Shiva Ratri Program 2006
Night of Shiva Ratri: Introduction
Talk in the Baba Temple
February 26, 2006

Swami: Good evening guys. Day after tomorrow the program starts. The major, this year, Shiva Ratri concept as usual, but it's little extraordinary... to making the seventy people to giving the birth of Atma Lingams and giving the mechanism – how it's really possible... spiritual chocolates. And talking about the Jesus' life and I'm visiting, this year in the May to the States and to Europe. After that for one year, one and half years I'm not visiting any country. Majorly concentrating on writing the new bible about the Jesus' life, after his crucifixion what happened. So we have some evidences, some proofs, certain what he really demonstrated in the globe, and his messages, his principles and the theme of the depth of the miracles. We lost that bridge, so I'm writing that. Until the globe really recognizes it, I don't think so I'm traveling anywhere.

Pretty good I traveled, I did, but at the university time I'm teaching all techniques to the students. That's another theme. And we'll see how these Yellow Scarf people will do the job producing Atma Lingams, and the Japanese some Khandana Yoga, some Parkaya Pravesha, some demonstrating and the depth of the mechanism of the Shiva-Shakti union, how to come out from the darkness into the light.

So by the grace of Baba, by the grace of Shiva energy, it will go very well. The major important point, try to take care of your health and whenever I started to teaching the mechanism the senior most students especially don't hesitate, if you have any confusions, to ask. You have to make sure to clarify, understand? Many students have different,

different processes, you done it. By this Shiva Ratri I'm making complete all your process done, to make you guys release in the globe. To able to teach, to demonstrate the depth of *Artharva Veda*... *Artharva Veda* I explained before, whole *Artharva Veda* is completely to do with the vibrations of the prayers how it will impact on our soul.

On the day the group, eleven people, Yellow Scarf they started and it's also a big challenging to me. I know some souls are a little sensitive, but they're coming up, they'll do it. They'll do it. Everything is possible once if you have the determined heart, complete surrendity, complete open heart, having patience and practice. There's nothing there in the planet that's impossible thing. If you want to reach to achieve something, you should not explain your moments even in the nature. You should not release what is really in you. You know what I'm saying? It's between you, the master, and the nature, only these three guys. The nature always wants to disturb you. It's always planning how to destroy because of, you're involving in the nature and you're catching the nature, controlling the nature, the nature that easily won't accept it. That's supernatural science. So, you're going to connect some divine spirit, you're going to heal a person with heartbreak, you're going to heal a cobra bite or a person who you really want to take care the crazy sickness - you're not giving an idea or a concept to him you're going to heal him. I'll explain the mechanisms... so far I done it with evidences.

And the major, if you think Baba history, he never preached, he never taught, he never, ever gave even one person upadesh, just he sends his love. And even though he didn't teach to his simple philosophy, why his austerities' power is buried under the gurusthan – satya, dharma, shanti, prema, the four lights. So the depth of why we need to do austerities, why we need to do all the different processes. I know I pretty good confused few peoples. Every year two, three programs I created to doing to confuse. Once if you really got confused, then I have pretty good chance on you with your soul - I can shift it, I can change it from one place to another place. When I give a little awareness I'm going to do for you this, you're soul won't accept it. That's why there's a lot of negative spirits, negative vibrations, lot of disasters are happening, because of some evil energies... So we'll see.

This Shiva Ratri will be very interesting. It's opening the door to the globe.
