami:** No way, I'm also a simple leaf in the tree doing my best, it means since 2,000 years what he gave the promise, it took that much delay? That's number one question. If he got that delay, what is the main fault, the main defect? Maybe he's not capable enough or his students are not capable enough, or some negative energy is torturing to the globe not to come the reality things. What's really happening? Why it took the 2,000 years, why any of his students didn't become preachers his channels what he demonstrated certain miracles? Is there anywhere in the Bible what he taught his formulas? But he mentioned his students, his disciples will become more powerful than him. When? How? What are the blocks? I want to discussion on that. Do you have any idea Gary?

Gary: Yes Swami. My idea is that it's because his students went their own way and didn't come together, and the Maya hit them and they didn't fulfill on what he was teaching. They didn't come together and really take what he was teaching and follow it together. They all went in different directions. His students didn't create the group they needed and then create other students. That's the main part that I understand.

**Swami:** And second part.

Gary: Second part is that Jesus didn't create the students at that time. Well I don't know what he actually taught back then, but I don't see any evidence that he taught them like you're teaching us. I don't see any evidence. Maybe it was there but I don't see it.

**Swami:** There is only a few things. One is lack of unity and they don't trust him one hundred percent and they don't trust what he gave the process to them to doing perfectly, and they're always doubting him, his behavior, personal behavior - that shoved out, that washed out. I'm keeping on telling, 'process is process,' until you really digest it, until you really went the depth...ok, one time you got failure. Second time you got failure. Third time you got failure. Without having no faith and doing it, no chance you can win it. If you think on any master's personal life... ok, Jesus Christ he use to drink the wine and he's married, nobody will believe it. And he has his own fun, he really enjoyed pretty good and he's really super disciplined person too. You know what I'm saying? I'm not commenting on Baba. I don't even have the dareness, I'm sorry but he did whatever he wanted to do it. You know what I'm saying, but he's not for any kind of addicting character. You know what I'm saying - no addictions. He's very

happy - He's pure Dattatreya. Whenever he's in his process, he's very super disciplined. Whenever he's not in the process he's happy guy. You are here in the planet, without not having any enjoyment and happiness, just sticking on a discipline bone in your neck, I'm sorry, you'll get super failure. I know some guys, they promised, "Ok, you'll get the levitation." Many people what I travelled and what I've seen, thirty years they meditated... maybe after they died they levitated their soul. Anyhow they have to take off, that's the final...it's a kind of complete sickness. One hundred percent Jesus Christ, he taught the channels.

I already started some channels to some students to try to know it and they're learning it, and by grace of Baba, and Mother, and Jesus' blessing, will win it. Pretty good the track came in perfect way. Before it took to me many years and I tried to put as a groupism, I tried my maximum best for many years but working on each person's blocks, iccckkkk... it's ok. Then I decided to divide and rule and after the knowing the mechanism of the miracle energy, and knowing some channels, then again come together. Many people have the greatest faith his Samadhi is North India, in Kashmir, but my strongest faith and with evidence, his Samadhi is in South India.

And Shirdi Baba, he came to Penukonda, and Veerabrahmhendra he came to Penukonda, and Shirdi Baba walked, he visited the mountain of Krishnadeva Raya, his palace, and he walked all this place and he left. And Veerabrahmhendra, who taught the greatest astrology, if you see, even the government translated the books, certain books, it's there, certain authentic proofs in the palm leaves. But it's our luck and it's Baba's grace we have some proof and evidence. Today I really want to pull that and to show few people but still I have my own doubts and fear with some people here guys. I really got fear certain energy channels, once if you learn it, what Jesus he tried and he wonned, his channels, same channels you have to do then you'll understand the mechanism of what is the reality. Even Baba, any saint in the planet, of course they practiced the Jesus Channels. There's no more any other channels in the planet except top most Jesus Channels. But one of the channels is Jiva Vidya. In the course, the next seminar what I'm going to talk about, all these channels and same time, you need to understand the mechanism how he really dedicated certain his life happiness. Automatically the time or the Almighty will suck your happiness. You know what I'm saying? Once if you're doing your

practices, it wants to drive you as much as it wants to you crazy. You understand?

For example, for one process two times I'm super confident with one group in Dwarkamai. I'm almost all there, "Ok, ready, ready, make it done." Boom, last second they got failure. And second time, same process to doing it, it took to forty-five minutes and third step it took to the super success, within one minute, made it. You know what I'm saying? It's a kind of pure lila and illusion. And you're having any kind of... two things you need to know. You have to believe on your process complete surrender, and Guru Parampara - done, you're there. And the next two things, fear and the desire - the two things will ruin your life ruin your spirituality. If you have fear for thirty years or maybe five lifetimes, done, no way, can't get it done. The desire means, don't misunderstand here... you really want to win the process. Ok, that's good desire.

In the desire, if you took any crazy decisions, lack of clarity, in a hurry... you know what I'm saying? Ok, I gave the fruit, how to eat I explain it, you don't care, you want to eat your own style. Anyway you have the fruit in your own hand. You know what I'm saying? Then you're done; your life is chappati. You can't play with energy whatever you want to do with it. You have to play whatever the master is guided to you for certain while to understand. Whenever the fire puja is running, the Brahmins, they think very funny things. They put the little flowers here, and the rice here, and they put all some...actions. They're following the Agni, the fire. They're getting in a beautiful controlling to rise the vibrations. You know what I'm saying? They take the small stick and they put it in a different direction and they take another stick, small grass and put to different direction, according they're following perfectly what the fire says and they're doing it.

So whatever processes, whatever Jesus did it, his Samadhi is very close to us, it's a matter of one and a half minute walk to us from my place where I sit. One day it will prove, even tomorrow anything happens to me...I don't care about what the Almighty want to give the punishment or judgment - whatever it is, any crucifixion play on me too, you know what I'm saying? Of course once if you want to bring the Divinity it always wants to play it's own style, the strange negativity wants to play.

So pretty good I'm confident, but I'm not confident on some students who I really want to bring them up on the planet. And a few guys are really giving my life, are supporting me and supporting the spirituality. I don't need to lie to put you in the darkness...ok we have the manuscripts, we have this and we have that. Very close friend of... not close... very close to who was staying here, a powerful saint, a guy is making a crazy statement. I hope you heard everybody if you read in the paper, writing crazy. I ever declared I'm an avatar of Shirdi Sai Baba?

Students: No.

**Swami:** And in that top category people showing the jealousy, is it fair? I'm not criticizing, talking openly heart-to-heart. I love everybody. Of course each person have their... maybe Sapta Rishi, he's one of rishi, he's a great saint, ok wonderful, but I disagree an incarnation of Shirdi Sai Baba - no way. I have my own faith. You can talk whatever you have faith, you know what I'm saying? But nobody has any right to comment on certain, any person to declaring it, "This is wrong. This is good." You know what I'm saying? Even if I didn't announce I'm an avatara or I'm not, whatever it is, making, showing the jealousy, it's not proper way. It means you can see it, since three years he's attacking on me. I really begging to Baba, "Hey who is the black sheep at my back really torturing me, putting it in the newspapers, grabbing the land and doing this stuff, and doing this stuff? Where it's coming from?" I begged Baba many times, night times I come and I sit near his feet, "Please wake up. Wake up! Who is the guy?" And he's proved his energy; he made it a flat. We can't play, we cannot do any games especially...Jesus Christ is a big love character he forgives everything, but Shirdi Baba he forgives but same time, he has a big stick in his hands. I'm sorry, I'm serious, even to me, even to you if you misuse your energy in a negative way - the stick is in the back. And he's purely Dattatreya and it's very important to always surrender to the Big Boss.

And the Shirdi Sai Baba and the Jesus Christ are good friends - they're very good friends. So majority times Baba will always dominate on a lot of souls, that's his speciality and that's why I came down from the church, put the cross in his heart, "Ok, you are here to support...this year coming, to turning different punching way in the globe, everybody to coming up to Jesus Christ channels to make it done. The eighteen channels is kind of... first Jiva Vidyas beginning, next Pranavidya, then Jivakodi Vidya, then Jivamukti Vidya, then Parakaya Pravesha - lot of steps. And making the

soul travelings to one person's soul to go to another person's body - another person's body soul going to another person, you know what I'm saying? You have to do it. The graduate is grown up, it's growing up.

But some obstacles are keeping on banging on me. I'm born kind of interesting tradition, big testing to me. And I can't blame with my family, my parents and... today just I talked to my father, "Hey Merry Christmas my dear father." "Ok, Merry Christmas. What are you going to do what you promised?" I'm keeping on dragging my time with them, I hope you know what I'm talking about. Maybe it's one part of Baba's lila, he's using that channel to come out the information. Everybody comes down then I really can punch out to bring the information out.

And I really appreciate few students are learning Telugu. Once if they got as a professionalism Telugu, then they'll really know what is there. What is in the manuscripts 1,800 years back, 1,900 years back... around 2,000 years we have. Latest what I found, I didn't read that book but almost like 3,500 knowledge book. So that information, once if you went into the world, the world has to listen to you guys. You don't have to teach anything, garbage, just whatever the book, that translation. You know what I'm saying? You don't need to pure talk anything - it's there, you're talking about that. No need Swami Kaleshwar, about his messages whatever it is. Ok, I'm your friend, that's enough, but die for the truth and wash your egoism and jealousy. That's the number one what I observe in a lot of people, and left out, unworthiness - it's strange, I'm sorry.

I can help pretty powerfully in the Jiva Vidya one part, I put it as a blank, you have to come out with your own understanding. You know what I'm saying? Once if you did it, you're a Purna Avatara, pretty good you did it. If you start to scary your life, start to make scared, then forever and ever the scary is in you, scary, fear, fear is in you. If you had a small doubt on any character, any person, then if you keep doubting the character on that person, you keep growing it. Where is the end for it? You know what I'm saying? Immediately wash it out. Even lot of students they do terrible mistakes. I'm keeping on forgiving and ok, punching it, again taking the next step, "Do it, do it, do it, do, do it." So, don't misunderstand, the coming days I'll be a little tough, I have to be, the time came. And if you can't stand for my toughness, I'm happy, you can go back to your countries, take care of your family, take care of your business. And if you

really want to see the end of the spirituality, what is this? I'm here. You know what I'm saying? Hello?

Students: Yes.

**Swami:** Any questions Ramakrishna?

Ramakrishna: No Swami.

**Swami:** No? Can I ask one question to you?

Ramakrishna: Yes Swami.

**Swami:** What is your main problem in your life?

Ramakrishna: My relationship with Marcie.

**Swami:** Am I forced you to do that? Hello?

Ramakrishna: I don't know Swami; I don't think so.

**Swami:** You don't know or you don't think so?

Ramakrishna: I don't believe that.

**Swami:** Who gave the intelligency report when he's getting married? They told it, "Yes, he really fell in love. Yes, no problem," then... I also talked to him. I think both of guys also there isn't it?

Paul and Clint: Yes Swami.

**Swami:** At the time he fell in love. Now he's... I really care your happiness and... what can I do for you? Whatever you want. Today I really want to pull the full stop... full stop? You can use this opportunity. I don't want to see you in the pain and suffering.

Ramakrishna: I'd really like to talk to you privately.

**Swami:** Now I need to take a stick isn't it? Hello? Anyhow Christmas day, forgive you, we'll talk privately, but I need two persons witness. Is it ok?

Ramakrishna: Yes.

**Swami:** Clint and Paul, I need two persons witnesses?

Clint and Paul: Yes.

**Swami:** You Marcie?

Marcie: To be a witness?

**Swami:** No.

Marcie: I agree one hundred percent - truth is the most important Swami. And master-student relationship has to be completely clear, no doubt, strong faith, one hundred percent surrendered. It has to be for everyone.

**Swami:** Ok, it's a big testing in your life Ramakrishna, one part what I'm seeing it and one part it's a big challenge. You have any questions guys? Philip... next you, I like the way of your smiling.

Philip: Well then, just keep saying things to keep me smiling.

**Swami:** You're ready to win certain things but certain energy is really bothering you. I can't help it. Openly I'm telling. I told you certain things and it's happening in a different way. You need to be in clarity. I don't think Ramakrishna has the clarity. I don't think so you have that clarity. You have pretty good clarity but you need to come out what you want - anything. What is your problem? Hello? I think I'm speaking English. You understand English?

Philip: My problem is I haven't fully implemented the choice you made for me, you didn't make for me, it was given to me.

**Swami:** I didn't hear you. Clint, are you hearing anything?

Clint: No.

**Swami:** So speak loudly. You want a speaker?

Philip: No, I can speak loudly. I think everyone knows that.

**Swami:** Go ahead... no, no, no. I need to fix some people's lives here, tuning it, done.

Philip: I need to concentrate on Shirdi and you and the process, as opposed to, you know... there's a heartbreak for certain things that have happened and I can't allow that to continue, the heartbreak. I have to cut and be totally committed to doing the process. I know where the process is going and that requires a total open heart for that and that requires the heart not going in different directions and bouncing against closed doors.

**Swami:** Are you hearing anything?

Student: No.

**Swami:** Thomas, are you hearing it?

Thomas: I heard about heartbreak.

**Swami:** You heard anything Monika L.?

Monika L.: Yes, I did Swami.

**Swami:** So what you want to do, tell me in one straight line.

Philip: Right now I just want to concentrate on winning this process. But, you know, I think Monika and I need more clarity that she has her way, and I have my way, and they're not really the same way. And it has nothing to do with she'll win or I'll win but they interfere with each other sometime, and that's not good and it shouldn't continue.

**Swami:** So what do you want to take the decision? Since how long you've been through this? How long is going like this?

Philip: Oh, six years.

**Swami:** How long you want to continue like this?

Philip: Oh, about one second. Time's up!

**Swami:** You want to just cut off, separate?

Philip: Well, we are separate.

**Swami:** I know, but in the hearts no more anything? That's the issue.

Philip: I don't know how to do that, but if it can clean...

**Swami:** It will be???

Philip: It's an American expression meaning it would introduce clarity. Look it's... I'm having more success right now, more peaceful right now. I think she's more peaceful right now and without peace what do you have? Nothing.

**Swami:** Um-hum, so?

Philip: So you know we should be friends and do our processes, but we're not together.

**Swami:** Still bond is there isn't it?

Philip: Well, you're the one who says, and I'm not saying this to argue with you, but I don't understand so I'm really asking a question Swami.

**Swami:** Yes.

Philip: Well, you say that when you marry someone the connection is there no matter what.

**Swami:** That's true.

Philip: And so I'm trying to understand that statement in relationship to my situation.

**Swami:** Connecting means not body to body. I put it in the Divine Mystery Fort as a soul parents, not like a parents - soul parents. It means to giving that how much I really love them. Does it make sense? And I don't want to both of guys to living in the hell. I'm sorry Monika L. I had a conversation

with Philip and it's better to step out, or clearly step out if you want to make a bond.

Philip: A bond to who, to you, to Baba, or what?

**Swami:** Thanks... with Monika L. So if you say hope, ok, then you can cut off from all angles.

Philip: What do you mean by that?

**Swami:** Not even in thoughts, not having feelings, feeling heartbroken, get out everything in papers – free birds, that's my suggestion. Does it make sense guys?

Students: Yes.

Philip: Well, we can't do the papers here in this country.

**Swami:** Of course, whenever you have the time you need to make a strong desire in your hearts. You know what I'm saying? I'm sure the same feeling Ramakrishna has that too? Is it true Ramakrishna?

Ramakrishna: One part yes.

**Swami:** One part he wants to marry legally in India. You want to get Indian passport?

Ramakrishna: Do I want an Indian passport? Sure, yes.

**Swami:** So you should marry an Indian woman. She'll teach you Telugu. No idea, the Indian woman are the best cooks in the world – all angles. Believe me, I'm telling you with my practical experience. Is it true Philip?

Philip: Yes.

**Swami:** You've seen at the Sioux Falls.

Philip: That was a kind of cooking that involved a little burning of the meat.

**Swami:** So if you want to be just peaceful, happy, just only Baba and me, process, success, whole your working, this and that. Just simply I want to take a break between you guys. Two years back, "Yes, I married." I don't want separate to anybody - it's against my will. If it's going super crazy, just cut it, that part, make it remaining thing at least it's fresh. Five, six years back I tried to them, this is... I knew it's not going to happening. When we're talking in one ashram, a mango fell down from the mango tree. Do you remember?

Philip: Um-Hum.

**Swami:** Do you remember Monika?

Monika L.: Yes, I do Swami.

**Swami:** Near Tirupati in Malallaswami Ashram I'm sitting on the platform under the mango tree. It's a big mango fell down. You know I love the green mango but that's a clear omen, symptoms. The point here, whatever you have carrying the personal problems... why I'm mentioning this point, taking the two, three characters... the personal problems, if you implement in your sadhana, I'm sorry, your lives are chappati. You're better to go your countries to lead your life very happy. Your personal problems you never, ever implement in the process - that's super, extremely notoriously dangerous, there's no cure for that. Try, try, try and if it doesn't work, step back, turn, divert whole your mind to the process and practice and sadhana. That's it.

And I will explain... it's not that much late time... today's on the Christmas day talk, now on the Jesus, his behaviors and habits and hobbies...in the Bhairavi Yoga's and Jesus Channels of course I'm going to talk on that. Certain saints what their behaviors and why they did it, you know what I'm saying? Why they did, what is the inner mechanism in it? You understand what I'm saying? I have to explain it. Inner happiness is the most important, most important, for example I started to worrying about whenever I'm outside, a lot of thinking on peoples, ok this and that. Once if I enter in my bedroom, done, close. I think on few peoples, can go in a kind of different trance. I'm in my process. Still I'm a student too, I'm a student. Still Baba he's meditating in Gurusthan, still he's also a student. So, to being with a woman, getting happiness is good, wonderful, but to

being with master and sucking that nectar and sadhana - that's the bliss. I hope Diana enjoyed that few days back?

Diana F.: I did.

**Swami:** You keep continuing that or you want to drop that?

Diana F.: Please continue.

**Swami:** The greatest gift is your husband and he needs to give the moral support to you. If he starts to show jealous on you, you're done.

Diana F.: He's supporting.

**Swami:** Of course, any questions? Terry?

Terry: No questions.

**Swami:** RK? Doug?

Doug: I always have a lot of questions but I can't think of one right now.

**Swami:** Why not?

Doug: I don't know, sometime they just don't come up.

**Swami:** Your voice or the questions?

Doug: Both.

**Swami:** But one day the world little time will think we're a little crazy. You know what I'm saying? I'm telling little astrology too. We're a little crazy but again they'll start to want to know a little information what is this. You know what I'm saying? But two things you need to do it. One to protect your Swami and two protect yourself. Yourself means, what you're talking, very carefully, that's super important. Then, success is there, it is there. Ganesh any questions?

Ganesh: If you allow, I had a very big experience a few years ago and I would like to know what happened with me? Is it allowed to talk about experiences to you?

**Swami:** No.

Ganesh: Ok.

**Swami:** By Shiva Ratri is a big day and these coming three, four days is also big days, the energy. By grace of Almighty we'll win it. Around Shiva Ratri time, pretty big step then Guru Purnima done pretty good. So keep your inspiration up and whoever they already communicated with certain Almighty channels, try to suck the Jesus channels. These three days is super easy. Whatever I gave the formulas, it's easy, you can communicate with his energy super clarity. I'm serious. You have some amazing power objects in your hands, just to sit and chant whatever I gave the formula, then you can see it, you'll witness it. I'm not joking.

I'm really thinking by tomorrow night, within three, four days, five days, I really want to close the Jesus temple and certain things is started to flow there. Not allowed to go there anybody only except Friday, Full Moon and New Moon and very auspicious days.

Lothar: We have the seva of cleaning up there. This also finished?

**Swami:** Complete finish. We're making to closing the door. That open area, putting the strong, very thick, super thick, thick, thick, curtains and with kind of iron screw. Even pouring rain, whatever happens, nothing... even to me it's not that easy to go anytime whenever I want to. If I want to go upstairs I have to take shower and go out. But one part I lose my kind of freedom. But for certain while until everybody got success, then I have to keep that, hold that energy there very sensitively and delicately. You know what I'm saying? So only Baba Temple and Dwarkamai veranda, that's it. Any questions?

Christine Selb: Swami are you going to talk about the answers to the questions, to make them link?

**Swami:** The seminars are coming. On the 27<sup>th</sup> I'm suppose to talk isn't it, Anya? On the day we'll give it. Nancy got very good marks, top one.

Zahira: Swami, why Baba came to Penukonda?

**Swami:** Why you came here? Why you came here?

Zahira: Either you pulled me or Baba pulled me here.

**Swami:** Maybe somebody pulled him to here too.

Zahira: Was he doing some processes here? Why did he come?

**Swami:** What? Can you speak slowly if you don't mind?

Zahira: I'm interested if he's doing some processes here in Penukonda?

**Swami:** Yea, what is your question?

Zahira: What processes, Baba, was he doing here in Penukonda?

**Swami:** I'm going to teach the Eighteen Channels.

Zahira: He was doing the Eighteen Channels?

**Swami:** Of course, any master in the planet, if he's a master, he has to do that Eighteen Channels - that's called Sapta Rishi Channels, but I'm giving new name to that: Jesus Christ Channels. As a Vedic tradition it's a Sapta Rishi channels, but I'm giving the credit to Jesus. Of course he wonned top process, super success on it. Done? I'll send you to your parties are whatever it is you want to enjoy it today. Paul, are you happy in your life?

Paul: Very happy Swami.

**Swami:** Monika L.?

Monika L.: Very happy.

**Swami:** Doug wants to create a kind of center in his place, Colorado. It's a big snow place I've heard it.

Doug: In the winter.

**Swami:** Thanks.

Doug: It's only a few months in the U.S. Most people are use to snow.

**Swami:** Ok, can you fulfill one of my desire?

Doug: What is that?

**Swami:** Why are you asking that painfully?

Doug: I'm not, I'm curious.

**Swami:** I'm not telling to get married to somebody else. Finally I'm not witnessing anybody's marriages. Even the Raymond getting married, I'm inside my office and watching my movie songs. Just I blessed them, "Ok wonderful." Just... I really respect in the western relationships, but I don't have that great faith, sorry. Put the strong statement, I don't, and even the 500 marriages I have to announce very shortly to organize on the big land, and what you're helping on your mother's name, the arrange marriages are super successful in India.

The big Jesus Christ statue, you have to put whatever I give the design in your center, and Baba statue, and big Shiva lingam, do you understand? Top Baba, next Jesus Christ, next Shiva lingam in one row, all the way southwest like fifty-five feet coming down. I designed the vastu. So, I want to say goodnight to everybody. One more time, Merry Christmas, enjoy your life and be confident on your process. Your Swami's here until you got your success. I'm not giving up to any person, whatever you do any mistakes, I'm there, I'm here, I'm with you until you reach your destiny. That's my word. God Bless!

End of Talk
