Swami's Soul University Talks
Miracle: Khandana Yoga and the Mechanisms
Talk at the Baba Mandir
May 25, 2008

Swami sitting in front of the Mandir after noon arati

Swami: Everybody have good sleep, Terry?

Terry: Not so long.

Swami: You Tobias?

Tobias: Interrupted.

Swami: Why?

Tobias: Abhishek.

Swami: Of course, I want to make everybody no sleep. You Constanze?

Constanze: (can't hear – something dreaming)

Swami: Dreaming about me?

Constanze: Can't remember.

Swami: Brian can you go and pull one girl from there in Dwarkamai security, maybe Myuri. How many people have no confidence we're going to fix that process? Everybody has confidence? Unfortunately it looks little... The doctor means failures will be there with patients, isn't it? Myuri, so everybody is protected well one hundred percent?

Myuri: Yes.

Swami: You took care of the Dwarkamai?

Myuri: Yes, and we also took care of the watering the slates out front.

Swami: Good, so all you eight guys protected?

Myuri: By your and Baba's grace. We've been staying there continually.

Swami: You slept?

Myuri: Little bit, three hours.

Swami: At the time, who was awake?

Myuri: Ganga and Brahma were awake.

Swami: But nobody didn't sleep some?

Myuri: Yes, everybody slept some.

Swami: But not all at a time?

Myuri: No, somebody was always awake.

Swami: Okay you can go. They're watching isn't it? Shall we go to Dwarkamai? Let's go.

Go to the Dwarkamai to show the results of the Miracle. Eric performed Khandana Yoga on the bird the day before around 2:45 p.m. in outer room of Dwarkamai. The bird was kept overnight untouched with a basket covering it for protection. Swami put a group of four men and four women to be security guards around the Dwarkamai to prevent anyone from entering.

Swami: Permission to come?

Security Guards: Yes, please.

Swami: Anybody change the bird, Ganga?

Ganga: No.

Swami: Open that side door (*east door of Dwarkamai*) How many people I can make inside? Brian, you choose ten people quick.

Swami opens the basket. The bird gets up flapping its feathers.

Swami: Ahhhh! Who are the abhishek girls? Five girls come. (*Abha, Myuri, Luzia, Tatyana*) Get a bucket of water. Everybody can sit relaxly chanting Nine Arrows.

Swami put the head of the chicken in the tank of the black Shiva Lingam in outer room. The five women went in the inner room to prepare for giving abhishek on Lingam. Swami brought the bird into the inner room and put it on the floor. Bird looked around and started walking. Five women did the abhishek to the Lingam chanting Sky Mantra. Swami chased the bird around the room. After three, four cups of water poured on Lingam Swami had Tatyana bring the abhishek water to the outer room and pour it over the chicken. Then he took the bird to the outer doorway where everyone was waiting.

Swami: Who wants to catch this?

He threw the bird in the air and Paul caught it.

Swami: Go and clean Dwarkamai.

Students: Thank you Swamiji.

Swami: Put the bird in the nature.

After the successful process Swami gives the mechanism of Khandana Yoga

Swami: Whenever that moment is happened you need to get me and get that mechanism. When you will be very clarity? Am I told you that or not?

Students: Yes.

Swami: Are you asked it?

Students: No.

Swami: That moment immediately get me and ask the mechanism. Crystal clearly I told it. Is it my mistake or is it your mistake? Who is taking that?

Students: We.

Swami: Seeing certain type of chocolate is not a big deal. Seeing a chocolate is not a big deal. To preparing the chocolate, what is the deal - that is the important! Second step is happening with cobra. At least you might ask there, Constanze?

Constanze: (inaudible)

Swami: Whenever it was Baba taking a shower, abishek time, it's got awaken. The energy is awaken, before sunrise it is awaken. Who wants to take the cobra bite, you Gary?

Gary: I am happy to take it Swami.

Swami: You Tobias?

Tobias: Yes.

Swami: If it doesn't got healed, what is going to happen?

Tobias: Come back next lifetime.

Swami: Somebody doing abishek there, inside?

Students: No.

Swami: Tatyana, all the stuff, Myuri, they are all doing abishek?

Myuri: No, they were cleaning. No, nobody is inside Dwarkamai at the moment.

Swami: Where is Tatyana all the stuff?

Student: On the verandah - they are still guarding.

Swami: Why they need to guard? Yeah, get them. Make a lottery today to Baba. I don't want to decide that. If the healing is not happened, what is the situation? Do you have the anti-venoms?

Constanze: No, we would have to go to Bangalore very fast.

Swami: What type of anti-venoms you need that, what type?

Constanze: The anti-venom, there is a special anti serum against cobra bites and then it is an antibody that neutralizes the poison.

Swami: What is she saying?

Brahma: It neutralizes the poison. It stops the poison.

Swami: They make through the horse or what?

Constanze: Yes, from animals, yes and you need a lot of painkiller after that.

Swami: Lot of painkiller?

Constanze: Yeah. It could be...it could be of course, first it is a local reaction with the cobra bite, afterwards it can make the paralysis and if it reaches the breathing center, it's done.

Swami: Nancy, what is your feeling about the Khandana Yoga?

Nancy: It's amazing. It's unbelievable. It is beyond your imagination.

Swami: You cut it didn't you?

Eric: I did.

Swami: You have the knife?

Eric: It is in the Dwarkamai.

Swami: You have to keep that knife rest of your life.

Eric: Okay, thank you Swami.

Swami: With the same blood.

Eric: With the same blood, okay, well, it got washed off. I'm sorry, somebody else, somebody was washing it immediately, so unfortunately...

Swami: After fifty years, one hundred years, two hundred years that's evidence - it's a power object. For one thousand years later that knife is an object - period. Don't think about today. On the floor, blood is still there?

Eric: Yes.

Swami: You keep that.

Eric: Okay. Keep it together with the knife?

Swami: Uh-huh.

Eric: Can you teach me how to use that power object?

Swami: Don't kill anybody, just it's experiment you done it.

Eric: Okay, can I pull the Mother with that energy?

(Swami shakes his head yes).

Eric: And you will teach me?

Swami: I really thought before I am jumping out from Dwarkamai, you guys are sitting in front of me, "Swami, what is the mechanism?" Everybody just simply sit, "No, tell me what is the mechanism" Then nine minutes over, then again I pulled you guys. Its okay but many steps is there, many, many layers.

Gary: Would you tell us now?

Veemala: Yes, please, would you tell us the mechanism now? What is the inner mechanism?

Swami: What are you going to give the deal to me?

Paul: Yes, what would you like Swami?

Swami: What you want to give it? First the deal needs to come from you guys.

Brian: How much time do we have to decide as a group?

Swami: One minute.

Guenther: For whatever you give to us for the good to give to the world.

Swami: Of course - I will make you to do good works in the world.

Monika B.: Do you want some nagas for Jesus?

Swami: Great!

Students: Yeah? Good?

Swami: Good, seven cobras on the Jesus, not real cobras, silver cobras!

This is now nine minutes into the talk.

Swami: Khan da na. Have a paper? It is recording? Good. Every soul in the planet, it has its own PIN number. Whenever you know that PIN number, for example Cyndria, she has her personal mantra - that's her PIN number. She has her power spot. She has her power object. Once you discover the PIN number of the soul, if you are strong enough than that PIN number, then you can communicate with that soul.

To know that PIN number is only possible through the Mother. You should ask the Mother a special boon whenever you connected her, whenever you seen any soul in the planet especially when you want to do a process, you have to recognize that soul PIN number. Immediately once you got that boon from her, she will tell you. Whenever you are doing certain process - you know that PIN number. Through that PIN number, only it is possible you can make it exit out, exit in. That personal mantra it have that amazing supernatural power.

Same thing the Big Boss Jesus Christ, his own mother is given the initiation to the Jesus, the PIN number. Whenever he got crucifixion happened then she took his dead body in her lap, then she used connected to the Mother Divine the womb, powerful womb chakra to her womb chakra, transferred the PIN number of his energy. Then it started to, it is like huge lightening wave to the body, completely healed out, then ready.

Some saints, some masters PIN numbers, it is hard to you can discover that because of they got huge protection circles - it's heavy. Seeing a Mother is wonderful. Receiving objects from her it's wonderful - but want to know the PIN number of anybody in the planet - that is the most special boon.

Even for example, you connected the Jesus - you no need to ask anything. Once you see anything in the planet, for example, a one divine angel, the angel is coming and going. If you only know the PIN number of that angel, then you can pull that angel to you. Your Swami is manifesting, or pulling a certain Mother, certain angel... it is only possible because of I know the PIN number. After you are knowing that, for example, Shirdi Baba's PIN number, nobody don't know because of he is purely Datta and purely avadhut. Once if you know the Jesus Christ and Baba's PIN numbers, they will, they has to do whatever you ask in the planet. You're doing a millions of meditations, millions of fire pujas, millions of processes - different, several times of the Pin number of the right soul, you keep chanting it, that is equal - any questions here?

Luzia: So, we chant also the PIN number of the Mother to pull her?

Swami: Yeah.

Bharati: So every time a miracles happens, like with Khandana Yoga, you connect with the Mother to see Her and She tells you the PIN numbers?

Swami: Of course, I know that bird PIN number, soul PIN number, every soul in the planet as a fish, a bird, human, elephant, a lion, a tiger has a pin number - it has its own fragrance, the PIN number - that you need to discover first.

Student: So to get the PIN numbers we have to ask that as a boon from the Mother?

Swami: Yes, only she is able to give that ability, only. Shiva have no capacity, nobody have no capacity except the Mother.

Student: How do you get the PIN number of the Mother?

Swami: Asking as a special boon, then you go like Aham Brahmhasmi - everywhere is the Brahma Consciousness, you can understand whole drama of the creation, completely whole drama.

Brian: When you ask the mother for her PIN numbers does it usually involve making a deal with the Mother?

Swami: It depends on what she is going to ask you. Jesus asked very powerfully certain angles, certain miracles, certain things... She asked, She want his blood and flesh. He smiled, "No Problem, I am happy to give it." In certain timings whenever I want to purify certain my students and certain process I want to give to them, even though I know the PIN number, I ask Her to help it. She asked some of my flesh. "What?" Then I made certain deals with her, "Okay, I'll give this, I'll give this, I'll give this." "No, I need your flesh."

Student: Why does she want it?

Swami: It is a testing how much I have really caring to my students. Several times okay, I cut my thighs, took the flesh, offered, and certain timings whenever the Big Boss Jesus in front of him, His presence, He is sitting there and I want to purify... who are they, how many?

Terry: Ramakrishna, Nityaananda, me, Jonathan.

Swami: How much blood I pored on you?

Terry: On me? Really a lot!

Swami: I put really straight needle (*in arm*) just go, completely dumping the blood. These souls, one day is something a big deal, coming days. I am not crazy to doing that way. If anybody thinks Swami is a little crazy, some psychiatric problems, uh-uh, no.

To anything whatever you want to receive certain things, Her nature is always, "What is the deal?" What is the deal karmically? Even she is not asking certain timings, you better to give the deal then it comes balance, energy balance. If you are not making that energy balance, then it go crazy one day.

Paul: For example, this process what was the deal you made with Mother, in this process?

Swami: No, I made that soul next lifetime is a good student of mine.

Simon: What deals did you make with the Mother that she refused?

Swami: She didn't refuse anything yet so far to me, no guts. Because of I know Her PIN number. Generally She'll give the boon to know somebody's PIN number, but I got Her PIN number.

Brian: Nityaananda said, in one of his talks, that we shouldn't make any deals with the Mother until after the ninth stroke, so should we still wait until the ninth stroke to make this deal with the Mother?

Swami: Correct, but doesn't matter once if you hit Her, you can complete nine strokes at a stretch. He told you just do pradakshinas around?

Brian: I believe it was having nine darshans, having nine strokes with the Mother, seeing... having darshan with the Mother and then making a deal. That's how I understood it in one of his talks.

Swami: No, if She is standing, if you do atma pradakshina nine times, that's nine strokes.

Paul: But you have to do it within the nine minutes?

Swami: Yeah. You can do tons of things. If you do atma pradakshina - done.

Constanze: You do it around her?

Swami: And especially if you want to receive, even though if you ask if... there is no way She can refuse, the best timing is a cow is delivering a baby, fifty percent a baby is came out from the outside and fifty percent still inside - if you do the three times pradakshina, then you will get Her PIN number. Whenever is a cow is giving delivery, you did the three times pradakshina to the cow - it's done.

Brian: So if I understand correctly, three times around the cow giving birth, giving delivery, is equal to nine pradakshinas around the Mother when you are having darshan?

Swami: Not around the Mother, atma pradakshina, like you are doing in the Baba Mandir yourself. Do you know atma pradakshina? Just turning.

Monika B.: Then you do the atma pradakshina around the cow, then how do you get her PIN code?

Brahma: No, you turn in circles.

Monika B.: He said, then you can go...

Swami: Then once you approach Her, she will give Her PIN number - then your real soul story starts.

Anya: It means that anytime when you see a cow and you can see that calf half in and half out, and you do three times pradakshina, then you have to wait until you actually have darshan with the Mother before you can ask? That's correct?

(Swami shakes his head yes)

Paul: But that's in your soul bank account?

Swami: You have complete right to command on Her.

Monika B.: Still you need to offer something?

Swami: What?

Monika B.: You need to offer something?

Swami: Why she asks silly things? What She can do maximum to you? Maybe She will kill you, isn't it? What else She can ask?

Guenther: Is this too late to ask to get the darshan of the Mother Divine?

Swami: Yes, if you really caught me there, then everybody have darshan in Shiva's, inside the Shiva Shakti energy there. They did the abishek, the energy is there very quiet and calm, they poured the water on the bird and I released the bird. He is running in Dwarkamai, I am chasing to that (*the chicken clucks*)...then all at a stretch.

Luzia: When you do the pradakshina around a cow that is delivering, do you do your personal mantra or any mantra? Just you walk around?

Swami: That clearly witnessing the birth...in the cow 108 devatas is hidden, all Septarishis is hidden. You can see some pictures like that...

Paul: They bring for pujas one cow, all devatas.

Myuri: Swami, what did you do to win Her PIN number? What did you do to win Her PIN number?

Swami: No comment.

Myuri: Was it when you went inside her womb? When you went inside her womb?

Swami: Uh-huh. At Guru Purnima I am doing like ten hours Jiva Samadhi. You can have your stethoscope ready.

Constanze: It's here, still here.

Swami: Ten hours take off.

Student: Can we join you?

Swami: My journey is very heavy journey.

Constanze: Where are you going?

Swami: After I went, came back I will tell you.

Christina Sch.: Did our souls receive the mechanism?

Swami: Today every soul is charged. Every soul is charged. Especially last night every three hours you're taking shower, the vibrations is keep flowing.

Student: Can we still have darshan now? Is the energy still there?

Swami: No.

Christina Sch.: Can we lose that mechanism again? Can the soul lose that mechanism once it receives it, can it lose the mechanism? And how?

Swami didn't understand her question

Swami: You can, after receiving the Mother's boon, from the Mother the boon.

Christina Sch.: After the Mother's boon?

Swami: Receiving the boon from the Mother?

Myuri: You lose it?

Swami: What is the question?

Myuri: Can you lose that boon? Lose that ability?

Monika B.: Once you have that mechanism can you lose it?

Swami: Impossible.

Monika B.: Okay, so did we get the mechanism of this miracle?

Swami: Again, I am doing with lamb the Khandana Yoga, within ninety minutes cut it, re-fix it, either lamb or horse I want to do it because some more in depth I want to teach it.

Student: Is there anything more that you can reveal or give that we are unaware of now?

Swami: Asking the questions - that is your duty. Sharp questions that is your duty.

Brett: What 's the best kind of deals to make with the Mother at that time?

Swami: Whatever you feel comfortable at the time. Like I asked, "What is the deal guys, you want to give it?" She (Monika B.) said immediately, "Nagas to the Jesus" sounds great.

Monika B.: But still we don't have the mechanism.

Swami: I told it.

Monika B.: We have to wait until we have nine darshans?

Swami: It might hit, it might happen at any time - I given just clear picture.

Paul: Why, at the time the abishek to Baba, was the soul entered there and it was re-fixed?

Swami: I ordered him, its done.

Paul: So, Baba cooperated with you to have it done like that?

Swami: Yes.

Student: Is there a mechanism between the abishek to Baba and this process?

Swami: No. Early morning, generally he loves to take a shower. He's in the very, very positive good mood.

Brian: We did arathi and then they did abishek, so there's fire and water, I don't know if that has anything to do with Baba - the fire and the water at the same time. Is there any connection there?

Swami: No.

Student: Did you take the soul out at a specific time or any time you can take the soul out?

Swami: You can take any time.

Elisabeth E.: When you do Khandana on yourself, then how is that working with the soul and re-fixing there, how is that working, who is taking it out?

Swami: Same. The Mother has to heal it.

Elisabeth E.: And she does it automatically?

Swami: Yes, don't underestimate Her. Absolutely don't underestimate her.

Elisabeth N.: When we are in the exact process of the miracle energy, you've set everything up for the miracle to occur, then when it happens, are you just witnessing it and the Mother is doing everything or are you also a part of that miracle?

Swami: Part of.

Carolyn: Swami, what is the benefit of Khandana Yoga to the world? ...Jesus used Khandana Yoga, what is the benefit, how to use in the world?

Swami: That is a good question, very good question. What is the use? If you know the death, then you know the birth... If you know the birth then you are a creator. You are a creator. You can take care tons of works, tons of works. To be part of mission in the Divine Lineages, what you need more than that? If you are a part of in the Divine Mission, what you need more than that? That's huge enough.

Eric: Swami, I wonder if you could explain the steps that you took last night and today to make this miracle happen?

Swami: Let happen the cobra, and the mercury, and the lamp or horse - just your ground speed running, let us lift it.

Eric: Can I ask one more question? How much was my soul energy, my energy involved in the process?

Swami: It's something beautiful you are involved, She choosed you, and I choosed you too. Last time I choosed you without, She is not choosing, then you made it within seconds like that cut out. Now this time...

Eric: What should I give to you and the Mother in gratitude for that?

Swami: Nothing.

Eric: My service to the world?

Swami: Your service to the globe.

Sarah: Do we still have to ask Mother's permission to perform Khandana Yoga if we have already received the energy to our soul?

Swami: You need to ask permission, you do.

Monika B.: How do you do that, how you ask mother for permission?

Swami: If you know Her PIN number...

Monika B.: If you don't know it?

Swami: It takes time.

Michelle M.: Swami, all the miracles are happening through the five elements, but normally Shiva is commanding on the elements, is it always Her in carrying them out?

Swami: It is both, Shiva / Shakti union, you cannot separate them.

Luzia: If you have the PIN number of Maha Kali, do you then automatically have the PIN number of all souls, because She is all souls in one form?

Swami: You can get everything.

Luzia: (*inaudible*)

Swami: At least if she rejected it, at least you can ask a boon to know any soul in the planet the PIN number.

Luzia: If she is not giving her PIN number you can ask all the PIN numbers of the souls and automatically you have Hers again, or?

Swami: Don't trick me.

Becca: What is the connection between Khandana Yoga and Kala?

Swami: It's the same, taking that soul and re-fix it to the same time back.

Becca: Bringing it backwards and that erases the experience of the death?

Swami: Yes, that's it. It's crazy, isn't it?

Uwe: If we ask the word PIN number She will understand the meaning?

Swami: (*clarifying question with Anya*) You can talk in any language - no problem. Yes, Gary.

Gary: Swami, you said when you are doing a process it is not just the Mother is doing it, some part you or whoever is doing the process, what part is you? How do you prepare, what's happening there if it is not just Her?

Swami: If she is the flower, I am the smell. You understand? If she is the flower, I am the smell.

Gary: (*inaudible*)

Swami: It's clear what I told it.

Paul: Is it one part you are saying that you are playing the role of Vishnu in that moment? You are almost commanding on Her indirectly.

Swami: I am there as a generator, I am there as an operator, I am there as a destroyer - again I am there as a generator. Sometimes I am generating certain feelings in you, I leave it, then you are shaky and then I operate sometimes that feelings. Then it's going too much, then I destroy that feelings - completely take it out. Again you come in normal stage. Same thing Big Boss, Baba is the expert, unbelievable expert, but it's nice thrill though, it's a nice thrill with him.

He is a big wrestling guy, wrestling? In the village a strong man came with the wrestling, they betted on the day 10,000 Rupees. All the Baba devotees with him, all villagers they came, gather in front of

Dwarkamai. He wrestled with him 6' 2" feet height, 95 Kilo's weight, his hand is almost like my leg, that much powerful. The wrestling guy keep beating to Baba and Baba is also keep beating to him, he is almost going to win it, then the wrestling guy is looking at Baba's face, "I am your great devotee!" Then he made a deal with him just with the eyes, then he lost it. He failed. The point, concept is, even though he is wrestling with you, physically too, if you made a deal, that's it, it's over, chapter is over. If you simply said you surrender, you made a deal, that's it.

Swami to Terry: You don't trust her? You don't like that?

Terry: No, I trust her.

Eric: So Swami, what has changed now in the creation, other than you have a new student coming? How did this help the creation?

Swami: I pulled Her in an active way to work in positive things in depth. I hope, by the grace of the two Bosses, you will go in the depth of the mechanisms, in depth of more mechanisms and you really can pull the information from me. Very soon, be alert, very soon you are going to connect Her, I can't say... maybe it is one hour from now until between fifteen days you need to be connect each-others very alert! You know what I am saying? "Swami called."

We will give this process a new name. Lotus Process. Lotus Process means, you are going to connect, you are hitting the nine strokes, then if you did not ask at that time you cannot ask again in your life time. You can test whatever you want like Nityaananda's wife, Khirsten, she connected it, she talked, good, then she want to test her, that is very important. Then I am standing in front of her, she opened her jacket, I am looking what she is doing it, it's crazy, she is opening her breast out. She is there and I am there and Khirsten, she is opening her breast, "Make the milk bleed and the blood bleed from my breast." I want to see your energy and capacity, make it bleed it. She blessed it - it's bled. That part is good, nice. The climax point you have to say: "I will see you soon. I connect you back very soon." You should not say good-bye - good-bye is good-bye.

And Tobias, one time he wants to ask one thing, do you remember? Before that, until three minutes before, he is very confident he wants to ask one thing very clear. When he is in the field, the real play, he asked a different thing, then he came outside and he is like, "Why I changed my mind?" It might happens, he is not a stupid he is a smart boy. He changed his mind. You need to be very smart and clarity enough with your consciousness, and be very careful to make a deal with Guru Parampara to your life, whenever you are with Her - done, get what you want it.

Monika B.: With the testing, what she did with the breast bleeding, she implemented a Bhairavi Yoga?

Swami: She want to feel something nice, it's not a big deal, you no need to test, you better to take the fragrance from Her.

Monika B.: But if you are clever you can implement, with the test, a yoga is it? No?

Swami: Just to see something beauty. You don't need the beauty, just you want, you are hunger, you need to take a fruit, something, what you want it, that's it, you have to concentrate it. You understand what I am saying? She is in the huge divine bliss after the bleeding, then she forgot to stay I will connect you.

Student: Do you have to say that out loud or inwardly?

Swami: As you like.

Brian: (*Question about deal with Mother, difficult to hear*)

Swami: What do you want to make a deal with Her? Do you understand?

Paul: Yes, he is saying, if you do a deal with the Mother, but somehow you did not fulfill your side of it, then if you come back a second time and say, hey I made a mistake, I did not do that...

Swami: You has to do it! You cannot escape. She will make you to do that. Already certain things I made a deal with her, for certain layers of the steps. You can win anything with Her, majority, except in Saraswati. You know Saraswati? There is one golden sheet I have it, it's almost 1.5 kilo... different language, I don't know what language that is, but it is some Yantras and some amazing looking that, and I asked the permission, "Give twenty minutes, fifteen minutes time to that knowledge, I want to read that," smiled. You cannot win Saraswati. Even to Brahma is a big begging with her. She is the lady of the kama, Saraswati Namastubyam Varadee Kama Rupa. She is the biggest prostitute, finally the Brahma he loved it Saraswati, She is that type of powerful. You cannot win it.

Anya: Does that mean she has to choose you?

Swami: Yeah.

Anya: You cannot choose her?

Swami: Exactly. If she wants to come in your life she will teach you the knowledge. If she don't want to come in your life, even if you keep trying it, no

Eric: How do we win her?

Swami: Sadhana.

Elisabeth E.: You once said that Brahma is never looking at her, why is that?

Swami: He is having... he is kind of like Dattatreya, three heads, all three gunas is the Brahma Consciousness. So he don't want to get... To understand her knowledge is a big ocean.

Paul: Swami, you have so much knowledge, she must have blessed you, because you must have done so many lives of sadhana, now she is.... How did you get all this knowledge?

Swami: Me? It is not this lifetime, even your lives, this is not your first lifetime to be in this lineage, in this knowledge, many lifetimes it keeps coming and you are coming in the climax, otherwise it won't happen.

Anya: When you said to make a deal with the Guru Parampara in order to... when you see the Mother and you ask for her PIN number, or anything that you are asking her, the deal with the Guru Parampara, is that you have success with her?

Swami: Asking protection circles, blessings from Guru Parampara. That's why always in the beginning we say: Guru Brahma, Guru Vishnu, Guru Devo Maheshwaraha, Guru Sakshat Parabrahm, Tasmai Sri Guruvey na namaha.

Guru Brahma means, your Brahma Consciousness be very smart and clarity enough all the time. Your Consciousness need to be very smart, clarity.

Student: Can we make small groups to discuss this knowledge?

Swami: Absolutely. I already talked about how to handle the Mother each strokes, how to be careful, I talked more on that, so maybe Myuri and somebody can explain, go through review as soon as possible, very alert and smart enough, then we'll see.

Brian: At the Dwarkamai you had me choose ten people.

Swami: The same guys whatever you choosed, they are going to cut the lamb or horse. To killing a horse is not a joke and carrying that...a horse, a lamb

Student: How to really get the clarity, I mean, you gave a lot of hints, but it seems to me I am still missing a lot of information.

Swami: My knowledge is always have the three meanings, each my sentence. I am there, but I am not there, I am telling it there, but I have my own language, does it make sense? I have my own language - you need to get used to that, which way? Why he said like this way? Why he said like this? You'll see, and another thing is - take a three feet by two feet rock, and sculpture it as a Jesus Statue. Can you do it guys? Who is a good sculpturer here?

Someone says Ganga

Swami: You can do it? All the remaining people can help it. Some people they teached about levitation but it didn't, never happened. You can see how the rock will levitate, I no need to get levitate, let's the rock levitate. If you throw the rock in the water what it has to happen? If it is floating what is its meaning? I am not tying with any tubes.

Monika B.: It is coming alive?

Swami: It has to levitate... it has to float. How soon you can make it? Everybody need to at least a little piece of that rock you need to do that, that's your duty. I am putting in charge Ganga and Becca.

Ganga: How large? Would you like it to look like the Jesus upstairs?

Swami: Yes, put the two hands like this, like opening. You are complete secretary to him, is it ok Becca? Whatever he needs, his food, water, all the stuff... taking care of, you are complete around

the clock to his job. Start by this evening. Go and find a beautiful rock in the mountain, get it and that water fountain I think is enough, that's enough... the fountain is enough.

Student: Are menses women allowed to help?

Swami: Yes. He don't have that type of dikshas. Downstairs person is a little strict, upstairs person... that's why I am always living with him upstairs, whatever I do little funny crazy stuff, he is accepting, is simply, "I am sorry. Hey man forgive it. I am still human, please."

Ganga: Is there any color you would like it? Would you like it to be white?

Swami: As you like.

Ganga: Hard rock or soft?

Swami: As you like, go harder, if it is light a lot of question will come up. So whenever the Lotus Process means, you need to be very smart and clarity enough. So lets immediately, after you have your lunch, or finished it, go and get together, let Myuri have to clarify all the things. If you have any questions, don't hesitate approach to me, make it clear. Then in depth next stroke, any miracles process happens, yes then you will understand. Then you are really starting to understanding it. This is the time to... you need to receive - you will receive it.

Tatyana: Swami you mentioned before, it is possible to complete the nine strokes by doing the Atma Pradaskina. Do you advise to do that? Is it advisable to do that?

Swami: No problem.

Tatyana: So, if you do that, can you still ask for 9 boons? Like how to solve that like one stroke after the other, you can ask?

Swami: You can ask, no problem, but what you are going to ask, be clarity. What you are going to ask, be clarity.

Bharati: (*Question about deal with mother, cannot hear*)

Swami: In her whole creation - you are a part of the creation. What you can give to her? You are part of... what you can give it? It's karmically ok. You are giving chapattis to Baba. In his life, whenever he is alive he loves the chapattis. Some people they know my weakness, they bring the good red wine, a good champagne bottle, then it gives a little attraction there, ok. Whenever, especially in America, Europe countries I love the Indian food. The Germans food I am sorry, I am really sorry - uughh, I don't know their taste, they are eating happily and I watching them... I am carrying my own pickles and powders spraying on it and rice. Here I am kind of little maharaj, like ten type of variety food, vegetable, Dhal, Channa Masala, all stuff. If anybody is bringing fresh Indian food, if you give it, it's kind of a billion-dollar check. Do you know what I am saying, that's, "Oh, thank God!"

One time Tobias is driving, I don't know where to where, where is that? You stopped at the gas station, huge driving, and I am very exhausted and so thirsty, and really, really, thirsty and tired, and body pains. He stopped near the gas station, and he went to the gas station, and he brought I think some special German beer. A bottle of beer, he opened it, just, ok...I didn't even look it is the beer - I thought it is the water, just I took it, tastes good. Then I am looking at his face, he is smiling, he is really smiling, "You like it?" "Of course!" That is the moments. As a human you are born - enjoy everything, in a certain limit, certain limit, then...that's life clarity. Done?

Student: The other day when you talked to us in the Dwarkamai, we asked about to see the Mother when we see a miracle because in your books you say we are eligible at these moments to ask for that, and you told Eric to not say it out loud, to not release that sankalpam out loud. But now I am a little confused, now you are saying we should

have asked when you walked out of the Dwarkamai in front of everybody.

Swami: Just at the moment, everybody is sitting there, "Swami please..." Maybe Baba made it missed it, first you need to get this information clarity, next, second approach, maybe he is doing right, he is doing right. So, Myuri, try to be ready and Tatyana, both guys take that script about the Mother, explain.

Myuri: Can we wait until we get this talk also? I think that will also help a lot!

Swami: Yes, ok.

Students: Thank you so much Swami.
