**Guru Purnima Program 2006**  
Introduction to the Guru Purnima Program  
Talk in the Baba Temple  
July 4, 2006

**Swami:** Welcome my Dear Divine Souls.

**Swami to a student:** Do you have coconut?

*(Swami is asking a student to get him a coconut to break)*

**Swami:** I hope everybody got settled. What you really expecting Clint to this event, to this Guru Purnima 2006?

Clint: Progress in each of our enlightened stages in our lives.

**Swami:** This Guru Purnima, by grace of Baba, it will be super successful in all angles what I promised in different, different countries, and different people with the different processes. But where I see the majority confusion, even the senior most students, is self-doubt. Whenever you have the self-doubt, then all the time rest of your life, even it doesn't matter you're in front of a beautiful nature, even I'm describing how beautiful the nature is, but you're closing your eyes. You need to open your belief system.

*Swami cracks the coconut.*

**Swami:** You need to open your belief system what's really happening around you, in you. Even if you're not able to understand, try to see somebody what they're experiencing. For example, I gave a mango

one person - taste super sweet. The same mango another person bite it, it's a little lemonish, another person - super bitter. Another person it's super salty. Why is that, Clint?

Clint: The illusions, the illusion circles.

**Swami:** What type of illusions?

Clint: The karmas of our own negative craziness, karmas that we're carrying before this life. The illusions that the master, the gurus can put on us as well, for testing or for washing our blocks.

**Swami:** Un-hum. Then? The blocks, the illusions, then?

Clint: The karmas.

**Swami:** What does it mean by karma and illusion?

Clint: Well karma is action, reaction. It's the nature's reaction to our past actions that we're experiencing now.

**Swami:** Ok.

Clint: Illusion is that which is not permanent, that which is not true.

**Swami:** No matter what, the belief is the belief. To the divine you need to believe blindly to believe on it. If you think, "Yes, is Baba really here?" Yes, he's here. If you think it's a statue and you're putting a garland and you're worshipping, then he's not here. You're a part of Baba you're a piece of God but a piece of craziness is in you too. That's why to this Guru Purnima, why I started the University - within one year to give every Full Moon one experiences. So it's a big job to me to make you to open that fast track. Before, it took to me, it's a major parts I didn't speak good English. I didn't understand you, and to believe in you once if I give certain experience, that you never misunderstand, that you should not go crazy and to make what really strong religion you have, to make you to follow Shirdi Sai Baba, to follow the Jesus, to follow the ancient prayers. It's a big deal to make your soul to accept that.

So the point is, this Guru Purnima I'm giving the title Pancha Karma Process. Pancha karmas is five types of... a man always does the karmas. What are the remedies? Why certain people able to connect certain amazing divine souls? Why certain people not? It's the most depth.

Tomorrow we're starting with the fire puja at 10 a.m. Everyday there's a fire puja - big purifications. And the speech will be maximum fifteen, twenty hours. Then I'm taking pretty huge sweeping out, like really completely fulfilling your process majority. Who was really in the beginning stages to giving them certain experiences to make it link in your meditations or to connecting whatever you really believed on it.

For example, you prepared guys the Big Boss cross, all the Yellow Scarf group. It took to me almost like one and a half day's time to deeply thinking on it how to pull him. There's 0.0001% no access. Then again I'm begged him, "Hey please." Then I got the access then again it got failed. So it means, even though he's a divine soul, he's ready to come in front of you - still the obstacles can play. It's not his obstacles. Whatever your soul is ready to receive, some disturbance always creating you not to receiving that. What it is you need to kick out? If you know what it is, how to avoid that, then you're done. You know what I'm saying?

Of course I would like to come and talk to Tobias and Tatyana, I have a thought. Even though they have a thought, the link needs to make it happen. You know what I'm saying? They're all the time thinking, thinking, "Swami, we want to talk to you, we want to talk to you." I want to talk to them, but between there some bridge is not happening. What type of bridge it is? That's the whole concept of this Guru Purnima - to create that bridge, to make it in a smooth way. Of course the majority people chanted thousands of millions of prayers, so your soul is pretty good high strong positive vibrations. You're ready to hit certain amazing things. At the same time try to be aware whenever I'm giving certain techniques.

This Guru Purnima is not linked with any previous subjects. It's completely brand new - ancient one book what I'm giving this talk - how the Shiva himself got purified. He created certain angels around

him not to get disturbed to receive what he wants. Why Shiva needs to receive? What he received? We'll see this Guru Purnima.

So, don't expect my time in a proper way, "Ok, tonight Swami has to come, this time he promised." Clear me... I'll come whenever is the right time is there. Of course you know me. I'm not escaping, but lot need to do. How many people here for the University? Almost fifty percent... How many people come and go, Power Journeys and vaastu? You really will love it, walking with me in the most powerful spots. The Power Journeys, it's a paradise, it's a heaven. To you guys to be in Sri Sailam camping the night in the forest, that's a bliss, Shirdi, Kalahasti, Mantralayam... it's the bliss. You need to see and experience it same time, whatever you have questions, whenever I'm discussing about power journeys and power spots, and the power objects... even tomorrow it's coming big subject... I'm giving thirty, forty-five minutes question and answer time. Don't hold it, try to ask, clarify it. Understand? Whatever you have questions in your heart, try to write down and after the talk I'll give thirty minutes for questions and answers.

So, if possible, try to come early morning abhishek whenever he's having the holy bath. And keep your health good. It's super windy - I never experienced this much crazy wind since I'm been in the ashram. It's almost my mind is spinning like that. I'm serious. So don't drive me crazy, and don't you receive craziness from me. It's important because of it's purely Guru Purnima, means that's His day. He has to bless to every soul, including to me, to entire your family members... take cares... amazing. So, try to participate as much as you can - your time to be with him to hang around and to meditate... Ok? Have a good day and see you tomorrow.

End of Talk
