**Ashram Talks With Swami**  
Informal Sharing With His Students  
Talk on the Steps of the Mandir  
September 11, 2007

*Swami begins with asking Tatyana whether he should go for his program in America right now.*

Tatyana: It's probably better not to take that risk.

**Swami:** Monika T. is sweating, Clint is sweating and Chinello. These guys are all sweating until I'm in the flight from Frankfurt to Los Angeles. They won't believe until Frankfurt. Since one week I'm begging Baba, and Jesus, "Give me strong feeling either way – go or not go. It's not happening. Why can't we make a lottery? One is, 'go' and one is, 'not go.' Put the two lottery options on Baba's feet - he will decide. Simon, go and pick one.

**Swami to another student:** You're also flying there right?

*Sabeena shows maybe, maybe not. (body language)*

**Swami:** You don't know it, huh? How many people left from the ashram, almost six, seven people gone? The coming days will be like this, until the last minute, 'go' or 'not go'. How is Gustav?

Sabeena: He's better, still weak but better.

**Swami:** You put some poison in his food? That's the gossips I'm hearing.

Sabeena: I don't think so, but it came through food or water somewhere about two months ago.

**Swami:** The hut, the steam food, the natural...

Sabeena: I think it came from Bangalore.

*Simon brings the lottery folded paper back to Swami. Swami opens it.*

**Swami:** Oooh... Go, ok, relief. The food is not good, healthy here?

Sabeena: I think it came from Bangalore Swami. He was several times in Bangalore cause of the CD, so...

**Swami:** How is that Guru Day Message Tatyana?

Tatyana: The latest one, the Conference Call you mean?

**Swami:** Yes.

—

Tatyana: I think it was a big change in the way you communicate with the world. You're being more straightforward.

**Swami:** What do you mean straightforward?

Tatyana: Not holding back your self. Telling straightforward what you're doing and telling the students not to hang on their 'monkey mind'. Like you prepared them even if you won't come, it's still important that they go. It could happen that they'll receive the energy initiation in a more powerful way. My feeling is like you're telling them, "Hey, stop being a kid, simple 'monkey mind' student. Look what's really there and follow that, trust that, and have faith you'll be there."

**Swami:** You also sent the same message to Europe?

Tatyana: Yes, same time.

**Swami:** In German language or what?

Tobias: Both - in German and English.

**Swami:** Same is coming to the program in LA?

Karin: They moved to Arkansas. They moved far away and they're having big financial problems. I haven't spoken to him since I left Los Angeles.

**Swami:** So hard.

Karin: Thank you for asking Swami.

**Swami:** Really my book (Paramashiva Yoga) comes out there in L.A. The Big Boss, once it comes out, it's a great novel - put it that way. I'm taking the whole *Bible*, like fifty pages... this whole *Bible* message taking fifty pages then remaining things... it'll be quite interesting to fixing to this right 'Age' to these human blocks. You understand what I'm saying? We don't need to go 2,000 years back. Let's bring the 2,000 years to come now - that's a big difference. You don't need to go back 2,000 years. Bring back again the 2,000 years in front of you. Let happen the same movie again back in front of you. Many layers of testings...the big changes in the Dwarkamai Shiva lingam – inside and outside of it, in the ground. He has to bring that information. What are you writing?

Imke: What you're saying?

**Swami:** The coming days also, once the power is available to everybody, whole groups getting splitting. You know what I'm saying? Fighting in the small groups and big groups - but I need to fix that. It's ok. Is everybody going to Shiva Cave and putting the water? It's continuing, everybody touching Dwarkamai inside, going inside at least once?

Students: No.

**Swami:** Last time who cleaned the Dwarkamai?

Myuri: Every morning a different group is cleaning according to who's meditating in there.

**Swami:** Once you maintain Dwarkamai crystal clear your vibrations, your soul capacity keeps going up. Once you stop it, not cleaning, they're stuck there. Everybody to the student's kingdom, the Dwarkamai, the flame keep run it 365 days non-stop, and making it really perfect clean.

Myuri: It's being cleaned everyday.

**Swami:** Not normal cleaning. That water in the Shiva lingam, everyday need to change the water - fresh water. And inside super smooth. You can feel the energy in Baba Temple, then once you enter Dwarkamai first room, then the last room - that's the peak. Even you want to think something, you cannot. I'm serious. For example, you want to think on your girlfriend or your boyfriend or what the master said. You go inside and start to think, zero chance. Little bit you might think then it's stuck. Naturally it drops it - it maintains its own silence there. Good luck, have a good day.

Tatyana: Are you saying each person should go each day?

**Swami:** Spend little time, like groups one hour.

Myuri: Right now we have a schedule for each group of the University sadhana people, so between ten and twelve, and two and four, they're schedule in there everyday, so the rest of the people we have to arrange around that schedule?

**Swami:** Yes.

Myuri: And what should we do inside there?

**Swami:** That's why I'm saying, quiet and calm.

Myuri: Just go and meditate?

**Swami:** Meditate whatever, your personal mantra.

Myuri: How long of time?

—

**Swami:** One hour, minimum. Inside your personal mantra is the most powerful mantra to bring your soul energy up. Find one hour for yourself. Good luck.
