## Guru Purnima Program 2009

The Power of the One  
Talk in the Baba Temple  
July 3, 2009

*Swami comes in during evening bhajans.*

**Swami:** Wonderful. Good evening guys. The same song, same melodies if it's recorded, it needs to go in the CD.

Today he got some jewelry. (Baba) How many people Doctor is sick in the ashram?

Constanze: I'd say about twenty.

**Swami:** Ooooh, Nityaanada is it serious sickness or okay?

Nityaanada: It's normal for this number of people for a program. It's not serious.

**Swami:** They can attend to the event?

Nityaanada: Constanze can answer to that better than me.

Constanze: Yes they can join.

**Swami:** Two points... Point one, if you belong to any group, tonight and tomorrow night from 9:30, 9:45 onwards, 10 o'clock, until the morning 5 a.m., I'm hitting your targets. So try to cooperate and supportful to each-others whatever you came from your thoughts and your experiences, expecting coming here, to be in clarity in a good shape.

Pretty several groups, they completed so far but still there's a lot. Several hundreds of people, they're waiting for some amazing beautiful gifts, kind of chocolates and gifts. It's one layer. The cosmic is pretty good concentrated. The whole divine angels, every Sapta Rishis, everything, just all everybody's concentration is on Penukonda, "What's going on here?" Everybody's looking, "What's going on?"

If I missed today and tomorrow then next day there's a chance. If I really miss these three days, I don't think so, you can really hit it. This Guru Purnima is the biggest Guru Purnima to your Power Spot. You're not coming next Guru Purnima to Penukonda. Why I think so, by grace of Baba, I don't want you to come to Penukonda, no, not to touch this place. We need to see you, I need to see you in Europe some place. Then third Guru Purnima is only in Benares, in Himalayas. That's it.

So the point is how you're going to refill and recharge your Power Spot to make it activated very strong and very powerfully? This is only this Guru Purnima has the chance. I think you know about your Power Spot, how much it is important, how much your receiving from your Gurustan to your process forever and ever, to the rest of your life and for many lifetimes. If I keep saying so, underneath there's a lot of depth meaning hidden in it. You should be aware of that.

It doesn't matter where my target is, the gun is aiming it but the firing is definitely happening it. Understand? To the new students it might be very confusing. Don't worry. I'll definitely spend time with you and I'll explain to you. I know what you need it. I'm not ignoring you guys. Still, I need to prepare you for the Immortal Enlightenment Process. This is the only time for me to give the amazing transmission period of time. To push it back and to push it front, the kalachakra, the time cycle, the watch — your soul watch, this is the period of time.

We cannot miss the time. If you miss the time, you don't know how many lifetimes back again after that you'll get it. Either you'll

get it or not get it, we don't know. Time is that much precious. That right moment is the precious. That right place and the right moment and the right sentence is important. That moment you need to catch that.

To you, you might have a lot of desires: you want to connect the Guru Parampara, you want to connect the divine angels, you want to connect the JC - wonderful, no problem. But you're only asking the ghee, but I want to give the cow to get forever and ever the ghee. It's called Kamadenu, Kamadenu. Why you need a cup of ghee, have a cow. Have a? Cow.

He (Baba) really needs that necklace on his neck? I don't have guts to say. He really needs that? I don't think so. He really needs that much jewelry, all that silver items whatever it is? I don't think so. That jewelry guy, he came today and he put it in front of me. I looked at it, "Well good, this, this, this, this - selected it."

The interesting thing is, Paul he went to Shirdi. He brought two pictures from His samadhi, with the golden simhasana, the golden chair what he made it. Before I had his pictures very plain, on the rock and silver simhasana. When I sat in my chair, when I look at his picture, I made a little funny comment on him. "You really need this gold chair? Before you had to live as a fakir, as a simple man in the street. As a simple man in the street." I didn't know that that jewelry guy was coming with that much jewelry. I really didn't know. I had some money, what you certain guys, what you certain things have given it, whatever it is. After I have seeing it, my mind, I don't know it got blocked, "Get it."

It means it's called Guru Sankalpam. If he wants to get it from you, he'll get it. If he wants to give it to you, he'll give you. Even your any sankalpam either in a positive way or negative way, in a funny way, in a sarcastic way - your sankalpam is the biggest weapon to you. Your own thought is your biggest enemy. Of course I had experience thousands of times. Simply whatever... let it happen, smile it. Especially to play with the Datta, it's quite interesting.

I'm giving example what today happened. It's very practical real. Five million rupees worth of jewelry I purchased, contributed it. It's against to my will but his will entered into me to make me to do that. I'd better give to the poor charity works then contribute to the poverty people. No, there is a reason. Even now, before I came

here, I stand and look and smile and just I came here... It's okay.

Every...it's called, each point by point, even the electron and neutron and proton, every point-by-point his energy is hidden in it. Everywhere his energy is hidden in it. In this galaxy, this globe, the earth is running like a top. One thousand, one hundred sixteen kilometers speed itself, and it's running around the sun but we're not feeling anything. Out, of in that huge creation of the galaxy, who you are, what is your character, where are you? In this huge creation where you are?

He's the one. Then we've started at zero. The first zero is ten; then next zero is hundred; then next zero is thousand; then zero, zero, zero, zero, it keeps going zeros - million, billion, trillion, then tons of trillions. Which zero you are? Which zero you are? Where is your position? If there's no *One*, all zeros is nothing. Serious. Does it make sense? If there's no *One*, all zeros we are nothing. Why that *One* is power? *That is the One.*

To understand the creation of the cosmic, you need the one hundred percent deep silence. These bhajans, prayers, *Vedas*, *Puranas*, yantras, mantras - everything just came out of from the silence. Once you know the silence, if you really understand the silence, the layers of the silence, it's really bliss: satchitananda, bramhananda, chinmayananda — there the different layers.

You drank huge. You're drowsy and you slept. You don't know what's really going on. Completely you're out. You're completely sleeping. Somebody's carrying you and throwing you in the ocean, in the river. You don't know. The consciousness, something is making you to sleep. What is making you to sleep in this creation? - that you need to understand.

Jesus is something a zero - he's some place. Baba's a zero. Your Swami's a zero. You're a zero. Somewhere you are at the zero. It needs to keep come close, to come to the one. Then one day all zeros need to erase it, then finally it's one. That's it. That is his drama. Even whatever I'm playing, it's a drama. I have to play my role to go. You have to play your role. You have to go. How long? What is your part? The Director, he won't explain before to you what is the next step of your drama. You understand?

But I'm sure you, one hundred percent, will discover the Director's mind vision very clearly. These simple experiences,

whatever we're facing with Gurum Parampara, it will make sense to us with the small examples, then you can reach to that point, simple small testings, small testings. The incidences, small experiences here and there, keep you catching it. Then you'll reach there.

Many people who was around the Baba at that time, they really didn't know him one hundred percent. After he left, the globe started to understand.

Whenever you have something with you, you won't recognize the value of that. Whenever you lost it, then you started to thinking about it, and you are badly missing it, and then you're starving for it. Today you want this experience, this experience, this experience... Okay you got it then you don't care. Once you didn't, you failed it, if I'm not giving it to you, it's not happening to you, then you feel the punch.

So, the human psychology, it's not only psychology, it is the illusion of the Divine, whatever who is too much attached to anything make sure you're going to lose that. If you have too much attachment, you're going to lose that.

On that point, the play will start for awhile, few heart-brokens, few depressions... For you to recover from that, each one heartbreak takes two to three years to come out, again one heartbreak, five to six years to come out. You keep losing your soul fragrance layer-by-layer, layer-by-layer, layer-by-layer. Then you ignore your life. You don't know your mission. You don't know your mission and your target. Completely you give up your life.

There's nothing valuable in this planet except you. You are the valuable person to yourself, more than to God. God is nothing but you. You are nothing but God. Everything, whole creation is in you - whole galaxy is in you. You can reach, you can command, you can enjoy everything but how? To maintain the silence... Am I boring you guys?

Students: No.

**Swami:** Are you really understanding?

Students: Yes.

**Swami:** I don't think so... it's simply all this drama... whatever he's playing just smile it. He's the person giving it. He's the person taking it. He's the person creating it. He's the person solving it. He's the person giving the beauty. He's the person making you ugly. He's giving you healthy, again he's making you sick. So what? So what?

On the day, Mahalsapati, who really, deadly worshipped Baba - deadly, very badly - that much like a leech to him, like a leech. Baba always he used to contribute his dakshina, whatever he received the money to many of his devotees but he never, ever gave a single penny, rupee to him - for years.

One day Mahalsapati was giving massage to his feet. "Baba can I ask you one question?" He's smiling, "Tell me." "You contributed tons of things to many people. Whatever gifts comes you give in front of me to everybody. You never, ever thought about me to give something, at least a penny, a coin, something from your hand to me. This many years I worshipped to you. What I did wrong? What I did wrong? I wash your clothes, I wash your body, I did the arati, I feed you, and I'm taking care of you, I'm cleaning your floor. Whole my life, more than twenty five years I served you. You never gave a single penny to me, and you never asked, "Are you had your lunch?" or, "Are you had your dinner?" You just completely ignored. How much painful frustrated I faced it. Today I'm asking you with the guts. Tell me, with crying and weeping."

Baba, he simply answered, "You want material things, you want me?" You already win me, surrendered to me. You won my heart what can I give more than that to you? That's the punch. That's the? Punch.

Whenever I come here, Subramaniam is cleaning doing abhishek, and Sridar is washing abishek there. Then I look at them, "Maybe he likes to wash through them. Fine." Very rarely I come. One or two minutes I stand there, I pour the water to him. His cosmic energy is on his statue. I enjoy it. I walk out. He chooses it.

The point is I'm talking about the bhakti here. To winning him with no expectation, no selfishness, it's called Ishkaamacharya. You're not expecting anything just you're doing it. You're not

expecting anything again coming back to you. "Okay, I'm giving you this, I want back to you this." Just you keep giving to the God but it keeps adding in your soul account. He has no guts to only simply taking back, simply taking from you - he has to give back to you but we're not seeing it. We're not? Seeing it. But it keeps adding it, believe me, whatever we do, any good actions or bad actions, it is keep counting it. Whenever we do our actions - zero selfishness, no expectations.

Have a thought you want to do some service to the globe, leave it to him, let it make happen. Let it? Happen. Then life will be super bliss. You keep fighting it; keep running, running, running...how far you run? How far you run?

I'm running the show. He's making me to run the show today, this event, and upcoming tomorrow whatever the actions. There is a reason. There is a? Reason. I hope the Telugu teacher will read on the days in the ancient palm leaf books what is written in it. He can read it on the screen and translate it, couple hours if it happens. You already told your teacher Paul? He's ready?

Paul: He's waiting. He's looking forward to that day.

**Swami:** Good. Then you'll understand. It's not me writing, several thousands of years back the cosmic principles and the laws how it really implements and it plays. It's already written it. The same thing majority I taught you guys but very short-cut so far I taught you. But in your life, your mission, I will ask you as a boon in 2011, by grace of Baba, in Benares in Himalayas, to bring the wisdom as it is to the planet, to the globe. As it is! Don't put anybody's masala. Then forget about *Bible*, forget about *Bhagavad Gita*, *Vedas*, any - it's all nonsense. I love the *Bible* but... I respect the Popes but they're not the Gods. Let them, if they can, explain the Sky Mantra, Earth Mantra, if they really know it? They know about of namashivaya? Do they really know about 'Jiisas' (Jesus) *jii* word is in the 3<sup>rd</sup> eye is hidden in the palm leaf book? They know it? No way. The globe is completely diverting in wrong direction. It's a diverting.

You no need to worship me. You no need to worship anybody. Try to worship the Reality - that's my strongest mission. That's

why in 2011 simply I want to get out, let's leave it. Leave the vehicle, leave the horse, let it run - it will reach the destiny.

So, bring that as it is, the wisdom, that ancient information what we're carrying it. I think I showed you the most amazing things. In this Guru Purnima also, some surprise also coming out, by grace of Baba, quite interesting surprise. So tonight and tomorrow night pretty intense, no need to push it. Make it happen in a beautiful successful way. Are you ready guys?

Students: Yes Swami!

**Swami:** No matter what it is?

Students: No matter what it is.

**Swami:** You sure?

Students: YES!

**Swami:** Okay, let's go for arati. Good day.

End of Talk
