Swami's Travels in India

Power Journey With Harold's Group to Tirupati

Talk is in Tirupati, India

October 3, 2009

This Talk is in the Hotel Lobby just before going to Kalahasti. Swami is talking about Krishnadeva Raya, who was the King of the Vijanagar Empire in 1556. His Summer Palace is the building just to the Northwest of the Ashram in Penukonda)

Swami: Our next-door neighbor, Krishnadeva Raya's Palace, you're seeing it from our Mandir building. Krishnadeva Raya, he built that and also he's the founder of Hampi. Hampi and Penukonda, then Chandragiri, which is twenty, thirty minutes from here.

Again where we're going (Kalahasti), you can see the most gigantic temple. You never, ever seen such an art and sculptures. I don't think they'll allow you to take the pictures, so take one of the Main Deities.

And more beautiful is the Mother Divine statue. She's standing like huge, so you can see her from this much distance. You can see her eyes, they're kind of blue eyes, like real eyes. That is the beauty of that statue having that live.

And Sri Chakra is there, and down you can see... two spots you need to observe: first you see her eyes and Sri Chakra, and again eyes and Sri Chakra - out!

And one Police Officer is in charge of that. Hopefully we'll get the VIP treatment. That's why I came down. It's unusual because of... *(Swami is doing something and everyone is laughing)* It looks to the officials I need to be presentable otherwise it's too much sweating to me. Ooooo! Once I come back in my journey out — sheeeeeeeewwwww - then I'll be in my Ramana Maharshi dress.

It's fine, I'm happy. No it's the official... once if I come, have to be in the protocol. So I need to be. I can't come like you guys. I know you like your dresses.

As soon as... early we can start, less crowd will be there. Then we can have some time, sit, relax, then you can see all different Shiva Lingams are there, different, different, different, different Shiva Lingams. Each Maharshi saint, they put that from different power spots from all over India. Even Adi Shankaracharya he brought a crystal Shiva Lingam. I'll tell the story.

For example, I pulled from the fire (referring to the Jvala Lingam Swami manifested the day before)... hopefully, the chocolate. It is also one object. Then it keeps coming... amrutha, Emerald lingam, Savarana Lingam in the water, and in the down cave one Shiva Lingam. So many Shiva Lingams are there, giving high vibrations. So you need to know the mechanism of Shiva, and you should really catch Tobias or Paul for the Telugu, to see the Shiva Lingam structure in the palm leaf book, how they wrote on it. You should really learn that. This is your program. This is your journey. You understand?

What is a Shiva Lingam? *Namashivaya*. In the Shiva Lingam they put the layers... they dissected in the Shiva Lingam, they put the layers. In each layer what letter is hidden in it, the vibrations, the fragrance of the essence is hidden in it.

I know many people cannot understand. Later on somebody can explain this. You understand? So are you ready to jump in the bus? Go, ten minutes fast. End of Talk

Talk on the Bus later that afternoon on the return trip to Penukonda.

Swami: So, what is your experience of Lord Balaji at the Golden Temple?

Student: Enthusiasm.

Swami: On what?

Student: On Lord Venkateshwara.

Swami: It's nothing but power object. Jesus Christ's cross is also a power object. On these roads, more than several thousands of times I traveled since my childhood days. I came for a reason... but we missed a lot of power spots, but we hit the major power spots in Tirupati. And I really want to show you the library of the old palm leaf books about Annamaya. But you will get that through the pictures, how it really looked. But comparison with his library, we have five times bigger library.

How many people have not seen any palm leaf book in your life? No? Have you ever seen in the Jesus crucifixion, they used the elephant tusk after they put the sword, and they put the elephant tusk in his ribs? Once we get back just you need to be little nag on me and I'll show you the palm leaf books and that elephant tusk, how they really stabbed him. You can see the blood. And we made a DNA test - it's real human blood, I'm not joking.

You can see they built gigantic temple and they put one Shiva Lingam. Okay, let's say they put a Shiva Lingam inside. Out of that small rock, a Shiva lingam with cobras, elephant tusks, and spider underneath, and early morning they'll show you. Why they built that much big temple for that rock? They're not stupid, they're not crazy - they know the energy mechanisms, the soul mechanisms they know very, very, very, well.

And also you should see the Shiva Yantra, how they drew the Shiva Yantra, layer by layer dissected it, and how they used it. It looks like a rock, Shiva Lingam, okay fine. But underneath, what is each part of the energy is playing. How it really implements the healing abilities to be as a healer. How to use that Shiva Lingam on the human kind in the nature? That is your Life Power Journey.

Today you feel uncomfortable, tired, exhausted... "Forget it, let's go to Germany, I can't bear this anymore..."

Students: NO!

Swami: Be comparison I also used to feel when I was in Germany with the food—ooooh! At the meal they brought one big cup of red meat and salad. Oh, no way I can eat it! I'm not insulting. It's a part of your country and culture. Of course after that, I have my pickles and powders and I cooked my own rice and prepared my

dishes. See, wherever you go you need to adjust as much as you can that part of place and nature as much as you can, then it really helps. It really, helps.

How many people really connected the Mother Divine here in this trip? No, not in Kalahasti but in the Mandir, this time.

Students: Nobody.

Swami: Almost all I chose fourteen, fifteen people. Your Swami's going to connect Swami's soul. And how many people saw from the fire-pit the Shiva Lingam coming out? You really clearly saw it?

Few Students: Yes, definitely.

Swami: I used the water element and fire element and earth element, ash. Mixed it as a ball - ash ball. Then after that you can see in the video... first once took it, it was small, then it started growing. Then we took it out. That Lingam abhishek water, once you drank it and I gave the pin number, yes you're eligible to connect your master. And once you hold it, how the amrutha keeps flowing in your hand. Buckets of honey flowing on your hands, "What's this?" It's a spiritual magic.

Is the mind hypnotize, heart hypnotize, soul hypnotize? Once you hit the soul hypnotize, what you cannot believe with your mind and heart, you start to believe with your heart, with your soul, then the journey starts. "Who are you?" Then the question mark will really start, "What is happening?" Then the question mark will start. It is a very strong punch to the soul in a beautiful way. Why? How is it possible? A magician does in his hands - spirituality does in your hands. That is the difference. That is the, difference.

Today if you seen it, that huge gigantic Kalahasti Temple, they built it, and once that tiny Shiva Lingam is there. To that tiny Shiva Lingam they don't need to create that amazing sculpture and amazing structure around it. They're holding it. They're holding the power. In the beginning, in front of that Shiva lingam,

Shiva's guru, also that priest's Guru, Dakshinamurti, they put him to sit there, "Wait, stay, no more energy to disappear." They put a cloth around me and they put the seeds on everybody. They blessed everybody, to each soul, to win the Shiva cosmic energy.

Spirituality is a kind of homa, yagyam... It won't happen with one stick, it has to play its own game. It's a pure cosmic power. From Himalayas until to each Power Spot of Shiva, like that type of Shiva Temples, nine Shiva Temples in India exist. The first Shiva Temple is in Benares, Manasarovara, Sri Sailam, Gujurani, there are many jyoti lingams - all jyoti lingams. And one is also in Penukonda. One is also, in Penukonda.

Then, once I teach you the mechanism of the Shiva process, then I'll be super happy to you guys and you need your dedication and inspiration and pure surrendity, then only you can learn it. It's important, otherwise no way. Even you spend forty years in the Himalayas, even you don't know the Himalayan pin number, the Shiva pin number - no! And I'll show you the pin number once we get back there and how to use that pin number and which way to use it. I'll explain it to you. Clear?

Students: Thank you!

Swami: Any questions?

Student: What is the connection between Kalahasti and Penukonda?

Swami: What is my name?

Student: Swami Kaleshwar.

Swami: *Kaleshwar... Kalahasti...* it is there already. It is already there. What else?

Student: In the bible they're describing some power object, whether there's a link to the Shiva Lingam?

Swami: In the Vatican, whenever I went to the Vatican, there was a Shiva Lingam there.

Zahira: She's saying, in the bible there's a description of some power object and whether this has a connection to that Shiva Lingam in Kalahasti?

Swami: It's a purely linked with Shiva, who came back from three days later, it's nothing but between Mother and Shiva. Without their energy there is no way they can come out. Any physical body who came on earth, they have to use their channels. There's Shiva Lingams you can see in the Vatican. I have the pictures. Just I think I went couple weeks back, I went to Vatican. Two times I went to Vatican, I scanned, I took A-Z, and there are Telugu letters there. And in Jerusalem and Bethlehem there is also Sanskrit and pure Telugu, is pure Telugu letters are there. I'll show you that.

How come in the Church they have the Telugu and Sanskrit letters? There was a bridge before between India and Europe, now it's cut off. Again we need to refix it. We need to, fix it through your healing abilities. Without your healing abilities you cannot fix it. Talking nowadays doesn't work. A knife means it has to cut. If it doesn't cut, it's not a knife. Well, my knife is a little old and it won't cut anymore and it cut thousands of people before - nein, no. Kill the negativity, create the positivity, then talk. Then explain the mechanisms. Then prove it. Then explain the knowledge. Then the globe will hear you. You came eating, drinking, sleeping, eating, drinking, sleeping - that doesn't work. You wake up, eating, making money, problems, and sleeping, again wake up... same routine life. No. No!

Create your spiritual journey, something... whenever you're very tired, when you look at your diary, when you look yourself, you have to see your face in your mirror, the mirror of the diary, "Yes, this much I did this." It's the most, most important. Clear?

Student: How do we kill the negativity?

Swami: You visited Balaji. You went to Kalahasti so it's already done.

End of Talk
