Guru Prunima Program 2007
Bhasma Abhishek and Burial
of the Ala Hala Garalakanta Shiva Lingam
Talk at the Ashram
July 31, 2007

Swami: Zahira can you stand up? Can you choose the seven strong ladies? Quick. You can see the southwest direction, you can see the strong ladies.

(Ladies chosen: Luzia, Mutiam, Daniella, Charlotte, Pamela, some more not listed here)

Swami: You accept these girls, guys?

Students: Yes.

Swami: Monika, you accept this group?

Monika T.: Yes, Swami.

Swami: Gary, can you choose the seven strong guys - really strong guys? They can go for any extent.

(Jaycee, Eric, Patrick, Martin and two more?)

Swami: You sure you're all coming to the next Guru Purnima, even if you got in accident?

Students: Yes.

Swami: You got it?

Students: Yes.

Swami: Did everybody shake the Shiva Lingam, touched it?

Students: Yes.

Swami to the women's group: Your group, choose one of the lingam bases.

Swami to the men's group: Your group, choose one of the lingam bases.

Women's group: (Four chose the small one, three chose the big one.)

Men's group: (All chose the small one.)

Swami: You guys take that Shiva Lingam base inside Dwarkamai and put the Shiva Lingam on it, and bring it out. It should not fall off! Once that Shiva Lingam is inside the earth, whole your power spots and your soul energy will immediately start to take off guys. From this Full Moon to next Full Moon, you'll feel little light but quiet and calm and little numbness energy. And you feel like kind of in the bliss. Don't get irritated. Don't get a little irritable. For one month it will be like that. It's not an irritable it's a kind of your relaxed. The high energy just dumped on your soul.

Then, layer-by-layer, it'll get easier. By next Guru Purnima, again the Full Moon almost like twelve layers changes. Once it enters the thirteenth layer to the soul... actually there's eighteen layers you have to complete with your soul. Once the twelve layers are over, whoever is digging it, whoever is putting it inside that hole, the same guys need to pull it out. I don't have any right. We don't have any right. The same persons, they need to. You need to get them here. That's your responsibility. If I'm on earth it'll happen, otherwise it stays forever. That's period. I hope.

Minimum three times we need to take out that Shiva Lingam, minimum three times. Then finally whole our group will decide what need to do, if the Shiva Lingam needs to come out and sit in the Dwarkamai or needs to sit in the ground. We'll decide after three strokes later. Until to then, we don't have any right. Sattva, tamo, rajo

gunas, these three... Next year is one, following year is two, finally comes the three - 2010 we'll come for the climax conclusion.

You might think what is this funny process, this small Shiva Lingam rock we're putting in the earth? We're based on the Five Elements, our souls - that energy how it's really going to implement on our souls, it's so amazing. And I asked you where is the Big Boss Power Spot. Who is the Big Boss? Jesus Christ one of his most Power Spot. Clint where you scanned? Where you identified?

Clint: Northwest garden in the southwest quadrant.

Swami: Can you stand up and talk?

Clint: In the northwest garden in the southwest quadrant southwest of that tree.

Swami: The Northwest garden – that side of building?

Clint: Yes, that building and the southwest of that building.

Swami: Monika T.?

Monika T.: I didn't scan it Swami.

Swami: Who scanned it guys? Sincerely scanned it? Becca?

Becca: Under the northwest building.

Swami: Ganesh?

Ganesh: I scanned the whole ashram as far as I could walk. My feeling it's the tree in the southeast garden where you sat with the Yellow Scarf group in December 2005.

(The group brought the Garalakanta Lingam on the base from the Dwarkamai.)

Swami: I'll give to the process five more hours and then tonight I'll declare it with some evidence. You need to... how many people

really connected to the Mother here? You guys, this many people you didn't scan it? You didn't really think on it? Paul, is it set?

Paul: No, it's not fully set inside, so there's a little bit of play there. There's some small gaps, if you leave it it'll set.

Swami: How many people see in Shirdi, in the Gurusthan the Shiva Lingam? How big is it?

Clint: It looks a little bit smaller than this one but close to the same size. It's there now.

Swami: Still it's there on Baba's Gurusthan where he put his austerities power – satya, dharma, shanti, prema – four lights underneath the neem tree. First Shirdi Baba's manifestation and he donated it to Tatya - similar. You cannot take a little bit out or little bit less - perfect similar Shiva Lingam (to the Alahala Lingam here). It's the same.

Every person you held it, felt it. When you go to Shirdi, when you hold that you can see. Once you touch that then you can start to feel it. One of the reasons I'm putting outside of Dwarkamai, after three strokes are finished then it will be super useful. Until to that, it's better to be in open space. You know what I'm saying? It's better to be in the open space. Any questions about this? This is the climax moments.

Leslie: What's the relationship between the two lingams?

Swami: That is purely Mother energy and this is purely Father energy. When you see the next year, then you'll see what it is. Once your soul came to the earth from any planet, until to now, any of your negative karmas, whatever is the negative energies your soul is holding it, is completely gone – completely gone!

From today onwards what you're doing it - that action to action is coming. Second thing is, any illusion is coming, its two hundred percent Divine illusion. That Divine illusion is Guru Parampara - period. I'm serious.

Mutiam: You said this is purely Shiva energy. You taught us in the divine moment, divine experience, it's here. Is there something you think we should ask for in this moment?

Swami: I don't have any comment on that.

Zahira: You said inside is alahala?

Swami: Yes, nilakantha.

Zahira: And when we shake it, it takes our negativity?

Swami: Yes, once you touch it, that's it.

Zahira: And why did Shiva give it to the Mother? What's the purpose?

Swami: It's useful to the globe.

Zahira: He couldn't give it himself to the globe?

Swami: Who's the next person to handle that? Only the Mother.

Chinello: Once it goes into the earth does that mean (*can't hear the rest*)

Swami: Yes, automatically, without your knowing the inspiration is strong in you. You're super strong character. If anybody really wants to damage you, if any negative energy wants to damage you, if the backside mountain want to disappear then it's possible some negative energy can touch you. Is it possible that mountain can disappear? I'm serious. In this small town, 365 temples are here. That guy, Krishna Devaraya, he built 365 temples here. And here, in this earth, the first manifestation of the Mother, pulled the Mother and created the Mother in this Penukonda Fort. I'm not exaggerating it. It is there with evidence. The ancient scripture is there like a Mahakali form. For example, Shiva is there, Brahma is there, Lakshmi is there, Durga is there, Saraswati is there, all angels are there, all rishis are there, every form gathered in one form – that is Kali. On the days, thousands of years back, some Maharshis they use to meditate in this mountain in the caves. There's amazing caves hidden in this

mountain. For themselves to protect it, they created a strong Mother for several thousands of years - She need to protect this area.

Some channelings luckily we got that. Your Swami's implemented, keeps going on pulling it. We tried to send it to the MRI test whatever it is, but it didn't happen. After three strokes later, three times if you touch it, after three strokes later, it needs to get also tested. You'll feel it if the energy permits. So then it's easier in your soul to communicate with the Mother and Father, especially the Big Boss, Baba and Jesus. It's easy to. Your connections will become very stronger like with your grandfather, you're talking as a kid, you're telling your feeling. You're a kid but you're telling to your grandfather - that strong bridge is there. It happens once it's in the ground. Final question, Myuri?

Myuri: You were going to tell us whose soul that belonged to.

Swami: Whose soul?

Myuri: Yes, you said it was one character's soul lingam.

Swami: Gosh, Big Boss Jesus Christ. Baba carried the brick entire his life. Jesus Christ, the strong belief, the energy what I seen it, that's his energy there.

Zahira: Did he receive it from the Mother?

Swami: Done. Let's go. Each person try to put little ash on it and do the five times pradakshina. Girls and gents to carry to the hole and some strong guys need to take it gently into the hole. Ok?

(Swami cracked a coconut and poured it completely over the lingam, then picked up some ash and sprinkled it on the Ala Hala Lingam. The group followed doing the abhishek and pradakshina.)

Swami: Ok, the Shiva Lingam is coming. You guys try to get it handled to them and they'll take care of it. Come Patrick, try to handle, receive it from the girls. Ganesh, get a coconut. Ok, Eric, Martin, receive it, take the lingam.

(The women's group brings the lingam up and hands it over to the gents group.)

Swami: Start the claps.

(Everyone clapping. The gents carry it down into the hole. It's safely placed facing north. There is huge applause from the student kingdom!)

Swami: Ok, now you simply putting the dust on it, and around it, then the rocks. One more layer then rocks, one more layer then rocks – so three rocks. Done! Good luck. Somebody take the buckets and start to put the dirt inside.

(Then the assembly line of gents and ladies were passing the buckets down to fill up the hole. It was a beautiful sight watching the students working happily together during this momentous occasion)

Amazing Day!

End of Talk - End of Process
