How to Calm the Planet From Natural Disasters

Talk in the Baba Temple

May 17, 2008

Swami: So everybody doing super amazing your process. And I recommend to do like three times abhishek. Increase the abhishek times, like three sectors – three times a day, starting before sunrise. Last night you saw me in early morning hours, I'm awake. I did before sunrise and I did my process. It got controlled. We got the hold very powerful hold. So, it's good and try to repaint the first room of the Dwarkamai. And take the Baba pictures and make it all places decorated, like the same way it is in the inside room, whatever it is, in the first room too. Get one air conditioner and also fix it in the first room.

So majority people, we're spending the time in the Dwarkamai. This is the time for some quite amazing experiences what you need to taste in your life. Because already, once you did so much, it's a kind of She's allowing to give something. Some painful things have happened, again some more beautiful things will happen - that we have to witness it, to see how it's really possible, the miraculous energies.

So by tomorrow night you'll be done with the first room, cleaned, and... you can see in the first room the dust, it's a mold, crazy in the Dwarkamai. The doors need to be cleaned. Put a beautiful curtains, beautiful white. And the inside room, make a small flame and all the time keep burning it, all the time round the clock until to Guru

Purnima. It should not turn off. So make four, five people in charge, every five hours go, check it, come back, again go, check it come back. It's good.

Myuri: Do you want us to paint, and do the abhisheks inside same time?

Swami: Yes. Some people they're doing abhishek inside. Some other guys they're just, one and a half-hour job...Tobias can do it, he's super height. Don't you think so, Tobias and Paul? The Shiva Lingam should not get that easily to dry – keep doing the abhisheks as much as you can, as much as you can. And especially that Alahala Lingam what's inside of the ground, that's really helping to the Earth. What I used the channeling through that to sending that, that is helping. It took the beautiful control. Otherwise...

Two nights back I'm in the middle of the garden on my cot and observing, "What is this?" Since a couple years I keep saying this – She's going to hit it. After a few days later, once we do in the Dwarkamai, we all need to go to one place like a three-hour journey from here. It's a caves - huge Shiva temple and huge water flow there. We'll take a bus and go. We'll start early morning like 5 o'clock and by late evening we'll get back. Who really got confused, why all these things are happening? Did anybody get confused? Sarah what's your confusion?

Sarah: I get confused why Mother is acting in that way.

Swami: It's creating a fear and giving the Vairagya stage...giving a fear. Fear is unbelievably contagious. If all you guys are super strong and brave but one girl is so fearful, and starting to get shaky, then everybody starts to get shaky - it's contagious. She's giving a kind of contagious fear - that's Her natural phenomenon. Like my marriage was in a few days. I accepted the marriage - that was the first concept. Then my marriage was within a few days - huge tsunami hit and thousands of people gone. Wherever I looked I saw the pictures, I lost the mood, inspiration for my marriage, "What is this?" It means it's a big deal to my feelings. Okay, simply smiling and accepting it,

then going in the deep trance connecting Her. Sometimes it's necessary to face it.

Like that type of tsunamis you don't need to record in your personal life nature tsunamis, nature earthquakes, nature disasters, that's different. Once if it's attacking personally in your life, disturbing your soul, disturbing your heart, disturbing your mind - that's the worst thing what you can accept. You should not accept it. You really need to get the protection for that. Then, once the nature is hitting it, whoever is going to connect it, and connected already and worshipping Her, She's also another kind of one more spray, little shaky. For example, last time I'm in London, how many people were there? Anybody here? You were there isn't it?

Simon: Yes.

Swami: I did the fire puja. I told them I did that process five times, and five times I got failure. Finally I made the process hit it at Lake Manasarovar near Mt. Kailash. So, I have no daresness to do this process, anyhow I'm doing it. You can read it in the London script. Then first day peacefully, I concluded the process then I simply told it, "Even though tomorrow it's raining, snow, thunderstorm, whatever happens, you're not moving out. You keep continuing for several hours sitting in front of the fire." I gave all the principles. Then I took off from London back to India. Then they started the process. Whenever they lit the fire, huge storms, what happened?

Simon: For the first hour it was sunshine, beautiful skies. Nobody had any umbrellas or coats. Everybody was just peacefully chanting, then big dark clouds came - thunder and lightning. I never heard thunder and lightning like that. It was incredible. Then the rain came down so, so heavy for like about an hour. Just like that. It was amazing.

Swami: That's Her. That's Her game to disturb you, to disturb your process, to disturb your concentration, to divert your concentration. Before that in Beuerhof, I'm doing some process and they chose seven group leaders. I told them the menses women should not enter - they should sit far away to the fire pit. I took off back to India. The next

day they're doing fire ceremony, one lady caught fire. Just I'm going through immigration in Bangalore and Tobias is saying, "One lady got huge burned. The helicopter came, they picked her up to take her to the hospital!" It's like a punch! Of course the protection is there but how to take care of that?

Certain things whatever I mention, "Do this, don't do this, do this..." you need to be little careful to understand the inner meaning why I'm saying that. So whatever sadhana we do, especially in the Divine Court... the Divine Court always wants to test you. It always wants to test you until you reach your destiny. Of course Tobias has tons of experiences in the journeys, what hurdles we've been through. Simply saying accepting it... accepting it. After awhile, again attacking, you should attack on Her in a beautiful way. That's why I introduced the Nine Arrows.

So in a few days we're traveling to somewhere, so be sure you know all the Nine Arrows, the prayers, and health-wise, doctor you should take care of them that everybody is strong enough. It's a one-day trip. We'll go and have some great experiences, come back and hit Dwarkamai and have amazing experiences, and see how the cosmic energy can really play in the Dwarkamai, whatever it is happening. Any questions?

Brett: I still don't understand how you're doing something amazing, giving something to people, some huge process in London or wherever. She's hitting somewhere else – She's angry. Instead of going, "Good job, well done," She's causing huge fear somewhere else in the world, not necessarily hitting around us but somewhere unrelated to us. But She's also the beautiful Mother, why is She so angry?

Swami: That's Her maya. I told it in the Sri Chakra - ya ma taa raa ja baa na sa la gam – ya ma switch it maya. Maya is illusion; yama means death - cannot escape, cannot escape. You can divert it to somewhere else. Once She wants to be fearless, She'll give the fear, and same thing She pulls the beautiful energy, unbelievably loving, quite amazing. Once some negative huge vibrations are released in the globe, it disturbs the souls to your sadhana, your next higher stages. It's unnecessary disturbances that we don't want to our journey. So not only to this Yuga, even from Jesus' life, of course She

attacked straightly to him and some of his students. He simply accepted. Even though he's such a powerful amazing guy, those ropes he received the beatings, the nails he could turn as flowers, whole system he could change, but he smiled and accepted it. Of course he knows certain channels to discharge all the pain. To whom to send it - he's an expert on it. Even Baba, he did the Khandana Yoga, Dhoti Yoga, taking his intestines out, washing and swallowing it. Do you believe it doctor?

Constanze: It's hard to believe. You say it and I believe it, but it's so hard... if you see in the operation how they're fixed in the stomach. Wow, great job to do that and to be alive afterwards.

Swami: And left his body for three days and coming back. His body is dead - he left and came back three days later. Here in the Western tradition you call it crucifixion, again he got the rebirth, all the stuff. Here in India we have different traditions from Baba, Datta Channels. Takes time for you to understand guys, but anyhow fix the Dwarkamai.

Elizabeth E.: Swami, what's the deeper inner mechanism of suffering? Why She needs that?

Swami: Where is there no suffering? Can you show the place, any place, any family, any life, any soul? Show me one soul in the earth having no suffering. It doesn't matter, any type of soul suffering is suffering.

Luzia: Swami, the two mantras you gave us at Shiva Ratri, are those the two mantras Jesus used on the cross to pass the pain on to the Mother and Father?

Swami: Wait till the book. I'm releasing it very soon.

Student: Can you explain where you say the only way to win the Mother is through a woman's heart? Can you explain more about it because sometimes it's difficult for me to understand?

Swami: I think I explained a lot on that. I explained a lot. It takes time, lot of time. You need a Soul Mate, guys. A Soul Mate, Power Spot, Power Object, Soul Object, Soul Mate - not body mate. Your body might have seen tons of people, you might have tons of experiences - that's different, loving heart - you're really there. You want to express it. I told about the Soul Mate how much important it is. In your life A-Z your feelings, somebody has to know. You need to get that. It's hard to believe somebody, you might always be suspecting. Whenever you keep holding, holding, and holding, one day it goes frustrated, burst, then you go in depression, sadness. You hate yourself then you start to feel how guilty you are... no need to.

Once you have one good friend, keep talking to them. I have lots of friends, very openly talking this and that, no limit, no boundaries, keep go the journey. No limits to my talk once I start talking, no limits. Yes?

Zahira: You said Jesus made a deal with Mother to bring the information on the planet, and for that he would accept whatever She wants to do?

Swami: It's happening.

Zahira: So he, Jesus paid off the bill, he suffered for this information to come? Why is She still hitting?

Swami: That's Her nature.

Zahira: But She made a deal so according to the deal...

Swami: It doesn't matter. It doesn't matter.

Elizabeth E.: But She didn't fulfill Her part of the deal.

Swami: That's what we're doing it. Tobias, he read the palm leaf book in Beuerhof, "Jesus, the letters on the day in the yantra. In the yantra it's there. We'll see after I release that book how the big revelation will start to come in the globe. I'm sure it will come, but I'm prepared. Totally I'm prepared. It comes little controversy. Totally it's not me saying it - somebody said it and I'm saying it back.

Luzia: Was the part of the deal that it took two thousand years that it gets fulfilled now?

Swami: Um-hum, just lost some bridge. The Eastern wisdom to the Western minds, a huge bridge is there... lot of wars, lot of battles, lot of nature's crazy disasters, then lot of enemies, so it got destroyed. Luckily the knowledge is still... thirty percent is gone, seventy percent we can access. So out of seventy percent, only maximum I'm going to release is twenty, thirty percent. I'll release if I do really hard work. Since ten years, guys, preparing you from the Five Elements until to now, my journeys and my tortures with you guys - forget it!!! Forget it!!! It's not a joke!!! A mother can deal like two, three, five kids in the house, but a master to dealing with the crazy 'monkey minds' - that's a huge deal.

Zahira: The first time Swami, you're releasing this information to the world, or did Jesus in his time also teach it to his students?

Swami: He taught it but they lost it, they ignored it, they didn't believe it. Saint Thomas, his body is in Chennai, still exists. He's always big suspecting, doubting guy - that doubting guy destroyed remaining eleven people.

Aghni: Swami, once you mentioned what Jesus said on the cross, "My father you have forgotten," it was a different sentence. Can you repeat it?

Swami: Anything else?

Elizabeth: Is there a chance over the next two months that we're going to have the power object, soul object for the university students?

Swami: Can, sure, that will happen. That's my duty to complete the university students, giving enough experiences and receive all the stuff.

Luzia: Swami, the Mother gave you the Alahala Lingam. Did She give you the remedy in advance how She will react later?

Swami: Of course.

Luzia: Is that also Her game, Her play?

Swami: Of course.

Luzia: Or was it your play on Her that you know Her so well to get that?

Swami: So far I'm very good on the woman, put it that way. I have my own talent.

Aghni: Why She got so angry with your marriage?

Swami: Not angry, She created disturbance.

Zahira: When Mother is angry, why doesn't She attack you or your students? Why does She attack innocent people in Mynmar and China? What is the deal there?

Swami: No idea. Why the Second World War came, First World War came? When I saw Hiroshima in Nagasaki, in Japan, in the car... I'm

just watching how the trees are growing, how the land is so sad, so sad. It's not hundreds of thousands - that was millions gone.

Zahira: It means She's still protecting us? She's still caring to give the knowledge?

Swami: She's finding the way to release certain knowledge and information. How far, how extent She's going to give it, especially our Big Boss - he's a good commander. So tomorrow morning your duty is fixing the first room of Dwarkamai very smooth, clear vibrations, beautiful curtains and beautiful Baba pictures, fixing on the walls in straight row in all four directions. You can ask Chandra. And taking my silver chair, clean it and fix inside Dwarkamai. By tomorrow night we'll enter into Dwarkamai. Okay?
Good luck. Good night.

End of Talk
