Swami's Soul University Talks
University Introduction: Vaastu
Talk at the Ashram

Swami: I want to complete the Vaastu classes within one week, the really big fundamentals. So you need to get the empty white paper books for the vaastu and for herbals and other subjects. You need several books and colored pencils or pens. And I recommend to every person to have the vaastu books, first volume, *Secret Powers of Vaastu* and second volume, *Victory Through Vaastu*. It's available.

The most two tough subjects: number one, Vaastu; number two, all different ancient processes. To understand step-by-step, graph way, to really go in the depth what they really taught on the days. I'm starting again from Five Elements, Sri Chakra, Brahma Consciousness, Aghora, then come to Siddhis. I'll find a way to teach. It will be beautiful fun with beautiful stories. So, you need to keep your energy healthy.

How many people have the really good commanding on the vaastu subject?

Students: (*Two people raise their hands*)

Swami: I want to give one problem of the vaastu. Tomorrow you can explain then if you really solved this, you're pretty good on vaastu, you can start to teach. I heard few people is getting sick. Some how, the energy also little bumpy to me, I got little cold. We have to trust the Vaastu; it's true subject. Herbals - period; the processes - period; different stages of the holy saints - period; siddhis - period. Even though you come and go, still you can get different information from different students. Of course I'll explain to you if you have any questions on it.

How many people here Cyndria for University?

Cyndria: Ninety-six Full-Time; twenty-six Part-Time.

Swami: So we need to hit the Kalahasti, Tirupati, Sri Sailam, Mantralayam. Especially the gents... need you guys to make an organized program in a proper way, whenever we're starting the Power Journeys. You should know the hotels very well, and how to take care of your groups. You know what I'm saying? You seen what recently happened in Bombay in the railway station. So you need to be careful wherever we go. You're in a foreign country - try to be aware of that. Some guys who are staying in that side (*NW apartments*), there's lot of workers there everyday. You're passports are sitting there in your rooms and you're not locking your room. Try to be as a good, discipline student. Understand?

Ok, I'll give one vastu problem to you. Who really can explain to me tomorrow, anybody, it's a challenge. Here's the property. Here's the house: Kitchen in southeast, northeast balcony extension, the river is going to the west, mountains in positive side, southwest pool, northwest extension balcony, southwest bedroom extension. The flooring, south slope on the kitchen side, in the bedroom side the flooring is going up to the northeast side. Solve it. Like this you need to solve one thousand cases. Like this you need to have test one thousand cases. Everyday let's say I give ten, fifteen, twenty, then you solve it. Understand?
