Shiva Ratri Program 2009

Kama and Kala - Introduction

Teaching in the Baba Temple

February 20, 2009

Swami: Welcome my dear divine soul mates. After long time, again we are here at the 2009 Shiva Ratri Process. Many, many processes so far we did it. We don't know why we're doing it. Is it true Bindi? Many prayers, many abisheks, many homas you keep doing it, keep doing it, doing it. How far? How long? What is the final ultimate goal, Gustav?

Gustav: To merge with the Mother.

Swami: To merge with Mother?

Gustav: No.

Swami: Eric?

Eric: I think to be a generator, operator, destroyer.

Swami: You want to become God?

Eric: To be a master.

Swami: To master what?

Eric: To master the energy, to master the illusion, to master the soul mechanisms.

Swami: You've won the Mother - good. You connected Jesus - good, what is the benefit? What is the benefit? You've seen the angels - good. You connected the angels - wonderful. What is the benefit?

Eric: I think the benefit is to spread that experience around the world. To let other people have that experience.

Swami: What is the benefit to spread that? So far is any master really happy guiding the planet? Any master, any avatar, any great spiritual leader, they died their climax very peacefully? Any one person, Paramahansa, Baba, Jesus, Yogananda, Muktananda - who, Baba, Akbar? Shirdi Baba? The death climax is little painful. Even though they connected Mother Divine, even though they're the supreme carrying supernatural powers, what's really happening? Why is Shiva the destroyer giving that opportunity to that body to going through certain frustrations, certain type of pain? What is inner mechanism? They're well succeeded in spirituality.

Student: I think the pain gives us compassion. I think without the trials we would not be able to remember our past. (*rest inaudible*)

Swami: It's okay. There is one strong soul vastu comment, golden statement, "You can trust anything in the planet, you cannot trust the nature." You cannot? trust the nature. Nature is nothing but a great illusion. Nature is? great illusion. We don't when, next hour, next day, what the action will be. There's always great possibility you can escape from her, great possibility.

So far, majority saints who got success, they enjoyed the great bliss with the soul level. And another part, they voluntarily, heartfully accepted another part of her giving the pain. They accepted that. They want to enjoy that too. Doesn't matter if you're a spiritual person or a normal person - in every person's lifespan, if a person is going to stay sixty year lifespan, fourteen years he has to go through hard time. That's the standard – fourteen years. If the lifespan is fifty years, then it's ten years like that carrying. It's kind of soul astrology. Has to go through really painful time, hard time, suffering time. To escape from that, there's only one who we can receive the protection circles from - Shiva.

In your life, put the spirituality side, if you started counting, how many souls you made happy around you and how many souls, if you started thinking, did you really damage and hurt? Hurting and damaging is more. Making happy is very less. Thinking on somebody else's life happiness, not for your self-happiness. Thinking on somebody else's happiness ninety percent, and thinking on your self ten percent. I didn't see so far any student like this in my life. Majority they're thinking ninety percent on themselves, 99.99% on themselves - .01% on others. That's the biggest chance you're giving the illusion to come and attack you.

The difference between Sadguru and you, you're always thinking on you, you, you, your happiness, your selfishness, you want to get success, you want to learn this thing, always you're focusing on your selfishness. That's the biggest danger point. If somebody... your really good friend, dear friend, got success, got good name, got good money, somewhere in your heart you feel pain. Does it make sense, Eric?

Eric: It could happen, definitely.

Swami: You're even happy for him but somewhere you don't have that. You feel you want that too. When you wash that tiny bit of negative resistance in you - you're a crystal clear person. A master always feels proud when the student is getting success – if they're growing more. There's only one person: Mother, Father, Master, these three persons in the planet are always thinking about you and your success and your happiness, and your growth. That's why Jesus said, "My students will become more

powerful than me in all angles.” It means something he’s also missing it. He wasn’t able to achieve that, “Maybe my students will achieve that too.” What are they? What he missed it and what he sacrificed? And what Shiva sacrificed? What is clear to Kalachakra?

There’s many, many groups last night I discussed with the Group Leaders. Even pretty confusing to me too – Panchabhuta Process, Kalachakra Mt. Group, Kalachakra Ashram Group. I put like new style – Green Scarf and Blue Scarf and White Scarf, after all the stuff simply like make like two groups to release that. And another part, I feel so proud of you guys - unbelievable growth, soul capacity, charging your soul battery very powerful, very, very powerful. And you’re really doing amazing hard work and sadhanas. The hearts are really open. I really thought the whole globe economy is crashing, how many students will really show up here? Let’s really see; let’s challenge, still heart is open, it doesn’t matter. I know your financial problems, I know your financial problems, I know how much you’re going through financially, and how much stress you’re going through in your countries. Even though you’re going through the stress, still the energy pulled you here. The great beauty is if you want to come, you cannot come. If I want you to come here, you’ll come - it’s true. Many people, they tried, tried, tried... When I look at your pictures, everyday I look on your faces guys, think your name. I have your personal mantra, bio data, just keep going, doing it, and reading your history and thinking about you two to three minutes. I started my work evenings six-thirty, seven sometimes seven-thirty, eight until the morning six am. It’s true.

So, this Shiva Ratri main highlight is big Shiva energy transmission. The Ala Hala lingam we buried it in the ground. That energy is the first Shiva Ratri, his energy is really going open up in the earth element. We are here to witness, to receive that energy. From the Dwarkamai, top of there the water is flowing on top of the slates where we buried it. You’re carrying your lotus flowers and you are sitting on it, or you are laying down, and I give you some personal, some each individual personal prayer. We chant that 108 times. Then you are going there and you are standing on the top of the Shiva lingham where it’s buried. The water is pouring on you, then you drop the flowers like that. Whole night the process keeps going. That is almost all. It’s never

happened. Amazing, amazing supernatural healing what you are going to receive it to your soul - that's a major one.

Number Two. In Dwarakamai your Swami wants to give like different layers of the students. My austerities power transferring to some of the students by how much they really can handle it, can go. By 2011 only again I am going to see you guys. Until then, either you can come back to the ashram, or it's up to you but 2011 Guru Purnima, you need to hit Harichandra Ghat at Kasi on the holy Ganga River.

Also, before that process is going to happen, I want to explain the difference between Kalachakra and the Kamachakra. I never explained that so far. Your Swami is also married and he knows how the Kalachakra is playing, and how the Kamachakra is playing. How it's really disturbing in the globe. How you are really ruining your life in a crazy way, how the time is biting your Kamachakra, and your Kamachakra is attacking to your Kalachakra. The boat is coming and you're missing it. For a while you don't know why you are doing it. You are completely trapped in that period of time, in the pure Kamachakra. Once the time is released, then you recognize you feel so guilty about it – painful, depression heart, heart broken, cheated. Again to recover that, your kalachakra is not helping you, protecting you until some divine forces are coming and lifting your soul. Some purification is happening in your womb chakra, then again you come out and you feel good, and you're forgetting that person, that lady. Then again, new energy enters, then you are free person.

So far in the western countries, the relationship problems majority are between Kalachakra and Kamachakra. Tonight your Swami is going to draw that Kamachakra Yantra and Kalachakra Yantra and how it's related. How many sparks the thunders keep flowing in our body to our consciousness and to our soul – how each spark, what are the symptoms, and where we need to be awake, need to be alert, if you recognize that - that's enough.

Even Vishvamitra Marharishi, after he got damaged through the Kamachakra, he discovered the Gayatri mantra. He's the person who discovered the Kamachakra Yantra, and he explained to the Devatas this is the way we have to operate it. So that is a major thing even to Shiva, when Maha Vishnu, he turned as a lady distributing the amruta to all the Gods and Goddesses. Shiva cannot able control his kama. He hit that mistake, then Ayappa

came. It's a true story. Then Ayappa came and sucked the Kalachakra, how it's really dangerous and going to hit you a period of time, and how to escape from that. So what you need to chant when you are really in a trauma, you really got stuck with it, from there you can adjust it. Is there any possibility there, Eric, to escape?

Eric: It sounds like it.

Swami: What?

Eric: It sounds like you are going to teach us that possibility.

Swami: What I get a benefit? If I teach you guys what benefit I get?

Eric: I mean, I think we need people to go out there and help the world, so we can't be stuck in the kama illusions all the time.

Swami: What?

Eric: We can't be stuck in kama illusions.

Swami: Attraction is different. Attachment is different. Kama is different, and also responsibility is different. The kama is different. For example a prostitute, first you might think she's only for money. In my personal life telling a small story here. One time I am driving a car in Hyderabad city. There is a red light stopped the traffic. I stopped my car there. There is a bus stop. One beautiful woman with a lot of flowers, she knocked on the glass. I opened the glass, "What do you want?"

She said, "Lift please"

Okay. Again green light is coming I have to move so I said, "Ok, get in." I asked her, "Where are you going to stop? Where are you going?"

She said, "Back wherever you go,"

"What?"

She repeated, "Wherever you go."

I told her, "I am going different distance place."

She answered, "Ok, I come there."

She looks so beauty and so innocent, I can't kick her from my car, and my driver is sitting in the backseat. And also my Security guy is sitting in the backseat. And she's talking funny. Situation is crazy there. I am driving and kind of sweating. Then I discovered she's a call-girl. Fine, Good. Then I also started to flirt with her. "Ok, how much will your business make for a day? Per month, how much you make it?" Very gently I asked. She didn't believe it.

Then I stopped in front of my house. Then she walked straight into my house. "I want to see you house please sir." I offered a chair to her. "Sit." I asked her, "Where is your place and all stuff?" Then she saw all the pictures up in my house. She is a great devotee of Shirdi Sai Baba, a great devotee. Then I explained – I gave her a counseling for thirty minutes. I asked her, "What is your main problem why you entered there, entered in this life, why you chose this way?"

She told her tragedy incidents in her life. Finally I don't have any option. Then I asked, "Have you ever fallen in love?"

She simply said, "I've been cheated by many men so finally I don't have trust in any men in my life. That's why I turned like this. The climax state, I've been hurt, I've been cheated by many, many, men, Swami, that's it."

I asked her, "How much debt you have?"

She said a certain amount. Okay, she's a good graduate, well educated. Then I gave a job to her. I gave some money for my assistance to help her to go take care. She's crying and weeping, "Oh God." She's doing physically what majority of the globe are doing soul level, there's no difference. Physical prostitution is one hundred times better - soul prostitution is much worse, more worse.

First of all you don't know your life. You don't know your aim. You are confused. You have huge suspecting mind and skepticism

on each process. Something you are stuck with a trauma. Even if it is spiritually, even if it is any profession, you have to be complete clarity, even if you cannot see the clarity, surrender to Guru Parampara, "Hey, show me the clarity. Where is my journey going?" Do or die, one aim needs to be there. Once if you have the aim, one day you'll reach that. Doesn't matter it's this lifetime, or next lifetime. Doesn't matter – you will reach that, you have to reach that, God is one hundred percent fair.

Without Baba's blessings, if you don't have any practices last year, last lifetime, you could not be able to continue this same journey and spiritual path. You could not continue the spiritual path. It's called *purujanyaosuwarsana*. It means your last lifetime's karmas keep continuing. You don't know what really happened with your last lifetime's karma. For that it helps the Kalachakra – what type of, you were in your last lifetime.

This Shiva Ratri program, our Ala Hala process, once you do it, in Sri Chakra the Mother has to open, you have to get, you will get the Sri Chakra fixed in your third-eye. The lotus flowers are pouring on Shiva. Your whole body is touching that with your lotus flowers. It's not a joke. I don't think any Spiritual Center have received this many lotus flowers in India. It's the first Center receiving this much lotus pedals, doing this lotus pedals' process.

Of course I know where your target is but when I am putting you in the target, at a certain point before then, if I get disturbed with your own crazy masala, at the time when I am fixing your problem, the Kalachakra is hitting your master to divert him in a different way. You know what I am saying? It's not only you too. When I am ready you are not ready. When I fix you to be ready, then I am not ready at that time. That's why I keep dragging the time, just keep running it, running it, running it...

You don't need to do the sadhana for ten, fifteen years. You can make it shorter through the Kalachakra. You can make the Kalachakra shorter. Say, you have seventy years lifespan, can make it like seven days to seven hours, seven hours to seven minutes. Seven minutes, I am very serious. This information one day will change supernaturally the whole globe. What is in that is what I am going to describe in this Shiva Ratri process: How you can stretch the time from this lifetime to coming next lifetimes you can make a foundation here where you want to be there. This life, this body, this soul, I fixed it almost nine lifetimes back. Then

again I fixed it in this lifetime where I want to be for my upcoming nine lifetimes. It's done. It's fixed. It's fixed. Does it make sense? It's hard to believe. It's hard to understand but it's true. It is true. Like, for example, East hill will damage your life, and North hill is crazy, and Southwest swimming pool - forget it. Whatever Swami giving any knowledge, any concept of whatever you said, yes, whatever the processes you are all doing, it is quite amazing protection circles, not only for this lifetime but for many lifetimes.

If in this lifetime you got damaged, that's not your damage, that's my damage. Your failure is my failure. You did sadhana with your Swami, you didn't get success, that is my failure, that's my inefficiency, I have to accept that.

Jesus Christ is a powerful, supreme supernatural soul, but he's not a master. He's a failure person. He gave the information, the knowledge, but the students were not able to receive that. He's such a kind and so loving person. I am sorry, your Swami is little opposite to that. I have to be tough, stronger, to make it done. Of course I love to care about you guys too. Until you reach and receive that, to understand that, if you allow me I can be tough, start to be tough from now until 2011. Permission?

Students: Yes. Yes!

Swami: Be careful when you are saying yes. It's not physically I am going to be screaming on you. Ninety-nine percent I never scream physically like straight this energy - one simple smile looking at you - done. So, the slates, everybody's prepared with torches and everything for tonight?

Eric: Would you like five or nine?

Swami: Nine. Tomorrow morning you can come and draw that Kamachakra and Kalachakra, both. Be ready with your papers. Even though you are doing the meditation in your groups, fine. Make it so somebody can scan it, make a photo, and get it in their hands. Get it on a copper sheet, Kalachakra and Kamachakra both, then you fix it, and bury it here, some place in Penukonda ground. The copper sheets you dig it, and bury it. It really helps. It really

protects. It is only possible before that Ala Hala energy comes out, it's better to bury it, so, we'll do that. After arati, by 9:30, then by 9:40 you be there to start meditation. Now come to do the arati.

End of talk
