**Swami:** It's important to have a soul mate. No need to have a husband or a partner, soul mate is beyond any relationship. I know nowadays everybody has their own crazy ego and hiding nature, and maintaining their personal secrets. Every person has their own shadow they don't want to share. Some layer of their personality they don't want to present, to show. Once you can show your layer of your personality, then even to your mother you can say she's your soul mate. But how many people are really telling A-Z to your mom? Even you went to the club, had a little smoke, had girlfriends dating, driving your life crazy and she's smelling it but you're not telling the truth.

Of course love is there and you're covering yourself. You want to tell but you don't want to hurt her. You don't want to create a pain in her because she loves you a lot. To protect that love, you're lying there and you're doing a crime indirectly to cut off the layer of a soul mate. But Jesus Christ's life, he told A-Z as best friend to his mother, that's why she completely understood him. She complete understood. And *Vedic* concept in the planet, the womb chakra... even you take Paramahansa, Shirdi Baba, Buddha, Jesus Christ the bhairavi matas – through the women only, they received the amazing light, the women is that much powerful than the men.

Whenever they're in the battle with Mahakali with Mahishasura, they all became one, in the form of Mahakali. Mahakali means the most powerful womb chakra on the planet, the most powerful. All Sapta Rishis are there, all - Durga, Lakshmi, Saraswati is there; Brahma, Vishnu, Maheswara is there - all Gods, Devas, Angels is there. Everything came in one form to fight one negative soul, to handle it. That's called Mahakali form. The biggest, powerful punch received so far in the planet to that Mahakali form is Jesus Christ. Who really can handle the real her nature, can stand, that is the Big Boss. It means, if we're worshipping Jesus, indirectly you're worshipping Mahakali. All the shat chakras if you see in the palm leaves, the *jii* word is there. *Ji sas* is there in that palm leaf. It's a part of another form, as a lady of Mahakali structure there. I think many people have seen that book. She's not a negative form. Many people have the feeling, the idea, Mahakali means negative worshipping goddess.

Nowadays to handle on this planet three major things are important: One is the love, two is power, three is sankalpam siddhi – sankalpam siddhi - another word means healing abilities. The power is through eyes, can command, dictate through the consciousness. Without these three in this Kali Yuga, it doesn't matter how much knowledge you learned, you learned whole *Bible*, you learned whole *Bhagavad Gita*, you learned whole *Vedas* – without having any love, it's a waste. Without having any power you can't handle it. Without having any siddhis you can't handle it. So these three are very important.

Why Jesus Christ demonstrated miracles and powers, even though he's an amazing loving person, is to make the channels open to any person. And he made a deal very strongly to take care of whatever comes in the planet. No matter how much pain is in the planet, he took that pain. Who was made as a physical body who came on Earth, who suffered in a beautiful way with Divine Love – that is the Big Boss. He's been through soul level, physical level, mental level, but same time carrying amazing powers.

The biggest concept what he made a deal with Her, no matter what, he wants to control the complete five elements, and manifesting the five elements. It's not a joke. Like a Shirdi Baba, he manifested the fire. He manifested the water, the same time he

suffered too – got injured burned. A standard golden statement: Once you come in spirituality, if you want to become a strong healer, some divine testings must. You need to mentally prepare for that. Divine testings, without going through the Divine testings you can't go through, you can't win it. Whenever the divine testings are happening in your life... like, you love your friend, you really love the person - he died. You have a lot of money – it's gone. You have lot of peaceful, luxury life – everything gone, completely turn broke. You're in the street because you targeted, focused on the divine research. Once you're on the divine research it's natural, big transmission has to go, even you don't want to. You're protected, lot of power objects are with you. The same time, one part, let it happen. Let it happen. Enjoy that too. Even you cannot bear it, cannot tolerate that, then you talk to Guru Parampara. You tell to Guru Parampara, then they will take care, then they will take care. Like whatever you're going through, the pain and torturing, whenever they were crucifying him on the cross, first he took it, no problem. But whenever the crucifixion was happening, the beauty of him, there was not even one small tear. There was not one small tear - completely smiling.

Now straightly I'm giving a mechanism. He's the form of, amazing structure of winning the Mother. The Mother is nothing but purely Mahakali form there: Lakshmi, Durga, Saraswati, Brahma, Vishnu, Maheshwara. He took majority parts of his soul out. He allowed a small piece of his soul there. He already merged in the Divinity. He's not one hundred percent there. He's there, but not all his soul capacity is there. He took it out. How to take that out from the body? Tonight I'll draw one chakra, certain prayers, then in the future, in the book whatever I've translated, then you can see that prayer, the mechanism. That soul parts, even it got injured and the body got very badly damaged, a soul can heal, can re-manifest entire physical body and fixing the other part of the soul that got injured.

You got heartbroken. One powerful soul touches you giving you as a healing session. Whole your pain is gone. That soul is more powerful than the soul who got hurt, but he's the person of the Avatara, of the Mother Divine - pure Shiva character too. Taking some soul parts out, let them do action. After the action, coming back, completely got healed. It's only possible coming back through the Womb Chakra. Without Womb Chakra you cannot do

that. The Womb Chakra is the creation part there, hidden in it. You're going through Womb Chakra giving the soul back to there, all angles to the body then it starts to regenerate to the body. Clear here?

Luzia: (*inaudible*)

**Swami:** I'll give the formulas how to enter into the Womb Chakra. Before I told you, only third-eye to make the soul travelling. Here, how to enter the Womb Chakra to heal anybody. Some miraculous healing are happening, they choose any strong powerful lady for example, I want to heal a cobra bite that has happened, or if you want to demonstrate any miracles, I hit the real Mother Womb's Chakra. I know the real Mother's certain bijakshras. Taking my person mantra, I enter the person's soul there in their body that is injured and getting destroyed, like almost when the soul is going out. I'm pumping the energy, fixing that soul very powerfully to take care of it's self to get healed. Clear?

How many people have witnessed with me, the Khandana Yoga, with the bird or whatever it is?

Students: (many hands raised).

**Swami:** That's pretty good, but you didn't understand the mechanism. Now you're ready, guys, to understand the mechanism. For example, Shirdi Baba, he does the Khandana Yoga. We have no idea why he needs to cut his hands and legs and just he's throwing them out. Who comes, entering into Dwarkamai, completely Baba has pieces out. Everybody got shocked! "Somebody killed Baba in the late night!" Once they came back early morning, again he's happy and sitting and smoking and he's enjoying.

It means everything is a soul making parts, some parts taking out, keeping in your consciousness with your Womb Chakra. Whoever is linked with Mother Divine, certain strokes you completed, you have the commitment with Her, make a pledge with Her, making a promise with Her, taking parts of your soul. Then one part, if anything happens, getting all your soul parts to enter into her Womb Chakra to make it regenerated. Clear? So it means the creation point, life and death, is in the Womb Chakra. Life and

death is in Womb Chakra. So, tonight later on I'll read the prayers then let's go the Parakaya Pravesh. What do we mean by Parakaya Pravesh? Jesus Christ, he took some negative spirits and sent it into the pigs. What happened to the pigs?

Monika T.: They started screaming?

**Swami:** How is it possible? It's possible. Every soul has a pin number. Once you identify the pin number, then you can do the Parakaya Pravesh. What is your pin number Monika T.?

Monika T.: You know my pin number. I'm not happy to share it with anyone else.

**Swami:** Why not? What happens?

Monika T.: If someone has your pin number?

**Swami:** Um-hum.

Monika T.: They can command on your soul. They can take your energy.

**Swami:** How?

Monika T.: It's your soul bank account they're linking to.

**Swami:** So, is there any way you can protect that?

Monika T.: As long you didn't tell anybody your number.

**Swami:** In case you told someone your pin number, they got it, how you going to protect it? How you going to protect it?

Nityaananda: Well, you said we can't fix that first of all. And also you have other pin numbers you said we charged our personal mantra, and if we lose privacy of that, we have to start all over again with another personal mantra, but my deeper feeling is you can't fix that. The Guru can help but you have to start again.

**Swami:** So far, who got the initiation here, who got a power spot in Penukonda, if you lost your personal mantra, there is no way

you can fix it, unless the Penukonda Hill disappeared on the Earth. It means the hill will never disappear, so there is no fix for you. There's no way you can fix it. What happens if you tell your pin number to somebody? Even Jesus Christ, the top confidential pin number he taught, he believed one strong student. He wanted to make him powerful. He tried. He told it. He leaked out, then the illusion attacked on him very badly. It means, no matter what, even you're an avatar, you're an incarnation, you're carrying amazing powers... once you released your, the confidential pin number... I taught some of my personal pin numbers, but not the confidential, powerful clear one.

Okay, come to the point, Parakaya Pravesh. Every person there is a soul pin number. Once if you know the soul pin number, through your soul travel, whatever you do going out, like you have that access you can hit, like Adi Shankaracharya, you can read the story. There is one king's dead body. Adi Shankaracharya is sitting with his students. He really wants to see the lady fragrance, lady energy in his life. Then he wants to enter into the king's body to stay, to be with the king's wife. Then he told his students, "I'm dropping my body. I'm entering into that body. Try to protect my body carefully, again I'll come back."

The first person in India to do that was Adi Shankaracharya. He also found the Sri Chakra too. Then he left - he entered king's body. Everybody got shocked. Then he had a little time there. Then he saw, "Gosh, I'm not able to do this soul prostitution there, forget about it." Then he declared, "I'm Adi Shankaracharya. I'm a saint." All people they thought the king is a psychiatric patient. He's emotional like an avadhut. I want to give the clarifications about hysteria patients, avadhuts, aghoris... That's a big subject - I want to talk on that. That's why I asked you, "What are the symptoms of hysteria?" The Full Moon and New Moon timings, the saints' behaviors, the spiritual students' behaviors, we'll talk whole chapter on that.

So, he entered, then he hated it, then he came back to his normal body. Then everybody started believing it. Then they want to learn what the mechanism is. Then he told it. In Sri Chakra there is one bijakshra. That bijakshra, if you implement that you can enter into any person's dead body, any animal, anything very easily, very easily you can enter it. I did that in Japan when I was there.

For six, seven hours when I was soul travelling. And a few fourteen, fifteen years most senior most students, they want some proofs and evidence and clarity. Couple doctors are there, taking care. Good, it's done. And lot of shaktipat they received. They're happy, again getting back - took off coming back to India.

To know the pin number of any person, especially who has a power spot and who received a personal mantra from Swami, it's not that easy anyone can find it. It's highly, highly impossible. If the person is not my student, yes, you can discover their soul pin number. And also the beauty of that pin number, you can heal their soul very fastly. You can heal that soul very super fast once you touch the third-eye of the person giving a healing, you know the person's personal mantra, you know the soul pin number.

So even the person doesn't know their personal mantra. For example, a movie star comes. He doesn't know about spirituality. Even though he doesn't know about it, he's carrying that pin number with his soul - that, you need to discover. Once you discover it, yes you can play it. Entire the whole creation, even a fish, an animal, a tiger, an elephant - yes there is a pin number. Because of some pin numbers, to your pin number, to your soul got linked - you're super easily getting attracted there. A spark of energy comes very close and thicker. If the pin number is not matching, then you're really fighting, torturing, driving yourself crazy. At the time, the master they do a trick. Trick means, he fixes a pin number to match a pin number very close there. The master who was very good commander on the Womb Chakra, he can go and fix to that pin number very close by, then they can be very friendly. Even though you like a person, you want to be a soul mate but you won't trust the person, you can fix that person's pin number close by to your pin number, then you maintain as a soul mate forever and ever but you should not tell you fixed that, then it doesn't work. It's purely soul vaastu.

Somebody comes in your house, like a guest. He's a little strange, very uncomfortable energy. He plans to stay for ten days. You want to send him within one or two days. Make him to sleep in the northwest bedroom, facing north - that's it. You try - test it. A lady in the house, the wife is driving you crazy, you want to leave her. I don't want to give the negative points...you're very uncomfortable, you want to get out but she's not leaving you. Fix

her kitchen in the northeast. Take the kitchen in the northeast, cooking towards the south. You don't have to leave - she'll beg you. "Please I'm going." She'll walk away.

A wealthy person, successful person who's egoism is super high, and he's a criminal harm to the globe. Fix a big swimming pool to the southwest of his property - it's done. Even you can put in his bedroom... we don't need to talk about this stuff, no. I'm sure you'll implement this, guys. Even the elements, what we're using the directions, are that much dangerous, very dangerous the elements. Like I'm sitting in my chair, the east-south is extended, the northwest is extended, even I'm seeing northeast, the chair should be straight, face straight to the east or north. Sitting like this - whenever I finish my talk I walk away.

So it's a soul vastu. These are all Parakaya Pravesha, Soul Travelling, Khandana Yoga, Crucifixion, Dauti Yoga, Vibhutti Yoga, Atma Chedana Yoga, Neytra Sandana Yoga, Atma Sam Yukta Yoga - these all stuff from thousands of years, the ancient knowledge they researched and researched and researched and released it. That much power we're carrying in our shat chakras, that much power is hidden in it. The most major power is Trineytra Chakra, Womb Chakra then go to Hrudaya Chakra.

So tonight, Swami will write the yantra and prayers - how to split the soul with the different layers. I need only the top senior students need to stay here. Who cannot understand, they can be out for a while then the senior students has to ask the questions, "What is this? What is this? What is this?" Then it makes very easier clarity mind to me. I have to put the palm leaf book close to me and I have to explain that very peacefully step-by-step, then it's recorded and you can listen to it and practice that. The information came out. Okay?

And whatever your process, whatever you're doing it, it's crystal clear there in the books. It's not your Swami's masala. I practiced it, I tasted it then I'm teaching it. So better top ten, fifteen senior students to come with colored pencils and paper to be ready. Come, keep drawing it, the layer-by-layer, how to take the soul first out, second out, third out, fourth out then can explain.

End of Talk
