Shiva Ratri Program 2008
Swami Gives Instructions for the Shiva Ratri Program
Talk at the Ashram
March 1, 2008

Swami talks to Senior Students and this year's University Students

Swami: Lot of crowd in ashram, Nityaananda?

Nityaananda: Yes.

Swami: Does everybody know the Shiva Lingam Yantra? Who doesn't know that?

Gary: Swami, do you have to know all the bijakshras that go in the Shiva Yantra or just the form?

Swami: Few bijakshras at least, but you can draw that isn't it? Exactly?

Gary: No problem.

Swami: Ramakrishna?

Ramakrishna: Yes.

Swami: Jonathan?

Jonathan: Yes.

Swami: What about Mahakali Yantra, in case, Nityaananda?

Nityaananda: Without seeing it? Yes, I have to practice a little bit but I can do it. Every single piece?

Swami: Um-hum. All the birds and...

Nityaananda: Ah-hah. Takes some study.

Swami: Good. Tomorrow morning between 10 and 12 in the northeast garden we're going to install the Mother Divine and Hanuman. You know that? For the protection for the Big Boss power spot, one of his major power spots. Sincerely I recommend - have the strong breakfast and to attend there and to chant the Jesus Christ Channels. Ramakrishna can you chant the JC Channel prayers?

RK chants first JC Channel

Ramakrishna: Is it correct?

Swami: No. Your friend Luzia will tell.

Luzia chants the same mantra

Luzia: Is it correct?

Swami: Yes. The accent needs to be important. Did you scan there, the Power Spot guys? Do you know how much you're missing it? You're in the water and how much you're really missing it? Clock is running super fast. It's amazing fast. The first time I'm going to show in the Berlin, maybe Europe. If somebody asks about JC, some of his statements, some of his life showing directly the leaf and direct translation. You know what I'm saying?

We do have the knowledge and information. You got trained. You connected it, you received it but you're not using it. You're not concentrating on it - that's the major problem with you guys what I'm facing. Two things, either I should be very strong or completely neglect you, not spending my time with you. I know you have lot of simple problems, family problems, relationship problems, financial problems - it's endless. If I solve one problem, then another problem is waiting there. You are here for researching amazing supernatural

things here. You're here! If you miss this time and opportunities... You might think you don't have the channelings, you connected the Mother but you don't know what it is. You have some power objects but you don't know how to use it, but you're not using it! You're not spending time with your power objects. You're not focusing with your third-eye to scanning the energy. It's like a bicycle, first you cannot handle the balance then, step-by-step you can handle it.

So two powerful deities I'm fixing there - Hanuman and Mother Divine to protect that Power Spot and to you to be able to recognize that energy and to receive the energy from there. Tomorrow is a big day in your life to receive the energy from that earth, from that land, from that sand. It's only possible once you keep chanting those prayers. Tobias, do you know those prayers?

Tobias: No.

Swami: From tomorrow evening - everyday light nine torches like same you did before with lot of ghee and camphor to do pradakshina to Dwarkamai. Gents fresh shower, no shirts, the ladies do fresh shower and clothes then come, keep doing the pradakshina as much as you can chanting the JC Channels. If you don't know the JC Channels, if you have the fear maybe you're doing a mistake, chant the Sky mantra. Once you're doing it, the Shiva Lingam in the ground will start vibrating very powerfully. It wants to come out. You put the slates inside isn't it Ramakrishna? You dug the hole, you buried the Shiva Lingam, you buried the sand you put the slates?

Ramakrishna: The slates are above the Shiva Lingam four or five feet.

Swami: Above the Shiva Lingam?

Ramakrishna: And then sand underneath that.

Swami: How much time it takes to you guys to pull that out?

Ramakrishna: It depends how many guys are working?

Swami: Like whole your crew, gents.

Ramakrishna: All these guys here?

Swami: All these guys here.

Ramakrishna: Women too?

Swami: The women they'll support differently.

Ramakrishna: Maybe six, eight hours.

Swami: After arati if we start, can we finish it before sunrise?

Ramakrishna: To take it out?

Swami: To take it out before sunrise?

Ramakrishna: Yes, definitely.

Swami: The sunrise cannot touch that, that's the concept. He's the person holding the half moon you know? He's half moon person, not any more with surya. Mother is holding with sun, Shiva is holding the moon, the energy. Possible after arati, once?

Ramakrishna: Yes.

Swami: So try to prepare some buckets, all the instruments to go in.

Eric: It's all ready Swami - we have the buckets and shovels ready.

Swami: Just make sure there's enough, and lot of brand new students are coming, try to make groups to them and take care of them in a proper way. Easily they might get sick, confused, "What is this?" So you need to prepare as a groups. With the girls you need to prepare one person, like thirty people one sector, like five, six people taking care of them. That's another point. And tomorrow once you're there, try to use your maximum capacity what's in the ground. We found... I think somebody saw Lord Venkateshwara there. Who was it? Paul, Terry, Simon? I will show you that too. Lord Venkateshwara is not Krishnadeva Raya's century. He's the, the, the oldest - on top of that he's just laying down.

And the Jaycee, whenever they were working there, it's not even lifting it. He hit it when he's lifting it, it's not coming up. Then he's smart, immediately he called, "Something's here!" I went - we

removed a little dirt. Peacefully he's sleeping, lifted it - hid it. Within hours the government people showed up, "Please, can we have look at that Venkateshwara? Who is he? We have no idea. We have no idea." Energy is there, purely the energy is there. There's a chance, once any controversy comes up, we need to dig there and to show some evidences. I'm ready, but your souls also need to be ready to stand for that, for that energy. Like you're all sticks to the fire. Once is the top most Telugu who can speak here?

Ramakrishna: Nityaananda.

Swami: You can?

Nityaananda: Kornchuga.

Swami: Go fast as much as you can guys in Telugu. Go fast. What I'm seeing it, the energy is definitely going to hit me, but I don't know what angle it is. Once it hitted, if any damage happens to your Swami, the information, knowledge is gone. Not even one single student is able to hold that. That's my biggest worry. To be able to speak, to be able to read, translate it, keep writing it. Even though I'm translating and writing it, it won't be enough but it needs to be. You know what I'm saying? That friction needs to come ready. Like to me looking at you guys, like playing with Navya, to telling Navya to go into the kitchen to cook the food. It's the same sense. No. This is almost nine Shiva Ratri coming - nine years Shiva Ratri, I'm with you guys almost all. We'll see how many more Shiva Ratri's you require. Any questions?

Jaycee: Do we chant only one JC Channels or all of them?

Swami: All.

Imke: Can the ladies do something to support the guys while they dig?

Swami: Of course, to remove the dirt a little fast, helping give them some water and preparing it.

Eric: Swami, should we get the other gents also to dig, or is it only these guys digging?

Swami: You guys - senior most.

Eric: Only these guys?

Swami: Yes, because of spent much time with me there's a lot of protection energy there.

Eric: So other senior students who are coming, they can join?

Swami: Yes, they can join.

Mikaela: Are the menses ladies allowed to do pradakshina around the Dwarkamai?

Swami: Sure. Always comes the menses women, menses women.

Juleann: May the new students do pradakshina as well with the senior students around Dwarkamai?

Swami: No, majority senior students.

Mutiam: I'm a little frustrated because every time I go to mediate I try and go deeper, I try and go deeper but I can't. Is there something you can share with us?

Swami: You guys, beginning days, half an hour maximum you could meditate, then one hour. Now you can go for six, nine, ten hours at a stretch. You know what I'm saying? You go in a drowsy, like kind of sleepy then you're there. You have the capacity. It's not that easy. You really can meditate very strongly. In that trance stage, you need to ask the consciousness. I told it many times, no need to repeat it again.

Luzia: Swami, during the day we have to do seva so if we want to stay and meditate little longer can we do that at nighttime?

Swami: Anytime.

Gustav: Swami, what is the major block that we don't focus on using what you gave us? I'm wondering why we don't use the things you gave us? Is it unworthiness, laziness, what is it?

Swami: Second one. I'm serious. It's a kind of recklessness, laziness. A hard worker, always great thinker sacrificing their own happiness, only that of person can become supreme super success. If you're not sacrificing your happiness, if you're not doing hard work, if you're not putting work to your mind, it doesn't matter if you're ten years, twenty, thirty years, forty years - you're there wherever you are. I want to create that building (*NW apartment*), that's my concept. How many people I put there and how much effort I put there and finally, I built it. Keep concentration it's there - never give up. Never give up! "I want to finish this work by this time. Okay, the time is not happening, again I need a little more time." Finally you need to finish that work. You want to create something in the universe. Simply if you're sitting in your house and you want to create, it's not possible.

I saw a lot of hard workness in the Europeans. Then I concentrated. I traveled. I suffered, really suffered physically, very sensitive health. One time we took off from London to Germany. The pilot's name is Ebal - short man, he looks almost like Brett. There's no fuel in the flight. He's waiting like almost ten hours! Then once we took off we went some small fuel station place somewhere in Britain, he stopped, it's late midnight. From the flight we need to walk from almost here to our front gate. Unbelievably cold, the wind was just freezing. Already when I was in London I got little sick and I have lot of hard work there. Then coming to Germany, cannot tolerate it. Finally I entered in the room and had to wait almost four, five hours until pilot got the signal to take off. Coming from the room again to get on the flight, if it's three, four minutes late, I'm sure I'm going to fall off on the ground - that much weight. I hid my body near the flight. Of course Tatyana, she's huge tall, she was a kind of jumping. You remember Tatyana?

Tatyana: I do remember.

Swami: You also felt cold?

Tatyana: Very cold. I think I was sick after coming back to India.

Swami: Super cold! Then I sat in the flight, starting thinking, "Why, why I'm doing this? Why I need to face these headaches? Baba has given everything to me, why can't I enjoy that?" That's one small example - so, dedication. Make Shiva Ratri that sankalpam to Shiva. He's the final Big Boss. Make a deal with him whatever you can - you

want to win it - release it. Very strongly, heartfully I made a deal to give that energy, to work, to create it, understand Nityaananda?

Nityaananda: Yes, Guruji.

Swami: Where are you?

Nityaananda: Thinking about the deal you just advised.

Swami: Then you'll get it. So this Shiva Ratri is very, very, very precious, very precious. You will know that very soon. Good. Any questions?

Luzia: You said that Lord Venkateshwara was close to the JC Power Spot. What is their relationship?

Swami: Protection - Sudarshana Chakra.

Imke: Last Guru Purnima you said you were going to dig up the lingam next Guru Purnima. Can you talk about the reason why you're doing it at Shiva Ratri?

Swami: After I do it I'll tell. Clear? Hello?

Luzia: When we meditate at the JC Power Spot, is the Twelfth JC Channel a good one to do there or is there any specific one?

Swami: As you like - each one is an arrow, each one is an arrow.

Christinia: Swamiji, when we do it right, if we would meditate right, and be able to go deeper to understand more, does it mean our soul is understanding, or we with our mind really know something different?

Swami: Let me tell this. Shirdi Baba has his Gurustan. Good. His Gurustan means his austerities power he buried there. After that, they buried his Samadhi. His Samadhi is there. Good. He told when he took off he'll give the answers through his Samadhi. His bones will speak. It means he dumped his austerities energy very close by him. He dumped his energy. That's his bank. Same thing I'm telling here. A bank is here. A bank is here. The Big Boss Bank is here, part of huge bank. Use it! That's only I can say it.

Student: Can we use the JC shortcut?

Swami: No. Once you start to feeling that bank, that energy - straight link you have it, straightly you have it. Wherever you go you can do the wonders, so good luck. See you then tomorrow. Have a good night guys.

End of Talk
