## Swami's Soul University Talks

The JC Energy is Flowing

Talk at the Ashram in the Baba Temple

January 1, 2009

*Swami came down to Bhajans for a little talk*

Swami: How many days is over your group to the initiation?

Constanze (Group 3 University): Last Monday... it means... one and a half week.

Swami: A week is over, so more then ten days is over?

Constanze: Yes.

Swami: So ten more days? You're supposed to keep that something isn't it, twenty days or twenty-one days?

Constanze: You said three month, ninety days that's fine?

Swami: Twenty days is enough. So twenty days, ten more days. So your group can prove the crucifixion, kandhana yoga... Just ten days, all your group take off from the ground - first group to receive that most powerful initiation and the mechanism, so hopefully your guys can again get together and discuss one more time, on the day, what I teached to make sure you really got that, the mechanism.

Constanze: Alright, yes.

Swami: And one more group hit another angle the J.C. They're also going very, very, fast, super fast. First time one group, Jill's group since almost.... how long Cindy, JC, since one eye is bleeding? (water)

Cindy: A week and a half to two weeks.

Swami: I took the cotton, made it clean. Within seconds, again two drops. Last night Jill's group saw it. But it's okay, his energy is very unbelievably flowing. His energy is unbelievably flowing. It's a very good omen, very good omen. Lot of transmission is happening in your souls, unbelievable transmission. I don't need to teach, just making the transmission to your souls to bringing up the energy. That's enough.

So I'm just letting you know the energy is super high intense in a peaceful and beautiful way. So try to receive as much as you can. It's only possible by maintaining as much silence. I notice even you guys in the Northeast garden, you are going and talking on your phones. Throw your cell phones out. Maintain silence, silence, silence, silence... You can't get back again, this time. If you miss one day, that's a lot you missed it.

I know as a human, lot of blocks and problems - throw it out. Once you enter in the Shiva Sai Mandir, all your problems, everything... just you have to kick it out, throw it out. Then only you can... there's one slang (*Swami says in Telugu too fast to get it down*) whatever you want to catch it, catch it until you win it. You took the word, you took the determination, if you really run, I can run also, very fastly like you. If I run, if you're not able to run - that's a problem.

So, another most important thing is unity. Unity is very, very, very important as group unity sharing. That's more strength out. And once if you have the unity, somebody can warn you whatever you're going in illusions, they can pull you out. They can pull you out.

Sometimes I feel lonely, like I don't have an equal person to share it. Like a really equal person that I can exchange my feelings, and exchange what I'm doing it. Coming to him (Baba), just okay... but as a human, somebody as an equal person. You have no idea, like if you can exchange the feelings, exchanging your ideas - that's the bliss. I have unbelievable respect to Baba and JC, but what can I make exchange to them - element? Really good friend, okay you can talk in spiritual touch, at least sometimes it comes maybe relaxed. Then I brought my daughter here. I can play little bit here and there but... it's working, it's helping but... am I boring you guys?

Students: No.

Swami: So try to develop that unity, okay?

Students: Yes.

Swami to the University Group: Good luck. Ten more days - be ready.

Constanze: We will be.

Swami: Good luck.
