Baba Births an Atma Lingam during morning abhishek with Swami and a small group of students

Swami: What made everybody to come to abhishek this morning? Can you tell the timetable of your daily schedule, Paul? What time do you wake up?

Paul: About 7 or 7:30 a.m. Then I clean my apartment. Then I go over my emails. Then I look at my to-do list of things I have and address a few things. I have breakfast.

Swami: What time?

Paul: By 9, 9:30.

Swami: From now onwards you need to maintain certain perfect timings, and especially early morning 5 o'clock, 4, 4:30 you need to wake up from the bed, jump in the bathroom, take a shower, attend to the Baba abhishek. After abhishek 6:30 it's finished, then for one and half hours until eight you can take rest. Then relaxly take a rest.

Then eight go and complete by nine your breakfast. From 9:30 – 12 spend everybody as a group in the Baba Temple. There's group meditation or sometimes take a satsang. The point is, whenever I want to get you, I need to get the whole group at a stretch. Not only like ten people, fifteen people. No, if I got it, I got everybody there. It's clear. Today how many people witnessed the experience at the abhishek? Who received that? Simon, can you stand up. You really saw the light from the Shiva Lingam?

Simon: Yes, beautiful, shining.

Swami: Then?

Simon: Then you passed it to me.

Swami: Constanze M., you saw the light?

Constanze M.: Not so much.

Swami: You?

Luzia: Yes. It was a bright, really strong bright light.

Swami: It's like a fire coal. That moment it's like a kind of shining fire coal. Then slowly it absorbed. Only First Stage you got it guys, then going to Second Stage everybody... you gave the water to everybody?

Simon: Not yet. Waiting for the three hours to be up.

Swami: So, have the abhishek to that and drink the water. How many people can fit in this mandir to sleep? Is it possible?

Students: Yes. You need like 7' by 7'. How many people totally here in the ashram? Sixty-five people can totally sleep in the mandir?

Any: We had a hundred people before.

Swami: Well, okay, thanks. I have my bed, it's 6' by 11' but it's not enough to me. I turn around, if I sleep in one angle, by morning I'm at a different angle. Just waiting for one biggest rain. One really big rain needs to pour it then I want to be in action. Before, you had a

thousand questions, something you said. Do you have right now?

Myuri: I don't have them with me. Do you want me to go and get them?

(Someone hands the paper of recent questions to Myuri)

Myuri: These are the recent questions but not the thousand. Shall I go get them?

Swami: So, whatever you remember you can ask now. Ask fifty questions for you?

Myuri: Ask fifty questions right now?

Swami: Um-hum.

Myuri: I need a little moment to think. My mind is in a completely different place.

Swami: What day is today?

Myuri: Twenty-fourth.

Swami: So till Guru Purnima, how many days are left?

Myuri: Twenty-one days.

Swami: Maximum five days my working days, then Guru Purnima is over. You finish your one section - another time will start.

(Myuri reads the questions from the student kingdom's list of questions.)

Myuri: So these questions are compiled from everybody top to bottom. What is the relationship between the Shiva Lingam and the Womb Chakra?

Swami: The Womb Chakra created the Shiva Lingam. The female produced the male energy. Females are most powerful than the males – one million times. If the female got success, they are unbelievable success. But majority the failures are the females one millions times because of every month they're discharging the menses. At the time

they need to control their energies. That's only the master can fix that energy, can cross over can negatively balance it, it's not a bad thing - it's a good thing. Sometimes if you don't have the menses... early age, before the menses starts - that's a powerful time and when you stop the menses - that's a powerful time. Whenever you're in the period of menses timings... but if you can carefully handle the energy in a proper way, you're very successful - very successful. You'll see with a few fishes and soon what we're going to do once the rain starts, fishes game. Next?

Question: Is Shiva in the Womb Chakra, in the Womb Chakra Yantra?

Swami: I answered it. (*Delay searching for the good questions.*) You're a senior-most student - you don't remember the good questions?

Myuri: Swami there's so many, there's a one thousand.

Swami: Find one.

Myuri: Okay Kala Chakra, we have some here. Is Kalabhairava protecting from the Vishnu illusions?

Swami: Kalabhairava is amazing protector of any illusions. Kalabhairava is there you don't need to be nervous - no illusion can hit you. And you went to that temple, and you had an experience, and you witnessed it and you tested it - that was Shiva Lingam at Lepakshi. That is most powerful, it was produced by Kalabhairava - He fixed it at his back with seven cobra heads.

Myuri: And you said that Virabrahmendra, he made that Nandi to grow big?

Swami: No. When he wrote the Kalajana, the prediction of the future, he said: at the end of this Yuga that Nandi at Lepaksi will stand up and it will shout. That rock will get the energy and it stands up and shouts. Who hears that shout, that noise, drops. That's his prediction. It's there in the palm leaf clearly. When he's going through Penukonda, he came to Gaghan Mahal and he mentioned one person is going to come here and going to worshipping like a

Mother Divine. This whole place will turn as an amazingly powerful Center. The evidence is there in that palm leaves. On the day he predicted it.

Myuri: Did he have a relationship with that Lingam too? Is that how he got the Kalajnana?

Swami: Nobody is related to anything except Kalabhairava.

Question: What made Beytala turn as Kalabhairava?

Swami: As another form of him, it's a kind of... Beytala is also in a form of really protecting from any kind of negative spirits, totally protecting. That form is only for protection of the negative spirits.

Question: Are they equal in power - Beytala and Kalabhairava?

Swami: Kalabhairava is most powerful. Kala that word is enough. Time. Kala means time. Same thing, another one is the snake. Bhairava means like dictator - Time Dictator.

Question: When did Kalabhairava produce this atma lingam? What was the inspiration for this?

Swami: Actually that Shiva Lingam came from north India in the Himalayas. Nobody knows the greatness of that Shiva Lingam but what we have, that Alahala Lingam is one million times more powerful than the Kalabhairava Lingam. Once you hold it, it's enough... you don't need to do any meditation sadhanas, it totally protects. Your wishes it will get fulfilled. The Alahala Lingam has that capacity. And the beauty this Guru Purnima, whenever you hold that Shiva Lingam, if you put it to your ear it will tell you your personal mantra. I'm serious. I'm not joking. The sound... only you can hear it. Like when I'm giving the birth from Baba, you heard the sound? Like for a second, like 'click'. You heard it?

Student: Um-hum.

Luzia: What to do in that moment? How to catch that moment?

Swami: I hit his personal mantra.

Luzia: You read his personal mantra in that moment?

Swami: Then he's quiet, otherwise uh-oh... even to touch him - no guts. No guts. Since fifteen days I'm waiting for the angle. Everyday morning comes -waiting for him, seeing his energy, seeing his energy, seeing his energy, then your group... you really expected I was coming today?

Group: No.

Swami: I told it five days then you wake up alert, alert, alert. Then you lost your inspiration. Then Baba is taking a shower. He's ready. Okay here you go. I took the Kala Chakra in my hand, the energy. I did it. Of course everybody can witness that. There's a next stage, first you need to make... to dissolve your soul energy with him very strongly, you cannot all of the sudden hit it, especially he's a Datta Avadhut. I don't want to... we cannot make like games, jokes with him. At the moment - who really got the shaktipat to the third-eye before that night (*at the Maha Kala Initiation in Jesus Temple*), washing Him, who touched, only they're eligible, able to see. Take it as a sporty and feel everybody is comfortable. Next amazing chance is coming. Same what they had it plus some more thing. I'm giving advancely hint.

Question: Where is the Kala Chakra in the body? Is it the male creation point?

Swami: It's everywhere, it's always moving.

Question: So, is it linked with the Nada Bindu, which is also everywhere?

Swami: Once the Kalachakra stops, your soul takes off. That's the main with the Hrudaya chakra, the tha - tha. If your Hrudaya chakra is strong enough then you can make your Kala chakra more strong. Once you got the Kala chakra strong, then you start to do a lot of wonders.

Question: Is that tha how you take off for yoga samadhi?

Swami: Yes.

Question: That's the last thing you do, just that one bija and you're gone?

Swami: That's it. In your Hrudaya Chakra, the rhythm - the fragrance, the vibration is tha. In your third-eye, the vibration, the fragrance is jii. Period. I think you saw this in that palm leaf book.

Question: How are the steps to command on the time? What do we need for that... like elements, sankalapam, third-eye...?

Swami: Everything.

Student: So all the processes that we've done all the system's that we've done leads to that?

Swami: Yes, you're already well connected to Kala Chakra. Well connected! I'm waiting for the next step to make you speed up for ten thousand lifetimes ahead, how you will be. Then you can decide, when your next life will be. But majority what I already blessed - no more next lifetime to everybody.

Myuri: What if we want to come back?

Swami: You can come back. You can decide that.

Myuri: Are we now 'free-birds?' 'Jivan muktis?'

Swami: Yes, 2011 Guru Purnima till January, if I'm here, that's when you need to be with your master - done. Your whole spirituality, your sadhanas in your lifetime is over. It's over. You don't need to go to any church, any temple. You can be in Las Vegas, I'm serious - totally a 'free-bird.' That's the climax time we need to go to Harichandra Ghat. So maximum I can take five hundred people, so as soon as possible, get your number. Brett, you're making to get it on line?

Brett: We're working on it. Make it faster. Yes, Anya?

Anya: You want all of us to sleep in the temple from now on?

Swami: No. I want to take one step, that's why I want to check if everybody will fit sleeping here. If all of the sudden I say, "Okay guys, come and sleep," but there's no place then few people got it, and a few people who were outside got upset. I don't want that. So make a rehearsal, you know what I'm saying?

Student: Is one of the purpose for Kala Chakra is to reach to the further point where we end our soul or is there another? I know it's for soul travelling and many things.

Swami: What's your question?

Student: Well, I'm wondering if we're using the Kala Chakra to fix processes that fail? To go back to fix processes that fail... our student's processes that fail?

Swami: There's no failure there in my presence. Everybody got success so far. You don't have failures.

Question: Let's say we failed at a darshan. Let's say somebody didn't say, "See you later," they left.

Swami: Of course I fixed that.

Student: But in the future, if they have students, can they use this Kala Chakra to fix it?

Swami: Yes, yes, yes.

Question: Swami, if we're not in the body anymore, will we still do the works for the Guru Parampara's right?

Swami: Yes, if you want to, or you all guys are staying in Dwarkamai in his Power Spots, just you are connected to that... you are merging, totally merged with the Mother. If you want to come back one more lifetime to do some seva... but I have to come back.

Student: Then what is the real death of the soul?

Swami: Soul has never death it's totally immortal. Soul never, ever dies. Your body needs to die. Your body only has to drop.

Birte: How can we really win Kalabhairava?

Swami: That is the process right now we're in. That is my next... I'm creating a position to hitting him, then bringing you to Jesus' life to that period of time, to showing some certain evidences and lead your life by this Guru Purnima. But we need to witness certain things what the Jesus... Tobias, you guys copied all the pages, the scanning of leaves?

Tobias: Yes.

Swami: How many leaves total?

Tobias: Thirty-one.

Swami: Thirty-one leaves. So it's already in the system, so we can see in the projector on the screen and they can read it?

Tobias: Yes.

Swami: There's like one sentence I'm translating in English. He wrote, "This is me Jesus Christ. Jesus is writing this book. By grace of Mother this book will exist in the globe, in the planet." The way of all his miracles and channelings, then he ended it. That's enough. That's enough.

Myuri: At that time the book was written, was he known as Jesus or a different other name, Yesu?

Swami: Of course... of course - Yesu. He had several names. He mentioned different, different names of him, like Indians they call me Master, Guru, Swami, Bhagawan, Swami Kaleshwar, Sri Sai Kaleshwar, Sai Kaleshwar... It's okay.

Myuri: So he was referring to the vibrations of his name when he called himself Jesus?

Swami: Yeah. You'll read that very soon. I'm going to put it in the projector. Is it ready to go in the projector?

Brett: We're still processing the images.

Swami: How much time it takes?

Brett: It takes a day or two.

Swami: Two?

Brett: Yes.

Swami: Once it's done just...

Myuri: We'll all get those?

Swami: Of course, we'll all sit in my Theater Room and we'll zoom it and see.

Student: A question here is about the power mechanism of finding a Soul Mate and how does it link with the Kala Chakra?

Swami: That's a good question. Who's your Soul Mate?

Myuri: You.

Swami: Me? What made you to choose it?

Myuri: There's nobody else to do or die for. There's nobody else who could possibly come close to somebody who I feel could understand and knows me, who could go to the farthest extent of myself.

Swami: Having a Soul Mate is the most, most beauty thing. It's very essential. It's very necessary. Like you totally, totally, one hundred percent true love there. True love, there no any selfishness. There's nothing there just true soul mate. If you have that, your life is pretty good blissed as a human life. If you have the sadguru in your life who really guided you to reach your destiny, your life is done. You need a guardian angel. You need a guardian angel. But you need to get it. You need to find it. You need to hold it. Then it's done. You won't feel stress. You won't feel pain. You won't feel heartbroken. There's no way depression will come. There's no way heartbreak will come. You're totally free... out of everything. Jesus Christ his soul mate he totally trusted – totally. I'm telling this for the first time in the globe – his soul mate is me. I have great respect and regards to

him. What else?

Student: This is about jii and shi. Can you give the jii mantra to somebody who is about to die to allow them to take off smoothly?

Swami: Once you practice the Jii in the third-eye, automatically you'll go smoothly.

Student: And we can help somebody else's soul to take off?

Swami: Yup, you can give the shaktipat. But without your notice, you've already done very powerfully that. There's no way I've given enough explanation to you but you already done it. But you can do everyday concentrating in the third-eye the jii word. You understand?

Student: You say we already have that energy of jii. What is in that, in us now, but we can continue to do it?

Swami: Yes, yes. Like in Mahakali, ya ma tha – the Hrudaya chakra is very strong – super strong. And I've given the shaktipat to each person. It's enough. We've done lot of homas and I made it tied to everybody some protection pearl malas and I put it as gandom sinduram to every person. It's activating.

Student: What does the Kala Chakra do with the other chakras in our body?

Swami: Kala Chakra is more powerful. Remaining chakras is side branches.

Myuri: Including the Hrudaya Chakra?

Swami: Yes, Kala Chakra - that is most, most powerful. That you need in your life. Your soul needs that. If your soul wants to get enlightened you need the Kala Chakra energy. Your soul needs to merge with Mother Divine. Your soul merged with Jesus. Your soul merged with Baba. Your soul merged with any divine souls – you need a Kala Chakra energy. But you have to be pretty good commanding on the Kala Chakra. That's only possible through the word of the Hrudaya Chakra - **tha**. And that's why as much as you

can chant the Mahakali prayer, in the Mahakali is the ya ma **tha** raa ja, then automatically it covers there. Also you're taking the Mother Divine energy there too.

Myuri: Can we say that the **tha** of the Hrudaya Chakra is like Vishnu, and the Trineytra Chakra is like Shiva?

Swami: Don't make it complicated.

Myuri: Because one time you mentioned that the Hrudaya Chakra is very similar to Sri Chakra and Vishnu has more command on the Sri Chakra than even Mother Divine.

Swami: What is your question?

Myuri: So I'm just wondering because you said Vishnu has two hearts, the left side is Lakshmi in the Sri Chakra and the right side you said is Shiva.

Swami: Generally every person has two hearts: one is spiritual heart and one is natural heart. Your right side heart is your spiritual heart.

Myuri: Is that the Hrudaya Chakra?

Swami: Hrudaya Chakra is linked with high powerful Kala Chakra.

Myuri: That's Shiva also right?

Swami: Forget about Shiva, Vishnu... these are all... I'm talking about the fruit no need the roots. You're coming out, then everything... you are Aham Brahmasmi, you are a consciousness. Vishnu is the consciousness. Brahma is the consciousness. Shiva is the consciousness. You need to be in the consciousness. Consciousness is the final limit. There is no Brahma, Vishnua, Maheshwara. You're coming out; you're merging with. Don't make it divide the Vishnu, Shiva - totally in the bliss in the consciousness...that you need.

Myuri: Is that in the silence?

Swami: Um-hum.

Myuri: On the other side of the nada bindu?

Swami: Why you linking here with the nada bindu?

Myuri: There seems to be a lot of confusion of the nada bindu what is in creation and what is in the silence on the other side.

Swami: You come out from your body. You link with consciousness. You have pretty good commanding on Kala Chakra. That's enough. Forget about your Trineytra, Sri Chakra, all chakras - forget it. Come out and get it back. Whenever you want to go out, come in, back... exit out... exit in.

Stephanie: Were you Jesus' master?

Swami: Me? No comment. I'm his best friend.

Elizabeth E.: So we focus our consciousness on the word **tha** and it's our soul energy that is grabbing the Kala Chakra?

Swami: Exactly. Done?

Myuri: In Beuerhof, you talked about the Universal Womb Chakra, that it was the way the Mother Mary brought Jesus back to life.

Swami: Wait... wait....and yes, she made it but that you need to do with practical experience. In practical experience you need to witness that, then the explanation enough, otherwise right now you'll get confused if you go that angle. No, it's confusing - too much to you.

Eric: Swami this is kind of a spiritual science question because of on this planet, western scientists are saying that human beings have been around only 45,000 – 70,000 years. Yet we know from you that we've been around for millions of lifetimes, sometimes. So how does that translate? How does that work?

Swami: Like this type of Earth, how many Earths are in the galaxy?

Eric: Billions.

Swami: That's enough but in this Earth, in this planet, this is karma

bhuumi. Everything, tortures, pain, suffering, it only exists here - not anywhere else. It's a karma bhuumi. If you're born on the Earth it means, okay forget it, you have to go through, go through. You don't know what you're going through, but you have to go through. Throwing you in the water but you have to swim. You have to swim. If you stop it, you go out, but you have to lead your life samsara sagara. It's a big ocean. You can swim an ocean easily, but swimming this human life, leading this normal human samsara, normal life - that's very stressful. You need a boat. You need something help to make you pass your journey - this is the Guru Parampara. If you have the link with the Guru Parampara then your journey is smooth. If you don't have the right guide in your life, it's up and downs, up and downs. You keep there in the desert but you don't have the right map. You need a right map in your life what to do, when to do, how to do then you are there.

Like ten years back I talked certain things. I could have trained you on the days, guys, but your soul was not yet ready. Even 2011, why I put it on the Guru Purnima, the Harichandra Ghat, that is the place we need to see. That's the place we need to see. The holy river is flowing and all the dead bodies are burning at the Harichandra Ghat. And what is mechanism there? Practically with your eyes you have to see it. You have to see that then it's done.

Like I traveled, I researched, even this lifetime I want to see the Manasarovar what is there. I went to Manasarovar, the Himalayas - taking a helicopter and go and just have an experience there. Finally came to one big conclusion. To give the knowledge in the right way - sadhana practice is most essential. If you're not doing sadhana you cannot. By luck, if you're doing a seva to the guru, the guru can transfer the consciousness to you. He can make awaken the consciousness in you without any sadhanas.

Shirdi Baba's master, Venkusa, he gave the consciousness to Baba like that. But Baba made his sadhana practice then he stored his austerities' power in his gurusthan to make sure it won't lose it, Satya, Dharma, Shanti, Prema with four candles.

Luzia: Is austerities' power equal to Brahma Consciousness or equal

to soul?

Swami: It's a soul capacity.

Luzia: And is the Brahma Consciousness with that or around that?

Swami: Yes.

Luzia: Let's say if we want to know what energy we already received, if we go into our Power Spot, we can see what's there?

Swami: Um-hum. From now till twenty thousand years later, you want to go your next incarnation you're reborn, then you want to see with the link of the Swami Kaleshwar, you can come back. You can come back and see a little show there, then go back.

Luzia: So, Swami, whatever in our Power Spot now, those are the links even to our previous lives?

Swami: Yes.

Luzia: Even though we made the Power Spot in this lifetime?

Swami: Yes, that's Kala Chakra.

Myuri: So our Power Spot is the Kala Chakra?

Swami: Um-hum, kind of. You can then make it activate from your Power Spot many things, but... it's okay.

Myuri: Swami, the Alahala Lingam, when we all touched it, it was to remove all our karmas. Afterward people still experienced things they called karmas...

Swami: They're testings. That is not karma - that is the testings.

Myuri: Even though they feel like, it's still part of what they were before?

Swami: Testings.

Myuri: So we have no karma now except from what we start to create

from now on?

Swami: You don't have any karmas - no negative karmas. I'm serious, you touched the Alahala Linga - it's done. You don't have any negative karmas. If anything happens means that's His testings. Like two days back when I came, only few people were here to the abhishek, then I got them. He chose that character. That's not me choosing it. He chose it. I'm just active there.

Luzia: Swami, for Baba choosing us, did our longing for many years was kind of, convincing him to choose us? Like did we do anything to making him choose us?

Swami: Your love, your humbleness, your love and your desire, something you want it. That made it. That desire is most longing to the divine, not crazy desires - desire for the divine. That is not a crime, but having that - you want that... you want that...

Luzia: But again in the moment of the process when the miracle happens there, it's important to not have desire?

Swami: I asked you guys, "Have a three wishes. Whatever your three wishes - it's done." And especially, that moments you touched Baba's feet - that's enough - you put the flowers, you touched his feet - it's over.

Luzia: Its' enough means we can win the next steps?

Swami: Easily. Everybody can win many steps, no problem, but we are waiting for the rain. Let it come itself. We don't want to put any sankalpam. Let it come.

Annette H.: Is this a sign of soul purification if the rain comes?

Swami: Yes, the ground needs to touch the natural water heavily.

Elizabeth E.: We've had past lives here in Penukonda you've said, and at that time, did we also create Power Spots here in this area?

Swami: A few students, yeah, even Jesus' Power Spot is here. Clearly it's here.

Sarah: You said that Jesus buried something in the desert. What was that?

Swami: No comment.

Luzia: You also mentioned that Jesus had obviously three lady saints as masters. Did they live together, and was it important that there were three?

Swami: Mainly Ambika Yogini.

Luzia: Did they give him the darshan in Chamundeshwari Hills?

Swami: Um-hum, in Mysore.

Luzia: And we don't go there to touch that Power Spot?

Swami: Here's his major Power Spot. Try to really experience that, like this kind of Shiva Lingam is dazzling. Once, one night we'll go and we'll experience that light.

Brian: How do we use the Kala Chakra to access our Soul Mate and to find out who they are?

Swami: So you're searching for a girlfriend, huh?

Brian: Just a girlfriend?

Swami: Are you searching for a girlfriend?

Brian: Yes.

Swami: I smelled you already fall in love a little bit with one girl here. I saw a few moments you were talking very openly and friendly and smiling. That's interesting and dangerous to get in my eyes. So you want to marry her or what?

Brian: I didn't go on a date yet?

Swami: What? So you want to spend some time with her?

Brian: That would be nice.

Swami: After that?

Brian: I have to see if she likes me.

Swami: Okay, I'll fix that. It's not a big problem. Many people got damaged same like you like Brett, Eric. Many people just... Chinello. just he got... - over. God bless you. Constanze also waiting for who? Her boyfriend is coming Guru Purnima. A companion, if it's a right companion, so useful. If it's not, that's a hell. Monika B., you heard what I said?

Monika B.: Yea, yea, I agree. No compromise.

Swami: Companion, right companion. Last night my wife came and arguing and tons of questions, "What is this, what is that?" I can't explain; I'm not in a good mood. I'm in the different figure of things. I'm a little bit angry on her. Then she got angry on me. That's good friction for a little time, like "Ooooh, ooooh!" Then later on again coming back in reality. I promised her I was going to take her to Japan but I'm not. That's what started the problem. That's when the problem started. "Why?" But I'm very good at keeping promises with her, I give my word, I'm doing it.

Christine St.: For us to recognize certain moments, certain energies... like there were hints that we should come to the abhishek but many didn't go. So is it that Baba can put that in the illusion also so that we don't really get to the game with us, right? (*Swami nods yes*) So good, it's His game then?

Swami: He cannot do next time. He cannot go next time. I want to get you, everybody like, forget it, whole group I'll get it.

Myuri: And Baba birthed that atma lingam? Who received it?

Swami: They saw it. Simon received it. He is smiling and he's looking like that and he's blinking his eyes kind of like a girl - so cute his eyes like when he's blinking. Then I asked, "Just like that?" And he said, "Yes, yes, yes!" In seconds he grabbed it. He's smart. He doesn't want to give a chance to give to another person. He got it...so good.

So to the **tha**, that word, I'm going to give a program. The Mahakali prayer, chant it minimum per day five hours. If you can't do the whole Mahakali whole prayer, do your personal mantra + tha + shanti shanti. Like make it like super fast... make it faster and faster. But you need to fix the right time, like evening hours - two hours, morning hours - three hours. Like that. Then everyday, one person needs to take the padukas and touch everybody's head. Padukas need to hit on your head. Menses okay. They come, hit it - go. After remaining time, wash the padukas with rosewater and put back. And if you can make it today five hours, start after your lunch, then you can push it before night arati. Five hours, that helps me to be with you guys.

Cyndria: Does it matter where we're meditating?

Swami: Whenever I come I need to get everybody.

Christine St.: So it's good to be in the Baba Temple?

Swami: Mainly I advise - Dwarkamai on the veranda and just around those bushes in the nature, fresh air. And who put the knives, those guys, Brian and Marias, that, you need to protect. Like some cleaning people come, "What is inside?" They're curious why the knives are there. No. That needs to be protected. They should not come out until the rain hits it. Then you take them out. The water really falls off then you can take them.

Marias: During, or after the rain?

Swami: After the rain.

Brahma: So when the rain comes, we run and take the bucket off so the rain can hit it?

Swami: Yes, good, so you can have some more time with yourselves, satsangs. I have more works to do. And if Brett can do that scanning I really want to show them as soon as possible. Okay? Good luck guys. Have a wonderful time.

End of Talk
