*Talk begins at Swami's dhuni.*

**Swami:** Tonight I want to draw the yantra of the Jesus Christ. To me to draw that takes minimum one and a half hours and everybody has to draw on your paper plus copper sheet by tomorrow evening. And we have to do fire puja to that and also tonight, I'm taking the soul object people - now they're ready. It takes to me one hour to complete them. Before that, if you can prepare your colored pencils and paper and enter into Baba Temple, we'll finish by tonight the Jesus, the Big Boss' Yantra that is, whatever is in the palm leaf book, almost 1900 years back. That same yantra you need to learn it and it's pretty good amazing powerful.

It's almost ten times more powerful than Sri Chakra. Then I'll explain how to use it, different channels through the yantra to receive lot of amazing things in your heart. If you're a little bit sleepy we'll go tomorrow. If you're ready, we'll hit tonight.

Students: Ready!

**Swami:** Ready? Generally your Swami's not a day-person, he's a night person. You have to adjust with that, ok? So what time you be ready in Baba Temple?

Students: 10:30 p.m. - now.

**Swami:** I'll give twenty minutes time. The soul object people, they're ready, it takes to me just few minutes whatever they want it, it'll be done. Ok?

*Everyone moved into Mandir. Swami comes out his door with the first group to manifest their soul objects. They go next to Baba on the stage. Swami says to be in silence for two minutes to let the group manifest their soul objects, whatever they wanted.*

**Swami to the group manifesting their soul objects:** You confident guys to make what you wanted?

Soul Object Students: Yes.

**Swami:** You sure?

Soul Object Students: Yes.

**Swami:** You know what you want it?

Soul Object Students: Yes.

**Swami:** You put anything inside it? (Their can of sand)

Soul Object Students: No.

**Swami:** Am I put anything inside it?

Soul Object Students: No.

**Swami:** Luzia, am I put anything?

Luzia: No.

**Swami:** You confident?

Luzia: Yes.

**Swami:** Go just whatever I gave the formula. Put your right hand, keep play, then you'll find it, each person. You got it? Luzia, you got it exactly whatever you wanted, the same thing?

Luzia: Yes, exactly.

**Swami:** Good. Who is the next successor?

Alx: I got it.

**Swami:** Ok, next?

Meesha: I have.

**Swami:** Good, who's next successor?

Bharati: I have.

**Swami:** Good. Same thing exact what you want?

Bharati: No.

**Swami** No? You sure?

Bharati: Yes.

**Swami:** Hum. Virginia?

Virginia: I can't find it.

**Swami:** You can't find it? I told you the formula to use it. You're not using it - mind is always monkey. If she doesn't know, it means it will disappear within three days...pretty big turning point. Commanding on me, ok. You find it yet Virginia, no? Can I help you or you want to do it?

Virginia: You can help me.

**Swami:** Is it ok?

Virginia: Um-hum.

**Swami:** Bring it. (*Virginia goes to Swami at his chair.*)

Aghni: It's not good. She should make it on her own? Why not?

(*Swami has Virginia hold one side of the cloth and he holds the other.*)

**Swami:** What you asked for? What is your soul object?

Virginia: Diamond.

**Swami:** Diamond? How many carats?

Virginia: Two carats.

(*Swami snaps his fingers three times over the cloth.*)

**Swami:** Try. (*Virginia keeps trying but nothing materializes.*)

Virginia: It's not there.

**Swami:** She asked for expensive one, that's why she's having some trouble.

Virginia: Can I hold it for you to try?

**Swami:** I'll try.

(*Virginia tried to give him her end of the cloth to hold the whole thing, but Swami doesn't accept to do that. It's still the Datta energy, no, no. Can I add your personal mantra?*)

Virginia: Yes. (*Swami puts his hand in the cloth to try and manifest it.*)

**Swami:** Sure you want a diamond, hun?

**Swami to the rest of the group:** Everybody got success guys?

Soul Object Students: Yes.

**Swami to Virginia:** You gave the wrong answer to me.

Virginia: I did? Which question?

**Swami:** First question. Hold it. Let me see different angle. It's not advisable to put my hand actually, but you're asking. Is it fair guys to me to do it? If I get it here, what you give to me? Can you give ten carats of gold to me? How we call, ten grams – ten kilos? You'll get it. I think you should sit there next to Baba and keep trying. Doesn't work - you have to play your own lila.

**Swami to the rest of the group:** You done? Come out.

**Swami to Virginia:** Sorry, first time I got failure. If she had any good agreement with me then I'll make it done.

*(Swami asks each person, when they came off of the stage, if they got same thing what they wanted.)*

Alx: Close.

**Swami:** Again there are seven more people waiting in Dwarkamai.

**Swami:** I need bigger sheet of paper – three times bigger than this sheet. Let me explain little bit.

Jesus Soul Yantra is a symbol of - to win all divine channels and is ten times... I can say is one hundred times more powerful than the Sri Chakra, put it that way. It's really powerful. It's no where, anywhere in the globe, that yantra, except what we have in the palm leaves. And once if you really understood that yantra, it's enough to really know complete a part of illusions, to know to make the asta siddhis, to knowing of the Mother Divine, to winning of the Jesus Christ, to win the Dattatreya. Everything is there in one yantra. So that yantra, I personally and heartfully, I recommend everybody has to learn to putting in your mind. And you better to know the bijakshras and fulfill all the bijakshras in your heart and to do the fire puja to receive that energy in your soul. You know what I'm saying? That's one major high healing and high vibrations what you'll receive from the Jesus Christ.

That yantra is made out of – one hundred and one saints created that. It took that much long to them with this small tiny paper - no chance.

By tomorrow night everybody has to draw on your copper sheet. Each person to put on the copper sheet, to draw that and I personally recommend to every person, put on the coin to wear on your neck. There's no chance the illusion can touch you. If any one corner, one angle, if you really did mistake it will turn little funny. Still it works but it's not good.

Like the Adi Vishvamitra, what he created Gayatri yantra, Gayatri mantra, like a same equal powerful guys - one hundred and one saints, they created that yantra and Jesus Christ was a witness, his soul witnessed that yantra. And also, tomorrow I'm showing that yantra on the Palm Leaf Books - you can cross check. I'll draw it, then you can check direct on the Palm Leaf Books, almost 1900 years old, and you can cross check how it's really beautiful. On the days it's amazing how they draw on the leaf, I can't believe it. I don't know what type of pens they used, needles, it's very sharp. So I need to show that leaf and give whole explanations how to use that yantra, same time the uses of the JC Channels then it's done (snaps his fingers) pretty good.

So I don't want to get compromise, so you can get tomorrow to me to get big huge paper. I might do one or two mistakes, so I need alternate back up. You might think, I'm sorry to say... generally I won't make the time principle. How do we call that? Normal time. If I say ten o'clock, it'll never be ten o'clock. It'll be twelve o'clock, maybe nine or eight, anytime I'll be there. Since this morning I keep drawing that yantra in my mind... drawing and drawing, drawing, drawing.

**Swami to the Soul Object Group:** Even all these guys are sleeping, they don't know tonight they're hitting it, "Ok, wake up, ready, hit it." Even to her (Virginia) she chose Ardhanarishvara. First she chose it, isn't it?

Virginia: Um-hum.

**Swami:** Again she turned it to the diamond. That's a conflict, so it times to you to fix it. Once if you decided, has to be decided. If you keep changing your mind, sorry, you cannot play with the divine. You have to be, no matter what, if you decided, do it. If you stick on one thing, you have to stick on one thing - you should not change.

The final point, Jesus Christ he traveled to India. He learned lot of things is in India. He prepared his soul with his friends in a beautiful way. Finally he got Samadhi in India. His Samadhi grave is there. I'm not joking. I will challenge the globe. I can challenge the globe. I'm confident. I can prove it. We have pretty good, amazing evidences since 5,000 years old, some of the ancient information, the link documents, something we have it.

It's everybody's responsibility to bring the truth, the ancient information in the globe. It's not a joke. If you're really concentrated to bring that ancient tradition, to bring out, you'll do it but the dedication and the belief system and surrenderity is very important. If you think, "How can we believe back several thousands year's back the information is true?" But it is true. Has to believe it. Has to believe it.

We cannot prove to the science the miracle for example, some people have the power objects, soul objects, and within couple days, some testing I'm going to use to them. They have to prove that their soul object what power is really carrying in it, what type of energy is really in it, otherwise it's a meaningless. You know what I'm saying? To what type of proofs, wait and see. Once you're here to the course, at any time around the clock I'll call you guys. You know what I'm saying? If I wake up at three a.m., "Please come at three a.m., have to attend." Doug I know you're sleepy. You want some coca cola?

Doug: I need something.

**Swami:** The processes, the prayers to your western minds, it gives little confused - that makes sense to me too. Once if you entered and you keep doing it, then it brings such amazing joy in your life. But you really have to do with your open heart then it'll make it. With your confusion stage, sorry, the position is like that. No chance. Again I'm taking one more sector, senior most students, to make your soul objects to complete it. I'll do my job, and try to do your jobs too.

Everybody might have lot of confusion with a lot of question mark, "How important are the miracles? Swami, are necessary in the globe?" It's not necessary, but it's very important, it is very important. Nowadays it's important, in part of, to fulfill the dharma.

But I believe one part the *Bible*, one part I won't believe right now the *Bible*. Thirty to forty percent they wrote their own junk in it. I'm serious, they wrote their own junk. The Big Boss, he told it his students, his devotees, his followers, they'll become more powerful than him and also, he demonstrated the miracles. And nowadays the people think, whoever demonstrates the miracles, is a kind of crazy, negative or black magic, this and that. It's nonsense. In front of the divine, you cannot play. For example, in front of the Big Boss Baba, there's no chance anybody can even step up with any dark energy. You know what I'm saying? Absolutely not, absolutely not!

The ancient tradition information about Shiva-Shakti, the formulas, is one hundred percent divine. Jesus also did same thing. If you enter into Lord Venkateshwara Temple, it's amazing! The golden temple is such a great divine place. So it is important to... a part of your spirituality, the miraculous energy... You have the beautiful car, wonderful. If you don't have some qualifications of the energy, it's like there's no gas in the car. The engine is good, tires are good, expert driver, but there's no gas in it. Can't drive it. You have to prove something to the people to take that pain out - you have to take that pain out. At the beginning it might create little confusion to your minds. It's natural. Even to me, like a few people (*Soul Object Group*), they got what they wanted. Few people slight different, still they got it - one person not got it.

Bharati: Swami, why I didn't get exactly? I was really sure, I was confident.

**Swami:** I'll explain, I'll explain later, no problem. It'll change, it will change what you like it. So, the sadhana and having your own time for to that process to fixing certain channels... until you took it to complete it, even you're super busy, you have to concentrate your time for that, strict diksha, if you don't follow that strict diksha, no chance, it needs your heart discipline, mind discipline, soul discipline - to do it. In a few days later, I plan to do some Khandana Yoga, some Dhoti Yoga, after all some people got some soul objects, to let them witness it, to prove it. Now is the time to me certain things to do it.

*Virginia is still on the Baba stage trying to manifest her soul object.*

**Swami to Virginia:** You got it? Lucky girl, finally you made it. Give me ten grams of the gold, just ten grams – 5,000, 6,000 Rupees. What?

Virginia: Yes. Thank you.

**Swami:** Good, go, never play with illusion, be clarity. I'm confident but she's under conflict. Anya's thinking, "What type of Swami's using his crazy..."

**Swami to Virginia:** It's the same thing what you wanted?

Virginia: Yes.

**Swami:** That is total illusion - that is illusion. To come out from that, need to punch it. Understand computer man? Even if I keep check, no chance, it's her job she has to do it. It's her job. Even if I put my own crazy sankalpam want to get it - no chance, I can't get it. I tried it but I can't get it. No way. With their own hands, they have to do it. It's ok.

So, tomorrow get the copper sheets and with the beautiful colored pencils it'll be pretty good big day to fix it. Ok? I need three or four times bigger sheet of paper. Is it possible we can sit somewhere in the lawn, somewhere in the garden in the open light daytime? Some speakers is possible Terry?

Terry: Yes.

**Swami:** So I can draw it and everybody can keep around me and just be there. So then I'll see you tomorrow. But one thing I'm telling. Has to follow his time (Jesus). I have to follow his time and you also has to follow his time. Ok? Nothing is in my hands. Little bit is in my hands, ninety-eight percent is in his hands to make certain things happen it. Pray to him to get that yantra by tomorrow, ok? My sankalpam is always there, but your prayers and want to receive it, it needs to be there too. Ok? So, sweet dreams and nighty night.
