Swami's International Programs 2007

London – Datta Kriya Process - Third Layer

Video Presentation From Swami at the Ashram

June 2 & 3, 2007

This is Swami's video presentation to the Datta Kriya Group in London recorded in Penukonda before the weekend Program in London.

Swami: Welcome my Dear Divine Souls. After a long time again Swami is back with you guys. It's so thrill even to me watching you guys through the television seeing everybody's hearts and your love. I'm heartfully apologizing - I'm not able to come with my physical presence there. Still your Swami's love and presence is flowing in the moment. No matter what, it's your Swami's part of duty to take care of your process to bring lot of peace and wisdom in your lives.

I know Simone is doing amazing hard work and the troop, all the students getting together... we're a family, guys, unfortunately try to understand your Swami - big responsible person. Thousands of students in the globe is depending on me and unfortunately I'm not able to come, but anyhow I'm giving the message through like this television.

First of all, this many years we've done lot of processes. The first time I introduced the Datta Kriya Process in London, it went very super successful, amazing, happy and relief. It is getting climax in a beautiful way to receive the Dattatreya energy, especially the Shirdi Baba energy, to destroy all our negativities, the illusions, the blocks,

and to bring the peaceful wisdom, happiness, protection in our life. The protection will always come through the Vishnu. He's the character of the creator, the creator of the operations.

So my Dear Divine Souls, no need to be disappointed because Swami's not there - still it's a big austerities, you're searching for God and the Divine energy. Even when I did it in my life, sitting under the trees and in the caves, having a strong faith and belief, determination, dedication is most important. You don't need to depend all the time in your life that you need the master all the time in your presence to walk with you - no need to. My presence is not necessary. My energy indirectly will help you to make you to walk through the peaceful life and wisdom life.

Even though you feel little unworthy how you really can do it, "Is it really possible?" Yes, it's possible. Today I'm worshipping Baba, we're all worshipping. It's a beautiful statue. We believe it Baba is in that statue, his energy is in that statue. That statue, that energy is vibrating on us to giving us amazing energy to make our wills and wishes fulfilled in a deep way.

So same thing, today your Swami is also big testing in our life, in your life and in my life too. I'm not able to come because it's symptoms of pure Datta Kriya, pure Datta energy. No matter what, you have to win the processes. Pretty good you won it guys, again another step - water Kriya, water process what you need to do. Simply I'm giving little brief introductions and depth. You'll complete the water energy, the water process. We did Fire element - fire puja then the second thing is with the water. These two elements are very powerful, the water element.

What you need to do in the water - go, jump in the water. Swim as much as you can your body. Not super tired but little tired then stay in one place relaxly.

Say thanks to your parents and Guru Parampara then be very peaceful for two, three minutes.

Then next step - chant the Guru Mantra three minutes, after that, take the Gayatri mantra for five minutes - chant it. Then be quiet for two minutes.

Then take your personal mantra, whatever favorite personal mantra, chant it:

Your Personal Mantra

Om Dattatreya

Rakshamam rakshamam rakshamam.

Keep chanting it for fifteen minutes. After you do that, think very deeply your wishes, what you really want to make it fulfilled. If I'm in your position what I ask, I'm giving little clue - I did the same process. At the time I put Baba's picture next to me at my farmhouse well, where I did the process. What I chose, "First, before I take off from my life, I want to give as much as I can the peace, wisdom, to create strong healers in the globe, to be as a powerful master in the globe." Second thing, "Any type of negativity I want to wash out in any person's life to any circumstance as much as I can through grace of Baba." Third, "I want to know the Satya, Dharma, Shanti, Prema. I want to enjoy the deep divine bliss, the blissful life, peaceful life."

Even though a lot of things are running, you're not shaky, very peaceful, very quiet - you're making the amazing inner silence, developing it as a mountain of inner silence. That only we need it. Once if we do the inner silence, improve it - you're a pretty powerful guy, soul, in the planet.

So if I was in your position I would chose the three. You can ask for any abilities what type of requirements, desires, it's up to you guys. And also after this Datta Kriya Process is done, I want to introduce the Parameshvari Yoga - what I introduced in Germany last program. And also, one small incident happened to one lady there. One small lady got pretty good illusion there. I told them very clearly at the time, but they didn't follow my instruction. But it's ok, God is great, everything is fine. And it's a little sad, but it's also a little lesson to the coming student's planet.

So my Dear Divine Souls, be strong enough and Tatyana will teach the Parameshvari Yoga, she'll introduce it. And again I'll come as soon as possible. I'll intimate - your hearts need to be open to take another process that I'm introducing through Tatyana to give the Parameshvari Yoga. She's also leader to hundred of students in Germany to take care of the Parameshvari Yoga. So I have strong confidence and faith on her, she can give that channels and energy to you guys. The same prayer what I gave in Germany, the same instructions, the same system she'll teach you. You can follow that. And also once you've done it, I'll give a call. And all your questions I'll give answers by telephone. I'm happy to clarify it.

In the coming days, in the long term, you have to get used to receiving the knowledge and information from your Swami like this. So you need to be mentally prepared and your hearts have to be open, and it's getting day by day tight, the energy is tight. It means many works are coming at a time to your Swami, and of course I'm taking care of it. At the same time I want to spend lot of times with the students, but unfortunately the time is getting very tight. I hope you can understand it. It means more crowd is happening, more crowd, lot of works but everything is good, wonderful.

So one more time I'm apologizing to Simone and all her troop, her assistants. And same time when you're doing process, guys, your Swami is here and doing the same time connecting the process. But I'll do my own way to reach, to make every soul awaken very strongly. So I'm a hundred percent confident - nothing to worry there. And try to spend as family members, as a group team to share your experience and feelings on the knowledge. And also, go through the Parameshvari, that book, what on the ancient days they taught in that book, the Bijakshras what they wrote and the benefits of that. It's not my own crazy stuff - it's the authentic and ancient knowledge. It's more important to be open in our lives to that ancient knowledge what it really tells there. And pretty good I'm writing the book. So far it's pretty done. And I'm very looking forward to releasing it and to hand out the book on Guru Purnima to who's coming to the ashram. And you're most welcome and if you want to do the process in Guru Purnima with me here in India. I'm happy to take you to my farmhouse, again one time we'll do it. No problem. You can do

within five years this process again. If you feel you want to do one more time with your Swami, if you need to feel your Swami's body in the water, yes, your Swami will be there. But the Datta energy, it might show up your Swami's energy in the water in any form. I don't want to tell that, it's illusion, divine illusion.

So, my Dear Divine Students, have a wonderful time. Good luck, big hug to everybody. All my love, take care.

June 2, 2007

Conference Call from Swami in Penukonda

To the Datta Kriya group in London

Swami: Hello?

Group: Hello Swami.

Swami: Hi guys, how is your day?

Group: Very good.

Swami: Tatyana teaching good?

Group: Yes, very good.

Klaus: You couldn't do it better Swami.

Swami: So far, do you have any questions guys?

Group: No. The process is very clear.

Swami: Good, everybody done the process?

Gustav: How are you Swami?

Swami: Good, no problem but lot of work, amazing hard work in India. But we're a family so I hope you understand to me and

heartfully, I'm apologizing but pretty interesting, very interesting. But you know your Swami's life, and your Swami's style, and the way of the action of going to the Baba - how he's really playing. It's very interesting but it's good, but everybody has to prepare in your life what your Swami is... through and doing hard work. Ten years, what I'm doing it, very sincerely and heartfully, Baba's grace - his lila - he's Datta Kriya, he's Datta Kriya.

Today I really want to be there with you guys in the water to do the process. Several times I did in Hampi river, with several hundreds of students but it's ok, Baba made the distance with us. He has a reason why he's making to break - totally illusion but I accept that. I have to give chance for the illusion. I didn't want to give even time - let the lila also be to me one time too. Its already given couple times to me but I beat the illusion hundreds of times then I got success with hundreds of students to connect the Mother and amazing Baba and Mother experiences.

But I understand and hopefully you understand too. This is illusion game - total illusion game. So far the Mother is playing in the nature. My protection, Her protection, Her game - she's punching. I'm punching. She's punching. I'm punching. She's punching, I'm punching, punching, punching. But this time I accepted Her, but don't take it in a negative way on your Swami's side. I totally surrendered to create, to establish, to promote the divine energy in the planet as a strong healers, as strong characters in the planet, but I'm really, really appreciate you guys, your open heart, grace - student's came for this program.

In my life, when I'm on the beginning days when I'm doing my process heartfully, when I did it - putting the Baba statue, Baba picture, small statue - his energy is there based on the manuscript, the holy script, the ancient script, the pronunciation, that vibration, the prayer, the mantra, the sloka - chanting it and perfectly doing it. Amazingly I got success. Same thing you guys are doing it. You think a little bit, your Swami's experiences are a little ahead how he been through too, it's natural. Same thing you guys. Today you feel little uncomfortable, "Swami promised. He didn't come." Hey, I really want to come to there. It's not a big deal, eight and half hour journey

but some energy making, blocking it. It's illusion, a divine illusion, divine illusion, also, to break that, to cut off that.

But hearts are open to be strong enough, to really, really, really, to punch - to get the protection, to take care your soul forever and ever until you reach Mother. Again I'm repeating, to take care your soul forever and ever until you reach Mother. Even though we take lot of illusions being born as a human being - your wife, your husband, your children, your business - these are all common phenomenon. It's natural. The disturbance is already natural to stop your progress, to stop your glory. Even it came to me to stop me, not to come to London. I accept it. Whenever I accept it, I can give more punch.

Whenever I was in Germany I gave the Parameshvari Yoga. Super fast a lady got burned in the fire ceremony. I told them very clearly... you should listen to that whole talk, whole CD - it's very interesting what I talked, no responsibility for next... No expectation for next... Same thing what I expected, some illusion is going to play the game. It happened. I walked out. Whenever they're choosing for the program, whatever they want to choose the program, I gave five minutes for them to discuss themselves. Then the whole group discussed and they chose seven members. I told them these guys are responsible for your whole process. It means I had to escape from there. It doesn't mean escape, it means I want to avoid the illusions. Same thing happened, the illusion hit it. It means guys, the illusions is always playing on us.

Pure Datta, he's amazing, He's immortal. Until we merge to the Mother, we have to be very careful, very careful step-by-step in our life all actions whatever we do. We need to be careful. Even intentionally or without intention we don't have any right to discuss, to hurt anyone but it will be reflected to your soul if your responsible to hurting anybody's soul very badly - that's the major message of the Datta Kriya. We should be very careful to play the game of your life. The game means you have no idea today, tomorrow, next minute, just we're running it we're going - just it's running.

You think you're responsible for your life - I disagree. Some divine energy is playing on you to play and to give the consciousness to your actions. Again you get to reflect to your Brahma Consciousness

what you did. Whenever the reflection comes, action to reaction, whatever we do again, we'll get back. Even this life, last life, last life how we can discover that? We need to observe. You need to observe. You have to observe what's really going in your life. Why you're in this much emotion? Why you're carrying this much sadness? Why you're really carrying sorrow? Why you're in this much depression? You think you're in depression but you're not. You're not losing anything - you're not. Whatever is playing, coming in your life, take it for granted it's a challenge - it's a divine energy God is playing on you. You have to face it. You have to stand for it then you'll become very strong. No matter what, simply accept it.

Today, to be honest, I really want to be there in my physical presence but I'm talking to you guys, but hun-un, I accepted the illusion, no problem - that's very important. So I gave the process to you guys to chant your personal mantra, the next mantra chant as much as you can. Get relaxed. No problem. When you come back to this Guru Purnima again, if you really want me to be there, I'll be there. Try to understand the Parameshvari Yoga what Tatyana's going to teach. It's a very powerful book, ancient knowledge, all the Bijakshras. It's not your Swami's own craziness - don't think like that. Proof and evidence on the days what they wrote on that - very powerful to connect, to break forever and ever the illusion. It's very, very, very, important in our life. On the days, those guys how much they really researched on the Shiva-Shakti, the union energies. It's amazing book! Also I did from the same book this process. So we'll see.

Even though your suspecting mind, illusion mind - shut the door! Mind is always monkey, there's no end for the illusion. Unnecessary 'monkey mind' is thinking negativity. Once you see the ancient, authentic evidence on the process - to grow, to grow the inner silence, it's very important. If you're not developing the inner silence, you're life is a waste. It's a waste. Even though you're carrying hundreds of money, bangles, wife - good, if you don't have inner silence, happiness, it's a waste. Whatever you're enjoying the purchase the human beings on earth, that life, this life, it's ok... but you need to experience, the experience. Fifty percent of your life you're sleeping time, what's really happening in you? Whenever you're sleeping what's going on in you? You have to know that.

You're awake in the daytime - you're stuck with the illusions, when you're sleeping you cut off everything. Daily something is running - fifty-fifty. Fifty percent you're attached with the illusions, but you're not when you're sleeping with illusions - that is Dattatreya. Whenever you're sleeping, you need to understand who you are, what you are, what is your purpose, where you came from, what you really, really, really, want to do in your life. Your soul will tell your Brahma Consciousness to bring the spark and the awareness to your soul.

Again back to the thunder in the mountain, the echo, once it hits it, it comes back. Try to be awake, guys, whenever you're sleeping. It's impossible to understand, to recognize - it's not a joke. If you want to recognize, you need a process. Even if you make a small dam, even you make your own road - you need a boat to cross that illusion. Every saint, every master, every healer, every soul who really wants to know the divine, to recognize the supernatural God, supernatural science, supernatural creation, supernatural power - they will face some hurdles - that is a natural phenomenon no matter what. How many lifetimes you're born or not - you have to recognize in your life, you have to reach that place - that's your final destiny.

You have to think... your Swami early age, my life I sacrificed to recognize the reality, hundreds of ancient things I researched, hundreds of ancient manuscripts, ancient philosophies, what they wrote it, reading amazing things. I... so far pretty good the Penukonda, your gurusthan, discovered amazing things. Same thing guys you'll follow in your life. I hope so guys. Even you think, "Is everybody is crazy?" I know it's a natural phenomena to your 'monkey mind' but you have to understand the illusion of Mahamaya. Maya is nothing but purely... if the cobra is hunting you, any minute it can bite you. You have no idea what can happen the next minute. That is the Datta Kirya, that you need to protect.

I'm heartfully apologizing to Simone. When I'm jumping in my car from Germany, she gave a shake hands. I looked in her face. Something I knew, I smelled it, "Am I really coming to London?" She said, "Please, the London people are waiting for you." I looked at her face very happily, same time sorrowfully, "Ok, I'm looking forward to seeing you too if God will admit, if the divine grace will admit."

See, it's a game it's a divine game. But we're a family, guys, you're in the Datta family, purely Baba family - think deeply, understand, more understand - open your heart, be flexible, no matter what will happen stand for it, stay for it, nothing will happen once if you...then you surrender.

If you really heartfully surrender to the divine, you have to help to the divine, you have to help for the divine, some times the divine will ask that from you. It's illusion. I know you got confused. The divine will also sometimes get confused. Divine energy, once it got disturbed it will take amazing energy who has that perfect soul, perfect connection, who has the personal mantra, then you need to act, you have to act, the divine energy makes you activate in the globe, to promote the divine energy in the planet. The same thing happened with Jesus Christ's life. The same thing happened the Paramahansa life. The same thing happened in the Shirdi Baba's life.

The Jesus is nothing but purely, purely he got the divine inspired to him to do amazing activities. He sacrificed he got crucified for the divine, for us. He suffered for us. It's the truth, that's a divine game. We need to accept for the divine game in our life then our life will become amazing happy, smooth, peaceful. We need that forever immortal for your soul - not this body. Maximum the human body can live seventy, eighty years lifespan, maximum one hundred. You're over once you go past seventy years - you lost consciousness, you behave as a child. You have no idea what's going on in your life. But you're playing with your body, you have to but you need to create the consciousness through your soul, the awareness of the creator, Datta - what is Datta creator happening - that you need to prepare from now, today. You need to make the step. You need to make the foundation. You need to make the vibration for the prayers - we're reaching to that age. We're crossing that limit. We're not fragrancng that, we're not enjoying that age, we're beginning as a child.

Don't misunderstand. It's very, very, very important point. Your Swami has seen hundreds of thousands of people. I've tested it. I've seen it very personally. Once the limit is crossed it disturbs the mind, disturbs the soul, gets heartbroken, heartbroken, heartbroken... Then if you look to your consciousness, you need the Datta Kriya process

no matter what. How many times you got heartbroken? Ok, fine. No matter what, how many times your mind got disturbed? How much your soul is also playing on your Brahma Consciousness? No problem. The Datta Kriya, if you did if you made the admit with your soul, if you really made the admit to your soul, you did the Datta Kriya the soul will never play the game. It will tell the Brahma Consciousness, "Guru Brahma, Guru Vishnuu." It means Guru Brahma, Brahma, the Brahma Consciousness has to accept all your personal the illusion your soul creating. If the soul is not active, the heart and mind will play illusion. To make your soul active you need to do Datta Kriya. Sometimes the soul will play also illusion. That is purely game of Datta Kriya. Datta wants to play on your soul. You be very quiet, your soul is very silent, then you're starting to create as a 'monkey mind.' Your heart is broken, your mind is crazy, you get attracted to many addictions, all the stuff because your soul is playing on your Brahma Consciousness. To give an injection, to inject the real medicine to the soul, is purely a Dattatreya process.

So my Divine Souls, try to understand what you need to do in your life. Even though certain things you can't believe, you can't understand it, sometimes you need to do it, it helps to you. It takes care to you in many angles. Instead of ignoring it, I believe it's better to do it. So I hope everybody's enjoying a great time there? Does anybody have any questions, guys?

Lothar: Yes, Swami, such a big group finishing the process tomorrow. Can you talk a little bit about the systems in the world after this group has done this? What is the consequence of such a big group doing this Datta Kriya process and finishing it tomorrow? What is the symptoms in the world?

Swami: No problem, do it. I don't want to tell the symptoms in the world because you're doing Dattatreya. It's beautiful, nothing to worry for that.

Martin: Should we first finish the Datta Kriya process tomorrow morning, then meet with the Parameshvari? Is that the right order? So tonight we concentrate on finishing the Datta Kriya tomorrow morning?

Swami: Um-hum.

Martin: And then we start with the Parameshvari?

Swami: Yes.

Imke: How do we start the Parameshvari process?

Swami: I recommend tomorrow, after you're done the water process, then everybody sit, connect your gurusthan. If you don't have any gurusthan, think on Shirdi Baba for two three hours minimum, chanting your personal mantra and to asking the power to take care of the rest of your life. You need to create whatever you can the strong powerful characters in your life. Anything else?

Imke: Is the gurusthan our personal power spot energy?

Swami: Yes. Yes. That is your soul spot, whole your energy until you reach the Mother, your soul is activating from there. It's like an antenna giving the vibrations. No matter where you are in the planet it keeps coming to you. It's pure Earth element. We can escape from any element but we can't escape from the Earth element. It has that much strong earth vibration - amazing powerful. All our karmas, strong... will come from the earth. That's also a part of the Vaastu is the Earth element. Next?

Imke: *(Can't hear but it's about what the people do who don't have a power spot in the ashram)*

Swami: They can connect with the Baba statue in Penukonda thinking on their personal mantra. Then somebody can bring any dirt from London (for people who want to create a power spot in Penukonda) and give it to any senior student who can bury it for them in Penukonda.

Imke: We can prepare that here?

Swami: No problem. Simone, how are you doing?

Simone: I feel much better now, after going through depression and angriness, I feel much better now.

Swami: Hey, c'mon on! How can you say that?

Simone: Yeah, I'm having the most beautiful weekend over here now, so thank you very much. And in a sign of gratitude, the idea in the group was born to... we would like to give you a little present from our heart and the idea here in the Datta Kriya group came that we know you love roses and we found a beautiful white rose, which it's now named Sri Kaleshwar. So we will bring it to India and you can plant it in your rose garden. Everybody of the group will have the same plant. So it's some kind of seed, it's really growing here and that's a great thank you from everybody here in London.

Lothar: And Simone got you some very nice swimming trunks.

Swami: I will take that in Guru Purnima.

Klaus: We'll see Swami.

Swami: Absolutely.

Lothar: Got it in the right size.

Swami: Ahhh. Good. So guys, everything ok? So I recommend to Tatyana and Tobias to talk little bit what to do one more time. And after more depth of Parameshvari Yoga, and more experiences what illusions happened so far. The Tobias, Tatyana, and Martin they faced the illusions in their life. It's very important to discuss as a family the vibrations how the illusions playing. It helps. And once you're guys in the water, once you're doing the Guru Mantra, your Swami is there. He'll take care, so don't feel you're a little uncomfortable and crazy cult, but you need to do. Like once we went to any temple something you're looking at any statue, you're worshipping, you think some energy is there but once you close your heart in the temple then you felt, "Ok, fine, beautiful statue," then you walk out. Same thing once you jump in the water, you need to open your heart. You need to experience it. You will experience it. I'm not hypnotizing it. You know Swami's style and lifestyle. You'll enjoy it guys. You'll receive amazing energy. You're going happening it no matter what, pure Datta is with you. He made me to crash it - that I love it, that - purely I like him. It's ok - I accept it.

And also you have to accept, even in coming days in the future, any help, any message... you might see who's the illusion, you might hear the telephone, you might hear different way on the cosmic level. That you need to mentally prepare forever and ever until your last breath, guys. I'm really having strong... for one hour I really want to spend with Baba with his physical presence, I really, really... I had some time with him. Now I really want to be with his physical presence for one hour. So far he's not giving a chance. But I got chance few seconds when I touch his feet, I'm not joking I'm very serious. When I touch his feet, it's very smooth, natural feet there. Again once I put my head up it's a statue, purely Datta - he's amazing Datta. He's really playing the supernatural saint. Heartfully I'm saying it, one day you'll understand this conversation guys, my feelings, my inspiration, it will stand for thousands of years in the planet. No matter what, millions of students will follow this information, they'll take this information, they'll admit this information they will follow it.

So my Dear Divine Souls, it's beautiful weekend to you guys - enjoy. Try to understand each-others in your heart feelings. And let's participate in the Datta Kriya Process. And also, try to jump in Parameshvari Yoga. And once if I again commit to you, even though I cancel next time, next time, be prepared heartfully to give initiation to Parameshvari Yoga. But I have to give some personal code to you guys. Even Tatyana teaches some information, the final initiation, certain things I need to give it. Whenever it's necessary I'll see you in London or in India - no problem. But try to learn that book, see that Yantra, those Bijakshras what it tells there. Concentrate on your weekend. Don't get disturbed with your work, your business and feel little tense. Concentrate this weekend for your life in spirituality, for your soul happiness.

Good luck guys. And I hope Tatyana is doing job - she's dynamite and she'll do amazing work. And one more time, an apology to the whole crew and to Simone.

Simone: Ok, no problem.

Swami: All my love guys. Take care. Bye.

End of talk
