Shiva Ratri Program 2004

How to Win the Illusions

Atma Lingam Process

Teaching at the Ashram

February 15, 2004

Swami: Today I want to give the general, simple concept how to win the illusions. If I gave this, if anybody misunderstood the illusions part, you'll really be in the illusion forever in the spirituality. If you really understood, you'll be complete whole your spiritual practice very, very soon. I know it's a little hard to catch that, but it's the time to me to tell. Before I start on the illusions, I want to talk with the Maha Maya and Jagan Maya and Moksha Maya, the categories: sattva, tamo, rajas.

The Moksha Maya is always divine, giving moksha. After all you been through, through, through, for example, Annamaya, he's a very happy bachelor sitting in the mountains and writing about Lord Venkateshvara poems and sankirtanas – all his poetry. Then Lord Venkateshvara, personally he came and he made to force his parents to find out where he is and they caught where he was and he had to get married. Not one, two women at a time. He changed, kind of Moksha Maya to him, to do that, just in a fraction of seconds he changed his mind to do that. And Annamaya simply accepted and he got married and he wrote unbelievable depth nectar of Venkateshvara's energy, he wrote it.

In this Kali Yuga, the woman's energy is one part unbelievable powerful and it's necessary and the woman no need to the male energy to receive and reach that achievement. That's a tGaneshy point here in this Yuga. Sometimes there's a chance, if the woman started to aching for the male energy, if she didn't receive it, she's stuck there, she'll get failure in spirituality. If she lets it go - open heart, fine. If the male, if they're really stuck for any previous girlfriend, any ex-girlfriend, anything logging and heartbroken, keep thinking and thinking, thinking on it, then it's pretty good danger to getting stuck. That is Maha Maya. The Maha Maya is around you to making you worrying on it. Whatever you suck the cosmic energy in your soul, automatically it's evaporating like you're putting a spirit, you know spirit, liquid in the empty bowl. You're thinking it will be there, it won't. The cosmic energy always evaporates – always evaporates. Even if you spent like nine years all my talks, after next month, if you left from me, you can't really remember what I said. What you really received it, you can't able to recognize it including Vishvamitra Maharshi, he's one of my best friend.

To wash your part of the blocks and to win the illusions, tonight or tomorrow sometime, I really want to show two Atma Lingams what JC produced in India. I know you won't believe it, but I'll make it prove it. And one thing what made me upset, I told it in the last talk, who already received something from the Mother Divine, no matter how I'm busy, how I'm little sick, try to hang around me and catch me and I will give some connection to produce Atma Lingam - it's too late. I told it to her and again Mother Divine Temple, "Break the coconut, it's done." I waited, forty-eight hours I waited. Is anybody coming up, any messages, anything coming up? Nobody didn't show up! I'm not blaming, it's ok. Once if I show the JC Atma Lingam, I'll explain how to use that then it helps the illusion.

The illusion key point, one part your personal mantra and of course your Swami will do, make you to soul transfer without your notice. Whenever your soul is getting transferred from your body, getting out, when you're going in the deep trance, pull your Brahma Consciousness, make your Brahma Consciousness strong, make the sankalpam – it's very key point, make the sankalpam. You know you're going to deep trance, you're going to take a sleep. Before you're going to sleep, the JC Atma Lingam I made it to wash it. When you

drink it, when you're going really deep, deep sleep, pull the Brahma Consciousness, "To be stronger than the illusion." You are in the illusion, but become the stronger than the illusion. You know what I'm saying? The thought is necessary. JC, one part, he did his good job, but he doesn't have the strong ability students who can protect him on the spot. If on the spot whenever he's going that horrible situation, the students easily could help him. On the moment they completely forgot. Like Karna on the battlefield, he knows lot of amazing things. A kind of curse from lot of different angles what he received. The curse he received is also kind or pretty painful. The last minute he's in helpless mood. He's only in the part of a-dharma. A-dharma means he's staying in the unfair side and he's doing the battle. He's an extraordinary powerful guy. One Karna is enough to kill whole Pandavas, I'm serious. He's a peanut, but he's an amazing strong guy. Even he can make the Krishna to make sweaty. Krishna is also peanut in front him.

Where he really got punched, not smart enough and learned certain things very sneaky way. He's doing massage to one master, that master only has to teach certain type of souls, like a *rajaniti*. Some techniques of the formulas he's teaching. The master's super trance and he keeps teaching and teaching and he went in the sleep. One amazing bug, insect, he's biting Karna. The blood is bleeding from Karna, it's like pouring the blood from his thigh and it touched to the guru, like super wet, to the guru. Then he woke up, "Who are you? What are you doing?" "I'm giving massage." "You're learning all formulas but you're suppose not to be here." "But I love you master, I have to be here, I learned something." Master said, "Ok good, you learned but it won't be useful whenever the right time comes. Why he said that, "Whenever something is bothering you, you have to make me wake up and without my permission you're touching me and giving me massage. It made me also one part happy and you received the formulas illegally." You know what I'm saying?

The same karma the Eckalavya he faced it. Even our Sadguru, he did amazing austerities and he buried his austerities power in his gurusthan in Shirdi. Today we can't believe it, but to the surface level it's a kind of big illusion, "How come he buried the lights of the fire in the underground? There's no way." But it's absolutely true.

The point here, this Shiva Ratri time, if you make the Brahma Consciousness very strong, whenever you're going to take sleep, either in your room or here, "You want to become more than the illusion." You know what I'm saying? Whenever you're going to take a sleep... and I'm pulling few people to sleep near Baba and in the Jesus Temple, kind of to doing, one soul going to another person's soul and that soul going to another person. Let them talk to each others. I need to - it's the time to do. And this Shiva Ratri, around the time from today onwards, any day, any minute, any time, your Swami can produce two mercury lingams. One is Nancy and one is Lora who will own those mercury lingams. And three, we'll watch out who will receive that.

So it's a simple technique to win the illusions. You have to surrender to the Mother Divine nature. Her nature is, if you keep crying she makes you too much crying. If you starting to laughing, she'll make you laugh too much, simple, if you ignore her, she'll ignore you. If you're too much worrying about A-Z, she really makes you worry about A-Z and she will show you in the huge lens. As a guru, that's only I can say it. Then later on, the master has to answer here and there to help you. But pretty good your soul hurted and damaged...life is short, you have to make it strong and sweet.

On the surface, Maha Maya, if you started to thinking it's completely nonsense, if you really entered to the Moksha Maya, then everything is there, everything is clear, crystal clear. We have to drop the body that's for sure, we have to one day, we have to drop. Once if you decided that, "I'm going to drop any day, anytime, any minute... it's already written, already decided one part..." if you're clear on that, then pull the Brahma Consciousness, it's only the right character, the Brahma, to change little bit to make you strongly to handle the Mother Divine. Whenever the Mother Divine is in front of you, there's a chance for a few people. I have no idea how you're going to handle her. You have the chance, very, very little time in this period of time to win her, to make it strong the Brahma Consciousness and the Shiva is happy to help you to become strong.

In the planet everybody suffered illusions except Shiva. That's his greatness. Shiva got suffered little bit, not horribly. You know what I'm saying? The Shineshvara came in front of Shiva, "My dear Shiva I'm coming to you for awhile. If you really have the dareness, protect

yourself. No way you can touch me." Then Shiva ran and he hid in the big tree hole and Shiva's meditating there. Of course he's always sthita pregnatatha, vairagya stage – he don't care. After awhile, again he came out and he went to Shineshvara, "Hey, you said you're going to come and catch me. You didn't catch me. You have no idea where I am." He smiled, "I attacked on you, that's why you went into the tree, the hole, and you hid there. That's me. You left your graveyard, your beautiful spot and you entered and you stayed there. "Ah-hun." It means the Shineshvara is super strong. What we perform in the fire ceremonies, Navagrahas, the Shineshvara is Saturn. He's the strongest guy. Only Ayappa, Dattatreya, Lord Ganesh, Narasimha – these characters only can kick him out, not reach any of his devotees close. Narasimha he's a kind of... and Hanuman too... once if they gave the blessing - done, you take care. They're with you.

They're the form with the human, with the animal nature. Narasimha is with an animal face, he don't care. He's a little interesting character in the nature, you know what I'm saying? Seeming kind of little weird structure. Even the Hanuman, he's a weird structure, unbelievable. So the Shenishvara cannot reach to them, no chance. Even Ganeshvara, he's the strongest character, it won't reach. Shineshvara means, it's a part of the illusion. Let put that way, clearly part of surface illusion. He's the person who's torturing the whole globe, the planet. Certain pujas, certain performances whatever we did it, it makes little calmer. And what the most important thing is, JC what he produced, two Shineshvara Atma Lingams. That makes you help to surrendering to him. Let's see what will happen. You know what I'm saying? If you make the friendship to your enemy, if he feels he's enemy, he can't harm you. You know he's a robber, if you gave the keys to your house in charging him, "Hey protect so and so things here and here," he has to protect until you come back. You know what I'm saying? Does it make sense? Absolutely. To me it makes sense.

Anything just I gave to Anya and Cindy, "This things is here, take care of it." They can't do anything sneaky. They have to protect it, simply giving them in their hands. Does it make sense Cindy? I'm joking. One time I seriously caught them. I went to Cindy's room, what is now upstairs my office. Anya is almost 2 ½ lakhs she's almost hiding in her saris. I'm serious. Just I'm pretending, I'm looking all in Cindy's room. I smelled it, "Ok, something's going on." Immediately I turned

to Anya's room and just she's grabbing the money and she's putting it, hiding it, "It's a secret fund of ashram." Course they have good intention to protect Swami whenever it's necessary to take care of it. When I asked, "Hey, you have any hiding money?" They said, "No!" But anyhow I came here to checking. They said, "Oh you're most welcome, come in." Ah-hun, I can see in their eyes how much truth is there. So, the illusion is always with you anytime like a big cobra at your back. You never know when it will bite. But you don't need to worry, even if it bite it, there's a remedy for it.

Sometime tonight or tomorrow, any time if I gave a call, please give attention. Even if you're little sleeping, have little patience and come over. Is it ok with you guys? And meditate today onwards... drop all mantras include whatever anybody doing any processes, just do:

Nama Shivaya
 Om Nakaraya Nama Shivaya,
 Om Makaraya Nama Shivaya,
 Om Shikaraya Nama Shivaya,
 Om Vakaraya Nama Shivaya,
 Om Yakaraya Nama Shivaya,
 Om Nama Shivaya
 raksha, raksha raksha.

NA MA SHI VA YA plus karaya. Got it? It means you're really digging the five elements very strongly in this. So very careful, don't talk too much. Maybe you thought it you came here, he's going to teach, he's going to teach new formulas, this and that. Of course, whatever the performance, the pujas is running here, amazing purification is running. You know what I'm saying? So let it run.

And Guru Purnima, I'm dropping my body for two days, has to, near Baba's feet, and coming back. And they're hitting the Dwarkamai... the Dwarkamai will be remodeled, the walls and all the stuff. Of course I'm not changing any your power spots. If any new students want to put any new power spot, you can dig it in Dwarkmai any place, even the first room, second room, except pure southwest. Can break it, go for two and a half feet and bury your power spot. If you want the Shiva clay, just use that fire ash and any dirt in our ashram, mix it and bury it. And Ramakrishna and Myuri will explain the links to Guru

Parampara and burying your soul power spot, linking you wherever you are in the globe, protection circles to keep come and to take care it. I saw practically one miracle in my health what Baba made it. Certain things I had to offer my blood and flesh, of course I have to tell openly. Is it ok Clint?

Clint: Yes, Guruji.

Swami: He pulled out lot of my blood, and he went all of the tests and he got A-Z tests, everything normal. I have the diabetes, "Ok, my God, what is this hell? I have to give lot of my flesh. If I have the diabetes, what I should do? It's a big punch. Here is my end. I have to really lift lot of my students. They're really last stage." Then on that night, one Bhaskar Reddy's wife, "No, we have to go, let us go check!" And I checked into the Manipal Hospital A-Z, fasting blood, normal blood. When I'm in the normal blood, after the diet it came back normal. I really begged Baba, "Hey, just give me little time then you can give diabetic back to me if you want it, but this is not the fair." Early morning they made me wake up, super trance and that's kind of hell. Of course that's aghora place, whole hospital, vibrations are so intense. But I feel sorry for the Clint and he's in one room, I'm in another room. The nurses came like a devils, "Ok, we have to take the blood." I have no veins, then she's digging and digging, digging and digging. "Oh Jesus, go ahead." They drew the blood, they tested it, it came normal and I tested in the glucometer, it came normal. I don't know if I have to be upset on the Clint, upset on the Baba why he made me to shock.

Another interesting thing, there's a Doctor Religion (Sp?), tough lady. She put me terrible tests and the catscan, oh gosh, I have to drink like uranium water, like a one and a half litre, like drink, drink, drink... They put me in the machine to go. In the machine they have to find a way to pour it in the veins. They can't find the vein. Clint, just he's standing near me and he's watching helpless mood. Just he's smiling, "Ok, I'm sorry." Then one lady came, very strong, she's the devil. She beat my hand, almost like a kung-fu fighter beating, beating, beating... Then small vein came up then she pushed it. It worked – auh! Then, all reports came, "Ok, it's normal." Ok, I don't want to see Religion again, forget about it. I'm happy to do Khandana Yoga to take off very slowly. It's not fair. It means the illusions, not only on you guys, even

whatever I'm implementing, very strongly on me, sometimes it hits and it tortures.

So this is the Shiva Ratri time to receive lot of protection circles. This is the most... if you miss this time, I simply say, "Sorry." And if you really want to make any power spot, today is the best day to make any power spot. Who already had one, that's done. Who is new, wants to make it, go ahead in Dwarkamai, some peoples knows where it is exactly. Some peoples don't disturb that. The remaining places, go and make it very gently. Is anybody interested in making the power spot? There's a lot of theory for it, so let the Ramakrishna and Myuri explain about that, any questions?

Will: You mentioned about heartbreak...

Swami: It will wash out after you drank the JC Atma Lingam's water.. And once if you drink that water, using the thought, "You want to come beyond the illusion," then it's done - smoothly land. This is only time I'm giving the chance, again you won't get this opportunity. Whenever I show up and doing abhishek to doing that...anytime whenever I wake up, "Ok, come guys." Has to come. Eat well, strongly sleep as much whenever you have the time. Little bit chant that Nama Shivaya mantra, take a sleep and within two years some specific group I told them to learn Telugu, if they really didn't able to learn Telugu, I'm sorry. They're really in the trouble. Today I'm telling, within two years by next Shiva Ratri, next Shiva Ratri, if they can't read the Telugu, forget it. Some ancient information they'll really miss it. In six, seven years pretty good I learned English. English to me on the days it's a hell, I have no idea. Some people, even for example, Leslie's parents they came. Maybe thirty percent I understood their conversation. It's like very new modern English what he's talking, like a fish talking. Just watching with his lips, his mouth's lips, "Ok, maybe their saying this, ok good." Their talking this side, I'm answering this side and I'm all the time asking, "Leslie, can you repeat it?" Sometimes I'm having hard time with who is saying certain interesting words, vocabulary. So Telugu, you have to promise me today you'll learn it or not. Hello? Clint?

Clint: Yes.

Swami: Ramakrishna?

Ramakrishna: Yes.

Swami: (*Asks a question in Telugu to Ramakrishna*) When are you going to learn? That's the meaning. Good. Any questions?

Imke: Will you tell how you got that?

Swami: No comment. Don't put me in the trouble. It's in the Palm Leaf books and we got certain exactly clearly.

Christina St.: What is difference between Mother's illusions, Shiva's illusions, and Vishnu's illusions?

Swami: Once if Shiva's with you, Mother Divine cannot touch you. The Shiva's another form of the Shineshvara. He's indirectly showing another form. Like Lakshmi, Asta Lakshmi, eight forms of Lakshmi, Shineshvara another form of the Shiva, he's a person, a kind of brother. So win the Shiva's energy. That's why Baba, his lifestyle very simple as a pure avadhut. For example, today you have the beautiful good clothes and very glamorous and having wealthy then the surface world will want to attack on you, isn't it, and to grab the things. Just he's having his akshepatrala, that's his bowl. That's purely kapala, a skull. To our eyes it's a begging bowl, that's a begging bowl, but it's really purely kapala, kapala dhara, and whenever he wants he can get from that whatever he wants it.

To using the skull, that begging bowl, there's inner reason to winning the Brahma Consciousness, is not that easy. You can win A-Z but winning the Brahma Consciousness... you can't see anywhere the Brahma Temples, generally. You can't see that easily. Brahma is a part of very tough character and that's why Shiva and Vishnu they convinced the Brahma, they pulled him as a Dattatreya, letting him to be also there, just keeping quiet and sit. Purely winning the Brahma knowledge is an ocean, just it's an ocean, like a thousand of Palm Leaf books it's a knowledge. One lifetime, one person is not able to reach and to even understand that knowledge, different amazing techniques. All the techniques goes to one huge tree, you know what I'm saying, different roots. But what I'm teaching, even lot of roots is dead, one

root can still make it alive that tree. To your soul for many, many lifetimes, whatever you received, the cosmic energy, it has to hold in you to receive that stage to be able to understand the Shiva energy plus be able to produce the Shiva energy and the different forms whatever you like it. But one more chance is coming so try to use it proper way. That's why I made everybody to wash Baba, our Guru Parampara, and the fire pujas running. We'll see.

Imke: You mentioned the Mokshamaya.

Swami: Wait, wait, whenever the process is coming to you guys, I'll tell individually you are in this stage, you are in this stage. Do you have any questions Ramakrishna? Yes Tim?

Doug: You said I should tell my Brahma Consciousness to be stronger than the illusion. How do we identify what our Brahma Consciousness is?

Swami: That's a good question. Before you're going to take a nap, a sleep, meditation... you can feel it, you're really going out, you're going out. At the time, pull the thought... the thought is the Brahma Consciousness, you know what I'm saying, the thought, "Ok, whatever the illusions are around my soul, in my soul, I want to be beyond that, the illusions, be strong." The thought is important then go out. Then it's easy to the Guru Parampara and to the master to help you to make it strong. Amazing austerities guys, they failed with illusions, they failure but this we have very super short-cut way to win it. And whenever the Mother Divine approach you, I really want to see your clarity not to be stuck in the illusions in this period of time. Whatever you focus on it, stay on it. You understand Ganesh? You understand?

Ganesh: Yes.

Swami: That's all I need it. Whenever She approaches, whatever you decide in your mind you're going to do that, do it. Do it. Simply accept it, surrender it, win it. If you little got on the moment confused, stuck and little dummy, it's over. I don't want to tell one person's name, he approached the Mother Divine, he carried the knife in his pocket. I'll tell after Shiva Ratri who is that, and he wants to do Khandana Yoga on the spot. He cutted, not to me, to himself, clear,

this is not the way to do it. What is the use of it? Use certain things to you to get benefit for the world, to get benefit, you know what I'm saying? So you need to be super clarity on it.

Even whenever Swami's with you, with the Baba, just some process is running. Whatever Baba is giving, Atma Lingams, whatever he's giving darshan, whatever from his feet he's bleeding anything, at the moment be clarity - don't be in the illusion, still wake up. Ok, whenever your Brahma Consciousness you order on your soul and early morning hours, or late early morning, or morning hours, you'll feel very clarity, "I want this." If anything comes, "Yes, I want to do this." Very fresh mind, fresh heart, fresh soul feelings, "Yes, I want to do this way to help the world, to help myself, to heal myself, to take care A-Z pretty good. I want to do this way." Once if you came that idea, thought, done - seal it. Then implement it exactly whenever the right time comes. You understand? That's the most important time.

Pretty good I worked with Doug. His soul is pretty big, almost clear. Then I have to see in these next couple months how he's really going to reach. He's a tough soul compared with everybody here. A part of tough character - he makes me confused. I spent very little, short time, when I'm walking, just he makes the kind of bluzzy. It took to me years to him to fix it, making just simply, "Listen what I say and do it. No more discussion, no more arguments. Do it, receive it, go, get out." Whenever you do it, whenever you're receiving it, at the time that's your time. Understand Skye? That time is your time. Use it, whatever you want it then you really can help the globe. Ok? Then everybody's hungry.

Students: Thank you Swami.

Swami: No problem, have a wonderful day - good luck!

End of Talk
