Ashram Talks With Swami
Valentine's Day – Swami Gives a Puzzle
Talk in the Baba Temple
February 14, 2009

Swami: Good evening guys, Happy Valentine's Day. It's only between the lovers or it can be to anyone?

Clint: To anyone especially to your guru.

Swami: Tons of phone calls, tons of SMS. One lady I don't know where she is calling. Oh my God, she's really torturing me. I put her in the silence mode. Everybody enjoyed your silence? How is it?

Students: Super!

Swami: How many types of silence are there? Silence is the power. The violence is hidden in the silence. After the violence only the silence will come up. Silence is very power. Many monks and saints they put the cloth over their mouth, like Meher Baba. He was in silence like years, almost twenty-five, thirty years, just simply writing it. There is a big statement, "Who is really practicing one bijakshara for twelve years with the silence, they'll get enlightenment."

After you're not talking too much, maintaining less talk, less talk, less talk, then later on you can stop your human blocks, monkey blocks. It's an art to be in the silence, less talking. And also it will increase the lifespan. It's true...it increases the lifespan. In Himalayas a lot of saints they're enjoying majority time in the silence alone, very quiet, meditating.

Who's maintaining the silence, that person's sankalpam is one million percent strong and whatever the sankalpam siddhi will become fulfilled. But majority in our time, fifty percent of the time we're sleeping. That time we can make it as a silence through pure consciousness awareness. You're sleeping, your body is sleeping, but your consciousness is enjoying the silence there.

After everybody was in the silence, just I scanned the energy of the whole ashram. I never saw the ashram is like that much peaceful. Intentionally I walk near the canteen when the people are eating the food. It's like a war. You know war? Like too much talking, talking, talking, laughing... It's good, but too much unnecessary dialogue creates you irritable, so the silence is good.

The Ala Hala Lingam, that energy is very powerfully playing on every soul in my entire student's kingdom, who is connected to Penukonda. The energy is flowing to their Power Spot and their souls. Today you won't feel it but very soon you'll feel it. You might think many times Swami promised lot of things but he's not taking action anythings. Are you thinking that, Constanze?

Constanze: No, I am not thinking that.

Swami: The Divine is a kind of honey. The real honey has no form – no form. The honey is really hidden in the flowers? Who can answer one question, they'll really get very quick enlightenment. Enlightenment means they're eligible for immortal enlightenment. Give me answer to this puzzle:

There's a beautiful cow holding a lot of milk. I don't have the time to get the milk, make the yogurt, get the butter out, then boil it and get the ghee. I want straightly the ghee from the cow. How is it possible?

Who can answer this question straightly with one comment, whatever the top nine qualities, I have nine gifts – the powers, I'll give the one straightly. Mother Divine is having eight powers - your Swami is having nine. I'm not joking. Shirdi Baba is having seven, Jesus Christ have the ten.

There's a beautiful cow holding a lot of milk. I want straight ghee from the cow. I don't have the time, the patience to go through all the processes. How is it possible? Don't discuss with anybody. Think with your mind and your heart and your soul. How much time you need guys? Once you answer it, you don't have another second choice. But everybody has to answer it individually on a piece of paper – one sentence. That is the goal.

So, 9:30 I want to see everybody on their bed on the slates. Good luck. Take care.

As Swami was walking out, he gave a parting comment:

Am I giving hard time? That's my job.
