Swami's Soul University Talks

Baba's Installation Anniversary

Talk in the Baba Temple

May 19, 2008

Swami: Unbelievably hot since few days, isn't it? This is most interesting day today. Today is the Baba's first day he came and sat on the stage, the same day ten years ago. You okay guys? Wet? So one stroke of the abshishek is over. Two more strokes is needed. Once you do the second stroke... Thank you for that beautiful silver thing for the water.

I think today I discussed with Cyndria, Birte, Johanna all sitting under the tree discussing how to make the thing to make the water drip on the lingam - really curious and wondering how to fix that. Then they want to put the bamboo sticks, the vessel. I gave the plan to put the vessel then the evening just it came there.

You're doing the abshishek very well but it needs to come more from your heart. Dump your love and your energy. Don't feel exhausted and tired early morning hours. Daytime you can take nap. How much time you want? It's a big purification, unbelievable purification to your soul. It's not a joke. Not a joke. So everybody wrote all questions? How many questions you have?

Myuri: We have one thousand questions.

Swami: One thousand - that's it?

Myuri: Well to start, we have them divided into categories.

Swami: Major what subjects?

Myuri: Mother, Shiva, Spiritual Philosophy, Soul Mechanisms, Sri Chakra.

Swami: You have my transcript of my Conference call to America? Everybody have it? I gave a clue what's going to happen at Guru Purnima, what's my next approach. Once I wake up evening hours, morning hours, try to catch me to ask the questions. If I'm in the garden, everybody gather for ten minutes, one hundred questions, two hundred questions, once sitting we can go for a couple hundred questions.

And make a lottery in the whole group, three persons. Leave those three persons for one day to write one hundred and eight top miracles in the planet, what Jesus did, Baba did. They should prepare one hundred and eight. Nobody has any permission to discuss with them. The three persons only, they have the right to discuss with themselves. Then we're in Dwarkamai reading it, hearing it then I can pick up whatever I want.

Elisabeth E.: It's a lot, one hundred and eight.

Swami: Doesn't matter. Whoever that three lucky guys, we'll see. Tomorrow try to put everybody's names there at abhishek time. Whoever's names come... Constanze, why are you smiling?

Constanze: Yes, it's exciting. It's great. It's a great opportunity. I'm so lucky to be here, I think so.

Swami: So what is your schedule tomorrow for abhisheks?

Paul: Five to six and six to seven is the first shift.

Swami: Six to seven?

Paul: Two shifts, University goes from five to six and the rest go from six to seven.

Swami: End it by six, before sunrise I told it.

Paul: We got different instructions from Cyndria. She said she talked to you to make it later than four o'clock.

Swami: She mentioned 3:30.

Paul: 3:45.

Swami: Four to five and five to six. Tobias you can't wake up early huh?

Tobias: Yes I can.

Swami: Three o'clock is very precious time - you're in the drowsy and very sleepy mood. Try to keep this rainwater - it's the most powerful one to do abhishek.

Eric: It's a little dirty Swami, is that okay?

Swami: He is. He is. (Baba) You have no idea. He's nothing but dirt, man. Any questions?

Zahira: I'm trying to understand why doing the abhishek to the Shiva lingam, pouring water, how does it make the Mother be calm and how does it purify our souls?

Swami: Shi va – Mother and Father, both is there. You're not only doing Shiva, She's there.

Zahira: The water element, we're pouring water, how is the water affecting our soul?

Swami: Not now – wait!

Paul: Swami can we do this same process back in our countries with any Shiva Lingam to connect with that Alahala Lingam here?

Swami: You can.

Paul: Is it a special process we have to do, or is it automatically linking? So if we're experiencing either disturbances in our lives, or in our countries disturbances, with our sankalpam we can implement the same process?

Swami: Exactly.

Student: Why did the Ganesh Tree in the garden break?

Swami: No comment. I have a big elephant, he's pouring the water, I told it to make it... big wind there. I use to sleep in the garden myself in my cot also, it was lifting, really lifting huge, the blankets are blowing, the pillows fell off and running, the water bottles fell down. It's okay it will grow back. That's my favorite tree. Since twelve years that tree is same size - same like that. You can see the old cassettes, that tree is there. The first time it... No problem. That's my favorite.

One time I'm in my swing, I'm really rolling like really enjoying. The thread cut, it came very gently to the earth. I'm watching, 'Oooh' what's going on? Once the swing just touched the ground, jumped out. This few days I need to be very careful to take care of myself all angles. Then we'll...

Luzia: The process we're doing now also affect the people who started the new processes in London and Beuerhoff? It balances? So whatever hundreds of people do out there, just like these few people here in this power spot...

Swami: What one soul, one person is doing here is equal to one million people doing japa out there - that much power. It's not a joke, huh-un. You're not in an ordinary place - absolutely not. So by day after tomorrow, I'm expecting one hundred and eight miracles list. Tomorrow you're selecting the three persons. Who's picking the lottery? Make Terry to pick it. Good luck and I'm looking forward to seeing in a couple days in Dwarkamai. Okay? Have a nice day.

End of Talk.
