Guru Purnima Program 2008
The Process to Immortal Enlightenment
Teaching in the Baba Temple
July 19, 2008

Swami: Welcome my Dear Divine Souls, most precious day, starting your Guru Purnima celebrations. Guru Purnima... Guru means master, Purnima means Full Moon - Master's Full Moon. What is the greatness of the master? Today, that's the major concept subject. Any master - Shirdi Baba, Jesus Christ, Buddha, Allah, Pravat, Guru Nanak, Paramahansa...these many masters, gurus came... keep coming and going. Millions of followers with different roots, they're receiving the master, they are approaching to the master in a bhakti way, in a devotion way - only some students receiving certain capabilities, certain powerful channelings to the Guru.

Why only the master is linked with a few students, seriously working? Why only he prepares a certain limit of students? What is the really big block between the master and the student? What type of block it is? How many types of masters so far, they came on Earth? Does really the student is necessary need a master? Already, the real great inner master is in you. Your consciousness, your soul is a master which is guiding you all the time properly. But we're ignoring that, and we are searching, searching changing the hundreds of masters. Many masters you keep changing it. Today you're with one master doing some sadhana, then you feel uncomfortable there. Then again you're jumping another master, then again you're jumping another master.

What is the really big block the master to the student? Master is nothing but pure divine light, who really can remove your darkness through the knowledge, through his love. Only two things, one is his

knowledge, one is his love, then he makes you to remove your darkness. Knowledge is a big ocean - how long, how far, how many years, how many lifetimes you need to learn the knowledge? What is certain perfect knowledge what you require - that the master decides. Okay, do this sadhana, next you go for next step, next step, then you go next step.

Then he makes to your good student, another wife, your friend he gives a different knowledge, different sadhana... The master knows what your soul needed. There you got confused. Why has he given this channels to him? Why he's not give to me? Your soul PIN number, your friend's soul PIN number is completely different. In the God creation your soul fragrance, the résumé, rhythming, the vibrations, the rhythm, he has to find out. Once he has to find out, then he gives the right track, right way, "This information you go, go ahead."

Even to believe the knowledge, practice, processes, the sadhanas, majority of students right now in the planet, big question mark, suspecting, "We do the homa, are we really getting benefit? The priests they keep chanting the prayers and offering the lot of things in the fire. Is the fire really is purifying you? Is that smoke really helping you?" The master knows that then he makes perform the yagyams, homas to make a big transmission, need to happen in you layer-by-layer, layer-by-layer.

It's a lack of confidence on your self. Whenever you don't have the confidence on yourself, then it's really big coconut you are to make it open - your soul, your heart need to open it. It needs to be one hundred percent surrendity. Okay, you are at the fire ceremony, I told it, "Okay, chant the Shakti Gayatri." That homa is linked with the Shakti Gayatri and your Swami's sankalpam - a thought. These three is matched...these three points are matching there very strongly. Of course the Mother Divine, the Shakti Gayatri vibrations is unbelievably pouring to your soul to lifting, to making wake up, to rise up more - that's the master, he decides that.

Of course you can do any type of prayers, but he keeps changing it. One hour do this way, the next day drop the process, go next process. Many, many processes so far you got it. You might think, "Maybe one or two process I got succeed, Swami. All processes under... not completed yet. I'm doing the... my Kala Chakra, Inner Elements, Womb Chakra, I'm in the Baba group, I'm in the JC group, I'm in Santa Cruz group, I'm in the Switzerland group..." But how many

groups? I keep changing it. You are doing lot of sadhanas, but not yet completed. I know when is the right time to complete your process. Even though I'm pushing it, the link to the Guru Parampara, the signal, the blessings need to...necessary to make it completed it. Even though you are involving in this Guru Purnima, in the presence of the masters, the vibrations - that's a great bliss. The master wants to see you, not you want to see the master. If the master wants to see you, then you are here. If he doesn't want to... if the master doesn't want to see you, you cannot be here. Even if you keep try it, try it - no. Does it make sense Patrick?

Patrick: Completely Swami.

Swami: He wants to see you, the inside person majority, the Big Boss, he pulled you here. He sent me to Japan, "Go and take care of work there and come back." Actually, my program is two days. I completed it in one day, my program. Hundreds of people, great experience, they're super happy, but one part inside unhappiness. I asked them a gift, a boon, Guru Parampara, on Guru Purnima festival time the master have a right, "Hey, can I complete your processes within one day guys? Even late night, then I'll go back to India?" They said, "Okay, no problem."

I have to leave the next day morning, next day evening, two p.m. from Cathay Pacific through Hong Kong, back to Bangalore. Anya kept trying it and she fixed the tickets. Finally, I got the reservation. I completed late night, so everybody's super happy. Then again, I change my mind. I have to come by Singapore Airlines, leave earlier, three, four hours earlier then again I call Anya, "Fix the ticket." Even late night, how come she can fix it then? She keeps trying it, trying it, makes it confirmed. It means he's pulling me, as much as he can to be here. That's a master's power, like making things, making faster. We're all instruments - it's a very serious comment, golden statement. We're instruments making you to do the karmas - he's responsible giving you the results, he's responsible. Everything is his game, his leela, a play a part of, clearly his illusions. Whenever he keeps too much playing the illusions in your life, simply accept it. Whenever you keep starting to accepting it, whatever he gives, "Fine, thank you. Fine, thank you." is hard, is harder to say that but that type of devotion you developed in you... *(A rooster crows from outside - laughter)* No problem. *(laughter)* Absolutely no problem. I think that's

(rooster crows again, laughter) same chicken we did the Kandana Yoga. *(laughter)* I think it's same one. *(Rooster crows again, more laughter)* It's such a thrill to be with the sadguru, he is your father, mother, brother, lover, sister, well-wisher, enemy, tricky man - everything he's covering, and protector - great protector!

Only you think sometime to your master, but the master everyday thinking about you. His love and his fragrance all the time flowing with you keep making to following what you are doing. A mother can handle maximum two, three kids in one house, but a master handling the students with the different, different crazy behaviors, with your blocks, with your emotions, to making you really calm down - it's a big job.

Why I'm saying this, pretty good you're also masters, guys, many students they are teaching. You have a lot of students. The master never, ever feel boring and too much frustrated, and too much anger. You can be angry - sometimes it's necessary. Whenever you keep giving the love, the love is the biggest weapon, it's the biggest medicine to heal, to take care any problem in the planet. It's an unbelievable power, unbelievable power - your healing abilities, your miraculous power, that different, that's nothing in front of the love. That love needs to be crystal clear, no selfishness - pure divine love. A mother is feeding to the kid giving the milk, it's a bliss to the mother. Like you're really taking care of your student, it's like the master feels the same way.

Like you feel like is responsible, you have to take care but forcibly if you did that, karmically it is very harder to you to discharge that type of karmas, that negativity whatever you did the healing. One person came for a healing for you for one hour, you got tired and bored, and okay just you make him to sit, you don't know what you are doing it, and just you are holding it - there is no pure open heart there. At the time you should not do that. Even if you did it that way, it becomes very harder to discharge that type of negativity.

Today we performed the fire puja. Today's fire puja is completely take care of all purifications, all karmas, whatever you done it today first step. Tomorrow, to entering into the power, that power of the love, the Guru Parampara's love. Day after tomorrow is very big fire ceremony, very big Chandi Homa - that you need to receive the energy. After the homa immediately we are going and we're digging that, and bringing the Ala Hala linga out. So far, thousands of hours I have given the knowledge. Thousands of hours I keep talking,

talking, talking. This Guru Purnima, instead of talking, simply I want to give the experiences, simply straight give what you wanted. And day after tomorrow, Swami's going to give the initiation for the 2011 Maha Kala Ala Hala Linga, the process. It takes three Guru Purnimas, it ends 2011 in North India, in Banaras and Kashi, in front of the Ganga river.

Even wherever you are, guys, in the planet, that several months, even though you have lot of problems, businesses, everything, I'm giving three years ahead notice, three years ahead notice. (*snap*) Make a plan! So only I am taking like five hundred students. Five hundred students to going to the Banaras, taking a 747 flight from Bangalore to direct Banaras and spending time there.

Why I want to bring you there. In the Harichandra ghat, it's a area, one place where the dead bodies they keep burning it - there is hundreds of ghats. Ghats means the place they are burning it and they are throwing that ash in the river, like several kilometers, especially one place, the Harichandra. The king who has been with unbelievable illusions with directly from Shiva, a emperor, a king, he never, ever lied in his life, that's his concept. To him, Shiva practically he tested. He lost his kid, he lost his wife, he lost his kingdom. He lost everything in his life! That such a king, finally he need to burn the dead bodies, that job he got it. Whenever he is burning the dead bodies he did some practices there, he had the enlightenment, amazing enlightened from the Shiva.

Who walks that area with who knows the perfect process, they don't have a next lifetime - they're completely immortal enlightenment, completely immortal enlightenment. You don't need to do anymore spiritual sadhana - any practices in your life, no need to meditate. You can do the great unbelievable wonders in the planet. So try to make a plan for 2011. Is already many people is signed up Cyndria? How many people signed up so far?

Cyndria: Two hundred fifty.

Swami: In that three years I'm keep travelling in the world. Two hundred fifty is not a big deal. Don't miss the chance. Don't miss the chance. How a dead body reacts, what type of the vibration the Shiva energy is there, that we need to see - birth, death - death to birth - birth to death - that's it. Birth to? Death. Death to? Birth, two, three

times then you're done. Don't worry I'm not killing you there. *(laughter)* No need to get panic, but... but in the world is amazing sensational travel, in the globe, whole entire spirituality people they have to look at us.

In meanwhile, the big boss Jesus Christ' book is coming out. You're receiving the initiation, this yantra. Open it and I have shown some palm leaf books in my home... in the theater some sentences who read the Telugu about the JC life. Is quite amazing information, knowledge then I read it, they saw it, I think almost a hundred people on the days, how it looks what they have written on it. So this yantra also, first try to draw in a beautiful piece of paper, like a big paper with color inks, same like this what it is. After the Alahala Linga came out in the Dwarkamai, to the each person Swami is giving the initiation, then next - immediately we go for the experiences. If you have that yantra in your hand, then it makes me easier to explain in depth. Even late night this tonight and tomorrow early morning, and you come and it will be here and just draw it.

From the Womb Chakras you're making forty-one isn't it? Come to twenty-one. May come to twenty-one for three days, twenty-one, twenty-one, twenty-one is enough. I have several questions to ask you guys. Mr. Ganesh, can you stand up? He is a person... What I promised to you in Switzerland?

Ganesh: That you would give darshan of Jesus to me.

Swami: Next.

Ganesh: That you will help me to lift a big stone.

Swami: Next.

Ganesh: That you would cut my hands and fix it again in the presence of Jesus.

Swami: Next.

Ganesh: That I don't have to worry. (*Laughter*)

Swami: Your wife gave you permission?

Ganesh: Yes, she did.

Swami: She gave it? She feels a little doubt? She is there, sitting.

Ganesh: Did you allow it?

Iris: Yeah.

Swami: You sure?

Iris: Yes.

Swami: Okay, you are going to... okay, you did a lot of sadhanas, good, and I appreciated it, and no problem whatever I promised is going to fulfill it. What does it mean to link with Jesus? Why you need to link? Okay, if you linked it, linked it, what are you going to ask?

Ganesh: That Jesus will support me to helping continue his work with his power and his love.

Swami: Means you are insulting me, huh?

Ganesh: No!

Swami: Why can't I do that work?

Ganesh: It's a question that I was asking myself for many years, and I think if you spread your soul and Jesus is spreading his soul, splitting his soul many times, he is in us students and we can do more work than he himself with one soul. So, my feeling is that your soul is already in me and Baba also and Jesus also, and I have no idea how it will work, but maybe you can give... Jesus, Baba and you can give more strength and more power to our souls.

Swami: Where is the limit for the power?

Ganesh: There is no limit. There is no limit for love and there is no limit for power.

Swami: So your heart is open?

Ganesh: Completely.

Swami: For what?

Ganesh: For whatever is.... I have to do.

Swami: Who is your soul mate?

Ganesh: (Breathes out heavily)

Swami: No need to breath out, just simply - who is your soul mate? Don't lie just tell frankly. Have you ever met your soul mate or not yet, you're still searching...?

Ganesh: My feeling is that you are my soul mate.

Swami: Of course, I am a soul mate to everybody here. It's not a deal, except me. *(laughter)*

Ganesh: My son.

Swami: Your son?

Ganesh: Um-hmm yes.

Swami: He knows everything about you?

Ganesh: Not everything, most of the things.

Swami: A soul mate means, it's a condition, it's a strong phenomena, you have to know everything about him, the person need to know

everything about you - no secrets except your Personal Mantra, and some personal process. Everything you need to... you have done crazy stuff, you have done good stuff, and you're in the pain, you're in the happy, you're in any mood - that type of one person if you have in your life one person (*snap*) you're ready to get enlightenment. Without having a soul mate, highly impossible to receive the enlightenment.

If you failed soul mate, if you're hiding it, if you're keeping secrets - you're cheating yourself. You're deceiving yourself then you keep holding pressure, pressure, pressure, pressure, pressure all things in you. At one case, at one certain time it's blasting then you'll be big heartbroken, pain, depression. You won't feel the real fragrance of your life. Many people, whoever met me the first time, they're always hiding, hiding, hiding, hiding then I made them to write the list what they have done it, then burn it in the fire. Then later on become free. So, soul mate have that much power. Even you can choose Shirdi Sai Baba - everything you're telling it. You did it before... you're telling it. After you have done it, accept it... accept it... Once you that much open heart, you did it, you feel so light, so free. Your stress is, majority is gone. Like somebody needs to worry about you. Somebody needs to think about you. Somebody needs to love you immortally, unbelievable true love - that's essential, that's very essential.

Paramahansa, he had only one soul mate. Many students use to come to him, only Vivekananda. He had hundreds of thousands of students, only he chose one student as a soul mate - very strong soul mate. Even a master needs a soul mate. A master needs also a soul mate. In your life, soul mate, power spot, personal mantra. A power spot, your soul spot is all the time vibrating and giving the energy to you. It's a must and should, and your personal soul PIN number personal mantra, it's very essential. Who has these three, their life is unbelievable bliss. You already have, guys, personal mantra, right personal mantra, powerful place power spot, but with the soul mate...

In the university, you are here, guys. I keep observing it. Like Eric and Brian and Luzia and everybody they're working each other. Gustav, Sabeena, they're very friendly and they have frictions, they have frictions. This is the place for the true love. If you start to fighting for small things, for the power, if you cannot learn something from here, you cannot learn anywhere on the planet. This

is the right place to wash all your blocks but I never ever tell. For example, Luzia has a problem with different people. They give the little complaints, "Swami, Luzia drives me crazy and she gives hard time, and this and that." Simply, I smiled. Simply, I smile. Problem is you, not Luzia. Problem is?

Students: You.

Swami: You. You need to adjust. You need to be open. Whoever's giving a hard time, even your wife just make them to sit with you, talk openly your feelings, explain your complete feelings. Until you really clarify that, until you told your pain, dissolve that pain, fix it. Your wife is having a hard time with you. You sit make her promise to you, listen everything what she likes you or she hates you, she doesn't like these things and everything. Same thing I do with my wife. Simply I sit, "Come on go ahead." She gives the list of my blocks. (*Laughter*) None of it is true, but she gives the list. (*Big laughter including Swami*) It's a woman's kingdom, okay?

Then after listening everything, then I started talking my blocks openly, accepting it. Then she started to crying she's saying, "I know you're doing a lot of hard work and you're not taking care of yourself, and you're not eating your proper time, you're not sleeping your proper time." These types of blocks.

The love is there unbelievable love is there. It's a thrill having a person commanding on you in a beautiful divine way. You need to allow a person to be commanding on you. You have to allow. Don't stop it. If someone's commanding and telling you in a true with the love way, you can feel it if she's really telling with love or she's, or he's telling with a crazy way for power. If it is true love, accept it. Let them do it, telling you. Later on you start to realize to recognize it.

Whenever Shirdi Baba's life is alive...one time for six months, Baba didn't take a shower. His dress has completely got torn, opened up and completely damaged, and he's smells horrible, and whoever comes in Dwarkamai he didn't talk to them properly, and he's not eating his food properly, and coughing and... not taking a shower six months, and he is in a different stage. His dearest student Taty, who take care from childhood days, Baba take care of him from childhood days, when he's in the twenties he has a good commanding. He always called the Baba, 'Uncle.' The uncle? He calls, "Uncle." Then

he took the hunger strike. In Dwarkamai just he sat in front of Baba not eating food until he has to take a shower. He need to change his dress. For several days, then Baba looked at him, he accepted it. Baba accepted it. Then several thousands of liters of water, they poured on Baba and just they washed him, and they fixed him new dress. Then, the dress they burned in the fire.

A master and student relationship is immortal, the bond, not for this lifetime, the bond is forever and ever for many lifetimes. Wherever you go he is there. Having the Sadguru, you allow him to do whatever he wants to do in your life, but you have to allow, "He's my well-wisher. He is everything in my life. Let him do whatever he wants to do." Then it's really powerful to make it grow, the inner bliss in you, very powerfully. When you're holding it, when you're hiding it and you close your heart with your 'monkey mind' and suspecting nature, and seeing the master's personal life and making a judgment on the master - that is your biggest failure step.

For example, even me, who am that I can judge the Shirdi Sai Baba? To his behavior, his character, the way of his eating, the way of his dancing, the way of his playing with the kids, the way of his smoke, the way of his talks, the way he performs the miracles, the way of his giving the message very indirectly - who am I that can judge his capability? If I started to thinking in my 'monkey mind,' I lose him. I don't want to lose him with my crazy tamo guna. Whatever he is, he is. What I wanted, I'm getting it - that's it. Whatever I wanted, he's giving me that. Why I care about his personal life? Why he need to be disciplined? Maybe he is disciplined - you're not seeing it. There is a big block is there. You're making a judgment on every step. That's why the millions of students who is doing sadhana, they keep getting failures. That is the first step. Second step, with your own crazy inner blocks, not having at least one person in your life, a strong soul mate. Try to develop that. Try to develop that.

How many people here have the really great crystal-clear soul mate, guys? Be honest.

(Some hands go up)

Swami: Crystal clear, I ask somebody is...Leslie? You do have soul mate? Who is that? Who?

Leslie: Falk.

Swami: Who?

Leslie: You Swami, and Falk.

Swami: Patrick? You don't have a soul mate?

Patrick: I guess I'm a little confused, Swami. I didn't think it was something that you developed. I thought it was...

Swami: I should develop?

Patrick: No, no, no. I thought it was already there, you just had to go searching and finding. It wasn't something that you could... There's a person that I have that love for, but there's been a lot of shakiness also, so I guess I had doubt that that's the soul mate.

(long pause)

Swami: I think this Guru Purnima I need to bless you guys really good soul mate, except me.

(Applause)

Swami: Yes, definitely, I bless you this Guru Purnima. Whenever I'm giving initiation and I'm putting my sankalapam - yes, you'll get your soul mate. But don't lose your soul mate! Once after I blessed it, don't lose. With the physical attraction, with the physical attachment, don't decide it is your soul mate - point one. Point two - a person is giving hard time, making and driving you crazy, even the same time giving unbelievable love to you - take a positive thing, ignore the negative thing, it's okay. Point three - no matter what any circumstance, even it hurts to your friend, to your wife, or to your girlfriend...you had another affair, you had a great feeling with on somebody else. You can tell the way... How you're going to tell indirectly? You understand Patrick? It's clear!

It means, no hiding! No hiding unless if it is your personal process, a personal...in your sadhana soul development - that step it needs to! You got a promise from your master, then okay, that you can seal it. In your normal life, normal phenomena, whatever is the regular things even if temporary it gives a little bit hard time, pain to her, or pain to him, go ahead, tell it. If it is a personal sadhana thing, spiritual thing, it should not come out, you can seal that. If it's a normal thing, it's okay, proceed (*snap*) tell it. Then the bond becomes very stronger. Then the bond becomes more, stronger.

I have a lot of soul mates. I do have a lot of soul mates, very open, completely open. They know A-to-Z my life from morning I wake up from my bed, until late night I go on my bed, they're with me. Then I'm talking on the phones, and everything, just I share it. Majority who works around me, they're totally...I'm totally comfortable with them. Even the millions of rupees comes there, I never even take that rupees and count it. Since almost eight, ten years, I never even count it. I never even touch the money. It comes and it goes out. They're throwing it in the corner, they take the bags out, they pull it out - I never touch the money.

Some gold bars is there in the office and money is there, and confidential palm leaf books is there, the most confidential information, the ancient information is there. Completely protected, taking care, and they're also that much loyal. They're everything A-to-Z what they're doing it. When I look at their face, and easily I can scan it, how they're doing it. So, it's essential this period of time you're here, be very strong and open hearted, and already I talked to your group leaders which groups you belong to. From tonight onwards, I'm taking the groups and making the speed-up. Until the late night, if you got the phone call, little bit fresh-up - (*snap*). Even though you're sleepy, these three, four days are very precious days, guys. You need to have patience and calm, I'm there also. You understand? Anytime in the 24 hours the clock time, if you got the call, don't feel stressed out - be in clarity. Whenever you are with your Swami in some golden moment, what you're going to ask, there is only one opportunity is coming this time in your life. Think before, very clarity - that's your biggest work.

When the right time comes, what you're going...how you're going to utilize the time in a proper way. Asking the silly things, then later on realize, feeling guilty. Many people, so far you guys did good job, same time, many people did the stupid things, asking the stupid

things. Silly things. What your life mission, your future vision seed in your future, what you want to do? First be strong, determinedly think what do you want to become. Okay, you're coming to Penukonda, and you keep doing sadhana, and this and this, this, this, this... It's fine, good, but what do you want to be in your life? You need the strong, determined heart. Once you're determined, don't change your heart then you are there. You are utilizing the time, and get that - that's it. Whenever the time opportunity comes, whenever the Swami is in front of you, any experience happening, "What do you want?" There needs to be straight line, with clarity.

Another most important thing is, whenever is the Big Boss, the Jesus' life, the information very soon, maybe in a few days, what I'm going to teach, I'm giving that with his initiation, this yantra. Can you focus that, the yantra, maybe on the screen?

(Technical issue taken care of)

Swami: Go to the first word, on top of third-eye. There. Zoom. Zoom it. That's it. How many people saw this yantra in the original book?

(Some hands go up)

That's it? Cyndria, can you go and get the book? On the day they mentioned the *Jii-saa-sss. Jii-sas*. In your third-eye what bijakshras is hidden, the fragrance, the rhythm, the vibrations is the *Jii*. In your third-eye there is one vibration, one bijakshra is hidden - that is the *Jii*, then the next, *Saa*, the next, *Sss. Jii-sas*. Even in the future, if you read the Telugu literature, for thousands of years back they discovered, they putted it like Namashivaya, like Jii-sas, what is that? That book your Swami did not write it. It's on the days very ancient.

So how to do that, all chakras to make it open? That is this Guru Purnima concept subject what's your Swami going to teach it, and even late tomorrow, maximum try to have on your piece of paper, exact like this. Did Simone do this?

(pause)

Swami: Zoom in the middle. Yeah, that's... hold it. *(pause)* Sometime later on tonight you can touch it and... Nancy, I recommend... Nancy and Paul. You really can see the words guys, how they really written on it. It's quite amazingly they written this book, and especially to open all your chakras and keep flow the energy. This is unbelievable evidence to the future generations. Does anybody have any questions?

Student: Will we be able to teach this to students?

Swami: What?

Student: Will we be able to teach this to students?

Swami: Of course, I'm releasing this book. *(Eric holds up the actual palm leaf book)* That's the leaf. You can put it on the Baba stage so later on everybody can see this. This one need to go up here, this up and down, very important, careful. Next - any questions?

Patrick: How old is this yantra?

Swami: Almost...two thousand years. Two thousand years.

Chinello: In the book it says how to open all the chakras? What is the effect that that will have in each of our lives?

Swami: What?

Chinello: What is the real effect that that will have in each of our lives?

Swami: There is no difference between you and the Jesus. No difference.

(pause)

Swami: It's mainly the Hrudaya chakra, the heart. The Hrudaya chakra, how it makes it stronger and third-eye, how to make it stronger. How you can send your soul out and getting your soul back, experiencing the death and birth. This Guru Purnima time, once the Alahala Linga is there, I'm taking the top senior-most students who worked with me more than seven years - they're already pretty good done. We're making the soul traveling for like several hours. (*snap*) Complete, over.

It's...a major block is with the senior students. I keep saying it, "Learn Telugu, learn Telugu, learn Telugu." Since ten years, I'm screaming. Every public talk I'm mentioning it. This is India, Telugu country, majority where you're staying, everybody here speaks Telugu, the cooks in the canteen... You guys not concentrated on it, otherwise today you're...you really can give the good punch with evidences, unbelievable punch to the globe.

The globe is giving the new spiritual system. A *Bible* is different. A *Koran* is different, different...religious books is different. But this is thousands of years back with formulas. It's the perfect telephone number to connect to your soul to the cosmic - period, to your soul to, to the cosmic. But that's you need to practice it. That's you need to hold it. Never ever lose inspiration until you reach your destiny. Two days getting inspiration, for one month losing the inspiration, again getting inspiration, again losing it. If that way of, you keep doing your life, as a master I'm commandingly saying to you, that's not healthy to lead your spiritual life to complete it in a faster way even though like having tons of problems. Once if you're here in the spiritual path, you have to ignore all the problems. A problem is a problem. Until we die, problems will be there, it comes and goes, comes and goes, it's an endless process. But spirituality, with the right Sadguru at the right time, having that opportunity - it's not a joke.

How many people can touch the Alahala Linga? How many people can experience the Alahala Linga? To cutting the Ganesh hand and fixing him, it's not a joke. If any small fragrance, any small mistake happen - no more hand. He's handicapped. It's risky. (*laughter*) The hand, fingers... We'll see! God bless you. (*laughter*) I don't want to talk - just do it! Whenever the right time - just do it. What we did with the chicken, how many days back, guys? How many days?

Student: About a month ago.

Swami: How many people there?

Student: Sixty people.

Swami: Sixty we're done with the bird. The huge big rock of Jesus... many people they used to practice for the levitation. I don't know whatever it is...it's their mission. Why they need to levitate? Why they need to levitate? If you hire two, three people, they, just they lift you they put you down. (*Laughter*) Entirely, thirty, forty years, they practice, practice. Jonathan, how many years you practice?

Jonathan: Oh, twenty-five.

Swami: You really levitated?

Jonathan: Not really.

Swami: Now you can see, like seven people cannot lift the rock. The rock will lift, it's levitate... In Dwarkamai, the JC statue they prepared. That's with in front of a few senior students who got that ability with their all energy at the time approaching. Yes, like a leaf, comes up three minutes, again goes down. I'm not joking. So...this are all chocolates. This are all chocolates. You don't need this - you need immortal enlightenment. Having any type of chocolates, this, this, this, this, this... to make your mind fresh and clean.

But something is great, what it is? Enlightenment, immortal enlightenment, experience from zero to hundred, hundred to zero, death to birth, birth to death. One day we have to go, we have to drop this body - period, that we don't know when it is. That Kala Chakra, the time is running fast - you cannot believe the time. You can believe anything in the planet, today, this hour, this hour, this minute, this occasion this is yours. If you say, "Tomorrow," gone. That's not yours - you postponed it - over. Whenever the right time... that moment you have to utilize it. Depending for the next future, no. Especially in my personal life, I can trust everything except the time. In the Kala Chakra, even it's bited, it's damaged, even unbelievable powerful souls got caught, it is injured in a crazy way, the Kala Chakra.

Who have the commanding on the Kala Chakra, that person is some purely Purna Avatar. Who have the commanding on the time, really good command on the time, he's a dictator, he's a dictator for the creation. To able to reach that stage, only a few masters have reached that stage like Buddha, Jesus, and Baba, they have a pretty good commanding on the time. At the same time, they have a pretty good commanding on the five elements.

You don't need to lead your life as a devotee - you need to lead your life as a master. You need to experience the bliss, because you came in this human body, you have the opportunity. If you lost this opportunity, again he has to come back do the same job. Again, he has to come back, do the same job, keep trying and trying and trying and trying... How long, how far, how many lifetimes? Especially this period of time, the energy is super smooth. Once you one step, you walked in front, it's ninety-nine steps the divine is coming to you. The ancient days is very harder, now it's become very easier. Now, it's become very super easier. Maximum by 2011 it's closing. 2011 is the closing. After that, absolutely not possible to play with any type of chocolates and with Mother, with Jesus - everything gets tight and the crazy environment is happening in the planet, and situation. You will see that day too. 2011 is over, after that, it becomes very harder.

Even to me to prepare you guys, even you don't need to come each Guru Purnima from now until 2011 once you got initiation. If you got interested, you can come but I can do from here, the distance. 2011 Guru Purnima, you need to show up, hang around with your master minimum three months to maximum six months. (*snap*) Go back, then your spirituality...so this three years process, what you need to do I'll explain that tomorrow in depth. Today just is a brief chit-chat with you. How many new students is first-time coming here, guys? It might to you guys a little funny and, "What is this going on?" Don't get confused. Can translate?

When I'm first time in Japan, twelve years back, first abroad country I landed - that is Japan. When I saw the country, the buildings, the people, their culture, they're taking the two sticks, eating the food like this. (*Mimes eating with chopsticks, laughter*) They brought the food in front of me and they gave the two sticks. I have to eat with the two sticks, and generally I have to use with my fingers. Then everybody I am watching and they are eating very fast, like... it's like... its a flow (*he mimics the eating again*), it's going like that. I am trying, holding like three rice pieces, like hardly just I am there, its falling off. Tried...

“Forget about this Japan, who cares? It’s the most crazy country.”
Then later on I got adjusted. Later on I got adjusted. The beginning days, the new thing is, it will feel strange, uncomfortable, cannot understand whatever it is but slowly, once you are used to it, you love it. How many people here the Switzerland group? (*translation, show of hands*) Good. The Baba Group? (*translate and show of hands*) Okay. Who is the Baba Group leaders, can they stand up? Only three?

Lothar: No, we have more. We have Bharati here. We have Tatyana in the back.

Swami: Okay. Jesus Group, the leaders, the group leaders? For you guys, the group leaders especially, you need to get me, catch me, and make it...your thing need to completed. How many people in the JC group right now?

Lothar: Eighty-five.

Swami: So eighty-five means it’s a lot, it’s a lot of time. So, you are responsible to be little, like a bug on me. Even late night, and when I am awake your groups be super alert. By this evening I am really starting the ground speed - take off.

Lothar: Swamiji, you want one of us to contact you, shall we go through Tobias, shall we go through Cyndria, shall we...?

Swami: Tobias and I given to somebody, two, three people - who? Martin’s wife?

Lothar: Gundhild?

Swami: Yeah, and what else the groups?

Lothar: Maheshwari.

Swami: Maheshwari, how many?

Jonathan: About a hundred, a hundred and thirteen.

Swami: A hundred and thirteen from America? *Chhht.* Can I postpone them till 2011? *(laughter)*

Jonathan: No way.

Swami: Let them have patience, man. *(laughter)* Americans is pretty tough cookies. *(laughter)* The Europeans, because of they didn't understand the English they are very comfortable with me. *(laughter)*

Lothar: I try so much to translate right.

Swami: They're comfortable with me, but Americans, uh-uh. So - good. So, go and have the.... what else the process you done guys so far?

Lothar: You mean the groups present here?

Swami: And the Lotus Group, how many Lotus group? The University students how many? This year students? So somebody need to sit and make all the groups in different colors of badges, like make fifteen, twenty people, twenty people, twenty people, twenty people. Seeing what is the problems you already, before you had it, and whatever I promised, just go and have a list and make... By this evening I am taking a schedule, maybe I can go a little earlier. Today is no bhajans. Go and comfort as early dinner, then by group-wise, try to sit in the garden. Then I start, come and keep talking. The Singapore people, how many?

Lothar: How many are you?

Students: Eight.

Lothar: Eight. They are now eight. Seven ladies, one gent.

Swami: Completely new students, how many? How many, like a number.

Luzia: Forty-five, but overall there's a lot of new students...

Swami: And I really want to spend some time with you guys, very... like only you new students and me. So tomorrow sometime, fix that. Sharply come 11 o'clock tomorrow, 11 a.m., complete the fire puja by 12, finish it, one hour, by 1:30, 2:00, again get ready, then 2 o'clock we start - all the groups meeting, the new students, all stuff. Then we'll take the next steps how it goes. So have a wonderful time and try to draw this before evening, by tomorrow evening, then tomorrow night I can fix the time and can talk in depth the knowledge. Clear?

Gustav: Should we separate the groups within the big groups, like ten, twenty people? This is about pending processes, or what is this about?

Swami: All pending processes going to complete, Datta Kriya, and you are in the Kala Chakra process, and you are in the different, different Baba Group process, and JC process - everything is going to complete this Guru Purnima.

Gustav: Make one group, next group like connected to this pending processes or just take ten, ten, fifteen, like that?

Swami: Ah the pending processes, let me know, I'll complete it.

Jonathan: We already have that figured out.

Swami: So pending processes, everything, Datta Kriya, many people, and Maheshwari process, so many people, yes and completely only giving... jumping into the new process. To the new students, it's a different process - all the old students jumping in the powerful

process. Until 2011 you don't have any more process, only one strong process for three years.

Jonathan: Swami, we plan to have, after this meeting, a group meeting for all the major process groups and there will be a form, and everybody will fill out what's pending, what their main goal is, what they have, what they don't have...

Swami: It takes three years.

Jonathan: No, it's all prepared. Most of that work is already done.

Lothar: We only need to meet and fill out the paper. We have all prepared it. It was a matter of half an hour to one hour.

Swami: Okay, make it faster. Okay?

Luzia: The new students. Do you mean Ganesh group or all new students who are spread out through all the groups?

Swami: What do you mean, Ganesh?

Luzia: In each group, Maheshwari, Parameshwari there are new students, but there is also new students in Ganesh group.

Swami: Who are already in the process, in the students, they are okay, only new students, good. Okay, guys, have a wonderful time. Thank you and we'll meet this evening. Thank you.
