Shiva Ratri Program 2010

Swami Prepares His Men Students for their Process

Teaching in the Baba Temple

February 8, 2010

Swami: Good morning, guys!

Students: Good morning Swami!

Swami: Come little close. Every person is invited except Ganesh, hun? (Laughter) First of all welcome to everybody. And it's pleasure to see after a long time again this Shiva Ratri time. It's a great precious and privilege to you and to me. But the clock is keep running. Clock is keep running. But you need to grab your own time whenever the clock is providing you a chance, opportunity - that you need to capture it, then you'll get the clarity and reality, the openness of the awareness of the enlightenment. Each minute is not yours.

Swami: Monika B, doop is near the line. Doop needs to go there, Jesus temple. Yes.

The clock, it will keep running, running, running, running... It's not all the time yours. It's certain little time is yours. To find out that little time and get that opportunity whenever the opportunity is knocking the door to you to getting that, that's important. So far we spent in a different, different, programs, different, different situations, different, different, processes you done it. Different Abisheks, all kind of phenomenas we participated but this program is special, interesting way, and the process is going to be hit it. I need your cooperation then I will give my cooperation to you too. It's need to be equalism, then only you can hit it.

Otherwise the bullet will go different way. The bullet will go? Different way. Then it's a waste of the opportunity and the time.

The concept what I'm talking here, ultimately in the Shiva processes, the Shiva Lingam process, the Shiva energy, Mother and Shiva, so far you might have lot of expectations, "Swami, I want to see the Mother, I want to see the Jesus, I want to see the Shiva, I want to see the Baba, I want to connect this, I want to connect that." I do respect that but finally after you connected it, what you are going to do with it? What you are going to do with it - that you need to come with clarity, crystal clear clarity. Okay you got it, then what you are going to do with that?

Point 2: What you really want? "I want to be open my third-eye. I want to be consciousness..." These are all... I keep hearing it since years. Now straight trigger point what you want. What you want. Forget about your personal life, your blocks, your money, your relationships, your family problems, and your kama energy, and your attachments, your daughter, your father, money, prosperity, buildings, your creativity, name and fame, and the health and beauty, and to be...these are all nonsense. I covered a lot of angles here. These are all? Nonsense. But something is there. That, what it is? Everybody come sit, come a conclusion in a clarity. Once you come with a conclusion with crystal clarity to me, then I can approach you guys. You understand?

Students: Yes Swami.

Swami: A man... a human can do anything in the planet. He went on the moon and he researched and he become a big scientist, and he's lot of creativity. Of course he can discover the supernatural energy too. In order to do that I need to make you to practice it and you need to be, to practice that too. Understand?

Students: Yes!

Swami: So, I'll give you... how much time you need to come out with crystal clarity thought?

Patrick: We are discussing as a group?

Swami: As a group, that's my point. Somebody he wants an apple with the knowledge, some person, "I need a prosperity." Some person, "I need enlightenment." Some person, "I want to see Mother." Some person, "I want to see Jesus." Some person, "I want some supernatural abilities." Some person, "I want to heal the heartbroken." Some people,

“I want to fight with negative forces.” Some people, “I want creativity as a avatar.” Make it gathering everything. Come in one track, “I want to have the experience of the supernatural miracle.” La, la, la whatever it is. Come with clarity, don’t waste your time, don’t waste my time. Then I’m with you. But you need peaceful environment to make it to discuss it in a beautiful way. You need a peaceful environment. Environment means location – no disturbance, only taking the top senior students and their experiences, and this and that, and that and this. Somebody already connected the Mother, and Father, and Jesus, and some strokes already happened they received it. Then finally, finally, finally, finally, finally filter it, filter it, filter it, filter it – come out, come out with clarity. Then I’m here to help you, taking the further steps how to do it, when to do it, when is the appropriate time to implement that, to get it. For example, Jonathan, I brought him – how many years back?

Jonathan: Since 1997 Swami.

Swami: No, in the Mother Divine temple, when was that?

Jonathan: 2001.

Swami: Almost nine years back I brought him to the Mother Divine Temple in Bukkapatnam, and She came out from the statue and She gave a fruit, “Eat it!” And some more people, they got the experience and little Maya is hitted him, and after all processes I completed it. After I came out, he didn’t eat that, still is holding it, the fruit. Then I screamed on him, “Eat it!” Is already got, energy is a little over. Little energy is over, then he bited it. Have you ever tasted that fruit in your life?

Jonathan: No, never Swami.

Swami: Be honest.

Jonathan: Absolutely not.

Swami: Honesty is very important.

Jonathan: Nothing even remotely like that, nothing.

Swami: That fruit gave it, and eat it, and with your Maya, your illusion you can’t able to eat that and what can I do it? Then I came out and, “Hey, why you are still holding it? Eat it, man!” Then he’s eating it. Then one time I told him, “One Mother Divine strong spirit, Divine spirit, I hold it in the bottle,” told him, “I am going to show you. Be awake, I’m coming any late night.” How many years back that is?

Jonathan: It was '99 - ten years.

Swami: Ten years back, ten, eleven years back I told him, "Be awake!" And he's in the Baba temple, many people is meditating it. I came at one a.m. and he's sleeping like a snoring, like a snoring. I looked at him. I can't disturb him because the clock is running. I have to go, take that bottle and put somewhere and bury it. And he want to see it, and I promised him, but he's not clarity there. He's not the? Clarity, and don't know the greatness of that moment. And he's snoring and sleeping just near there, near in front of the gate, inside in the temple. Then I put in front of him a ring, "God bless you." and then I left.

This type of mistakes, this type of mistakes, that's danger. Not only coming clarity, the same time how you need to be, prevent your own mistakes. So what you can do the mistakes, what you cannot, so the mistakes what you need to be aware - that's also important.

Even you come one hundred times to Penukonda...it's okay, I like to see you, but it's a waste of your time, waste of your money, and waste of your all the things... but getting the right moment, got it - done, then you can learn the knowledge whenever you want it. The knowledge is available, and the books are ready, and my speeches is ready, and you can hear it and practice it, no problem. To directly working with the Swami, and the right time, and the right track - that's important. That's the most, most, most, important. Never know when I come, when I approach. Even the girls, they didn't expect it last night I'm going to call like a...that period of time. Everybody thought, "It is two o'clock, okay, he won't call. Forget it." Like a, "Oh come, come, complete, done, over - go." Now once you come with clarity, once you have it... I don't know how much time you require, it's up to you but I don't give that much, too much time.

Already somebody is bringing something from Shirdi, one group of girls they went Shirdi, and they are bringing something. So once the Baba energy is hitted here, then it will become more stronger and it will become little difficult as Avadhut energy to handle it. As a? Avadhut energy to handle it. It is already is here, his energy, but it will become more stronger. So you can go, walk somewhere, you sit in the southeast garden under the tree, and just wherever it is peaceful atmosphere... peaceful atmosphere you sit and just discuss it. Make all the people write the points and come out. Done? I don't want to waste too much time.

Ganesh: So our task is finding one point as a group, one point as clarity?

Swami: That is my point. That is my point. All my discussion is, that is my point. Even if, whatever is recorded, if you hear it, I cover everything there. Given a nine, ten minutes talk and I covered everything. I didn't escape anything - everything is there. It's okay. So, even you can have a little small snacks and your water bottle, and just go and come out. I might call you this evening and late night, and any time whenever it is, then I'll start. Okay? Good luck!

Students: Thank you Swami.
