Swami: You made a lottery guys, today? Who got it?

Students: Marias.

Paul: We have a question when we're in the high moments with Mother. When is the best time to the pradakshinas?

Swami: The first moment. What do you want to make a deal?

Monika B.: I'm not clear on that. What can I give Her? I can give Her my service to the globe? Whatever She blesses me I can give that to the globe.

Swami: Then what else?

Monika B.: We were talking about we can take a part of the pain.

Swami: She created the happiness, She created the pain - both is Her. When She choose you there, you are there with her, what you want to offer? It's a brilliant thing what you need to think. It's only between you and Her – it's not even my business to know.

Abba: To do service to give my love to Her?

Swami: She's not making you do service - I'm making you do the service! Even She does it or not, I'm making you to do it. Let me give an example to you. In my life, what I made a deal, I promised to Her and Big Boss, "I'll prepare several thousands of students like Him. Straightly I'll prepare several thousands of students like Him. Done.

It means I have to completely sacrifice lot of my attention - constant work, constant thinking, constant planning, constant to escape from the Divine Illusions, crazy illusions - to bring the fragrance in the student's life. When the students got confused, got stuck, suffering with their own blocks, all corners whatever the students are stuck, to pull them out. It's not a joke she's chanting Maha Kali, Divine Arrows, Shakti Gayatri, it means some inspiration is there behind it. Some sankalpam is there behind it. That's my deal what I made. Now you can think.

Monika B.: For example, if I'm offering Her, "Giving enlightenment to a hundred people." How do I know I will receive the ability to do it? Can I promise something if I don't know if I have the capability to do it?

Swami: That's unworthiness. Why you think you cannot do it? You will do it. You have to.

Bharati: Do we promise also our dharma? It's important that we know what our personal dharma is.

Swami: First you have to know your goal. You went to the train station. You need to choose the right train to get to your destination. You cannot jump any train let it go wherever it wants to go - that's not your life. You have to fix your destination then try. If you're not able to reach the destination, ask the master's Guru Parampara. If you don't know your destination, that's a big problem. You want to reach the top of the mountain. That is your final destination inspiration. Then you try, you want to go different route, bushes, rocks, that inspiration makes you to go there to sit on the top of the mountain. You'll find your own way. Clear?

Think ok, this body Bharati, I am here. This many years I spent my life ways...then something knowledge is coming, whatever it is. What do you want to become in your life? Ok, you want a family life, husband, children, happy, money, good car, good bungalows – after that, what? After that, what? Have it yourself personally, still can do your normal life. I go and play with my kid. She comes everyday evening, we have big dancing in my office room - she has a favorite song, huge music, I dance with her. Forget everything - that thirty minutes I completely forget everything. She asks for chocolates, I give her chocolates, fine. Then she wants to go out. "Ok, go out." It's a part of the life. If you want it, you can also taste that.

Beginning days, I dragged the time for the marriage - Anya, Cyndria, all guys knows this story. Eight, nine years my mother kept trying to push to get married. Forcibly they're bringing the girl, to see the girl. After seeing the girl, I'm writing a crazy letters about myself to that house. "Don't give your daughter to him." So one final ultimate final day, I went to Shirdi, made a lottery. Nine times I made a lottery whether to get married or not. How many times it came yes? Nine times – yes, yes, yes, yes, yes, yes, yes, yes, yes.

Now I recognize a part of a human dharma. It's not a big deal. I really thought it was going to disturb my mission. That was my only reason. I'm disturbing my family too much. So what you're going to ask when you're in presence of Mother? Stand up Paul. The moment came, you're with her, how you going to act? Show me the rehearsal. As a real rehearsal, how you're going to play?

Paul: Do praksahinas first. (*Paul does the nine times atma pradakshina looking down.*)

Swami: So it means you're not looking at her? You're looking at the ground? Each turn YOU HAVE TO LOOK AT HER, turn, have a look, then go one, two, three, four, five, six, seven, eight, nine boons. The nine boons need to be very super smart and clarity - nine different boons. You don't need to ask a boon after each pradakshina. After all nine pradakshinas, you ask all nine boons, then you have to remember them exactly, like the Nine Arrows – first, second, third, fourth, fifth...

Monika B.: Each one she will respond right away? She will tell you right away? Because you said if she doesn't give her PIN number we have to ask for the PIN number of any soul? Actually ask for any soul in the planet or in the universe?

Swami: Any soul in the galaxy.

Monika B.: So, you wait till she responds to your boon wish?

Swami: She'll respond.

Monika B.: Every time? And then you go on to another wish?

Swami: Keep go, then she'll respond. First you complete your chapter then give a chance to her. Simply say, "I'll see you very soon." Get out. Clear? Sometimes there's a chance you might get dizzy, drowsy when you're doing... Don't do too much fastly. You have nine minutes time maximum, gently, gently, gently, gently, gently. Few characters I will choose at the time, some testings you need to do with her.

For example, in your heart you want to eat the most precious mango fruit, the divine mango fruit. I gave a chance to you. You can test. You're also little bit mentally prepare, then you can ask, "Please Ma, can you give a beautiful precious mango?"

Student: In this meeting she will give it?

Swami: Yes.

Student: Are you going to ask or we will ask for the mango?

Swami: That is your desire, either she can give to you or not.

Monika B.: We test Her to make sure this is the Mother Divine, and not any soul? Sorry, but to ask for mango - any soul can give you a mango it doesn't have to be Mother Divine. So you have to look for something that gives you the proof this is Mother Divine?

Swami: Hey, asking for a mango is not a joke. Whatever it is...

Monika B.: You can ask her to turn as Jesus, no?

Swami: Yes. Yes. If you want to see like your own mother, you want to see her as your own father, you want to see her as a kid, you want to see same like you there, same Constanze... I want to see this same face. Clear? It's huge clues what I've given. It's enough.

Student: We should really test her?

Swami: Not everyone. I don't know how much I can push the time. Only few guys, souls, will get the chance.

Student: Will you say, who?

Swami: Yes, mentally prepare you know, but I'm little worrying how smart you're going to ask your nine boons without forgetting everything. You ask for four, five then you forget, then you're turning back - that's very danger. That nine layers exactly, you need know very clear – boom, boom, boom, boom – nine times.

Student: First you test, if you get the chance, then you have nine questions, after that we do pradakshinas?

Swami: First you complete your business.

Student: First doing pradakshinas then asking nine boons...

Swami: Whatever response she's giving to you yes, go ahead like this, this, this... Then if I say to you, "Go ahead test," then you do after she responds it.

Student: Do we have to test Her or She's going to test us?

Swami: Of course I already tested you guys. One more time I'm going to test. That's not Her business to test you - that's my business to test you and put you there. I have to filter it.

Student: Do we make a deal if She asks to make a deal?

Swami: But you have to make a deal, that balances the energy.

Student: Do you have to verbally tell Her what the deal is or can you prepare it in advance of the darshan?

Swami: As you like.

Student: Do you have to complete the deal before you leave? You can't do the deal afterward?

Swami: You have to do the deal right there.

Student: Out loud?

Swami: As you like.

Student: If you do the nine boons, one deal is enough for all the nine boons?

Swami: Yes.

Student: When we first see Her, do we bow like this (two hands showing pranams) or do we have to go all the way on the ground?

Swami: As you like, sorry I can't make a comment. No problem.

Student: (inaudible, something about the test)

Swami: That's for your own satisfaction.

Student: Can you give us some hints or advices on the nine layers, nine boons each one building on...

Swami: That's up to you.

Student: It's important to keep it very simple and short?

Swami: That helps you.

Student: When you're asking for a particular boon, you can use just one word and she'll know? You don't have to have exactly three, four words like that. For example, 'Burn karma.' simple... then next one? So as you're doing pradakshina you can have the one boon in your mind and say it, or wait until the end and do all nine?

Swami: As you like.

Student: Is getting Mother Divine's PIN number and PIN number of any soul in galaxy as one boon or two?

Swami: One boon. The standard thing what you're going to ask the one boon is, "To knowing the PIN number of any soul in the universe." That's standard, that's your first boon, then go the remaining things whatever you want.

Monika B.: Once you said we should not ask to get in her womb?

Swami: Why you want that?

Monika B.: To get the mechanism of creation.

Swami: You can ask different way.

Student: If you ask for the PIN number of all souls on the planet, does that include Baba and Jesus?

Swami: Ahh-oooh, it's a little tough. Many people tried to know my PIN number. Don't get confused. Simple subjects, simple points what I gave. Simple. Easy. You're on the same track, but also you have different track too. They're using only one horse. They're using two horses too. Who really wants to go really faster to complete all these processes? Oh, almost everybody? We'll see certain things, the energy levels I fixed in Dwarkamai, and I recommend the four guys can go and do the abhishek and complete it. Wait for further instructions. And as soon as possible try to finish that Jesus statue. Brittany?

Becca: Start it? We have drawings done.

Swami: Yea, start it and we'll carry to the backside, that big lake there. How many people don't know swimming here? So try to think the nine boons what you're going to ask? Tonight I want to make you rehearse individually.
