Introduction to Vaastu
April 25, 2008

Students are singing bhajans.

Swami: Thank you - excellent. Is a Ganesh starting?

Lothar: Ganesh.

Swami: Three minutes.

Ganesh: Any topic? What can I say? I am used to talk, its not a big deal for me talking but it's a big deal talking about divine energy and my divine master, Swami Kaleshwar. He's a very unusual person in my life and in the life of many students all over the world.

When I met him nine years ago, I had no idea what would happen in my life, and I had no idea about miracles. I had no idea about seeing Mother Divine personally. He did not even talk about it, and the first three years I knew him he did not talk about Mother Divine at all, and he also did not mention what his plans are with his students. Of course he was talking about Mother's energy and Shiva's energy, but I did not expect that that would be something real in my life. And I had not even the wish that I would be able myself to see Mother Divine personally, with my own eyes. I did not even know that is helpful and useful to see her.

We, in Europe, all knew fairytales, in the fairy tale there is some angel, some figure that is right in front of you, and you are allowed to

ask one, two or three wishes. And it's a fairytale, it's not true, but the fairy tale with Swami Kaleshwar and Shirdi Sai Baba is not a fairy tale - it's true. Many times Swami Kaleshwar said, is telling, "Think what you really want in your life. What is your desire? What do you really want?" And honestly I was thinking about it, and I was not sure whether it was the right wish. And sometimes if it is not the right wish Swami is helping. If it's a good wish he agrees. If it is not so helpful he knows, he knows it much better. He has different ways to tell it. Sometimes he says, "It's ok, you should think about it," he says. If he says, "I recommend," its good to listen carefully and if he says, "I strongly recommend," then it is like, its like a command, because he can see our souls and he knows exactly what is best for us. So Swami asked me three minutes, it's nearly over.

Swami: Good.

Ganesh: And I only can tell it's a big pleasure for me and for all of us that you are here Swami.

Swami: Thank you. By the way, your talk is a compliment or a comment?

Ganesh: It's more than a compliment, I mean my honor and my respect for your work.

Swami: Um-hum.

Students: Laughing

Swami: Good.

Swami: Welcome my Dear Divine Souls. So thrilling to me to be in Switzerland after long time. There is a one big reason why I am here. Point one: At the moment India is a super hot, forty-four, forty-five centigrade temperature. So is also kind of my spiritual vacation to come to Europe. And it's so, very beautiful, and I really enjoy from the air last night, from the Berlin to Switzerland by train journey. Many people they said it is a bullet train. I felt it's like a bullock train. It is a stopping, moving, stopping, moving and it's nice. It's good. It's a first it's a first time in my life in the Europe travelling by train. It's almost a twelve hours journey, and there with a beautiful couple Tobias and Tatyana and Jana and Torsten. And those guys who have the beautiful kind of party in the canteen, in the railway bogie. It's, it's a really I enjoyed it that my journey.

Good, so today I want to discuss. Before also, I discuss the different healing techniques and I given you a lot of experiences, and by the grace of Baba, everything is happen certain level, different students, different layers. Even though the divine energy and cosmic power is helping you guys, Guru Parampara' blessings is helping you.

Same time, try to have a look where you staying, the house Vaastu. The five elements, that vibrations that energy, is impacting on your lives very intensely, its kind of Feng-Shui. It's pretty good amazing research what I done and what I practically did it, and I really want to change somebody's, people's life. Temporarily I am giving the relief, the long term permanently is not advisable you staying in anti-Vaastu house. Doesn't matter how much you are brilliant, doesn't

matter how much you are talented, doesn't matter how much you are really, really believe in God you don't believe in Feng-Shui's. This is not Chinese Feng-Shui - it is Indian Feng-Shui - Vaastu.

Today I am giving my judgment and comment and who believes in me I am signing, "This is a true knowledge," with my blood. Who follows the Vaastu there is no failure. It is my blood signature - today is my comment, it's a golden statement.

It is not a complicated subject it is a simple, clear. Four directions, the four movements in which place what need to be, where you have to sleep, where you have to cook, where you need to be office, where you need to take a living room. And the slopes, it's a prove, you can see a practical example. If the east a mountain is there in front of your house, you can take some of your friends houses, whole east side is a mountain, like west is a huge slope, that all people is pretty good depression, failure persons, majority. If it is a south hill, your house is there sitting, pretty successful wealthy person. To the Switzerland, all the south hills is there, the world prosperity is here. In India north mountains is there, they're always fighting with Pakistan. If you research in depth, if you, one of your friend, the house is located to the south height, with north slope yes, you are successful. In our Penukonda, Shiva Sai Mandir is a west south all mountains. Who is having that energy vibrations flowing in a perfect way, automatically they get succeed.

The wife and husband all the time fighting in the house, the kitchen will be the north east or in the southwest. If you have the northeast kitchen - prosperity burning out, and a lot of irritation. If it is southwest kitchen - the prosperity burning out and you're fighting, you started to fighting - some defects is started to happen in that house. I practically seen thousands of houses, practically I fixed thousands of houses. They are happy. They succeed. Few people they didn't believe it, still they are ok but they are not that ok. You can follow your heart, I am not forcing you but you should have a look.

A successful church, if you see what I given the comments on the Vaastu good points, 80, 90% of my comments whatever I said it should be there. If there a church is nobody is not going there, nobody is not visiting, and it is completely closed and you check the negative points - 80, 90% will be there. If it is not, I never ever touched again Switzerland land. Why I am saying this? I am never

ever coming to again to Europe because of nine, ten years I am working with the Europeans, I am working with Indians, Japanese, Singapore people, there is a lot of different, different countries. If you went in the in depth research of in India recently, any builders, construction persons they're following the Vaastu. Many people they putted it in a kind of the word of the Stapatya Veda. They, many people, have the different their own style of the Vaastu's principle. Certain things I accepted, certain things I cannot accept it. Any concept has to go in depth, then, what is there. Even, even if I'm coming to this place, I check the whole ground, this area, this building and how it will looks before the Vaastu points. Then only I entered, majority. It might, you think Swami has some psychiatric problems or maybe he's doing his research. How many people here you won't believe the Vaastu? Be honest, were a family, just...you don't believe the Vaastu?

Student: Because we don't know it, we never heard of it.

Swami: Now you heard it, now you heard it. How many people is seeing me the first time today, guys? Wow, my God, that's a lot. To deal with you guys is a difficult. Since nine, ten years that people, they're not understanding me. Today you're first time, I'm just straightly going to the Vaastu. Don't feel as a rough, a rough landing, but you're used to it.

So, have a look at the Vaastu is my first recommendation. Even your astrology, good, you're wearing the precious stones, power objects. Your chart is fine and you're having good fortune. Still, have a look per day thirty minutes, try to look the Vaastu principles. You're wasting your tons of time. It's not a big deal for a thirty minutes, you're concentrating simple subject. Before I start the spiritual techniques, the methods, you have to look the India, how it really presenting, how it is vibrating in a beautiful way. We will see there in a slide show. Tobias, turn off the lights. Begin slideshow

This is our ashram. Do you have any background music for this? This a nighttime, it looks like this. It's ok, go, go ahead, proceed.

That's a Penukonda ashram. That is a from the east side, how it really looks. All the west and south is the mountains, that white building is located in the southwest. All that rooms that big bungalow is all the students they used to stay there. Lot of east, lot of north empty place.

That is Indian Feng-Shui, it is east and north more space is always give the wisdom and prosperity. Next. (*moving through slide show*).

That is northwest side, new construction building. That's called Dwarkamai. That is a final stage any spiritual sadhana persons, after many years after they practiced it, once the final, the enlightenment... The experiences is happening there in that place.

That is my first, I created the ashram, the hut is there and the swing. That's the front view of the ashram, that is the fire pit, 365 days all the time is burning - thousands of people who was decharging and charging that vibrations is affecting from the fire pit.

That is left side is a old ancient 2,000 years old structure. There is... to link to our Mandir. That is the driveway. That is all the southwest mountains. That's one of the ancient temple. There is a kings palace is our next-door neighbor. That in northeast of that palace is a height, that huge, that height side, that right side that up, that one. If a northeast is a height it won't get succeed and the battle that king got failed. Before, he was a very wealthy guy he had another palace on the mountain

.
(*Slide show continues*) We'll go the Hampi. What we seen that palace, he used to first stay here this place, near the river. There is a Shiva Lingam what he worships, that's is with a one stone, is called Narasimha with 7-head cobras, and is a high powerful statue. In the war in the India they breaked it, the hands and the legs and a little bit they damaged it. That is one of, in the Hampi is a main temple, on the days the structures what they builtd, that gopuram. Next, amazing sculpture, lot of art - thousands of temples all around the hills.

Next. Shirdi. That is a big boss original his stature. That's at Shirdi where his Samadhi is there. That is all the flowers on the floor where the red, that priest, the man is sitting, that is his Samadhi. I broughted a lot of people to the Shirdi to have a look, darshan of the Baba. The most highest magnetic power spot is his Samadhi. After darshan we are sitting outside and having a little talk, checking the Vaastu with compass. Coming from the hotel to the going to the temple. That's Shirdi garden entrance.

Next. Next. This is the Baba's, that same stone what he used, he's sitting there, that rock, that is the rock he used, he sat almost like

sixty years on that rock, same place and helping thousands of people. That rock itself is amazing vibrations. Next. That is his gurusthan. See that Shiva lingam, that exact another one Shiva lingam is exists outside of our Penukonda, the Dwarkamai, it is in the grounds right now. Can you zoom that, guys?

Ok next. Same exact. Next. That is his, Baba's original picture, that is his stick and his padukas, his shoes. Next. Next. Next. That is a gopuram. Next.

This is a Tirupati, Lord Vishnus temple. Who is a our next neighbor, the king, that palace is damaged - he builtd this. This is the whole that Tirimula, that Tirupati what he constructed on the top of mountains. There is a golden dome - several hundreds of thousands of kilos of gold. Next. That is all is pure gold what he built it. Next, next, next, that's all gold. Next. That's entrance, next, next. Is a Shiva temple, next, next, is all I brought to all the westerners to show that Shiva Temple. Next. This a crystal Siva Lingam. Next, next, actually the temple is huge but they didn't allow to take the pictures inside. Next, next.

The students is learning the lot of knowledge. Next. Next. Next. Next. Next. Next. This the garden - they are all practicing different... Next, they're all practicing. Next. Next. One just fine morning I'm sitting outside, everybody is grabbed me. Next. Next. Teaching some Vaastu, next. Conducting examination - they're writing about, showing their talents.

Next. He is drawing something, the ancient informations, next. The Gustav teaching those some bhajans. Next. I'm solving how, what is the Vaastu principles. Next. Next. Whatever I am drawing there they used the high technology, the cameras. Now here they are not working. Next. Next. He is the most powerful person who wonned the Maha Kali, Mother Divine, in a very short period and having every day conversation with her. He is the master of the Vivekananda. His name is Ramakrishna Paramahamsa. Next is Ramana Maharshi, another saint. He is the person, the most enlightened soul, and who stayed very simple life and having no dress with a simple cloth on his body. Stayed in the hills from his childhood days until to the last age. That's called Arunachala, this place in south India - a most powerful saint. Next. Next. Traditionally doing the

thomas, the fire ceremonies, offering the holy seeds in the fire. Next.
Next. Next. There any different things guys, Tobias?
