## Shiva Ratri Night 2004

Swami Does a Process: A Student is Bitten by a Cobra  
Swami's Teaching in the Baba Temple  
February 18, 2004

*(After Evening Arathi)*

**Swami:** Talk to the Chitti where is the cobra and bring it? Happy Shiva Ratri Day guys! We're totally in the middle of the Shiva Ratri energy. Middle? What we call that, "center" the vibrations. Does anybody have any messages of the Shiva Ratri? Monika L.?

Monika L.: Message for Shiva Ratri?

**Swami:** To me, what is your message to me this Shiva Ratri? The cobra is ready... Monika, ok, what is your message?

Monika L.: Well my message is, I'd like to wash every block, every last corner of it, whatever it is, never to come up again.

**Swami:** What? I'm sorry, too noisy... just want to make sure.

Monika L.: I'd like to wash every last block, every corner of darkness that's in my soul.

**Swami:** What is your message to me? You're completely giving confusing. It means I have to wash? It means I thought you're saying I have to wash all the blocks.

Monika L.: I'm telling, I'm feeling that message to you.

**Swami:** What is your message to me? I did my messages last night before, before, pretty good I did it. If you really understood and digested that, it's enough. What is your message to me? You're pretty

good hard worker, I appreciate that. So I want to take from you this Shiva Ratri - what is your message?

Monika L.: Meaning, exactly what meaning?

**Swami:** Anything... maybe I should change my behavior, I should maintain my time promptness or I should not torture anymore the students. What is my block you're seeing in me, and how I should... something, whatever you felt, now be honest otherwise you'll go to hell. Talk from your heart, truth. I'm happy to accept, to receive.

Monika L.: I can't say...

**Swami:** Can't say means there's something there - go ahead, tell what it is. We're all equal aren't we? Hello? We're a family. I should know what is wrong in me.

Monika L.: Doesn't mean it doesn't feel like torture but... nothing is wrong in you. It's the other end. It's the receiving end.

**Swami:** So what is your message?

Monika L.: I think you should be exactly as you are.

**Swami:** What I am? Explain.

Monika L.: Well, even your torture is a huge blessing.

**Swami:** Give me an example how I torture you.

Monika L.: Should I bring my list? It's not really true that you torture, it's only that... if there's nothing there inside of you then there wouldn't be anything - there wouldn't be anything. But you're the big mirror reflecting the things in myself, so I'm always very grateful. But sometimes when you look in the mirror for the first time, it's a little scary.

**Swami:** Um-hum. So?

Monika L.: I don't want you to change. I'm very grateful for you.

**Swami:** Whatever I am like this?

Monika L.: I'm very grateful the way you are?

**Swami:** So I keep continue like this? You won't blame again in the future?

**Swami asking Clint:** Can you tell her what I just said?

Clint: So you're very happy that he's this way, and you won't blame him in the future for being the way he is?

Monika L.: Yes.

**Swami:** You promise?

Monika L.: Yes.

**Swami:** So ok, you mention good compliment, I appreciate that. What is your message to everybody?

Monika L.: To everybody? That we're living in a very divine place and I'm joking about Swami torturing because I think every person here has felt the pain in that kind of washing in their heart. And usually we want to blame the master because he seems the most responsible person there, but in fact it's our own purification and it's really a great gift. It's the biggest boon that we can get to wash ourselves and get that purity in our souls.

**Swami:** Um-hum...

Monika L.: So I'd say that to take advantage of this time - it will never come again whether it's happy or sad.

**Swami:** Is "advantage" a good word or using in a proper way? Is a good way? Good. How many Shiva Ratri's you spent here?

Monika L.: Six, this is my seventh.

**Swami:** Philip?

Philip: Seven.

**Swami:** Seven years like that - gone. To the fresh new students, they really have that type of patience and surrenderity and dedication? You should take the example of a few senior students, how they really been through in their lives. I agree it's not easy to be with Swami, at the same time it's very easy to - majority I'm very flexible. If anything, you're driving yourself crazy or you're driving me crazy then I'll really show how to drive the crazy way without your notice. Then you're somewhere really bumpy to make again come down. Everybody's equal to me. Maybe you think you feel left out, "Maybe Swami's not looking at me. Maybe I'm not eligible to certain things. Maybe I won't receive anything." It doesn't matter you know what I'm saying? Who's working, the security guys, they can get enlightenment any minute if I really want it. You know what I'm saying? How much you really dedicated your life is important, but to simply giving is not fair. Let you do hard work then give it, that is the fair. Understand?

So, I'm on that process. Whatever I told, the Brahma Consciousness clarity, make tomorrow, somebody tomorrow to review the chapter what I talked. Keep grinding that. And I really want to test today what I gave the mercury lingams. We got the cobra. If anybody's expert on the snakes try to see how poison is hidden in the mouth. One special person, he knows how to handle the cobra's neck and mouth then we can see if anybody really have the guts. To be honest, it's complete illusion - maybe you can survive, maybe you can take off. If anybody has the guts, you can come voluntarily with Nancy or Lora, whatever they have the mercury lingams. I hope they'll take care it. Make the cobra bite or make the cobra's mouth squeeze on any part. I recommend to Clint Thompson to prepare anti-venoms and the mercury lingams are ready. But I'm not going to... I don't have any right to heal any person... you know what I'm saying? We'll see how it really goes. So Tobias?

Tobias: Yes, Swamiji?

**Swami:** Are you happy?

Tobias: To do the process?

**Swami:** Yea.

Tobias: Yes.

**Swami:** Are you happy to meditate in Dwarkamai with small mickey mouses?

Tobias: Yes Swami.

**Swami:** You sure? By the way, did everybody sign liability letters? Gary? Everybody wake up.

Gary: Yes, everybody signed the liability.

**Swami:** That makes me relief. So who wants to do it?

Students: (Many hands raised)

**Swami:** Elizabeth E. you stand up and choose one person. Many people they have no guts. Good. Doug you don't have any guts? You're the second person I'm picking up here.

Elizabeth E.: Johanna.

**Swami:** Next.

Elizabeth E.: Roman.

**Swami:** You huh? Done. What about you Doug? What is the fear? That you're going to die?

Doug: It doesn't sound pleasant. I guess I'm not seeing the point.

**Swami:** You're the person asking enlightenment to me hum? I should give enlightenment the most powerful thing in the planet? And you made your apartment like a super luxury but you want enlightenment?

Doug: I think Krishnadeva Raya had a nice apartment. He was doing ok.

**Swami:** Who says he was doing ok?

Doug: He had lot of spiritual experiences, I don't know about enlightenment. I don't think they're mutually exclusive. You have a nice apartment.

**Swami:** I? Is it true guys?

Students: No.

**Swami:** You know my furniture how old it is? My furniture and where I use to sleep near fire-pit, all the time getting smoke hitting, hitting, hitting. I don't have a bathtub. You know what, check any of my apartment where I stay. I'm not luxury person.

Doug: That only costs a hundred dollars. It's not a big deal. In the U.S. everyone has a bathtub.

**Swami:** No, once if started to getting addicting, laying down in hot water... it's ok, I'm happy for you. He's a witness, the big judge giving the enlightenment, the Brahma consciousness – Guru Bramha. I'm simply I'm doing my job. At least try to come to Guru Purnima when I drop my body and I'm doing soul travelling. Who really touched my body, pretty good you reached the Brahma Consciousness and almost many lifetimes' austerities power you'll receive like that! At least then later you'll get recognized you want to do that. How many people can come to Guru Purnima? Be honest.

Student: What if you just don't know?

**Swami:** If you're really confident, you can say, "Yes, I'm coming." If you don't know, just you can say yes, then I can pull it. Good. How many people can be awake tonight until sunrise, not getting sleepy? At least take a sleep in his (Baba) presence. Early morning 2:30-3 a.m. we're putting the milk to the Baba. Whenever they're putting the milk and water, he has to come and sit, no matter what wherever he is such a busy, he has to come and sit. So, once if you touch the water, if it

goes to him, done. By 1:30 you can come back, then after little while abhishek started, then go and take a sleep. The Shiva Ratri means whole the night the intense of the Shiva vibration. Your Swami will also be awake.

In Sri Sailam and lot of... Badrinath, Kederanath, Rishikesh... Today is the most opening day to all the saints, ghoras and aghoras, to implementing their channels whatever they can, to win the Shiva's energy. You know what I'm saying? So try to use that. So, I'm giving like one and a half hour break time. By 12:15 a.m. everybody come back here.

**Swami talking to Roman about the cobra:** Let's see how big it is - watch.

Lothar: There are two mercury lingams; can two people be bitten?

**Swami:** Wait – no hurry.

**Swami talking to Roman again about the cobra:** Careful! The elephant die from a cobra bite?

Clint: Yes, if the cobra can get through the skin it can kill an elephant, yea, one cobra.

*(One of Swami's staff brought the cobra out from the bag, holding it on the back of its head with the mouth open. He touched it to Baba's padukas then he put it back in the bag.)*

**Swami:** It's ferocious he's saying. I think one time I put like that in a bag, the cobra in one corner, it went almost all... where was that? JC temple, and one time under the steps I put it and it went all the way down the steps. So you have one and a half hour break, by 12:10 come back maximum.

*Later after the break Swami did the process on Roman. The cobra bit him in the Dwarkamai. Then Swami had him brought in front of Baba with Nancy and Lora to do the healing. Nancy is putting the mercury lingam on his bite - Roman is sitting up.*

**Swami:** His heart is starting bumpy. It's painful Roman?

Roman: No, not at all.

**Swami:** Remove the cloth Clint.

*(Clint removed the cloth from Roman's hand where he got bit by cobra.)*

**Swami:** Strong body. Where is Doug? He didn't show up huh? It's pretty good ferocious snake. Take the lingams off. Is it bleeding?

Roman: Yes little.

**Swami:** Fang marks are there?

Roman: Yes.

**Swami:** Squeeze it Lora. Make the camphor and make little bit heat it to the fang marks. Done. We'll see - you're under observation for ten to fifteen minutes, have a seat. Put the lights on. It's pretty good bled. You use to work in the military?

Roman: No, my body was too big.

**Swami:** Good personality.

**Swami to Nancy and Lora:** Go and touch Baba's feet with the lingams. Need to do tomorrow again, three more people here in everybody's presence. Still the cobra is there. Need to make it a shot on videotape, get it done but it is very angry (snake).

Roman: Do you think little poison came? You saw the poison came?

**Swami:** You'll see tomorrow.

Roman: I'm not feeling anything. It's like normal - no hurt, no pain.

**Swami:** You prepared everything - you were mentally prepared. If all of the sudden got hitted, that's a big... sixty percent people die only

from shock. Before the cobra hits, in the history of the cobra bites, once bitten they get the shock. The shock makes them...

Roman: Makes the body double.

**Swami:** They chose the toe, but I keep saying, "In the toe is a big nerve (vein), it hits it." Even I came little late, they didn't immediately come on you to start. They're sitting like a dolls, that's not... jump and do your duty! Some snake's poison for thirty minutes won't feel anything, thirty, thirty-two minutes, that two minutes is enough to hitting it. You watch. Want to get back all the poison in you?

Roman: We shouldn't.

**Swami:** The blood is coming out?

Roman: Stopped.

**Swami:** You'll be fine. Go and sit.

**Swami to Roman's wife:** Don't worry your husband is fine.

**Swami:** She's kind of intense. I like your dareness, but who I really worked with, Doug, I helped him lot angles. I did many fire ceremonies to him, spent hundreds of hours for him – senior-most student just way back.

**Swami to Nancy and Lora:** Go and wash those lingams in the fresh water. We'll see tomorrow again three more people. Until to the edge going then medium, then beginning... Tobias? I can't help it, you're always coming in my thoughts.

**Swami to Lora and Nancy:** Then quickly wash it. Poison can always handle the poison, but you should always know how to handle the mechanism. Here you go, Doug just you show up now? Are you ready Doug today?

Doug: For what?

**Swami:** For anything.

Doug: I'm not sure.

**Swami to Roman:** Hello, both of guys making me scary.

Roman: I'm ok. I'll tell you when I'm not ok. I'll say hello.

**Swami:** When I started the spirituality, you know the Hari, who was working here before? His mother in the hut, it was pretty good raining outside...

**Swami to Roman:** You should go for a little walk. Take him in the nature. He's strong body; he's a Bhima. A few characters like that the master can really do certain things can make it done.

**Swami:** The Hari's mother... I think I told the story. Everybody's sleeping. Pretty big cobra... in the middle of the night everybody's sleeping, it came. She's in the middle, sleeping, got bitten. She woke up shouting. They killed the snake. I'm in the room in the village town. They brought her there in the rain. At the time, in the village, there's no doctor. There's only one doctor comes from morning until afternoon then he goes back again to Ananthapur, Hindupur. No doctor stays in the town.

I'm sitting on my tiger skin meditating very beautifully - totally super trance. They're banging on the door, "Swami, Swami!" And Hari, he did the seva to me six, seven years. She's almost like collapsed. Her whole body turned the blackish. I really want to show it if it's possible tomorrow, who really has the guts, who can go little while leave it the body - what the changes will come.

She turned pretty good blackish and vomiting. She can't breathe in or breathe out - the air stopped. The juice is coming out like vomiting. There's almost no chance, like two percent, three percent chance to save her then the same, what they have the type of things, first one step, bring her up, again next step, next step... Took to me one and a half hours but two people died in my hands - can't help it. I'm not able to help them. They brought them and last nick of moment they're gone. It's so sad, but never knows... With the poisons, never knows. Certain body and blood system - depends on the person's character

how fastly he can suck it. The homeopathic doctor he's thinking, "What medicine I can use it?" Any medicine, Ganesh, for it?

Ganesh: Yes.

**Swami:** Immediately it can cure it?

Ganesh: I know it only with European snakes for sure. I can't guarantee it works with cobra. I don't know because there's no experience in Europe with cobra.

**Swami:** But to the poison snakes it works?

Ganesh: Yes it does. For the vipers for example, in the Alps there are poison vipers – it works.

**Swami:** Like a rattle snake?

Ganesh: Yes, like that.

Ramakrishna: You have that same kind of snake here in India – head like a triangle.

**Swami:** Yea, yea – I studied zoology. How much time it takes it?

Ganesh: It's not much time. It works pretty fast, maybe one to five minutes. It depends on how long ago it happened. You have to give it quickly of course. If you give it immediately it might take one to five minutes. It also depends on the system of the person what you just said.

**Swami:** That's good. I want to see tomorrow.

Ganesh: Only for people with guts because I cannot promise it will work for cobras because I have no experience.

**Swami:** Why not? Everybody's showing to him. You have to research pretty depth.

Ganesh: I will try. I will check it, actually the remedy might be mecurious. The homeopathic remedy might be mercury. That's also a homeopathic remedy. I will also try to find some hints, some information in the literature.

**Swami:** There's a lot of knowledges in the globe. In the fish you'll see kind of tube once they cut that. Like in a big fish it's very bitter. You know what I'm saying? (The gall bladder) If you swallow that it's almost like you drank a bottle of Johnny Walker, it gives that kick. That one, where any bite comes, any scorpion, any snakes, exact taking the spot, putting the drop keep punching it with needle. It'll be fine. If it's a scorpion, little bit cut it there, the white flower from Ganesh tree, put the milk, rub it and make it burn with match or with cloth – make it really burn there. Within four, five minutes it'll be fine but anti-venoms, it makes the legs bruising. There's not one hundred percent guarantee.

Clint: No, there's no good medicine for cobra bites. Thousands of people die every year in India from cobra bites, even with anti-venom.

**Swami:** Every week two people die in this district. They try homeopathic experts, Ayurvedic they tried. Ferocious. To a big elephant, thirty minutes is enough.

**Swami talking about Roman:** One person can watch him. He's little stubborn character. Just make sure how he's really doing. Just watch how he's walking.

**Swami talking to Nancy and Lora:** Go near fire pit and chant same mantra.

**Swami:** The government and all the people doing the Ayurvedic medicine, asking from me to giving advice. If I gave any advice, then if anybody died they'll attack to the ashram. You know what I'm saying? They'll attack to the ashram, "You said - we did it. It didn't help. We're suppose to go to the doctor to see him and we failed." So I said, "No comment. It depends on the karma." Simply I said it. So we'll see tomorrow two to three people more. No matter what, Doug wants to escape it, absolutely no chance, absolutely no chance to Doug to escape. You're a bachelor isn't it? Even if you take off nobody

will worry. Of course lot of friends think about you, "Poor Doug," and they'll take all your furniture.

Bramha (Scott): Can I stay in his room?

**Swami:** You? Sure, anybody can enjoy it. You should really get bitten tomorrow Doug? You'll get ready for tomorrow?

Doug: Ready for what?

**Swami:** Coconut... with the cobra play.

Doug: I don't think I'm ready for that.

**Swami:** What's your big fear? What's your fear? Can you stand up? Anyhow today's Shiva Ratri, we have to wake up.

Doug: I think everybody thinks the cobra is something to fear.

**Swami:** I'm sorry, I disagree that. Is it true guys?

Students: No.

**Swami:** See.

Doug: I don't think that's smart not to fear the cobra.

**Swami:** What is your mission in the globe, by the way? Hello?

Doug: I'm not understanding your question. Are you asking what my mission is in the world, what I would like to do in the world?

**Swami:** Yea.

Doug: I would like to do spiritual work and help people.

**Swami:** Ah-huh...

Doug: Giving healings.

**Swami:** Giving healings – ah-huh... that's so sweet. Next? Healer has to be, first huge confident. Who got bitten here, he was confident. Nancy and Lora not confident - see their faces? They're not confident. Should be really, if you really thought, "Ok, I'm going to take care of this guy," that's pretty good you can suck the cosmic energy, you can help lifting it. Once if anybody comes in front of you, "I can't help it." Once if you thought in your heart, even if you have the channelings, but only thirty, forty percent can help there or fifty percent.

**Swami:** Can you check Ramakrishna to Roman? Just keep them to walk presently. He's also big talker.

**Swami:** The big problem, they won't do what I say it. They'll do what they like it. So the confidence is very important. If you really want to help the world, your mission is to give the healings, the real healings, yes, you have to go the most powerful terrific and strong point to until to the gentle. How come you can experience the Khandana Yoga and certain different yogas? Now you understand, guys? Who's in Doug's group? Who are they can you stand up? Now it make sense why it's little up and down. Hello Brett?

Brett: What did you say Swami?

**Swami:** Thanks.

Jonathan: Yea, it makes sense. You don't have the complete confidence, complete faith then you can't do it properly, you can't do what you're instructing us to do. We know the instructions, but if we don't have the confidence, it doesn't happen.

**Swami:** Confidence needs to be almost eighty to eighty-five percent, like a scale every person, "Ok, we're ready to go ahead for anything!" That gives the master also pretty good inspiration. When I come to the room, "Hello guys," if you said, "Ok, maybe we want to do or maybe... no, no, no," like that feelings, it gives... I'm not blaming... Each person has different, but you should really make each others the counseling. You understand Diana F.? Are you giving counseling to the Skye?

Diana F.: Yes.

**Swami:** You should really make each others counseling and make it strong. I told to Eric many times... he's also big, sometimes in the Maha Maya, pretty good going different diversions. Can't help it, hey man where are you? I have a bunch of letters. One day I will show, "This is why you got this much delay because of this." I'm not blaming... once if we're on the duty, completely duty, then do whatever you like it later. So tomorrow you need to make it, get each others' counseling then I will choose your group, no matter what, we'll see in the Dwarkamai or here.

I really got inspired with the Coconut Group. They're like a Mickey Mouses - really strong. They really can fight with the elephant you know what I'm saying? They're tiny, but they're working whole night in front of the fire, juggling with the fire coals, making the coconut ash. Pretty good I'm impressed. Two guys, two souls who I deported them, I asked one thing and they answered another thing. It's not... it's pretty good danger in their group. That Coconut Group, I'm really very confident pretty soon they'll... comparison with a lot of groups, I'm not exaggerating it, but I saw their hard work. So your inspiration is one of biggest capital to me... what do we call it? Strength. Certain things I am able to make you to do it then you'll get strong confidence on yourself. You know what I'm saying? If you didn't get inspiration, I can't make you confident. Once the inspiration, after you done it, you'll get confident again you'll go for second thing then you'll keep going. Who got in the lottery for connecting Mother Divine?

Clint: For the men - Gary. For the women - Khirsten.

**Swami:** Gary and Khirsten can you stand up if you're here? Ok, Gary you're my brain soup, my soup. You connected Mother Divine isn't it?

Gary: Yes Swami.

**Swami:** But again you missed the channel - is it true?

Gary: Yes.

**Swami to Khirsten:** You, anytime you're getting any visions of her and...

Khirsten: I'm getting visions, but I don't know exactly, if it's her.

**Swami:** Relax. Um-hum. What do you want from me guys, only just Her subject Gary?

Gary: I want the end of fear. I want no more fear Swami, and I want to help the Guru Parampara to be able to help others.

**Swami:** No, only with Mother. What is that? What do you want to do? Her energy is in you. What type of thing you want to make it to come out of Her energy, to make it prove it? You know what I'm saying? It's already there... it's already in you.

**Swami to Khirsten:** It's already in you too, but what you made mistake, again to coming back and connecting it. You know what I'm saying? "To see you again." You missed that word. Is it true?

Khirsten: Yes, it's true Swami.

**Swami:** It's the top point what you have to mention it. I keep telling it. Anyhow it's pretty long time and you wait, whatever it is, the energy is there. The seed is there. So what type of thing you want to do with Her? Which siddhi you want to implement it? There is only... it takes minimum three days, maximum eleven days. You'll do it.

Khirsten: I would like...

**Swami:** Think - then tell me, there's a big hurriness with you. Gary?

Gary: Swami, I want what you want from me. I think that is ...

**Swami:** The ball is in your court. Is it true Clint?

Clint: Yes.

**Swami:** Khirsten?

Khirsten: I want to create like the Mother can create? I want to go out in the world and open people's heart with love and work with their souls and heal their souls and I also want to get special...

**Swami:** Ask one. What?

Khirsten: You mean what I asked Her already or is that something new?

**Swami:** New.

Khirsten: I would like to wash the negative karmas. That's the Vibhutti Yoga.

**Swami:** Um-hum. You want that huh?

Khirsten: Yes.

**Swami:** Ok. You Gary?

Gary: I want Atma Sandhana Yoga.

**Swami:** What does that mean?

Gary: My understanding what it means to me, to be able to know the divine, to be one with the divine, with the Guru Parampara, to bring that, to have the energy, to bring that in the world.

**Swami:** Can I make a joke? You're going in the beautiful fruit's forest. Each tree has the gigantic beautiful tasty fruits, but only you're taking the dead leaves what fell down. You can take the fruits and eat it, but both guys taking the leaves and eating the dead leaves - you're not understanding the clarity here. Ok, I'm happy, no problem. Anytime in your life is it possible you can forget me?

Gary: Never.

**Swami:** Is it possible for me to forget you?

Gary: No Swami.

**Swami:** So what's the deal here? Guru Parampara is all the time remembering each others isn't it?

Gary: Yes.

**Swami:** What do you need more that?

Khirsten: May I sit down Swami please?

**Swami:** Please. Why? You ok?

Khirsten: Yes.

**Swami:** Nervous huh?

Khirsten: I'm vibrating totally.

**Swami:** Sorry, my words is like that, huh?

Khirsten: I'm ok.

**Swami:** It's ok, still time is there. Terry, get a coca cola to her. Sorry Clint. Gary?

Gary: Are you saying I'm not taking like depth and big enough what's possible?

**Swami:** Of course, you came in the lottery man. Choose.

Gary: Please help me then because I know what's in my heart. I said heartfully part of what's in my heart the first time. It's still there. I'm asking your help if I'm not thinking deep enough.

**Swami:** I don't want to touch anything, the illusion, absolutely not. Think, think, sit and think three minutes.

Gary: Ok, thank you.

**Swami:** Anybody have a specific questions, Tatyana? I gave the new name to her – Dadi. You know what is the meaning of Dadi? Find out. You have any questions?

Tatyana: Yea, actually I do. Of those yogas, the eighteen, what is the difference between the JC Channels and the yogas? Is it the same?

**Swami:** Yea, almost all.

Tatyana: And how is that connected to the Eleven Divine Arrows? You said there are eleven strokes - we can ask nine times for a boon.

**Swami:** In one yoga in the JC Channel it'll cover all eleven strokes. You can hit the tenth strokes, the eleventh one pretty difficult. I think I told that. Just recently, couple years back I completed that. But what I have to win, one more channeling. In Bhairavi Yogas, Bhairavi, it means with the woman's energy, very intense kind of aghora, against my will but pretty good I completed lot of angles, but I will also complete that too, very soon. Then it's done! Understand? Yes, your question to answer, it's almost equal.

**Swami to Ramakrishna:** Is Roman ok? Hello?

Ramakrishna: Yes. He's a little drowsy.

**Swami:** Watch out, we'll see. Let me know.

Tatyana: I have another question. I know you did a lot of processes with us so you gave us already a lot of blessings. How do we know what channels you already gave us, what I've already received even though you haven't switched it on? And how can I know what is left to ask for from the Mother?

**Swami:** Huh! She's AK-47! Say that again the question.

Tatyana: I know you did a lot of processes with us so you gave us already a lot of blessings. How do we know what channels you already gave us, what I've already received even though you haven't switched it on? And how can I know what is left to ask for from the Mother?

**Swami:** You can ask whatever you want it.

Tatyana: Yea, but I don't want to ask something which is already there in me.

**Swami:** That's fine, it makes more stronger.

Tatyana: And how can I figure out, how can I recognize what I'm already carrying within me?

**Swami:** If you're carrying, you'll know it, so why you'll ask again to Mother? If you're carrying something, you won't ask for that. If you're not carrying, then you're in the confused then you ask something nonsense. Asking the question to being in the clarity to taking the good advantage whenever the right time comes, that's important. Pretty good it's there; it's done. I'll give an example. Don't take negative way.

Tanali Ramakrishna, he's teaching the Krishnadeva Raya all the techniques. He brought it to this lake where we have... if we little bit walk to there, there's a Hanuman, small temple there. From here to the southeast, and east-south he went. There is a big rock in the literature. Still we can see it. What Krishnadeva Raya and Tanali Ramakrishna they did, both sculptured it. Still we can see that even now. It's there, big rock almost nine feet. Tanali Ramakrishna, whole night he explained and he pretty good got tired, "My dear divine king, anytime She'll show up. Be smart and clarity. I did my job then it's up to you." She came, she appeared. Guess what he asked? He's a king - guess what he asked? Yes Ramakrishna?

Ramakrishna: I guess it had something to do with kama?

**Swami:** Thanks. It shows your character. I'm asking his character.

Clint: Something about power and control, kingdom, and wealth... something that a king values.

**Swami:** Anybody can use your psychic power and tell? Cyndria?

Cyndria: I was thinking he asked for jewels?

**Swami:** Jewelry? He's a man of jewelry.

Marcie: Did he ask for what his master just gave him? Did he ask for knowledge? Did he ask to have the knowledge?

**Swami:** He asked where is Jesus Christ's samadhi. Why that smartness came – Tanali Ramakrishna is always sneaky, tricky, smart, super intelligent. He knows how to play with Mother. That type of qualities he threw in the king. You know what I'm saying? He threw in the king, he punched it, it's there in the literature where he got enlightenment and he found the Jesus Christ Samadhi. Nobody can say, "No it's wrong." They wrote it Yesu. They didn't say Jesus, they say Yesu, it means him. The temple is not today who built it. On the days it's clearly there in the literature. We have that Palm Leaf book to making the link. See, he doesn't care about anything from her, just his curiosity, "Where is Jesus Christ Samadhi? And again he connected different channeling to the JC, then he got what he wanted certain angles.

After all he discovered, "These are all nonsense," then he created a beautiful golden temple. He put all his jewelry, gold, everything and he built Lord Venkateshvara, "Please protect who comes inside of your temple no more any illusions, just bless them." Then he went to Chandragiri and he built another fort. I think I brought few people there. How many people saw it? So, it's same like Gagan Mahal but pretty good vastu. It's not like this big fort, but it's a fort. You can see pretty good the gigantic rocks and same like a Gagan Mahal he built in Tirmula the Lord Venkateshvara Temple. Then his desire, he wants to be close of his Samadhi, then get dead, can die. So in history, no body has any idea where his samadhi is. One day very soon it pops out and it will create little controversy. "What's Swami's comments?" Course different government authentic people will show up, "Hey, what are you talking Swami?" Then of course they'll recognize it.

There is something special, the Muslims they're worshipping some samadhis? You've seen that? There's a different interesting samadhis. I don't want to make a comment. The Baba Frakkudin, I think a few people saw his Samadhi and if you see the backside, the Himurasu, the Krishnadeva Raya's first most personal secretary, his samadhi is there. Many people's samadhi is here, but nobody is making any identification to make it.

**Swami To Ramakrishna:** How's Roman doing?

Ramakrishna: Looks like he's walking little better.

Jonathan: Did Krishnadeva Raya already have Jesus as his master when he asked Mother for that?

**Swami:** Many lifetimes back he was a good friend of his.

Jonathan: So that's what he thought in that moment, he asked about him?

**Swami:** Yes. Khirsten?

Khirsten: I'm much better.

**Swami:** I know. What's your wish, same thing?

Khirsten: My wish is the same thing, but I also would just love to be a soul expert to work with the souls like you. I wish to experience to go in Samadhi, to know how to soul travel and to help people there with their soul.

**Swami:** It's a long list. Give me a short cut. You want to become the soul specialization to take caring of the souls, that's the point?

Khirsten: Yes.

**Swami:** You Gary?

Gary: Swami, I want to know what's already in me.

**Swami:** Her blessing, Her energy is already in you. Which angle you want to use it, prove it, or whatever your profession, specialization?

Gary: I know heartfully all I want to do is open hearts, lift the souls and wash the karmas - take care.

**Swami:** So you also want to be soul specialization?

Gary: Yes Swami.

**Swami:** Ok. Try to be little pretty good bug on me these three to nine days ok, both of guys.

Jonathan: Swami, if we've already had a darshan with the Mother, if She granted certain boons, if after that we haven't started to have visions of Her, does that mean we didn't get those channels?

**Swami:** You got it, but you don't know how to continue that. They'll help it. They're starting to making the two candles lifting it, then they'll start to share to everybody making again little (??) Once if she gave Her word, it's done. Even in last second there's no guarantee She'll turn it. You know what I'm saying? That's kind of illusion you'll go the wrong direction or you'll lose it. You made it there. It's kind of big illusion, "Ok, you made it, then you lost it."

Read any *Puranas*, any history, any saint's life, it's the same. Finally again they got it. I don't want to be in this new generations, to using that authentic perfect knowledge in a going a proper way, even it's going to delay – hit it in the right spot.

The Baba Frakkudin he came from Mecca. He traveled all the... and the Baghdad pretty good and he came to Penukonda. On the days there's a lot of powerful austerities' people. He and his little bit students follow him. They're super hungry. One bit bullock (male cow) he's sleeping. On the day it's Ramadan (Muslim celebration day) and they're super hungry and he's teaching a kind of, "All religions is one." On the days, Hinduism is super powerful, nobody is feeding them. His students asked the master, "We're super hungry, what should we do?" He told, "You see the bullock, just kill it, cook it and eat it." They killed it and they ate that and they threw all the bones in one side. All the Penukonda village attacked on Baba Frakkudin, "How dare you are to killing the bullock." The cow, the bullock, is very holy to Hindu tradition. You know what I'm saying? It's very holy. It's like the symbol for the Shiva, symbol for the Mother... they worships it. He said, "We didn't kill your bullock." The villagers are ferocious. They're almost attacking on him for killing it. Then he called to wake up the bullock. All the bones they gathered and he told the students to

throw the dust on the bones. They threw all the sand dust to make it like packed. The dust turned, used the earth element to make again the bullock to come back. He said, "Take the bullock - get out."

And he really wants to come inside of the fort to make it established his samadhi. In this fort area Parashakti is super powerful. One part he really wants to get control of it, but not able to. They put lot of testings – cannot able to. This fort to normal eyes, "Ok, it's a big fort." But all angles the powerful energy and Parashakti travel... but it's pretty good in our control. At the time, Frakkudin mentions, "Another more person, different guy is coming and he's going to stay and he will take in charge of it." And Virabrahmhendra, when he's travelling... any powerful souls, any powerful siddhas they don't have, it won't have that much guts to enter into the fort. Any black magician people, dark energy, once if they enter it they lose it on the spot. You know what I'm saying? You're seeing it, once if you're entering in here the Parashakti is taking the triangle and hitting the tiger. You've seen that symbol?

So, it's very interesting place in the globe, Penukonda, for to get the enlightenment in a fast way and super powerful way - this is the spot. There's many spots can get easily too but this one - top one. I'm not exaggerating it. One day the world will recognize it how it's super strong in the globe, this fort. The Krishnadeva Raya, he used to go from his palace to the Shiva temple in the underground. The Shiva temple is the huge like a Hampi temple. Like when everybody's singing just this evening, just I took the car and went to that temple. That Shiva lingam is one of most powerful power object. Just touching it and came out. Has to today. If I'm here in the town I have to visit. Again there's a next Rama temple... link both, Rama and Shiva temple. It's gigantic temples. It's bigger than the Tirupati temple. How many have seen inside the temple? Ramakrishna you've seen inside the Rama and Shiva temples?

Ramakrishna: Yes.

**Swami:** Why can't we make the video shots to show everybody about Penukonda little bit? You know what I'm saying? It's good to you to have some idea. You can convince the Nagareddy and just two or three people can go to the mountain just making some shots. Take some

security and go make some shots. On the top of the hill there's a Narasimha temple, very big temple, like same in Tirmula Tirupati. On the days... it means we can see since thousands of years it's only their main aim and profession and their digging for only the ancient knowledges and formulas on how to handle the Almighty and the cosmic laws. It's only their duty. Even no matter how powerful they're kings, then later on... it's a big bad karma the Muslims came to the ruling. They destroyed and they gave to the Britishers. Those guys they have no idea. They took lot of wealth but the Indians they kept lot of information secretly. So that is protecting it. Like couple of hundred year's back, India is pretty wealthy country, again it will become pretty good wealthy. Do you have any doubt? It will become! Any questions?

**Alx:** I'm curious, how many samadhis in this area are Jivan Samadhis?

**Swami:** Jivan Samadhis, a few – no comment.

**Clint:** My question is related to what you were talking yesterday about the nature and the Mother and illusions. Brahma Consciousness being a way that... we need Brahma Consciousness to be stronger than illusions, to pass through illusions, to go beyond illusion. So the question is in the nature, the Mother is there and also the Father is there and Vishnu is there and the Master is there. All of those are different kind of illusions. How do we discriminate or how do we handle illusions?

**Swami:** If I started talking that subject, almost everybody is sleepy, they'll get super confused. By morning they'll pack all their luggage, they'll hire the buses... I'll talk again whenever everybody's super fresh and in a good mood. It's a big controversy, super controversy talk to recognizing the Brahma Consciousness, I can explain, but pretty good I explained, but we'll go more depth.

**Swami to Ramakrishna:** Is Roman ok?

**Ramakrishna:** Seems good, but getting pretty tired walking.

**Swami:** Let them sit there in the nature, relax. Yes, Will?

Will: Swami, what was Krishnadeva Raya's genius in asking for the location of Jesus' samadhi?

**Swami:** Genius? Genius means smartness?

Will: Yes.

**Swami:** He heard about it and he felt it. Then he read in the information then he hit it.

Will: Did the knowledge of that samadhi help him in his spiritual path to connect to Jesus?

**Swami:** Totally turned. Finally everything he gave up and just he created the Lord Venkateshwara Temple, otherwise he's a big Romantic character like a Doug.

Clint: You said that Jesus created or brought two Shineshvara atma lingams. What is the relationship between Jesus and Shineshvara?

**Swami:** Jesus is the... his energy simply he can cut off. He's a kind of another Ganesh, another Hanuman, another Narasimha, he won't let it to reach any negative energy to come close to him - that's his greatness. You know what I'm saying? No chance. Even it comes it's very temporary it has to run out. That's Jesus greatness. That's why in the planet top number one leading soul is the Jesus in that aspect.

Clint: You said that Jesus' students failed by forgetting what they had been taught at the right time?

**Swami:** But when he's in his physical form... I'm sorry I can't make blaming, keep blame, but his students' egoism. If any master starts to spend too much time they'll get super lazy. If parents started loving the kids too much - forget it, the children go crazy. It's the same thing. Whenever it's loving... again, whenever it's the study hours, taking the stick. One part I have to really say, special thanks to my father. He was super tough on me. In examinations I'm showing to who was in front of me, some special clues helping. My father is a supervisor for many colleges. He came in the jeep. He stopped outside of the compound - very sneaky with all the guys, and he looked in the

window where I'm helping a guy. That's my biggest block 'helping nature'. Then, just he came straightly, he made me to stand up, he took the papers and he looked in front of the guy the same answers he has, then he checks, 'Number one question 'A'; number two question 'B' – it is there exactly same. I'm not taking anything from that student just I'm helping him. Then my father put like straightly crossed across my paper, "You're suspended – default. Again apply for next time the examination." Again he gave a slap to me in front of everybody. I got super mad, "What I did mistake?" I start arguing it. Just he grabbed the papers, got super angry, "No way, you should not! You did the crime!" "Ok, if I did the crime you did for it. Why are you slapping me? You have no right." He said, "Your parents are not perfect, that's why I'm angry."

It meant, ok I didn't want to argue too much. Then I went in the shop. His bicycle is there. I took the blade, I purchased the blade, I made all the tires slashed. Then I went to the house, I'm super upset. I'm screaming on my mother, "How horrible your husband is, forget about it!" And I'm not eating the food. I have to prepare again the next examination. That examination failure, physics. He's tough guy. Then he came, I'm in the upstairs then he's talking to my mother, "How is your son?" My mother started fighting and arguing. He's that. So I learned lot of things from him, the discipline and after pretty good long-term his discipline became super serious on me.

The professors use to complain, "Your son never comes to the college properly, all the time absent." I took the carrier different box with me, I sit under the tree and meditate. I sat in the last desk, all the way last, and no idea what he's telling - forget it. Just putting in the books the Palm Leaf books and reading it and making the notes what it's saying. So the professors also gave little hard time in beginning days and my father, ok, big fighting started. Then he threw the books and of course me out from the house, "Get out! Once if you start to feel hungry, again you'll come back discipline." I said, "Thank you, you did good job to me, such a free bird I am." Then I started to find a room and struggling.

So childhood days is pretty tough with the friends and the professors. Even to my barber who comes here, I have to wait to have my hair cut. If I went by 9:30, 10 a.m., my appointment is 4:30, 5 p.m. He said, "Ok,

wait thirty more minutes." Then who comes and pays more money to him... only I paid like one, two rupees bargaining him, "Ok, I have no more money, I can pay only this much." Then later on he understood. Whenever I went he took me immediately.

Even going to the mess, the hotel, still that lady is there - such a great lady. She's an Annupurneshvari. She has the two sons, they're really horrible characters. Like every two months I use to pay the bill very little bit, thirty percent, twenty percent. Where they wash in the hotel, I have to go to the back door where the food is cooking. I have to go there to eat. She says, "Eat, eat fast, again they're coming. Eat, jump out." Then she took care awhile then later on when I started to giving the healing in the village one guy from Hyderabad he gave 25,000 rupees as a gift, "Take care." He really saved my life! Then I went to the hotel, I paid like six months advance, "Take care of it." Then paying my house rent, room rent. The new owner, whenever he's inside, I have to sneak to go up the steps and close the door. Then he comes and knocks, "When are you going to pay?" He knows about my father, I'm professor's son. He has the respect. He has the fighting and arguing, "Ok, when are you going to pay?" To him I paid him too, and purchased some clothes, ok, again that guy he offered the motorbike what I have, the first motorbike. Then step-by-step the Big Boss showing the... then on the motorbike sharing the five people, six people going to the college. Everybody's getting, "Five months back he was little different. Now he's... what is this?"

Then my botany professor he has the huge problem with his daughter - the relationship. He was the guy all the time giving headaches to me. He makes me to stand up on the desk. Everybody started looking at me very funny. Whole his talk I have to stand up on the desk. He never let me to sit. I never drew the diagrams. Completely ignored his chapter. One day he's super angry on me. He gave the punishment, whenever I come to that class I have to stand up on the desk. It's a standard law. Then he started to research on me, "What he really does?" He researched on my friends. They told, "Oh he helped so and so today, this and that." Then he called me, "Hey can you help? Something I have the problem." I told him, "I know you have the problem with your daughter." Then he said, "Please come to my house." "I'll think on it."

I'm very tough character. He made me to stand many times. I told him, "You come to my room then I'll talk." He came. Then I respected him, then I discussed with him and then I did something to his daughter, some counseling, giving some healing. Finally they were super impressed. He's a Muslim guy. Name is Mohammed Khan. Then later on, he's super... whenever he comes in the classroom, first he says, "Good morning Kaleshwara." I'm in the first row. I never drew diagrams. He used to at night-times draw my diagrams, then he has to sign it. I'm serious. Then all my friends started to come to my room beating me, "What you did it? Tell the truth." "No." He understood. I told him, "I don't want any degree. You can keep my degree with you. I need the degree with Baba, not from this college or this education."

He said, "But if you're smart then you can pretty good, it can helps to you pretty good." Then he made me to study pretty good depth on the botany and zoology and chemistry. He made me get inspired, "Go ahead read it." Then many times he sent the carrier with lunch and dinner and protected me in the village to take care. Sometimes with the influence of the friends I missed his class and went to the movie. Then he sees I'm not in class and he got the information I went to the movie. Then he comes in the movie theater and comes and sits to the side of me. I'm not seeing him just I'm looking at the movie, then all of the sudden he's there. Then he says, "Can I start the lesson here or are you coming to the class?" I said, "Ok, let's go." He's like pretty good bug to me. Then finally completed my degree. But one year I wasted, I was absent - lot of devotees inviting me to Hyderabad and lot of different far away places - ignoring the examinations. Finally I made it. Any questions?

Imke: You were talking about dead leaves and fruits before. Can you give me example for a fruit in that fruit sky that's in connection with Khirsten and Gary?

**Swami:** No, they're already done, it's over.

Lothar: I'd like to ask you two questions if I may?

**Swami:** One, go ahead.

Lothar: If I have to choose between two, I'll ask one. With your permission can you talk about the significance of the cross process? Because, what I know, there's two in Penukonda.

**Swami:** Wait, wait little time. I didn't forget.

Franz: What is more dangerous for students? Is it the illusions or the attachments? I think it's attachments, isn't it?

**Swami:** Do you have any secret girlfriend?

Franz: No.

**Swami:** What you have attachments? Wife is not attachment.

Franz: It is attachment.

**Swami:** No, it's not. Kid is not attachment. If they're really giving hard time, it might create headaches. If they're really supportful you're a lucky guy in the process. Annamaya he's super lucky character. Even though he has the two wives, they're super supportful to him. Whatever he's doing they never say, "No, just do it." Whenever he comes back they take care of him. All the remaining times he's in his job. That's thumbs-up. Lot of people think the marriage, the wife and the kids is a big block - responsibilities. I disagree. Does it make sense? Who said no? Why?

Luzia: Didn't experiences about that.

**Swami:** If you have the right boyfriend or husband taking care in a proper way, you're lucky. If it's not, it's horrible. I told that. It's a nightmare. You need a really good partner – done. If the partner is not good, time bomb, belt bomb is... never knows when it will blast. When you're going to the house you're getting sweating, how many complaints she's going to give it? What she really drives it - that's hell. If it's not really working, I suggest to get out. Be free, be free birds, don't be in the hell. Try to work hard, get the counseling, whatever you try it. If you're different dimensions, you're north and south poles, what can you do? Even forcibly made it to get together for attraction for awhile, still you're in the track. Does it make sense Clint?

Clint: Yes, absolutely.

**Swami:** Does it make sense to you guys? Hello?

Students: Yes.

**Swami:** What I observe in the western countries – attraction – done. Simple attraction, done, it's over. Doesn't matter if he's a top businessman, computer man, whatever it is, here is the end of his life. Does it make sense Brett?

Brett: Yes Swami.

**Swami:** He wrote a few letters I have that. One time he came to me, "Oh my heart is bleeding to somebody. I can't help it, please." He's in the middle of process. He's very close to punch it. "Ok, what I should do? I should promote him or I should disappoint him? What I should I do? He asked me please help me here." I can't say his freedom, his happiness, "No you should not." I checked how much it's really love. I impressed, "Ok, go ahead." I hope it's still, that same energy is there. I hope so.

Brett: Yes, Swami it is.

**Swami:** Then it's happy. Then if it's not – hari kari.

Philip: I have a question about Shiva and the Divine Mother. In their own way they're both pretty good above the illusion. But Shiva has Beytala watching and protecting and Kala Bhairava for the Mother. What is the mechanism that's running there? You know Shiva's beyond the illusion but he has someone watching and protecting.

**Swami:** I have no idea what you're talking. I'm sure you have no idea what you're talking too. Come direct your personal point, personal life point then I can explain it.

Philip: Why is Beytala watching?

**Swami:** That's a vast knowledge it's huge... It's not necessary now. Yes, Eric?

Eric: What's the mechanism of keeping some people in relationships that are obviously a big struggle? You know what I mean? So is that...

**Swami:** I don't know what you mean. I have no idea, tell the truth stand up, talk.

Eric: Why do you keep some people in relationships when they're obviously lot of heartache, bad vibrations?

**Swami:** Me keeps?

Eric: Yea, you.

**Swami:** Gosh. Shiva Ratri's gone, so you're blaming on me. Why you entered already before that? If you entered already before that, then I make you to stay little more time.

Eric: A lot more time.

**Swami:** If you pay your bill what you ate it in my hotel, then I let you go. Do you know what I'm saying? If you didn't pay the bill... just I made you go into the kitchen to cook the food and drain the things, and clean the dishes...

Eric: So what kind of bill is that? So in this case, in the case of a relationship, what kind of a bill is that?

**Swami:** Karmic and you need to understand the depth of... once if you really understand the suffering, been got suffered and also enjoyed the suffering and also handling the suffering, that's a talent. Then whoever comes to you with a huge depression then you can handle it because already you experienced that.

Eric: I did, yes.

**Swami:** I know it, but not yet complete it I think.

Eric: Well I'm happy to pay my bill to you Swami.

**Swami:** Not to me, just... I have no any personal grudges. You're not my enemy. Of course I like to you to be happy and just same time if you're too much extension happy then he (Baba) looks at you little smile look, then it's done, you're life. Starting kind of cuttings. Not only you, to me too... to anybody. Whenever it's going super extreme happiness, hun-un watch out, get back and go gentle.

Eric: I don't see that applying to me.

**Swami:** It applies.

Eric: Well... I mean I'm happy now, that's for sure. Obviously you know that. But...

**Swami:** You gave pretty hard work to me.

Eric: I gave you hard work?

**Swami:** Yes.

Eric: I'm sure. You worked hard on me I know.

**Swami:** Not on you, different angles to not attacking, not coming on you.

Eric: You mean my?

**Swami:** Ah-hun.

Eric: So what can I do now Swami? I feel like I've done the best I can. I don't know what kind of marks you give me but...

**Swami:** No, whatever, you follow your heart, open your heart, discussion with whatever you want to, to who you want to talk and at least finally stay and make it clear.

Eric: Pretty good I've done that but...

**Swami:** But seeing a flower and, “Ok, you want like that,” that’s not a right judgment what I feel. Keep watch and understand. Without just seeing in a well or lake, you can’t see whether it’s a thorns inside or how depth it is. You’re a water man so you can’t just dive it. You know what I’m saying?

Eric: Oh I hear you, I hear you. One part this is the master’s illusion.

**Swami:** Thanks. Whatever he does blaming on the master.

Eric: No, no, I’m just trying to understand it. It’s not blaming, I need to understand the depth.

**Swami:** You need to be careful what you do - for any action the reaction is waiting for you.

Eric: Yea, I hear that.

**Swami:** So don’t give any for reactions to come back.

Eric: It’s a pretty good challenge because it’s such a long...

**Swami:** Handle it. I hope you can do it.

Eric: Thank you for your support.

**Swami:** You always have it Annamaya. Please... Yes?

Alx: What is the best way to handle heartbreaks that we have caused ourselves in other people? If I broke someone’s heart, what is the best remedy for that, for that person?

**Swami:** Go and surrender to the guy and ask for forgiveness. Make your friendship development. Even the person hated, keep try to be keep loving it. Even they’re throwing the negative energy they don’t want to see you, just keep sending your love. At some point, somewhere they have to hook you. Yes Raymond?

Raymond: Many people have said that you have said that men need the woman, but the woman doesn't need the man? So what's in the relationship for the woman?

**Swami:** What?

Raymond: What value is being in a relationship for the woman? What value does the woman get for being in a relationship?

**Swami:** Woman, majority they're always... how to say that... I already told it. If the male people did the fourteen years, the woman did fourteen months - is equal. But the woman's major block, they're easy to get jealousy more than the male. I'm sorry girls, that's what my clear report and observation. And also, once if they did, they're having jealousy whatever it is, if the right track, the mother's energy lifts them very strongly and they can pull the Shiva character energy very easy too, because of, they have the special chakra in them, the creation chakra, the womb chakra. That's super positive, top positive mark in them. Simple. You got clarified?

Raymond: Ahhh... I see great value for male to being in relationship. I see that. I'm a little confused still what's in it for the woman. She just does it out of compassion for the man?

**Swami:** Compassion to the man? What's he saying?

Clint: He's saying, why would any woman who knows the truth of your teaching want to be in a relationship with a man? They don't need a man.

**Swami:** I'm not saying they don't need at all. I'm saying in the spiritual path it's not specifically required. If they want it, they can have it, it's no problem, absolutely no problem. If they want to be happy, of course Krishna, he put one woman with five men - read *Mahabharata*. So each Yuga different laws are changing. But I'm not changing any funny interesting ways the laws. Whatever the students, they want to come up, I'm blessing it, "Go ahead." If they come up very close to me and want this, then I say, "You sure?" They say, "Yes." Then go ahead... Yes?

Mutyam: You were saying that Mother always tests and keeps testing and testing and testing. What is the key to becoming friends with Her, to making Her your best friend?

**Swami:** Wait, almost like two a.m. We have almost thirty minutes. You can go and refresh before the puja. The pujaris is coming. Make the hall a little bit clean. Pretty good we enjoyed it. And tomorrow we'll test different angles. I don't think so I can spend any time again to talking and I have to travel pretty good. In a few days later, Swami's not available in the ashram. Whoever is practicing, the groups, try to make a note go to Anya what to do. I really want to close the ashram for one month to make everybody go the touring - Hampi and Shirdi and different places. The vibrations are super intense. By sunrise it will be fine but since five, six days it's pretty intense. Anybody notice that? Super intense. So for one month you have to be, you have to adjust wherever you want to. I won't recommend to go too much to the north, just Shirdi's the borderline, that's it. Then different places I show it... just Tirupati go and stay there or Hampi peacefully going morning three, four hours or evening, three, four hours. By 27<sup>th</sup> majority people are gone?

Cyndria: By the 25<sup>th</sup>.

**Swami:** By 29<sup>th</sup> make your own plans, the border deadline. And hopefully I'll see you guys again at the Guru Purnima time. And who has the special programs, of course I'll visit them and just between middle and again I'm travelling. Ok? So get refreshment and come for abhishek to Baba – prepare some water and whatever it is. Go and take showers if possible and come back, get ready. Thank you.
