Guru Purnima Program 2006
Swami Gives Clarifications
Talk in Baba Temple
July 14, 2006

Swami: Since six, seven months your Swami feeling's very peaceful then, all of sudden, hundreds of people attacking on the ashram. Makes sense... It's a big work with a lot of angles. Everybody received the power spot energies - that's super success. Personal process ninety percent success, the Womb Purification ninety-nine percent received. That's big. But still some corners I got punch with the nature, some process. Even I did my maximum best to play the illusions, still the illusion played on me. Certain angles I gave up, not completely - still I have the thread, pull it back. Even though lot of students left with confusion mind, you can tell them, "No need to because of I know their personal mantra and already I connected their womb chakra - I'll fulfill it." You understand? So absolutely no, zero worry, in any corners.

So, when you're here, if you're leaving in two or three days, I recommend to be complete quite - silence - declare this whole ashram two silence days. You know what I'm saying? Pin drop silence. Then, very soon, by grace of him (*Baba*), I'm planning to visit his Samadhi. Then I start the new work very systematically with the University. And also I'll be busy to concentrating on the book. I prepared the

major layers of the subjects what needs to put in to release out. So it's like five, six people - it'll be hard work to them involved in it.

The two things where I got super success and two things where I got super failure so far with you guys. You need to be unity. You know what I'm saying? Unity - no power struggling. The power struggling is the worst. And try to cut off the cell phones as much as you can - that's a big addiction. When you're here sending text messages... Whoever is working on the time as a crew, use the cell phones. But drop it weekly once or twice to your home, just calling them, that's it. It really diverts you, it really completely disturbs you, I'm serious.

And if anybody got bumpy, try to come and sit in the Baba mandir, just to be quiet, surrender. No need to you to share that crazy bumpy on other people. Then their bumpiness you're receiving it. Then all guys is like bumpy. You know what I'm saying? One person didn't understand their process. Somehow you got understand some attack the channeling. If you ask that guy, he gives you wrong answer. I'm here to answer to you. I'm here to give the answer. So you can write a note. Even I read it or not I'll give the answer. Just write a note. Put it near my bed. Tells the answer to you. I'm serious.

I know what you need. You will get what you want. But don't expect, don't stretch the time you want like now - don't demand you want now. Don't have a crazy expectation, "Yes, you're receiving this, this, this, this." Then you are in trouble.

Early morning, before you wake up guys, my meditation I wake up. Whenever he (Baba) is ready to get abhishek, I'm making him indirectly awake, "Some souls are coming in, purify them." I'm outside chanting for you guys. You seen me few early mornings? I'm on the job. You saw me today? I'm on the job. After you had purification everything was over, then also I did for you. I left. Slept... started. I'm doing on my side the job; try to do your side the job. Don't think nothing is happening - that's a big joke. Don't think nothing is happening. It is happening; it started. Does it make sense? If you feel uncomfortable to wake up early morning, it's cold shower and... I know, but in a week at least three, four times to attend his abhishek. That's very important. That's very important. Do you have any general questions?

Luzia: Of all the things we did this program, what was that where you can say you connected our womb chakra?

Swami: You burned it with writing your personal mantra on it didn't you? Done. Where you got your personal mantra?

Luzia: You.

Swami: Can I tell your personal mantra?

Luzia: No.

Swami: So you received the shaktipat.

Luzia: Through that burning of the yantra?

Swami: Yea, yea, the fire element is connected through me. You received the shaktipat. I know you're personal mantra. The personal mantra is all on my soul list. Wherever you go you're in my swimming pool. You're not in the ocean; you're in swimming pool.

Aghni: And with the extra bijas you told us to give us to put some? We need this?

Swami: Whenever you draw for somebody to give to somebody, then I need to put the bijas. If you're drawing it here, no need to... for yourself no need to. If you're giving to somebody, yes, you need it. If you draw it for somebody you need to come to me. I need to know their name, the father and mother's name - done.

Aghni: Then if you teach it?

Swami: You can teach it. Still they need also to come back to get the bijas.

Aghni: So we can get the bijas?

Swami: I don't want to tell. I don't want to you to be in trouble. Don't take that risk.

Student: So it means you have to see the plates?

Swami: Yes. Just one minute. Somebody can bring it to them. You draw it for a hundred people, you can bring it for a hundred people, get their photo and their father and mother's names, I'll put it.

Luzia: What is the risk for giving the bijas?

Swami: You're still in the process of the Womb Chakra, still in the process. I never, ever had such illusion hit the Shiva Process. Got super failure. I consider it a failure. But still the energy is rolling there. But I don't have the guts to... I waited, and I saw night and day around the clock any minute, any second I can enter - no chance. I don't want to give to him to bleed any amrutha.

Annette H.: So now we use the mantra for the heartbroken and body sickness, we give the shaktipat?

Swami: Yea. That prayer, the Womb Chakra, what I gave the techniques, you will practically see it. Like the Southwest pool what happens, there is no really right explanation in it. To the Womb Chakra they are still under researching. Still I'm also under researching. But I know it, but until I really got a hundred percent...

Luzia: How old is this Womb Chakra Yantra?

Swami: This is like seven thousand years old.

Luzia: Who founded it?

Swami: Rishis.

Luzia: Any name?

Zahira: How do we use the pin number to the soul object?

Swami: I told it.

Zahira: Somebody distracted you when you're giving it.

Swami: I told it. I clearly told it. Listen all the talk. I didn't tell the JC the Yellow Scarf Process people. I didn't give the link, pin number.

I'm waiting. Just I can tell by messages. Just I'm waiting. Still thirty-five people I'm clear. Some more people I'm under their process. You can put the message to your friends, "Swami's on the process."

Student: there's one mantra on the Chakra Yantra 'Basma Raksha,' you didn't mention that.

Swami: Wait, no hurry. Basma means making you ash. That's the meaning of basma.

Gustav: And there's one process, I think, fourth mantra, that means with the union energy for 41 days. What does that mean?

Swami: Learn deeply then come back to me if you have any questions. Baba did the Dhoti Yoga through the Womb Chakra. If the womb is so powerful and energetic you can do many things.

Luzia: I think his question is if a woman has menses on Full Moon or New Moon time that's within the 41 days...

Swami: I understand.

Ganesh: What is your recommendation for the Yellow Scarf Group, what they should do?

Swami: Just purify as much as you can the Womb Chakra. That's only whole everybody do that, just purify, purify, purify, purify it.

Aghni: And we can teach it after we purify it?

Swami: Yes. Spend as much time as you can. You draw each day a hundred yantras, same one. Keep drawing it, drawing it... Once you close your eyes draw it, it's there. Clearly I written the mantra to chant with this yantra, systematically I wrote everything. But I didn't mention about the nine lines (*at the bottom*). Fifty percent information I gave; fifty percent is still pending. After you reach the fifty percent then I'm there.

Elizabeth E.: The Full Moon mantra shall we do all the time also?

Swami: Sure. And now everyday one time you should go to Shiva Cave, put a glass of rosewater to him, to the Shiva Lingam. That's very good symptoms. Take a rose water or plain water, wash, come back, every day and nine times pradakshana to Ganesh. That's super good. Any time of day, even if it's raining, thunder, nine times and three times pradakshana to the mandir. That's good.

Luzia: Swami, in this program you also made the cross bleed. And in order to command on the water element, do you need the fire element?

Swami: Um-hum. What I'm planning to do very soon with Yellow Scarf, Green Scarf and Blue Scarf joining, and Swami's taking like one and a half, two day completely stopping the Samadhi stage. You know Samadhi, Clint T.?

Clint: Yes Guruji.

Swami: Like soul traveling.

Student: Everybody together?

Swami: No, only me and selecting a few people and taking it. When the time it was bleeding, there's a few ladies, they really helped one lady's life risk. Is it true Mrs. Ganesh?

Mrs. Ganesh: Yes, it's true.

Swami: There's a chance she was going to die. It was hidden like that. I smelled it. I gave little warning... it's high energy she can't handle it. You know what I'm saying? If I touched you, just I can make you knocked out, completely knock out. The energy also you need to receive it layer by layer. You should not feel it... really like... what happened? When you watch a tree, a bush, you don't see everyday it's growing, but it's growing. The energy system also needs to be like that. I should not give it like that to you.

So it's very... you need to be careful. So ok, now it got very much settled; it's very settled stage. Whenever you're abhishek morning, that's much settled. You put a glass of water on Shiva Lingam, it's much settled. Doing pradakshana much settled. Done?

So, try to choose one day, twenty-four hours only doing *Om Sai Sri Sai Jai Jai Sai*, you can start. Like make the groups, keep continually chanting the bhajan, his namasankirtam. Possible? Not now, try to choose one day. Everybody have good stamina and strength with good rhythm and drums... round the clock doing. You start on Thursday at 8:30, 9 p.m. until Friday at 8:30, 9 p.m. One group is gone, next group is joining there; one group is gone, next group is joining. All the time the dhoop is running and the candles burning. Then you need him (Baba), his presence more. Ok? Good luck.
