Christmas Intensive Program 2009

Day One: Ready to Start the Subject

Teaching in the Baba Temple

December 7, 2009

Swami: Good, good. The climax rhythm you need to give the music, the same frequency. Your voice is different and your music is different, both is opposite. You can observe later on in the recordings. You're giving the climax - psychologically you feel it's over. You have to give psychologically through the music it's over. Everybody has to feel through the music you're getting landing. The music has to give the landing, not your voice. Even the voice is getting two steps ahead, the music needs to be ten steps ahead. You need to capture the people's mind to settle down, only through the climax is the music. Your voice needs to go slow and your voice little ahead. Even you stop your voice, the music still landing. Got it?

Raju: I think so.

Swami: Good. Done. Simone, how was your journey? Is it good?

Simone: Yes.

Swami: How much is the temperature in London?

Simone: Nine degrees, eleven degrees, not very pleasant at all.

Swami: Even here I feel very cold. I wear very thick...When you want to me to start the real subject? I think you're very, I'm seeing it, and you're ready and lot of people is chiseling there and here, like many pieces. But I don't want to waste the time. By the way, the book is one hundred percent done. It's ready to me to go to printing, one hundred percent done, first volume.

So, this majority ten, fifteen days, my seminar there and you need to be with your paper and pen and colored pencils, and all the time needs to be one big board here all the time. Whenever I draw certain yantras... and one projector needs to be there. And whenever it starts, to be ready. Five guys all the time need to attend with me, and five girls need to attend with me. Whenever I call, ready - just ready. I might come at midnight, two a.m. the talks ready to start. You need to follow my time, I'm sorry to say, I can't follow like a normal schedule timing, no.

I prefer tomorrow, there is one fire ceremony is running 9:30 here, one Sudarshana Homa. It's a big protection. In meanwhile, after abhishek, from 6:30, 7 to 10 o'clock, try to prepare the board and projector and test it, or even late tonight test everything. And the gents, I choose this guy (Rama) and Martin, this guy (Ramakrishna), and Isabelle's husband, and Paul, and in your troupe Lucia, Constanze, Simone, Leslie, and Zahira. Are you ready Simone to work, even midnight one a.m., even jet lag?

Simone: No problem. Not in this case.

Swami: Have your own glass with coffee or tea, whatever it is, with you. If the gents are sleeping - the girls are awake; if the girls are sleeping - the gents are awake. Sometimes I need both, that's the requirement. Some slide show, and the book reading, and the JC Yantras, that all nine chakras all angles, we need to really certain depth we need to go. We need to drill in the ocean for the pure water. You need drill the bore well in the ocean and get the pure water out, tasty sweet water out.

And I hope whoever read the good Telugu, I recommend them to be alert. Whenever I put the slideshow just you can read it in the palm leaf. We'll start after the fire ceremony tomorrow. And we're going to catch up. I recommend for three days to stop the chiseling. Let me complete some subject, then certain prayers you

can keep chanting and they can chisel it. If they stop, come everybody and attend, some people even they're missing it -no, no chance!

So tomorrow is you're starting with the homa. At the homa time, just chant Shakti Gayatri, and Mahakali - Shakti Gayatri one hour, Mahakali one hour. Whenever Baba Arahti is running chant the Shakti Gayatri.

Finally one big attention, not attention, my attention and tension both, it's a relief one book is done. First volume is done, so four more volumes is left. So first step we climbed, four more steps is left. And you need to pray to the Boss to really make it done, that four steps to also be completed as soon as possible. It's almost all twelve years, thirteen years my dream, finally I put it in one first step. Twelve years back I talked, again I started it. First slide punch - second stroke good punch, third the people started to think, and fourth and fifth final take off. So I need complete your support and strength and unity. Once if you're unity, certain things I can do it. Inner politics and unnecessary disturbance giving to me, the globe is going to lose it. The globe is? Going to lose it. I don't know what's going to... the maya, will hit tomorrow. If you're really patience and cooperate each others like brothers and sisters and good friends like team work, you really can create a history and a victory. It's not my success - it's your success guys.

Today in my presence, and we done it, yes, whatever the terminology and technology, all this stuff, it wouldn't happen without some peoples really technology there, whatever the computer systems all the making it, doing it, putting on the... Me personally it's not possible. It's everybody's cooperation there. Whenever you're in unity there, yes I'm there with, because of, I'm giving a weapon in your hands. The knowledge is a weapon. The real, real, knowledge is a weapon. It's not a joke. It's not a? Joke. I'm very, very, very serious.

Many masters, because they're not strong enough on the students they got failure. Failure in the sense they're not able to give they're own fragrance, whatever they want in a beautiful way to create the students. Krishna did not fought - only he's driver. Only he's driver, the chariot driver. Who's the fighter? Arjuna. I'm only Krishna, just I'm doing, just I'm driving it, just you do it guys later

on. Wherever you says, "I'll go the direction." Perfectly I read it, I'm a good driver in all angles; I'm a good driver.

And also it's another common joke, it's a thrilling to be ride, to drive in Europe, especially in Germany. Take a car and go in the speed as much as you can. Wow. One time I'm driving from Switzerland to Germany with Ramakrishna and me in the mountains whole night. I'm very exhausted and tired and blinking my eyes and looking it, "Hey man, how much you're going it?"

"Just 220."

"What? 220 kilometers? Go slow, go slow."

He's hitting it. Straightly he stopped at the Kempinsky near Frankfurt, the hotel. It's a nice drive but I enjoyed it, even Simone also driving it. I think it's a jaguar?

Simone: Porsche.

Swami: Porsche. I think it's a two-seater. She's driving la, la, la, like I said, "Wait, go slow, go slow." She's like... it's nice but you can't drive like that in India. If you really drive that in India, you deserve a gold medal. Especially in Bangalore city and uh-oh, it's a red flag.

So, tomorrow to be by 8:30, 9, 9:30, everybody to Ganesh, pray, break a coconut. Make sure the coconut breaks in one stroke. Should not go for second stroke. Just 'bang,' just out, break it. Then everybody come and get settled. It'll be, the homa is a little strong, it'll be very strong - perform that. Then go and have your lunch, and just be ready for my call. Ready for? My call. And just I'm depending on these five girls, and five gents, anytime they're on my schedule. In general, do you have any questions?

Student: (*inaudible*)

Swami: The sculpturing, that rock needs to come in a very special place. That rock came from Simone's property. You saw that rock?

Simone: Not yet, no.

Swami: How many people seen the rocks in her property? How many rocks is there?

Rama: Four or five rocks were there.

Swami: More than twelve, it's a huge. Already we sent a lot of rocks out. It's a fort rock but that rock has some special energy. That rock has special energy. Anything else?

Student: Why only Hanuman and Durga?

Swami: Hanuman is a Shakti, Durga is a shakti. Shakti plus shakti, something we'll see. Plus and plus equal to? Plus and plus equal to? Hey, you not studied even simple mathematics? Even my daughter will answer that, minus and minus equals plus? Constanze knows only the doctor terminology. It's energy channels. Anything else, Ann?

Monika T: No Swami, not right now.

Swami: You're relaxed huh?

Monika T: No, but I'm ready whenever you want to answer some questions about the book.

Swami: Go ahead.

Monika T: Swami, there's a lot of controversy and lot of interest around Jesus' birth. In the bible they say Mary was a virgin, she didn't have physical sex. Jesus was born without that. Can you comment on that?

Swami: I think the doctors need to comment on that instead of me commenting. I'm a Doctorate, Sai Kaleshwar, like I got a Doctorate

whatever it is, let some doctors, real good doctors like Clint Thompson, Constanze, let the doctors comment on that. We need the reality and clarity. We need? Reality.

Raju: And also the period of time when Jesus was age of twelve to thirty, there's no history in the West or in the *Bible*.

Swami: I'm giving it. I'm giving it. That's why I said, I need to really bore well the ocean.

Monika T: Swami, can I ask another question? You said the energy pulled Jesus here. Was it the Maharshis here in Penukonda?

Swami: Who pulled you guys here? Just simple question, "Who pulled you here?"

Answer: You.

Swami: Me? Who pulled you? Even if you want to come, if the Boss and I don't want to see you, you won't come. Even you tried, you tried - no way. Even if you don't want to come, I know how to make you to come. I know how to make you to come. I won't make you sleep. No way. Even you took the 'compose' restaurant, relaxation, and just you drank and everyday you're sleeping. It doesn't work. It comes... you have to come. Once I order, "Come man," that's it. You don't know what happened, just you're calling, you're making your ticket, just packing your luggage, and just *rrssstt* you take off. Then you're here. And especially he wants to see you too, the Boss wants to see you too. Even though sometimes you never want to come again, it's so frustrating to you, so hot and confuses, and it's a hell. You feel it. I know a few people have that type of, "No ways." But you have to come. You have to, come, if the order is there, if the call is there to you, you can't escape.

This life, this incarnation, I don't want to come - this lifetime especially. I want to come later on. "Go, go, complete it, come back. Then we'll decide." "No, no way!" "Has to. Has to." That is

the Boss's talent. It's not in your hands, because of, I know your personal mantra, certain things I know, it's in my hands sometimes. For example, Terry is giving too much hard time to me because of, he doesn't have any work and he's unnecessarily giving too much headache to me. Whenever he's giving too much headaches, just I throw a small headache on his life, then he'll be busy occupied with that headaches, to solve that. Then meanwhile I complete it, solve that, pull him out. Does it make sense Terry?

Terry: Yes.

Swami: It's okay, I never did like that unnecessarily. If it's really somebody driving me crazy, it's necessary for me to divert you. What else?

Monika T: Swami, can you talk about Jesus's relationship with the Mother?

Swami: Tomorrow I'll explain it. It's an elaborate subject. Especially I need to go Her Womb Chakra to his Womb Chakra, and Maya Chakra to his Maya Chakra. Certain all the layers I need to go. Each person, each soul has a connection, a strong link with the Mother, a very strong link equal to Jesus. But that layers, that's called *maya*.

Even for the cow giving the birth. First liquid is called *maya*, whatever the blood. That is the most, holiest time in the planet. At the time if you did the pradakshina, the most successful guys you are. Cow is giving a birth, a baby, at the time if you did the pradakshina, at least once... I think a few times you did it. How many people did it? Why can't you try again before Christmas? Possible?

Eric: Yes.

Swami: You can get two or three cows, that luck, and just you see and get the veterinary doctor to be ready and just you see. No, it's there, it's called Kamadenu Process, Kamadenu. Whenever the

time is giving the birth, that cow is completely pure Brahma Consciousness. The most present time the cow is enjoying. Even though the pain is there, it's really enjoying, that soul is enjoying the bliss. It's completely linked with Brahma. At the time you're around it, the Brahma Consciousness, that waves like a magnet waves, it hits your soul - unbelievable protection circles. Get that two or three cows, whatever the cows make it, just two, three guys watching all the time. Whenever any cow started, make a call, and just everybody run. I did many times too. I did many times. What else?

Monika T: Swami, Jesus left his power objects in India. What would have happened if he took his power objects with him? If he would have taken his power objects back to Jerusalem, what would have happened?

Swami: Seventy-five percent is in India - that is Penukonda. I'll show you. You saw that tusks isn't it? Everybody saw that?

Students: No.

Swami: Whenever that time, the crucifixion time, they hitted him in the two ribs, and they left it. It's there in the palm leaf very clearly. After he came out, just himself, he took it out. That's here in Penukonda. You took the picture?

Monika T: Yes.

Swami: It's in the book?

Monika T: Yes.

Swami: They can go and carbon test or DNA test, or any test. Openly I'll challenge the globe and scientists. They may not believe all the stuff what I talk, not one hundred percent, even at

least ten percent if they believe it, certain evidence: How old is that? What it is, what it is – yes, the blood marks are there and how much age and how much that weight inside, and all the stuff. It's not a joke. I know what I'm talking. I know what I'm talking.

Tomorrow, after the Sudarshana Homa later, I'll show you. You can touch it but you have to touch that anyhow certain power objects and receive certain - pull it. How many people saw that? Only three, four huh?

Beginning days it was a little scary to me, to be honest. I been pretty good, badly wounded in a mental way, mental women, and they received certain books from me. They're stealing, they stole it, some westerners, some Japanese, and some Americans. I believed they would be honest. On the days, I trusted, handed it out there and again, then I'll come back. Gone, then, "uh-oh." Twelve years back if you saw... I think everybody saw my video clippings isn't it? Everybody saw that? How many hours Monika T, that my speech about Jesus's process and all the stuff?

Monika T: It's about four, five hours.

Swami: About four, five hours, nine, ten, twelve years back... how many years back?

Monika T: Ten years back.

Swami: Ten years back already I talked. On the days, it's a big forest. There's no even Jesus Temple upstairs. Ten years back I'm pretty good, and I believed in everybody, and I talked on the day. If it really flowed on the days, today it's a big revolution. Big Revolution. Ten years back I tried, then I got wounded. At the time I'm hopeless. I'm hopeless and the knowledge is existing. They took advantage, even certain power objects, even I want to show it, until it really comes slowly take off, then leave it. Even now it's also pretty good... anyway the maya can come and hit it. But still I prepare - I have strong believers. I tested, I tested, I tested certain people. The roots, I got it very strong and strengthened, then in worst case, let it go, it will go.

You cannot buy your Swami's love and his attention, whatever it is, through the money, or your services, any stuff. You have to buy only through love and your dedication, then I'm there with you. If you're dedicated, if you're really doing hard work, you know how much charity works I'm doing it. You're seeing it. It's not the money. Whatever, one dollar is coming, two dollars I'm spending out. It's not the money. I need the 'do or die.' That's why last time, two days back, I gave a talk between the master and student - what needs to be. Like Baba, how many years he did for the master's order. That's it. He did it. He made it. Today he's in his position.

In my life, yes, I'm on that same process. Doesn't matter what time sick, or whatever is happening to me, my focus is my focus. My job is my job. That's it. If anybody's giving disturbance, the remaining students need to take care - that's your job. Do you understand? Jesus believed with one student, and everybody's sleeping. Just he woke up and he walked. For 200 gold coins they bribed the student. They caught him. Gone. The maya just... he knew something is going to hit it, even though he hid it with his few students, but still hit it.

If you really can make me to go once to the Egypt, and come back... Entire the students, if you really made it a really good, right, strong plan with a few students, just take me to Egypt for one night and then make me to get back to India. Whole structure will come fulfilled. Still five percent is a mystery. Even I personally, I need to see it. Seeing the vision in third eye, that's a different story but with physical eyes, I need to see it, I need to touch certain things and take a picture there - leave it to the globe. Release that to the globe. From India side I completed but in Egypt I need to go physically. Anya, already she went and she got the visa. Still it's valid?

Anya: I'm thinking. I think so. Yes, it's over.

Swami: It's over?

Anya: But you can get another one.

Swami: To make the group leaders confidentiality, and make it five, six people to walk with me, fly, one night stay, come out. Done. But one night I need to stay there. That's your job. I traveled entire everywhere, but to going to Egypt, why I'm asking? There's an inner reason that is, you'll recognize later on. I can't explain right now, even I went to Manasarovar - it's not a big deal. And the Tibet mountains, all the stuff... To going to Egypt is not, but a few students need to be there with me, some technology to use it. That's complete confidential thing. Once I'm there and complete the job, and get back...some technical people need to be there with me. Technical people. Good.

So, anyhow, it will day-by-day get interesting. It will get heat up, and you also to be ready, and no need to get panic. We're not talking against any religion. We love all religion. We love *all* religions. We're not against to anybody, to any philosophy whatever they say it, good, but, our philosophy is our philosophy. You know what I'm saying? Our philosophy is our philosophy. Let's see it also in the globe. What you practically seen it, evidence and this, and everything, just release it. Don't need to hide it. Got it? You promise you, all guys will stay as unity?

Students: Yes.

Swami: Yes?

Students: Yes!

Swami: Got it. So time to go to arathi. By tomorrow, do whatever I said. Take care. See you then tomorrow. Good night.

End of Talk
