Christmas Intensive Program 2009

Introduction to the Course
Teaching in the Baba Temple
December 2, 2009

Swami: Welcome my Dear Divine Birds. (laughter) In this year Christmas Intensive Program, it will be intensive. I won't sleep; I won't make to sleep. You understand? So that much hard work, the transmission of the Jesus Christ the energy, JC Intensive to know the majority of all his Divine Channels, some of the Divine Angles, the mechanisms we're going pretty depth. If you feel strong and ready, then I am ready too. Of course you're ready guys, and I'm ready too. In order to do that, we have pretty good long time, almost one-month period of time.

First few days, it's called *Swastha Digbhandana Kriya*. It means *Swasa Digbhandana* - controlling on the first Air Element. Just taking your personal mantra - no any another talking except your personal mantra for one or two or three days, depends on your capacity. If you took from morning until the evening, like just your eating... you're eating your personal mantra. And the first edition of the book, hopefully... Monika T., when can we release it?

Monika T: On Christmas Day.

Swami: Why can't we do a little earlier?

Monika T: By your grace possibly...

Swami: How much have we done so far?

Monika T: Eighty percent.

Swami: So twenty percent is not a big deal to me. It's a matter of three or four days. And this whole month my talk, pretty good majority whenever I feel, midnight, two a.m., "Hi guys, please attend. Be ready." Early morning five a.m. everybody should be ready to be ready. It doesn't matter - linked with kalachakra, you have to follow your Swami time, your Swami? Time.

And also, this is the period of time to get the experiences of the Jesus Christ that demonstrated certain mechanisms of the miracles. It's a giving an open challenge to the globe how much I'm presenting to the globe. It has to give the clear, make sense. It has to? Clear make sense. I know a few new students, you might got confused. You don't need to get confused. It's very simple, simple things, it's very simple formulas, simple way. How you need to bring up your vibrations - that is important to me. And so far we have done eighty percent the book first edition - totally five editions with evidence and proof, to give it to the globe: Here is the leaf, here is the translation, this is my explanation, this is how to use it, where is the dangerous point, where is the positive point. That's it.

Pretty good I researched. Just today I was supposed to fly to Frankfurt to go to the Vatican but it's not necessary; still I can do it, still, I can do it. And whenever the classes is running, I will take the slow pick-up, then really speed up. I divide little groups, and certain experiences, then certain mechanisms and everything. Whenever I speed up, if you feel, "Swami, I can't able to understand this," better your next friends will explain later. No need to waste my time. You know what I'm saying? Again this much intensive one-month course, it's a pretty big deal to me. Generally, when I come to Europe, it's a few hours. I come and I give a talk and out. Even to America, just cancellation, cancel, cancel, cancel... So you guys, is pretty good you have me. Use me in a proper way.

And the questionnaires, whenever you ask the question, you need to make a discussions, whatever, if you believe in the *Bible* this and that comment. If you took the *Bible* and you put in front of me, and you took so and so page, "What is the comment?" I'm happy to explain that, each statement. That much depth I went there too. And different saints, we need to go all angles: avadhuts, saints, swamis, aghoras - all different phenomena we need to go in-depth. If we're not going in-depth, only swimming on the top surface, forever you're on the top surface. So far we swim some level of the depth, again we're coming up. Now we're really touching the ground of the really ocean. We're really going down and coming out. So it might be a little... that's why swasa digbandana just go, heavy up and down. And be healthy, of course be strong, take care of each others, and no need to hesitate to ask any questions if it's really clarity what you're asking, for silly questions - no.

The Cross Yantra, it's never happened in this planet. There's a Shiva Yantra... on the Cross, there's a yantra. That what I need, different nine chakras on the cross, how he (JC) created. You have seen in the palm leaf book the Shiva Yantra, the Shiva Lingam different all letters. Mahakali there's a yantra same like that in the Cross, there's a yantra with the nine chakras - that I need to explain. And that nine chakras I need to give the shaktipat to your soul. It means that cross, you no need to wear anymore the crosses. I'm also wearing something whatever his belongs to (Swami touches a pendant on his neck). So that yantra, I need to make step-by-step, layer-by-layer, to put in you.

So don't waste the time. Don't waste the time. And first couple days rise up your vibrations just using your personal mantra. If you don't have any personal mantra, choose in the chart whatever you like it. And of course many people have seen the palm leaf books, the different, different things with your Swami. But this, whatever we're working on the book, my whole concentration is on the book. It's not only for you guys; I want to go to the globe for that.

And the same time I need to explain all the different layers of the prayers. You might think, "Swami, this is a different language, this and this." It doesn't matter. To the divine cosmic, to the divine fragrance there is no structure, no structure. Take a lotus, I'll turn as a rose flower. Take a water, I'll make it turn as a wine. Take

sand, it'll turn as a sugar. Take the water, I'll lite the candle out of the water. Take the bird, do the khandana yoga. Take the animal, do the khandana yoga. Create your soul object - these are different, different phenomenas.

Once if you really caught it, if you really catch where the link is there, it's very easy link. If you catch the link, then it opens, then you're free. Until to that it's a little difficult. To make it to open, I need to give the right hammering with the right shot. Until I break it, I have to keep hammering you. I have to keep? Hammering you. If you feel, "Swami, it's driving me crazy and I didn't understand what is this?" Hun-un, hun-un. Needs to be soul capacity. Shraddha and saburi - whatever Baba said, spirituality it is easy. If you have the ability, spirituality automatically it will come, that open heart - Satya, Dharma, Shanti, Prema. You're dedicated. You're really dedicated, surrendered, and fall in love with no matter what, whoever it is, either Jesus Christ, or Baba, or Buddha, any Maharshis, moon energy, sun energy, all elements, Shiva, Shakti, Mother, Babaji, Guruji, whoever you like - fine.

That spark of the love, a spark of inspiration of the love - that you need to create it, that needs to come out. That thunder, a spark - that needs to come out. It means two clouds very badly needs to hit it, then the thunder needs to come down to the ground. Then you need it to stay there and it hits it on your third eye. It's not a big deal to me. It's not a? Big deal to me, I'm not over confident but I'm confident.

Then knowing the Jesus Christ life, that's secondary. To understand the mechanism of the divine channels, that is the first priority. You know what I'm saying? A scorpion bite happened. The poison is there in the body and a person is in pain. Doesn't matter you're a Buddhism, a Hinduism, a Christianity, which religion you are. How to take the poison out, that's the concept. That is the? Concept.

Where the in-depth spark is in you... your soul spark needs to come out and keep flow, and you can experience it all the time. Experience it? All the time. Until your last breath, you keep experiencing that spark in you, that's the point, that's important, that's the key. Then you can connect Jesus Christ, or Baba, or Buddha, or Mother Mary, or Shiva, Shakti - that's next - that's what opens it.

In order to do that, what Jesus did it, what Swami did it, what Buddha did it, what Baba did it, what is the *bhakti*, what is the *shakti*. What is the? *Bhakti*, first devotion, many people, "Devotion, is enough, everything is possible." Yes, one part I agree. A pain who is suffering with cobra bite, if you're a great devotee of Baba, you cannot make it to survive - you need *shakti* there. Sometimes *bhakti* can turn as a *shakti*, and *shakti* can turn as a *bhakti*, but it is two dimensions (Swami shows left and right side). It's two dimensions.

You're suffering lot of tons of headaches in your life, the illusions. Lot of problems, lot of you're stuck - everyday you wake up and you're sleeping, eating, drinking, sleeping. If you really think, going inner consciousness, the innerly what you're doing it, you're not doing anything! Just as a normal routine life you're doing it. What is your specialty there? What is your specialization, what you're doing on it?

Magic and miracles, that's also one of the concepts I'm talking on the book, magic, miracles. Shirdi Baba came, is it a magic? You didn't see it. Jesus Christ came; did you see it? You don't know. They say, "Yes," some evidence is there, this, this, this, this. The miracle and you're able to seeing that, whenever you're able to experiencing it. After 2,000 years later, Swami Kaleshwar is sitting here and giving a talk. Forget about big earthquakes came, all the CDs and everything are gone, and your diaries are gone, then some literature here and there, then whatever you say, how much they'll believe it? This is the magic.

But a miracle is again to regenerate that. The miracle is, to regenerate that. Switching to kalachakra, go back connect it. Everything is in you guys - whole universe energy is in you. There's no difference between you and the God but how to remove that? That's the concept. There is an egg, a small chicken is in it. If you break the egg some juice will come out. But when the small chicken will come out? How? That is this Jesus Intensive Course. This is Jesus intensive course. You're an egg, I need to pull the chicken out, throw your shell out, then giving your chicken, "Okay here you go." Still you can carry with your mouth that shells. So it's quite interesting subject, spirituality. If you really know the palm leaf books, that ancient in-depth of the stuff, it really breaks the mind belief system.

To me I don't have that much time to read that many books and that much. Even my eyes got infected and again I put a little clearing stuff and keep reading, keep reading, reading, reading. So my dear divine souls, first layer, I don't want to go *bhakti* way - straight *shakti* way. Are you willing?

Students: Yes.

Swami: Good. We'll go *shakti* way. *Bhakti* way anytime, all the time Satya, dharma, shanti, prema—you dedicated your life, that is the *bhakti*. That is a *bhakti* can take care it. So, I have to tell one of simple, one small example. Few days back, I'm writing about Jesus Christ, this and that, and his crucifixion some of his stuff. I'm doing it and I stand and put a few candles, lalala, lalala, and looking at his forehead and all these things seeing it. As a strong punch, he wants me to experience a small little bit of the pain, that little bit the pain of, how you can experience that too. Of course I did many things, even I cut my flesh, and given it, this and that, and this and that. Constanze how bad injury that is? How bad burn that is?

Constanze: It's super bad, it's fourth degree burn, two centimeter to one centimeter it's gone, the skin is gone completely.

Swami: I can make it to make somebody to heal that, but in order to do that just like he's giving a little shot, "Come on, experience it." Practically I'm telling. I'm not joking. I'm not a psychiatric patient. Huh-un. I'm not a psychiatric patient. It means to go the depth, to go the depth. I'm happy and any illusions, whatever it happens, at least a few students will learn some of his mechanisms in case if any illusions hits it.

And I recommend everyday night three to five torches to burn in the middle of the garden. Few guys make like a team nine people strongly. Make it burn. That fire element will reduce that Maya Chakra. That's also what I'm talking in the Cross. The first chakra is the Maya Chakra. Maya means, you know pure illusion. Maya Chakra. How the Maya Chakra will play. Entire this whole world, entire the globe is stuck in the Maya Chakra.

What is the chakra, Swami? What is all these chakras, these yantras, these mantras? What is this? Yes, it's true, it's existing. That's a Maya Chakras. Once we come out from Maya Chakra, first layer, then everything is possible, one layer. This angle (Swami shows the vertical part of the Cross Yantra) is a five chakras; this angle (horizontal part of the cross) is four chakras. That whenever you're ready, we're ready, then I'll explain to you and I'll show you how it really reacts, taking a practical experience. How much that statue, that sculpturing is done, Paul?

Paul: We put a small line around and we started putting. We haven't split it yet. We stopped. We did a lottery and Baba's instructions was to wait.

Swami: Now you can proceed.

Paul: Okay. Twenty-four hours throughout night and day?

Swami: Many people are good sculptors here, just go and make it. It's not a big deal. This is the time to do hard work. You can't get again this time back. I'm telling you, you cannot get this time back again in my presence. Even if you see the CDs, whatever the video, that is a different effect. But directly, you're there, that's a different story. Any questions?

Monika T: Swami can you talk more *swastha digbhandana*?

Swami: *Swastha digbhandana* means what my sankalpam, what I'm releasing tonight on every soul here, whenever you keep chanting that that your breathing system is pretty good in your control. In your? Control. On the consciousness level also, it started to opening. You're giving the more air element to the consciousness. Before I have given, that's why I said, Surya Nadi and Chandra Nadi Processes, that's also pretty good makes it link to here in this too. It's kind of like another part of Surya Nadi and Chandra Nadi Process. *So ham*, I'm avoiding that, just I am making using your personal mantra. I want to make your personal mantra as much as strong it is.

Monika T: Swami is there any pranayama we should be doing while saying our personal mantra?

Swami: Pranayama what?

Monika T: I mean our breathing, is there anything we should be doing with our breathing?

Swami: No. You keep chanting and chanting, then automatically you forget if you're really breathing in or breathing out. It automatically keeps happening, then you started to feel light.

Lucia: How does that affect the other elements then? If you put more air on our consciousness, how does that affect the other elements?

Swami: I will tell you, until you win the Maya Chakra, don't go into Maya Chakra again. No.

Martin: How is Maya Chakra linked to Kalachakra?

Swami: They are almost all same link.

Paul: Where did Jesus use *swastha digbhandana* process specifically?

Swami: In India. Here in India. You think this Penukonda Fort, this ground, you think it's a little ordinary? Underneath there's a lot of stuff. Underneath? Lot of stuff. You have no idea the kings, and emperors, and saints, and siddhas, and Maharshis, and Yogis, and Brahma Consciousness people, avadhuts and aghoras, and all kinds of digambaris, jains, and all types of people they did here. Anybody?

Anna: Swami, so many people came here to do processes. Why in the last four hundred years nothing happened here? You told us many things that happened here before, for thousands of years but the last years nothing much was going on here in Penukonda anymore. How is that possible?

Swami: Who said that? Who said that? You read the palm leaves how they did it. How many thousands of people is hitted in this ground, in my presence? Indians in bhakti way, and shakti way in the processes, and how many millions of japas you've done it guys? Is it a joke? You said 1,008 times, by five times Mahakali, and you keep chanting, and you are breathing out and doing. Is it a joke? No, it's not a joke. Whatever you've done... how many homas we performed, how many thousands of trucks of wood is burned in that dhuni? The fire element keeps going. For this few thirty days I'm telling them to make some few torches, to make it burning there. It means little bit little flame. It means all the time it is a big dhuni is running there non-stop.

Even last night you're doing the process, and I told to Monika Bergler, "Make the fire little wild. Make the fire wild. Just make it." Then I came (to Baba in mandir) put a little flame there and just I left. Until you win the Maya Chakra, please just go simple take off. If everything you're confused in the want to know, then you got stuck. This is final ultimate, final mechanisms - one of top mechanisms. I'm not going in the subject yet. I'll start after, once after one or two days you're really...

Martin: What makes the difference between 2,000 years back that the truth got spoiled, and to now on that the truth comes out in a proper and beautiful way? What is the secret?

Swami: Truth is always there but you're not able to seeing it. 2,000 years back there are the cell phones? Now you can dial to Germany like that. You can contact to the moon like that - *it's the time*. The time is coming, even to yourself to make it awaken, this is the time. It's not a big deal. I'm telling you, it's not a big deal. If you don't know, this another part of like Ramana Maharshi philosophy - who are you, where you came from, what is happening, where you're going out? That's important. *Who are*

you? Where you came from? What is happening? That's called Jagruta Chakra. Even Jesus Christ, if you know the chakras, huh-un, it's done. Pretty good you're done, if you know that nine chakras - done.

Jagruta Chakra means, whenever you're really sleeping, Jagruta Sthiti, really top sleep, unconsciousness stage. What is happening in your Brahma consciousness? What is happening with your soul, and your heart, and your mind, and your Brahma consciousness, everything? To know that, even though you're sleeping and to know - that is Jagruta Sthiti. You're tired, you're sleeping, you're mind is tired, it's sleeping but your soul is activating. It's very activating. At the time what is happening? That's called Jagruta Chakra, Jagruta Sthiti, to recognize, to be aware of that whenever you're sleeping.

Raju: Are the nine chakras on the cross, different than the normal chakras that we see in the world today, in the knowledge that's out already about chakra?

Swami: It's never, ever anywhere. Nobody have that except Penukonda has that. That leaf, that book exists only in Penukonda. And what I practiced and what I want to give you, and what I want to make you to prove that, it's only Penukonda. And you can see in the slideshow each chakra. I showed you the Shiva Yantra, Mahakali Yantra, even you can see in Dwarkamai the big Mahakali. Does anybody know about that? They didn't make it like little art, there's a lot of depth in it, lot of depth in it. Does anybody have the Shiva Yantra in the planet? No, a Shvia Lingam, they're dividing and the making the bijakshras. It's not a joke but it's a kind of science. But nowadays the scientists, they didn't understand, they didn't believe it. But one day, the day is coming they'll start looking on it, in their scientific way they might explain.

For example, if you take the vastu, a Northwest well, Southwest well, and big swimming pool is a big dangerous - it is a proof. As a vastu yes, I'll openly challenge it's a proof. The effect is there, if North is cut you have to face the problems. Forget it. As to make it in a scientific way, I'm not a scientist. Kind of little science I know it, but I can't explain that, I don't want to waste my time to argue

my time with them, and this and that. Later on, that's your job guys. That's your jobs. My job is to just give the fruit, to eat the fruit, take the seed and plant it and make it grow. It's kind of vaastu. It's vaastu. What else?

Juleann: Last year in the program you mentioned that ninety-five percent what's in the bible is not true. So, I'd like to know what is true and was wondering if you could bless us with an experience so we could know the truth of Jesus' life?

Swami: I'm purely seeing a maya in front of my door. I'm purely seeing you the maya is.... Wait, wait. There's a program running. I don't believe one hundred percent the bible. No, it is a joke. It is a joke. Pope is a joke. I'm sorry to say, he's a joke. It's better to go in the hockey and cricket playing, and just do little bit cricket playing and just do it. NO! Knowledge is important. Even though he talks whatever it is, but he needs to talk the depth. "Jesus has gone to the heaven. Jesus demonstrated this, this, this." He said in the bible clearly, "My students will become very powerful, more than me." Point one.

Here, this Popes, all this stuff, "Whoever demonstrates the miracles, they're the devil energy." What is that? Does it make any sense? It's a wrong direction. It is the? Wrong direction. I'm sorry. Even whatever I face any problem, even whoever wealthy guys, whoever it is, they cannot come to the lion. A small deer and sheeps cannot come to the lion. I'm sorry. Jesus is really big lion, another lion is there (Baba). No problem. What else?

If I asked a few questions in the Vatican... of course in the slideshow I'll explain to you each diagram and how its...we took many pictures. It doesn't make any sense, and it's completely... the whole globe is one. Whole? Globe is one. Humanity is one. Satya is one. Truth is one. Dharma is one. Prema, love is one. Knowledge is one. I'm not a God, I'm a simple like you guys. I'm a good friend and maybe I'm a good teacher to you. Whatever I know it, I'll teach you. If you want to learn it, you can learn it otherwise ignore, "Bye Swami." You just, you can go with your cigar and just start. You can start to your country no problem. Bye, be happy. I'm not forcing you to you have to learn this. But you have to see with the heart.

I sent a few guys to Jerusalem, and I personally went two times to the Vatican and I studied all the stuff since ten years. Ten years back the video clippings are there. Do you still have them Ann?

Monika T: You're asking if the tapes are there? Yes.

Swami: Ten years back I talked already. I talked like how many minutes?

Monika T: Maybe five hours.

Swami: Five hours already on the day how Jesus Christ did his channels. I tried to release that ten years back, than some Maya Chakra hit me. Then ohhh, wait, just wait, then keep traveling it and to understand the students' kingdom, their natures, my bad experiences with the students and this and that. Then finally okay. We'll play it, you can see the Jesus what on the day I talked. How the ashram looked, just outside of near Ganesh there, I sat. And Monika T and Philip they're shooting and straight I talked. It is there. Today, it's not today is my talk, it's my ten years mission to release this out, step by step I'm making training you guys. First I thought it's better to train the students to make them very stronger, and even I can go in my mango garden in my farmhouse and just to be cultivating. Being a simple farmer, no problem, taking care of it. Once that work is done - free.

So tomorrow onwards, you are starting *Swastha Digbandana Kriya* chanting your personal mantra. Go to Lord Ganesh, break a coconut, do pranam to him, then you start. Clear? Okay start your bhajans.

End of Talk
