**Swami:** What you covered Nityaananda?

Nityaananda: We covered the basics of Five Elements and the very beginning foundation principles of vaastu.

**Swami:** What materials everyone has?

Myuri: Paramashiva Yoga, Five Elements Book, Vaastu Book, Yantras.

**Swami:** Vaastu, if I really involve, it takes one-week time, I can really give you the guidelines. To become the most powerful experts, it takes six months - period. It's not one-day job. And you seen, again I'm changing all the walls, making height. And today I purchased near the Gopuram the land little northeast height. I got that. Couple days later, we need to start to dig that, several hundreds of thousands of trucks to remove the dirt. That much northeast we have a lawn. To the near arch at the next left turn, that much north we have.

So, to become a vaastu expert, takes months. Herbals takes ten days then all the processes, all the yantras, and everything you have to know in your mind whenever I'm explaining the systems. You should know in your mind Sri Chakra and JC (yantra) you should know. First I recommend to learn the yantras, same time, I'm happy to teach again Paramashiva Yoga but you need to have the materials to study before when I'm entering into Paramasiva yoga. I don't want to make you to feel, it's kind of new subject. You have to know the idea of the JC Channels, how many channels, what each

channel does... So you should know that, catch up. How do you provide the materials Myuri?

**Myuri:** Everyone has or will have Paramashiva Yoga tomorrow and the JC Channels, and Yantras, and Concord information we can print up too.

**Swami:** Ok. Good. Why can't everybody have the Paramashiva Yoga? Ok, take care of the yantras and take care of all the mantras from beginning to now, even all the different, different processes I gave. For example, like one hundred and fifty to two hundred mantras completely in one book. What I want to do, tape it, record it, let's go Bangalore, sit in a studio, record that with systematic rhythm then distribute to each student one cassette, then you can hear it. Why are you looking like that Gaya?

**Gaya:** How are you going to sing the mantras Swamiji?

**Swami:** Even I have the cold but I'll try. We have lot of one-year time, isn't it? Just twenty days is over, but we need to start twenty days ahead. But it's much quiet and calmer. I know it's much quiet and calmer. We need to gain more quietness and calmness. Everybody has to think, "Is there really one hundred people staying in this place?"

So let's study Paramashiva Yoga, then somebody can review - Nityaananda and Myuri can teach then again, I take the subject, we go more. Does it make sense? And take the yantras and whenever you're having a coffee time, just drawing them. Whenever you have little socializing time, draw them.

And I also recommend everyday, one or two persons, thirty-five, forty minutes some stories from the beginning, starting here in Penukonda, the golden moments stories need to explain to make your minds relief. For example, Gaya has a story with the Swami - everybody listening. Another person has a story, standing and telling the story.

I have a story, true, real story. I think I already told it. You seen the small Baba statue? The priest Subramanyam, when he's washing it, one leg broke off. Then I got the notice, I came. We checked, checked, checked to find it. It's not there. Then I'm super angry on him. Finally he found it in the plates of the kum-kum in the flowers. Then he's holding it and I was so angry on him, I really slapped him

very badly few times on the stage. Whenever I'm slapping, that small leg jumped out. "Where is it?" He's super nervous and paranoid. "We don't know!" Then again searching, searching, can't find it. Then I went sleeping on my cot in front of dhuni. Bhahadur, he's the outside security all the time to Baba and me. The early morning he came to Baba to say goodnight, then he's putting the vibhutti on himself and he found the leg is in the vibhutti! He also knows we're all searching and he got it, and next day evening he came near the fire and he showed me, "I found this." "Thank you." Then we put the Fevical (glue) and we fixed it.

After several months later, that same Bhahadur had his leg broken. Huge rock fell off on his leg. He cannot walk. He's here in the backside of the apartment. Then I looked at his face, immediately I got the review. It means there's a big danger in his life. Baba took ahead to his leg (Baba's statue leg). That guy is super devotee since eight, nine years to me – no compromise. And he found that. Finally he got broken leg. Then the doctor said it takes several months to heal it. They put some steel rods in it. Why is that? What is inner mechanism of Datta?

If you really call from your heart He'll answer the prayer. Anything whatever you need it, whoever in the Sai Community, whatever happens, that's his decision. That's His decision. So, I'm working on my book. I'm breaking my head which angle I have to go about the JC. So by next week you'll be done with Paramashiva Yoga and Concord?

Myuri: Yes.

*(Can't hear very well)*

**Swami:** For example, you're in the deep meditation here. Some of your family members are disturbed in your countries. They're pulling you. They're driving you little bit crazy. Just give up, give up just tell him (Baba), "Take care it." Even if you're there, it doesn't help. Just you give up to him. That's his duty to take care. To be totally be surrendered, to give up is the most best opportunity in your life. Whenever you're not giving up, you think you're the doer you're responsible for all your things - that much true attachment you need to develop in you. If you didn't develop that much attachment with Guru Parampara... (can't hear the rest) Just surrender to him, he'll take care.

So we're clear on it? I'll see you again as soon as possible when you completed the Paramashiva Yoga and some yantras. Good luck.
