Ashram Talks With Swami
Swami Announces his Wedding Engagement
Soul Mates and Soul Objects
Evening Talk in the Baba Temple before Arati
December 1, 2004

Swami: Good evening guys. What's up? What's up? I have a few points I need to share with you guys about my life. And, the second thing, pretty good I got confused what you wrote your notes with your soul mates, certain things, your soul objects, it is pretty good confused to me. Another point, whatever you chose, your mantra, terrible mistakes. I went through a few people's (notes). It doesn't make any sense. Soul object, see the way of you choosing it, that's I really need get to make it clarify.

Soul mate somebody is choosing their cat. When they were in their twenties, it's died... in their age of twenties, in the house. Do you know what I am saying? In the age in their twenty years at the time they are really so attached to their cat, it's died their, "soul mate"? And, a few people they wrote who they got heart broken, she had a bad cancer and she died! One person and another person, like majority of people what I seen, some expired person, expired, there is no body anymore on Earth - that is a lot of confused. And few people wrote Swami is soul mate. That, I pretty good it's ok with me, but I have to know what is mean by you understood about the soul mate. Soul mate is not an ordinary word. You know what I am saying? It's not ordinary word, it's for Parampara. It is not with anymore with this life. Just if you choose it, it triggers on, keeps goes. Do you understand what I am saying? Forever and ever, that much depth nectar is in it. That soul has to be responsible to your soul, choosing long-term and you should be responsible to that soul. It is a big mutual understanding to the Guru Parampara. You understand Daiichi?

When I asked one person at my farmhouse, "Who is your soul mate guy?" Just yesterday he mentioned one lady's name. That's nice. Then again little bit I shake him. Then again he choose that person too. Again a little bit he's got confused, "Why not that too?" Before I am going to the farmhouse one person put a question mark. I seen in his eyes, I spoken to him, "Hey, why you put a question mark? I'm happy your specializations, no problem, but what is this? Why you put a question mark?" It means he don't know. He never felt this person, "Okay, now I am giving my life to this person no matter what?" Do you know what I am saying?

One part my life majorly I've given to my Mother. I have gave my word, "Do whatever you want to do. I'm happy to follow." Do you understand? She is driving me pretty good crazy since many years... years she drive, and drive and drive... Tomorrow we are going to Cuddapah for a great reason. I'll explain it. It's interesting story.

So that person who put a question mark, after I talked to him, fifteen minutes later, again he wants to talk with his wife, "Please give me ten minutes privacy," again he talked with his wife, then finally he put one interesting character name - that's not right. Once if you putting the, 'soul mate' it has to be done. The decision has to come from here (*Swami points to his heart*) with punch. Then only it is possible you can create your soul object. It is easy, it is extremely easy. Once if you got your soul object then whole system of spirituality it will start in you, the majority. Why you applied Will again?

Will: Uh, no Swami I feel good this evening.

Swami: No, why you applied? You applied, how we call that? Why you feel that?

Will: I'm sorry, I don't understand Swami.

Swami: It's ok. What is mean by soul mate, Zahira?

Zahira: Well, from what I understood what you were talking about, it is a person, the soul in which in the beginning of the creation of the soul, comes together with that soul.

Swami: Can you stand up and talk please? Can you stand up and talk?

Zahira: You said that when the soul is created, it comes and it splits into two. This is your main soul mate. And then you said that souls like Baba, like you, like Krishna they can have many soul mates because they blast and they create many soul mates. And my understanding is the bigger the soul, the more soul mates it can have.

Swami: How many people agree with that? Are you agree Monika L.?

Monika L.: That last point?

Swami: Yeah.

Monika L.: I don't think so, no.

Swami: You heard really my talk in the Hampi?

Zahira: That is what I understood from what you were talking. You said its like a naga, naga he has seven heads.

Swami: Ok, who is your soul mate?

Zahira: Who is my soul mate? I don't know. I put question mark because I don't know. I don't know who was in the beginning of creation coming together with me. I don't know that, and you said...

Swami: Okay, let me talk. Okay? I know you're a good talker. To whom you really like?

Zahira: Whom I really like? My husband.

Swami: To whom you really trust?

Zahira: I trust you.

Swami: To whom you really hate?

Zahira: Hate? There is nobody who I hate?

Swami: You have to decide.

Zahira: Decide what?

Swami: All angles, then come on one straight. Don't you think so the Baba tortured me? Don't you think so Baba protected me? Don't you think so the Baba likes me? Of course many lifetimes back I have pretty interesting soul mate, but in this lifetime I keep going it whatever it is happening. See, if you don't know that gives confuse to me. I told like this both is like very powerful.

Zahira: You said the soul mate is somebody you can't live without and I was thinking in my life, I thought of people I can't live without, then I left and I am still living. I don't know, apparently you can live without people you thought you can't live without.

Swami: I can't understand. What she is saying, can't live without?

Monika L.: She said that when you said that one of the criteria is that you can't live without that person, and she could always live, there isn't anyone she couldn't live without.

Zahira: If that is the criteria, that you can't live without the person, this person is your soul mate. Like if this person dies or separates from you, you die, this is your soul mate. I don't have a person like that.

Swami: Sit down, I'll give explanation on that. You Monika L.?

Monika L.: Who is my soul mate? You are my soul mate.

Swami: Me, how come? How come?

Monika L.: How come? I would die for you.

Swami: You sure?

Monika L.: Uh-huh, without a doubt.

Swami: Anya, where is the knife? (laughing) Just test, you know?

Monika L.: No problem.

Swami: What made you to, 'die?' What making you to, 'die?'

Monika L.: Because I totally trust you.

Swami: If I cheated you?

Monika L.: So what.

Swami: So what? You sure? If I made you, drive you completely crazy?

Monika L.: Already done, no problem. (everyone laughing)

Swami: Already done? (laughing)

Daiichi?

Daiichi: Who my soul mate is? My soul mate I wrote the Guru. Guru is my soul mate, Swami. Since many, many, many lifetimes the guru is my soul mate. In this lifetime particularly, the Guru is taking a form, the Guru came in the body Kaleshwar, so you are that, definitely one of the soul mates in this lifetime.

Swami: Look, why I introduce the two major things finally. It is getting long, long, long dragging getting confused. One part this is one of top opening door, once if you know your soul mate. Of course even if you don't know it, I know who is your soul mate. Whenever I pull you for the right time, for the right trigger, I will explain, you will experience the person, to that soul to your soul since how long you have been with that soul. Without showing that, it is meaningless. Even though whatever you chose it but I have to show you in the kind of pretty good mirror since how long your soul and that soul is

there then soul object. Some people asking it like three and a half feet, like five feet Shiva lingam. Some people like three and a half inches to five inches. Some people asked like a vessel (snaps finger twice) what is that?

Monika L.: The Holy Grail.

Swami: Holy Grail? It has to be, has to be, no matter what, with you all the time (*claps hands while talking to really emphasizes this*). You should not lose that - like the Shirdi Baba had the brick. His Master gave it, kind of his soul object and his soul brick and soul object it is pretty close. He gave a brick, "Save it!" The complete mechanism it took to him for years to completely digest that energy then pretty good he done amazing things in the globe. Of course you can choose whatever you want it, no problem. I don't want to change it, but few people asked very smart things, very interesting, very beautiful (snaps) easy, the soul mate, easy. They are very clear. Their personal mantra very clear, what they wrote the mantra is very clear.

Somebody chose very tough mantras. I don't know if they remembers it. Once if I pull it, "Tell me that mantra." If they can't its big juggling. It will be a little difficult. Who I already received, who I already called you guys to the Jesus Temple, except them, remaining people I recommend to rewrite one more letter to me. Do you understand? You write means same questions, your mantras, what your confident. Means I'm not doubting, I'm not questioning your clarity, but I don't have any right, I don't have any advice to you, you have to choose only this, choose this. If same thing on same point confident, write it. You understand? If anything little bit change I'm giving one more chance. You understand Birte?

Birte: Yes.

Swami: But majority people I have some questions. Why I am asking you to rewrite after you wrote back to me then I want to explain what is the mistake is there. For example, Tobias he don't know his soul mate, he put a question mark. I'm putting straight to him. And I asked Jonathan his soul mate and I checked cross-checked to the Alx. It is a good sharp decision. I didn't make any comment good. Again Jonathan mentioned Anya is also my soul mate.

Once if you have one soul mate, after you got your soul object then you can have the attachment many things whatever you want. Like kind of okay your pretty good broadcast person you can have a pretty whatever you fell communications. But the major you should have the one punch, one soul, that's I recommend. Don't get confused. Of course I have unbelievable dear friends, unbelievable dear students. They are ready to die for me, how come I cannot treat them as my soul mates too? Do you know what I am saying? If I give an empty gun or with loaded gun, "Just shoot," they ready to shoot no matter what. Just, "Okay." Such a surrender, faith, confidence, determination, happy to do anything that's what Master need, anything more than that? A person, forget about Master, a person need is there anything more than that, Skye?

Skye: Anything more? Well, I think the love of the Guru is everything.

Swami: What?

Skye: The love, if you can feel the love of the Guru and be one with that, that's everything.

Swami: It means, yes. For example, where I grown the tradition like Rama, Krishna... I have to follow the mother. And, I gave my word to my mother, "I'll do whatever you want." Few people, they chose as their soul mate as me. It means its my karma, whether it is good or bad I have to fulfill to your desire rest your life. To the rest of? Your life and the major point, to create the soul object to explain that mechanism. Why I didn't explain to the Will his soul mate? He is not that clarity on this soul mate, that is why I pretty good I made it open. I didn't explain that. He knows pretty good part of the mechanism, he already he has that energy. He can take off. He can go and work. He no need to do the spiritualism, automatically the spiritualism will come in him. All the channels will automatic comes in him. Just simply if he does everyday like a process, automatically it comes in him. Every Guru Purnima once he touches here, done. He no need to be hang around me, no need. I know how to communicate him, he knows how to communicate me. But once if he knows, it doesn't really matter who you really choose it - has to be

very sharp, very sharp. The choosing is even if you got the hard time, you hate it, love it, you really attracted to it, you surrendered it. Don't be in the illusions, that's very danger. Uh-uh, don't be in the illusions. You know what I am saying with attraction? Some persons feels maybe he is my soul mate, maybe she is my soul mate? Forget about it - no.

To the poor Vishvayogi, I'm sorry to say poor, he chose me as soul mate. I promised him, "Don't worry I will take care you." Amazing channels he done it. He lifted many people and he gave his... we got his toe and prepared it. At... by Christmas time Virginia has to receive it. But pretty good he is also powerful. Almost all he lived ninety-two years, married, kids. Pretty good he is a powerful yogi and he done his duty in this lifetime. Majority things he done his duties, then finally, "Please take care. I done my job, remaining things you take care it." Then still his soul is keep... we buried, made it just few minutes walk distance.

The point, it doesn't matter where the body is. Once if you choose your soul mate, for a while your soul will be around that, with that soul. Then later on if the Master really needs you, the Guru Parampara, if again the job is there he'll put you in another job, "Go take care so and so people, come back." Do you understand? You will go, you have to go. Either me, anybody, if there is any job for you to do anyplace, even if you went there you have to walk back, you have to get back. Once if your job needs to be there, you need to take care of a place sometime, certain people, you really has to take care. The world needs you in that one angle, that's why I asked what is the specializations. Pretty good people, yes, they chose really good specializations, no problem, but you will go and you will do your duty.

I came here for a huge reason. From the birth until to my death is a big bond. In the bond I'm playing as much as I can through his (Baba's) direction. Completely sometimes it's a, "Why I should do such silly things? It's a nonsense, it's a silly things." It completely doesn't make any sense to me. To this physical body, to me, is it necessary to get married Paul, to my profession to what I have the responsibilities?

Paul: Yeah, it is a little of both because you came in the form of the body and along with that came some dharma. You were born through your mother's body and there is a relationship and there is a dharma that you have to fulfill there too, as well as here. So, it's a little bit between a rock and a hard place.

Swami: There is two big confusions to me in my life. He (points to Baba) is making me to get married. He (points upstairs to Jesus) is making me too, "Prepare your coffin." Coffin? Box. What I should do?

Zahira: Marry.

Swami: We are going tomorrow.

Zahira: I know.

Swami: We are going. We're all going just to make my mother happy. Vishvamitra, all Maharishis, Brughamaharishis, Septarishis is there when the Rama is getting married. Such unbelievable supernatural extraordinary persons is, they don't know is he really going to be happy with his wife or not? First fourteen years she is in the forest then she came little time, again left having the doubt, again he kicked (out) as a pregnant woman. She stayed again fifteen years the forest. So where are they happy? The yogadharma whatever it plays to you, whatever you need to play, you have to play. Do you understand Eric?

Eric: I understand.

Swami: You are very quiet. You're ok?

Eric: Yeah, I am ok.

Swami: When your getting married I am checking with you, "You're sure you want to marry? You're sure?"

Eric: Yes, Swami.

Swami: Are you happy with your married life?

Eric: Very happy.

Swami: Do you think I'll be happy with my married life?

Eric: Yeah, I think you will.

Swami: Yeah? That's not sound... (laughing) is it true Jonathan?

Jonathan: Yes, I think you will be happy.

Swami: Baba want to create from the ghee the milk. He is going the reverse. It's okay, I don't have daresness to make a comment on him. I am happy to be... let him do his job. I can understand a few people I really tortured, my students. Same thing is coming in my life too, but it won't stand, it won't stand. Southwest entrance, Southwest slope, doesn't exist to leave... it's vairagya person cannot create the attachment there. I'm serious. Your Swami is a super detached person, unbelievable detached, anything. Maybe these two girls knows very well. I never count money, I never even touch. Even my like couple million rupees, rings, just I throw it, keep it, forget where it is. I don't know where is my checkbooks... just simply I enjoy my life what is my duty come up, but same time very responsible on my profession, that's I attached.

Lot of material things that's I don't know why he is creating it but I have to. It is a big new chapter. This new chapter will be a big lesson to the globe - it's unbelievable lesson. It means of course I have the desires, no problem, but that's a part of that's not my dharma. That's a part of he is creating that, but it is a great reason what I smelled it, but I don't know exactly why it is. Maybe he is making coming out from lot of negative illusions, protecting me there. Do you know what I am saying? Protecting me. Very soon about Jesus Christ it's popping out, I'm keep saying it. Everybody is listening and listening, "When, when, when?" It will come out. At least a minimum eighteen powerful siddhas I have to see with my eyes. Whatever yoginis, siddhas, minimum eighteen. Already I reached nine like laser-cut, nine more. I know who are they, my strong feeling, then two or three groups very confident. Since many years I am begging to a lot of people, "Please learn Telugu." Since how long?

Monika L.: Seven years.

Swami: Since seven years please learn Telugu, please learn Telugu... Like a grandmother keep whispering in your ear. Ignoring it. How many palm leaf books you cleaned, you and Philip, a few years back? Just cleaned and wrapped.

Monika L.: Cleaned? Maybe, I don't know, fifty to hundred, maybe more.

Swami: How many suitcases?

Monika L.: Many, many suitcases, many, many...

Swami: You Nancy?

Nancy: Maybe twenty or thirty.

Swami: Books, how many books you cleaned?

Nancy: Twenty or thirty.

Swami: You Paul? You and Ramakrishna your group?

Paul: Minimum fifty books, and about maybe seven suitcases.

Swami: You ever seen such type of huge books anywhere?

Paul: Never in my life, never.

Swami: Can you really can find such type of books?

Paul: No chance.

Swami: Why I am today talking about some people here, some people here, some people here... we have the knowledge, we have the information, but one day I will be in trouble no doubt on it, take it grant it. With all the information knowledge the government, the globe want it. I don't know if they'll misuse it or they'll use it in a

proper way, that's your duties, that's your life, that's your treasure, that's your information to protect and to take care. My job until now pretty good I take care of it. Once certain things done then it's coming in your hands. What's my number one ambition is, "Let truth come out," that's enough. Let the truth come out, whatever channels whatever we are doing it - that is enough. Are you okay Frederike? Frederike? Are you okay?

Frederike: I'm trying to hear it. I can't hear you so I'm trying to close my eyes so I can hear you better.

Swami: Are you sad?

Frederike: Sad? No, I'm not sad.

Swami: Why not?

Frederike: Sad? No, not at all, I am trying to hear.

Swami: You really fall in love with Swami?

Frederike: Did I? I don't know what that means really. I don't understand the question.

Swami: You didn't understand my question? It's simple.

Frederike: Do I love you? Yes.

Swami: What did she say?

Zahira: She says she loves you.

Swami: Zahira, am I anytime did any mistake to you intentionally?

Zahira: No.

Swami: Really? Not to you. No, actually I had very good email conversations with her. She wrote very interesting emails to me, again I write very interesting emails to her, very floating, romantic. Okay, come to the point. So ancient the books, the knowledge, that's

your duty, your dharma. Once if you reach your goal, then you have really life. Even one or two years if you really focus on Telugu you'll win it. Seven years back I used to be able to talk English? Keep saying, no chance, no chance like the first time Monika L. and Philip they came, I have no idea what Philip talking. I am happy to see his face and his lips keep (motions lips moving) like a fish talking, talking, talking... Okay, good. Finally bottom line, I understood they want to come to India. Simple, okay he needs some shaktipat, okay, good. Monika L. needs some blessings. Something I give red petals mala to her. I took it back?

Monika L.: Yes.

Swami: You'll get it back. You'll get it back. So, from that day I have the very strong determination I have to learn English no matter what. It is like my sadhana, it's my austerities, every time myself, maybe several thousands of times, I make myself dialogues. You know dialogues? This conversation and just writing a little bit note okay. Just when I have any questions asking to Laksmi, sometimes asking to Cyndria, "What is this? What do you call this? What is the word?" catching it. You have a lot of Indian community around you who speaks Telugu. Majority people pretty good, you got it one stage. The remaining stage (snaps finger) is easy. It's easy.

That yantras, certain mantras, certain amazing channels you can't, it's impossible to find any where on the globe. Some books its like more than, its priceless, it's priceless information. It is only possible I can explain once if you know Telugu or yourself you can understand once if you know Telugu. Whatever I teach it is only twenty-five percent, fifteen to twenty percent depth. Real information huge informations is there. Is only yourself once if you read it, you completed that. I don't have that time, that patience, it's not my huge duty. It's your duties. I'm keep asking, but once if the illusion hit it we'll lose a lot of things. Already amazing information they burnt it, few hundred years back, in a huge accident they burned it. So I don't give you another chance.

Even though I can understand your personal lives, you are super busy, you have to take care your families in your countries, you have to make money... Go to your countries, don't worry, make money,

keep learn Telugu and do sadhana. Do you know what I'm saying? Your Swami will always be communicate no matter what. Be on your duty once if you took the decision. Tomorrow night we are making a kind of pledge with blood pledge. You know what I am saying? No? You don't want to do it?

Student: No, what is it, a pledge?

Swami: Blood pledge in one bowl, every person taking a blood drop and dropping in the cup, washing his feet (Baba). Don't worry I won't mix it like that blood. One bowl. Whoever will really voluntary, "Yes, we will do it!" taking the target time. I won't disturb until the target time. I'll complete your process. Take as my word. Whatever your desire, whatever you want to see it, I'll make it done. But I want make the huge step what you are going to take it. It's blood pledge to washing the Baba's feet tomorrow evening or late night tomorrow. We are all sitting it. Think if you really voluntary want to do it, your heart is open, otherwise no need to get force your heart. Do you understand Skye?

Skye: Yes, sir.

Swami: Any questions? Hello?

Will: Swami, I am not sure what the exact instructions are for tomorrow night. Do we need to know those now?

Swami: I think everybody understood, isn't it? Tomorrow morning we'll go, by evening we'll get back, get fresh up. Tomorrow night we'll all come here. Whoever wants to do, stand for it, you're there. Do you know what I am saying?

Will: Do we need to ask for something specific or we are just, we are taking a pledge?

Swami: Taking the pledge.

Zahira: What is it exactly Swami? What is it we need to put in that pledge? What kind of commitment?

Swami: Um-hum... What you see in my commitment? You're seeing my life? Being a kind of my life as responsible. You want to bring the, take the torch of the truth in the globe no matter what, anything happen never drop the truth. Do you understand? Same thing, also, learning Telugu, that's number one. Number two, bring this information to the globe, one for all, all for one. Do you know what I am saying, like unity, soul unity but I really recommend again, to make it very good decision, has to be take really good decision about your soul object. That's making me very big confused, soul objects has to stay with you guys.

Zahira: Any help with soul mates Swami? You know who is ours?

Swami: I know. I know who is your soul mate.

Zahira: Why won't you tell me now?

Swami: Why I should?

Zahira: Well, you said for me to choose it is different than if you have somebody.

Swami: Say that again.

Zahira: If we need to choose somebody, it is different than the soul which came with you? I'm just I'm confused, I don't know.

Swami: There's nothing there to get confused, it's a simple. It's very simple. My soul object is in my body. It's in my body. If you put an x-ray it get beep the metal. I'm serious. I can't trust. I have a kind of fear maybe I'll lose it. (snaps) Then I put it. Few days I suffered. It's okay. Got it stitched it - done. Got adjust, clear. I'm serious.

One time when I'm coming from America, just I purchased ticket on the spot. I think, "How may hours I have time?" I had old ticket, again new ticket I purchased like twelve hours. In twelve hours I have a normal flight - take off. Why I should stay twelve hours, nonsense, in America? It doesn't make any sense. Just jump, get out. I paid the cash, I purchased the ticket, I had my old ticket - it's fine. Then flying it's all came, 4 XXXXX, it means they super checked.

Then it's, "Ooh okay, just you purchased that normal ticket?" "Yes." Then they went. I have always generally gold belt around me, I have simple two chapels, one small bag - I throw it, took the gold belt off. It's funny this instrument it's getting, beep, beep, beep... It's a lady she said, "What is this?" "I think some metal on cloth." They took me in the room (snaps), "Thanks." Take off. I'm serious.

The bottom line, the object it means it no need to be huge. It's no need to be. Very tiny should be stay with you. Like Virginia, she got amazing things. She lost like that. She lost it. In this whole ashram if we miss the small statue of Baba, how we feel guys? How you feel it? In Sri Sailam that huge temple, if you miss that small Shiva Lingam, how it looks?

Zahira: Empty

Swami: To your body to your soul, soul mate, soul object, it is very important to have that. Of course whatever the yogas and professions, all the channels, that's my job I'll make it done. No need to worry. As soon as possible try to make it. Give me the clearance from your side. The maximum I'll give the forty-eight hours. Are you sleepy?

Anya: No.

Swami: Andy always smiles whenever I talk to you. He started to get smile. Clear?

Jonathan: So Swami, everyone except the people who are in the Jesus temple needs to write the form again?

Swami: Don't worry, many people done a good job, but I have some small one percent, two percent, some people ten percent, thirty percent just if you are confident keep write the same thing. But if you change your soul object, again we need, again you need to do small tiny process. We did in the river here, some small step we need to do the same energy little bit switching it. Like what she chose she can't carry with her. She can't carry with her - no chance. In case if she's like two years somewhere, it's need to be with you. On the day I told

it, it need to be very... you can put it in your room, but who knows... who knows?

Imke: Swami, the small crosses from the cross group, are they soul objects?

Swami: No, no, what in my presence, what you give the chance to me, "Swami you choose it," that is not your soul object. On the day I told it, today I'm telling it, that's not. Whatever you decided you have to be stick on it, you have to do it, that's yours.

Zahira: Swami, you need to be able to wear it on your body? You need to be able to wear it on your body?

Swami: It is easy to carry with you.

Zahira: In a bag, also?

Swami: It doesn't matter. It's good. It's good.

Imke: Can we maybe start a Telugu course here with a teacher? Can we start learning Telugu from a teacher because pronunciation is really hard.

Swami: Easy, but if you want, it is not a big deal. You can ask Nagi Reddy and the Paul is there, they can get teachers.

Luzia: Swami, if you want to implant something in your body where energetically specific places in the body, where it is good to put it? Does it matter where?

Swami: You can make one earring. You can make it weld it.

Luzia: I mean in the body?

Swami: Doesn't matter, but has to very careful, has to very careful. You okay Tatyana?

Tatyana: Yes.

Swami: She is thinking. You can't put what you choose, you can't put on in your body.

Tatyana: I don't think so.

Swami: But, you can put different thing, similar, you can. Never mind.

Zahira: Swami, what about the mantras? You said some people chose their own mantra?

Swami: No, they wrote terrible mistakes.

Zahira: Why?

Swami: They wrote the mistake like, "Om sra nam bhum bhutay shwari mama kuru swaha," for example one mantra like that they miss, "sra, nam," they miss the, "bhum bhutay swaree hum kuru kuru swaha." I asked the JC prayers, they put it completely different, I have no idea where it came from this mantra. Again I went to my chart - it's not right. It's not fair. It should be straight.

Christina Str.: Swami, what happens to the soul objects when we leave our bodies?

Swami: It will come back.

Christina Str.: The souls...?

Swami: The energy will come back any form, I told you in Hampi. So, by morning try to wake up by five o'clock, go and take sleep after arathi and don't worry about today meditation.
