Shiva Ratri Program 2005
Twenty Questions and Union Energy Discussion
Shiva Ratri Night in the Baba Temple
March 8, 2005

Swami: Good evening guys. What did Myuri and Monika L. talk? (*Jonathan gave overview of topics: Paramashiva Yoga, Power Spots, Dwarkamai, Swami's Energy Systems.*) Did they talk about Jiva Vidya? Inner Elements?

Jonathan: Mentioned them.

Swami: Can you talk tomorrow on Inner Elements Myuri? There are only two major turning points in every spiritual soul. Out of year it comes, one is Shiva Ratri and one is Guru Purnima. The Shiva is the Bhola Shankara. No matter what, how you did the crazy mistakes in your life, whatever the blocks you're carrying, this is the three days they're suppose to give to you. Since seven years with my sadhana, with students, you guys can hear me?

Students: No.

Swami: Eric?

Eric: I'm hearing.

Swami: Yes you're hearing it. So since six, seven years, whatever I keep giving the trainings, the process... sixty percent overall students reached one level of connecting with the Mother. Now is the turning from the south to the north direction to connecting the Shiva energy. In this Shiva Ratri timing a few people, what they really got trained, and they're ready to produce the atma lingams. Five people they're

ready. They're under the digesting of the energy. Within this three days, we have to see, but I'm one hundred percent confident they'll do it - we'll win it and there is one more naga energy with the sharp cobra - we never did before that process. I don't tell before they complete the process. Instead of me teaching lot of stuff, better to make it few people's energy to prove it in the globe whoever already connected Mother. And I didn't really open their channels to give the key to them to take one more step how to use that energy. And a few people, they made the soul objects and they don't know exactly how to channel with it. This whole system, by this Shiva Ratri program, it will give the confidence and proving the globe certain things is possible, can change the energy system - we really can change the belief system in the globe.

Again another people, ten people is ready to hit different, different angle to Mother, but also they're under waiting. So I'm expecting after today, some clearance later. Tomorrow my program starts, takes maximum ten hours. I can give what I want to give the information. Anya, how long the program will be?

Anya: Twelfth.

Swami: How many days left?

Anya: Four days.

Swami: Does everybody have the patience? Even the last day I give the talk? Glen, no problem?

Glen: Take your time.

Swami: So, I have a few questions to you guys. To a lot of people it really helps. What does it mean by "union?" Union Paul?

Paul: Union is the giving the exchange, in my mind, of male and female. One contributes, one receives, and one in return takes what is received and sends it back to it's source, so there is a link and a bond there - it can't be separated.

Swami: Leslie?

Leslie: (*Her answer is inaudible*)

Swami: Murai?

Murai: (*His answer is inaudible*)

Swami: Jonathan?

Jonathan: Understanding that in the light there's the dark and in the dark there's the light; in the fire there's the water. Seeing that, experiencing it.

Swami: Egypt?

Egypt: Connecting the male and female energy. We're all one.

Swami: Is it true Tatyana?

Tatyana: I think it's true, but we're not realizing it.

Swami: So how come you can talk of that part is union? Once if you know the union everything is there, then you really can create, you really can pull to do the wonders. Without knowing the union, there is no creation, no creation. Instead of me explaining how to explain in the words, it's better to see in a few days that mechanism of the union. In the flower there is a fragrance. Is it union Anya? Even after the flower died, still the fragrance will be there? Still you talk it is a union? There's a few stages of the union. There's a lot of confusion in your minds about the union, the Shiva Shakti.

Right now in the globe, especially Himalayas, thousands of powerful saints they're with union with the Big Boss (Baba). Around one, three a.m. they'll do the soul traveling. All, they get together – that's union. Unfortunately, I don't have the permission to go. Is your body and soul is union?

Paul: No.

Swami: How come you say no?

Paul: That would mean they are inseparable. Once the body drops, the soul moves on.

Swami: I'll give the few questions. When I start to give the program, give the answers to me.

Swami's questions:

1. What is meant by union?
2. Where are the miracles coming from?
3. What is the Avadhut energy is really commanding on the five elements?
4. How far, how depth we really can follow that process?
5. Some power objects will really change your process, how far it is true?
6. To create a soul object, how far it's important to make a channeling to your life to the cosmic?
7. Why Shiva is always in the graveyard?
8. Why he's holding huge fire in his third eye?
9. What is the inner mechanism of his holding the poison in his throat?
10. Why he likes the cobras?
11. What is the link between Kundalini Yoga and the cobras?
12. How much is linked between Shiva energy and the Sri Chakra?
13. To connect the Shiva, what type of energy we need to gain?
14. What is the real death?

15. Why the power spot is important to every spiritual person? If it is not, why?
16. Is Shiva really the big boss on the five elements? If he is, which way? Little explanation on this question, if he's the boss, he's a little afraid he's holding the poison in his throat and kept the water on his head cooling. It means he's really Boss? He begged the Ganga, the water element, and he kept it. And he admitted he took her, manifested her as a female and he married. We only talks Shiva-Shakti, but there's another character, the most important key point to keep him alive - that's the Ganga. I think I gave a talk the whole story before.
17. And why the Ravanaasura, Bhasmasura, even though they connected Shiva they got failure?
18. Even they received the powerful atma lingams, Ravanaasura, they lost it and they failed. They ruined their whole lives. What is the inner mechanism? What is their life's message to our life now, to everybody? It implements to everybody's soul right now here. If they have any blocks, whatever it is, I need explanation.
19. Why your Swami's using shortcuts? What's the positive marks and what's the negative marks there?

Early morning - three a.m. abhishek running to the Baba, every person, except the menses women, has to go the Baba and wash. You don't need to take shower. Go and put the little milk, water on his head. And whatever the water comes, the milk, take that and take a holy bath in your room. You know what I'm saying? After sunrise you can have your breakfast and take a sleep. Tomorrow sometime after the lunch hours later, I'll call. We'll see.

These questions, if you discuss guys each others or if you have your own ideas, try to write it. Sit tomorrow in the lawn, try to make it your own opinions. To anybody I can make to stand up and talk. If you know this subject, it's enough then I'll little bit switch it to the JC Channels. We need to talk, there's a pretty good subject there. But give me twenty-four hours time, ok? Hello?

Students: Yes Swami.

Swami: You can start your bhajans. Until morning I'm also awake and in the meditation. Whatever I have to do, I have to do. We'll see. Ok?

Students: Thank you Swami.

Swami: Thank you.
