Shiva Ratri Program 2009

A Spiritual History Was Created!

Transmission From the Ala Hala Lingam to the Suvarna Lingam

Teaching in the Baba Temple

February 23, 2009

Swami: What a day. *What a day!*

Is it enough guys or you need more? It's enough - unbelievable purification, unbelievable transmission! One million percent the Shiva cosmic energy is there - thousands of lotus flowers on top of the Ala Hala Lingam. Since years one more linga is sitting on it in the water.

The beauty about what Swami did, the mechanism, whatever flowers you put on the Shiva Lingam, that Shiva Lingam sucked ninety percent the power of the Ala Hala Lingam. It did it. It made it. Until it entered inside the Dwarkamai, I did not even give any clue, even to my consciousness. I did not even give a clue to my consciousness. Complete my consciousness was in digbhandam.

It's only possible through the top of the hole, Dwarkamai's water cooling him, completely cooling him, to put him in the trance. That's what we did it. Completely? putting him in the trance. (*The lights went out exactly after this comment*) No problem. Somebody offered the yogurt; somebody offered the diamond power; somebody offered the milk cream; sandalwood. We completely covered it with the sandalwood paste on top of him inside Dwarkamai to making him completely cool down. How many diamonds' powder we used, Simone?

Simone: 2,268 diamonds.

Swami: 2,268 diamonds' powder, not joking. Different layers I worked. Done. It's called *wojara digbandana*. By tonight, 12 o'clock, some of the girls who carried the Shiva Lingam, and the Elephant Group three guys, they're going to produce the atma lingam inside of the Dwarkamai. Then they can tell their experience how they did it. So it's wonderful. To this Shiva Ratri Program, this is only maximum I can give it. I've given it. It's done. So tomorrow onwards, try to be completely relaxed tomorrow and next day, as much as you can digest that energy. Completely relaxed, less talking, just digest the energy. So many layered if you recollect it, what you did all the processes, it's not a joke. It's not a joke.

And I wish by 2011, we will hit to the Ganga River in Himalayas. That's the final journey. Still if Swami feels good tomorrow, I'm happy to talk about Jesus' life, a piece of Jesus Christ's life, certain beautiful things, what amazing practical things he did.

Today everybody had your Holy Bath, and pouring the lotus flowers. After a hundred years later, after two hundred years later, a thousand years later, it's a big history having a victory with that. You guys you made it. The Shiva Lingam, since how long it was in that water Tatyana?

Tatyana: We started our Women's Process in November 2006.

Swami: Everyday they kept changing the water. It was staying all the time in that water and everyday kept changing the water non-stop. And I really had one small panic inside Dwarkamai, the flame it should not turn off, and Eric and Patrick, they did with the designing of the pipeline - really well done. Congratulations!

And this time I really saw amazing unity, really good team work unity. No clashing, no confusion – very smooth. If you go like this smooth, it gives the hope and inspiration to the master too. If you're really smart and clarity I don't need to tell a second time and third time and fourth time, it kills my inspiration down. It's called *eke sentagrati* – one time you listened to it, you got it. Sometimes through eyes you got it what I want to do there. You need to develop that quality in you. Then, period, you really can go a lot.

Last night I transferred amazing austerities' power, the Guru Paramparas to every soul. That's a huge step one. Stretched the Kala

Chakra very close - what will happen in that thirty years, what you're going to learn the wisdom and the energy soul capacity, to coming very fast. Big purification with the Ala Hala Lingam, three major steps you made it, and you learned little tips of the Kama Chakra how to handle that, practically implement it. You can see it.

So it's really, really beautiful, wonderful. Even if you're not able to come next Guru Purnima, or next Shiva Ratri, try to visit 2011. Don't miss that. *Don't miss it!* Already hundreds of people signed it. But I'm going to filter many people out too. Keep your health good, at the time strong inspiration. Doesn't matter what you're going through, have a sankalpam here in the presence of Baba to let it happen in your spiritual journey to come 2011. Good, any questions for me?

Lothar: May we use tomorrow, our relaxing time, to hear some readings? There's a lot of material we haven't gone through yet.

Swami: Go, no problem, and I recommend whole student's kingdom to fix the Shiva Lingam. Top Group Leaders, you choose the place guys, and make him as a Suvarna Lingam – either gold sheet or silver sheet completely around him with the nagas. If you don't want to do it, I'm happy to donate it. That Shiva Lingam is yours. That power is yours. Everybody's Kalachakra and Kamachakra is there - careful! Just I'm warning you, everybody's? Kamachakra and Kalachakra is there. So you have to make him to please and put him okay. Shiva doesn't like any materials, he doesn't care, but... but...

Tonight we have to see the wild cobra, who's going to produce the atma lingams, they'll tell later on their story. Any questions?

Falk: Swami, you said the Shiva Lingam could pull ninety percent of the energy from the Ala Hala Lingam, can you explain how you did that? What is that mechanism how you pulled it?

Swami: Wait to 2011.

Nityaanada: So, that means that that Shiva Lingam now is essentially ninety percent same as Jesus' soul object? It's ninety percent exactly the same as that Ala Hala Lingam?

Swami: Exactly.

Nityaanada: So everything you were able to implement in the past with that Ala Hala Lingam, you're able to implement now with that Shiva Lingam?

Swami: Yes. Yes. If the illusion wants to play with me, I know how to play with the illusion too, I'm sorry.

David: Swami, you said tonight's process would fix the Sri Chakra in our hearts. What then is our soul's capacity and ability now with that?

Swami: Wait and see. No need for me to say, just wait and see.

Falk: At Guru Purnima you mentioned that the Ala Hala Lingam that's in the ground is related to the Lingam at Baba's samadhi. What did our process tonight do to that connection?

Swami: You're big confusion master, be in silence. Be in silence. Anything else?

Chinello: How can we best make use of the Shiva Lingam now in this way?

Swami: You're well connected and anytime whenever you want help, think your gurusthan.

Chinello: How can we best help the planet with this lingam?

Swami: You cannot, it'll take care itself. It will take care itself.

Lothar: May we take a picture of that Lingam, or will an official picture be done?

Swami: You can.

Alx: Are you giving a name to that lingam?

Swami: Not yet. Okay, put it Suvarna Lingam – gold. 2,268 diamonds powder is poured on him, a handful of the diamonds' powder. Inside Dwarkamai, the amrutha Lingam, one group they completely covered with one element huge strongly with the sandalwood paste and Simone's group, they did really smart way. They did a smart way. Anything else? Confused huh?

Students: Happy.

Swami: You don't need to go to Manasarovara, once you enter the Dwarkamai, it's enough but one experience, one top experience we have to visit Harichandra Ghat, or in the Kalahasthi, spending whole night inside that temple. You've seen inside that Kalahasthi Temple how big it is? The government, I don't think they'll permit. We'll see. Done?

In my early days when I'm giving my first workshop in Los Angeles, talking about Namashivaya, teaching the first element prayer, took to me one day to teach the first earth element prayer. It's very... now today you guys, go like that (snaps fingers). Then I gave the shortcut earth element, *Om Guru Guru Paramaguru* – it's enough. By grace of Baba, I'm trying my maximum best to lift your souls. Keep running it, and your cooperation is also very important to reach your destiny. Don't expect all the time spoon-feeding, spirituality is not spoon-feeding. You cannot buy the master. You cannot buy the master's power. You cannot calculate with money or material things. You have to buy through your love, attention and dedication. Whenever you sacrifice your happiness, the divine power is with you. The divine power is around you.

If you start to be addicted for the luxury and material things, the material things will start to damage your spiritual path. It's a very serious thing I'm saying. It's necessary but have a limit, don't go crazy beyond your limit. It disturbs. It disturbs. It's absolutely necessary financially you need to have some money in your life. If it's less money, you cannot survive. If it's too much money, it drives you crazy,

and panic, and lot of blocks start flowing in your life. If you really surrender to the in depth of the Divine spirituality, He knows what you need, when to bring to you. Absolutely it's true. It will come true. You try and you'll get it.

If the divine love and the divine power is not supporting you, even you keep doing hard work wanting to make name and fame and money – no way. Even if you're a hero, if the divine power is not with you, you're a zero. Karna was very powerful in the battlefield, supreme powerful man. His chariot wheel got damaged and got stuck in the mud. He wants lifting it - Krishna just he standing there. He told Arjuna, "Now is the time, shoot him."

Arjuna asked Krishna, "Is it fair, he's in helpless mood right now? He doesn't have his bow and arrow. It's not in his hand. His chariot is sinked in the mud. I cannot do that."

Krishna said to him, "I'm ordering you to do it. If you escape this moment, he can really chase you. He's very powerful. Do it." It means Karna didn't have the divine power there. If the divine power was with him, he could have taken care of the whole battlefield. In Dwarpa Yuga sometimes Krishna did unfair battle. In this Kali Yuga, how I have to play with illusion, a battle with illusion but I don't need to do battle with illusion.

My biggest target is, point one, to bring Jesus' life in a beautiful way on the planet. Point two, to prepare all my students most powerfully in all angles more than Jesus' power. If possible, that day is coming; that time is coming. No matter what the Guru Parampara's blessing is there, many layers I explained to you how to wash the blocks – what the difference is between you and me, and where you need to concentrate. Many, many times I explained simple things if you follow it, yes, you are a master. You are a master. You don't need to worship me, and any Guru Parampara. No need be as a slavism - be a master – learn it. How long, how far I can be all the time with you, teaching you the steering to learn how to drive? Once you learn the driving, just go yourself, go yourself.

So that's the way you need to lead the life. Of course you can have respect and gratitude to your master. Of course I love my masters, the same time I have my own agenda, I have my own way, totally I respect, I surrender. Surrendering my head is not a crime. I'm very happy, in all angles it's great, wonderful but I want results. I want the? results. Even if some small child is teaching something I don't know, I feel that person is my master. So, if somebody is teaching you what

you don't know, that person is a master. The real Saadhguru is to make you win your victory.

So far, hundreds of thousands of years, tons of history is there but victory is very less. Don't believe the time, Kala Chakra. I never, ever believe it. Today, this day, this moment, this opportunity, you have to get it. Even with your normal works, don't postpone for tomorrow. If you're postponing your work it means you have a big disease in your life, incurable disease. To your normal simple silly things never, ever postpone till tomorrow, "I can postpone till tomorrow." No! Do your work today then peacefully go take a sleep.

Don't express what you're going to do before you do it. Even if you know two, three minutes in advance you're going to do a certain thing, don't express it. Once you do it, yes, you can tell, "I did this." Especially in the spiritual sadhanas, if you start talking in advance, it's big trouble unless you have really good commanding on the Kala Chakra. You might think, "Swami, you already mentioned what's going to happen 2011 at the Immortal Enlightenment Course, still time is there – never know. If Swami's name is Kaleshwar, Kala is already there. I don't know why my parents put that name. Yea, it's there, it's still there, and heartfully I'm blessing to everybody good health, peace of mind, to be successful in all angles in both your normal life and spiritual life. God bless one more time, and I'm saying goodbye to this Shiva Ratri Program.

Happy journey to your countries, goodbye.
