Christmas Intensive Program 2009

Collecting the Fragrance Brings the Bliss

Teaching in the Baba Temple

December 10, 2009

Swami: Good evening guys. How many hours you meditated today? Three hours? Hello?

Raju: Three.

Swami: Out of twenty-four hours, only three hours? Tomorrow do minimum six, and maximum nine hours. Is everybody drawn the Sudarshana Chakra Yantra?

Student: Yes.

Swami: On the copper sheet?

Student: No.

Swami: Maya Chakra Yantra?

Student: Yes.

Swami: On copper sheet?

Student: No.

Swami: So tomorrow you're going to complete those two chakra yantras on a copper sheet. Deal? After your breakfast each person has your own umbrella and sit in the garden, in a chair or on the ground. Put a little slate under the copper sheet. Take a paper, the Sudarshana Chakra, you draw on that very gently get a mark there. On top of the mark you keep go. You can finish within thirty minutes. Even you no need to write the letters. And let me put my sankalpam on each sheet, some of one bijakshra on each person, then it covers everything. You no need to write the letters. You can, otherwise leave it. Get the paper, you can blow it up whatever size you want it, gently draw that with little forcibly, with a pencil on top of it. It will get the gentle mark. On top of that draw that - done. You no need to break your head - this angle like this, okay, this angle coming this way, going this way. It's done. Clear?

Students: Yes.

Swami: After that... and try to meditate as much as you can, and tomorrow we'll take all different chakras and complete within one day. Entire everything it'll come, all remaining chakras on one sheet, simple yantrs, very simple yantras. Three to four minutes each you can draw that. Then different prayers, then we'll go to some subjects, then again some more subject.

The Maya Chakra is a big deal. We made it. My concern is you need to digest the energy what I gave last night, the initiation. At least minimum I need to give three days but at least I'm giving two days. So concentrate. We still have lot of time. Entire the JC Process is the Maya Chakra. That's a big deal and we completed that. The remaining knowledge you can get it like that, this Intensive Course. Since seventy-two hours I've only had like three hours sleep. It's going like, "Ooooh."

So, I have different structures the way, how to give you different more, more, more layers. So you need to cooperate to me too. And majority of people I'm seeing you're running here and there, and here and there, and here and there - don't waste the time, don't, don't waste the time! If you go the Southeast and Northeast, and here the garden, there's tons of trees. Wherever just there's a big mango tree, different tree, just sit there and meditate. Twenty people one place; fifteen people one place wherever you like it. Gently go.

And moreover, whenever the cow is giving delivery time, you have to wake up. You have like whole five cows is there, so you have some opportunity, even you miss one, one more. Am I driving you crazy guys?

Students: No.

Swami: I think so, "Swami, we don't know, four o'clock, three o'clock it got the delivery, and we got the call, and how we can wake up and run. Yes, has to go.

Whenever you sacrificed certain things, only you can get certain things. If you're choosing always comfort, comfort, comfort hun-un. Some period of time you can squeeze your orange. Your body is like kind of orange, no problem. Whatever your sleep, you're hungry, it's okay, make it done, then something you can see it. A lazy person never, ever gets succeed in this life. A lazy person? never, ever gets succeed. Laziness is the biggest disease, the biggest block, "It's okay, I can do tomorrow. Okay, I can do tomorrow. It's okay, I can do day after tomorrow." That's enough to destroy your life. Today's work, complete today - you're done, then go to sleep, relax. Postponing, no, absolutely I'm completely against to that. You have a work today, completed it. You committed to do this work, you do your job, then leave the results to the God. Then it will come fulfilled, otherwise problem - the life will really get postponed, you can't get till next lifetime, next lifetime, or next lifetime.

So, take arathi, go and take a good nap, and good sleep. Morning wake up, come to abhishek and whatever it is, and take that yantras, even in your own room, just take it and draw it. You have copper sheets available here?

Students: Yes.

Swami: After thirty, forty years later, when you're in the 70's and 80's, when you look at that sheet you remember, "I was in Penukonda with Swami Kaleshwar, and I drew in the late night or early morning in the garden." That is the fragrance. That is the? Fragrance, and you're telling to your grandson, your grandchildren the stories to them, "I have a crazy master. He tortured and we drew this, and practiced it this way, and I holded the torch like this way." It's a fragrance. It is the? Fragrance. You don't know the value of the fragrance.

Whenever you're not able to do certain things what you did, and you're remembering to telling that to somebody, that is the beauty. That is the beauty of the life, the climax stage of the life. When you're explaining to somebody, even to your students... hardly you can walk, your students made you to come and sit in the chair. And you're sitting and looking at them, and you're seeing your copper sheet, Maya Chakra and you're seeing it, "Oh yea, I got the initiation, the Maya Chakra initiation in Penukonda, in 2009 at that time, in Shiva Sai Mandir with presence of Swami Kaleshwar. At the time the people how they receive it, you have no idea - so bliss. It is a? Bliss. Me I'm talking about my Manasarovara and all my journeys, how, what I did on the days... You don't know it, it's a bliss. Even I'm telling that, it's a bliss... expressing your feelings - it's a bliss. Clear?

Students: Yes.

Swami: So collect more bliss - hold it - whenever you want to dump that out to somebody, you can do it. Good night. It's time to go to arathi.
