Shiva Ratri Program 2010
Program Introduction and Summary
Teaching in the Baba Temple
February 9, 2010

Following evening Bhajans:

Swami: Good. Good team.

Welcome my Dear Divine Souls. All beautiful divine spiritual birds is gathered on one tree. In 2010 the Shiva Ratri Festival we're celebrating in Penukonda in Shiva Sai Mandir in presence of our Guru Parampara, Shirdi Sai Baba.

There's a lot need to talk but there's a lot to give the experiences too. And it's my greatest hard work and achievement what I want to do it, to complete the several books of the Big Boss, the history and the ancient channels. So far three volumes are completed. It will be here in a couple of days. And I want to inaugurate that books by grace of Baba. Then the clarity of the spirituality, the information, the depth of information, the divine channels will exist in the planet.

Almost eleven, twelve years back, my attempt what I wanted to bring, that nectar in the planet, it's got disturbed. Then I stepped back. Then I keep traveled whole worldwide non-stop, and been lot of struggles and lot of hurdles and different, different type of obstacles and funny situations in between. Even though whatever the testings I've been through, finally I made it. And Monika T.

and her crew, they're in Hyderabad - right now the books are printed.

Even now I didn't have a plan to come down and come and sitting in my chair. Just you seen me outside, few guys, they seen it outside, and just lay down on my bed and listening to the beautiful music... Anyhow let's go, just go and just see them and say hello and go back. And I'm really appreciated, and really 'hats off' all the gents what they took the decision. I'm actually night guy, midnight guy, actually I work the night hours. Day hours I take the gentle. Then, all the gents what they choosed, the very crystal clear track - it's a very beautiful straight arrow. And the girls are going different angle is also very powerful arrow. Now it's a challenging to me to complete that, to accomplish in a right time around the Shiva Ratri period of time.

Two points you need to recognize in your life, even though whatever you like it, the Guru Parampara also has to like that too. Even you tried your maximum best, even though you're going through lot of stuff, ultimately the Guru Parampara will decide when is the right time to come to you, and what you deserve it, and will give to you. And especially in this Shiva Ratri, whatever we're going to do the process, the energy receiving the channelings, it will be done. No need to be confused.

Since several months non-stop, your Swami's worked night and day. Finally, one range of what my accomplish... it came it in the form of the books. The knowledge, yes the senior students they know already I've talked...talking, talking, talking since how long Nityaananda?

Nityaananda: Twelve years.

Swami: Since twelve years. How many hours it will be?

Nityaananda: Tens of thousands.

Swami: Tens of thousands of CDs, and videos and audios - a pile, huge piles. If you've seen my childhood days until to now, piles of CDs... what do we call that hardware?

Nityaananda: Hard drives.

Swami: Hard drives, whatever it is technical word. Like Anya is really working and working and working, and like a crew several months night and day - twelve years all worldwide and in India and beginning stage of the ashram. Everything is the knowledge. Unbelievable knowledge I taught. It is there. It existed.

But what you're missing it - experience. Experience is important. You don't know it is a salt, a camphor until you tasted it. Now is the time really to go and bite it. And to have bitten it, and to prove this is a salt, this is a camphor, but it looks the same, but it's taste is different. The experience... tons of also experience I given to thousands of people so far. But this type of Shiva Ratri, I don't think so it will come again. I don't think so it will come again.

Already I explained what I did with the abishek inside of the Dwarkamai and the Shiva Lingam. Lord Shiva is the ultimate final goal to give any type of abilities and to destroy all our blocks and give the final enlightenment. The most final highest abilities, he's the top character to able to give that. He's the Bhola Shankara. Bhola Shankara means, easily you can make him impressed and receive whatever you want it.

Even Mother Divine, sometimes she played the maya, but in front of the Shiva... even though Shiva is blessed you, but the maya is even hitting it. But I produced the most short-cut ways... the Guru Parampara will come as a bridge - no maya will come between you and Mother - that's why I'm here, why I was born in this planet, to cut the maya from any of your next incarnation, next incarnation, next incarnation.

If your power object is existed here in the Penukonda... your power object, your power spot existed in Penukonda, your pin number, 'personal mantra' existed - exists means you received from Penukonda from this Gurustan, this Gurustan will protect you not able to touch the maya to you.

But every saint has been through under the maya. They struggled for awhile in the maya, but it's a natural law, a period of time once we come as a human being, for a period of time we need to go through harder time. No matter how big person you are, how layman you are, you're sitting under the tree, you're leading a very simple life, you're living in a palace with hundreds of doctors

is around you - no matter what, a period of time you need to go through - that is the law. It's enough what you've been through, enough. It's enough. You want to go more through? Hello?

Students: NO!

Swami: You sure?

Students: YES!

Swami: Because of, already I'm a maya, I've given you enough hard time... I've given you enough hard time. Instead of she's giving crazy way, gently I handled you to fix it, pushed it, the time cycle. If I think ten years back, my life now, even myself many times, thousands of nights I sit in front of Baba looking at him at midnight, early morning hours, sunrise hours, "Hey man, what are you doing with my life? What do you want? Why are you giving this unnecessary headaches? What is the press article unnecessarily harassing? What is this? Where I grabbed the land? Where is this unnecessary blamings?"

If you want the real diamond, it's need to get cutted it in a beautiful way. If you keep cooked it, the gold, as much as you burned it, boiled it, then the shiny will come out. So, whatever it is happening, let it happen, so whatever it is happening, let it happen... Whatever is happening - let it happen. But it's enough. No need to go too much any more.

The final ultimate - to come out of from the maya, and having enough strength with abilities to walk in your mission, and keep continue your journey - create the peace and heal around you.

But the Datta energy... sometimes whenever our egoism going up, then he'll give the testings. Your ego whenever it's going up, he'll give the testings. Whenever you really surrender, "It's not me, it's You." You're eating a piece of bread, "Thank you, today you offered me this piece of bread." Today you're sleeping. There's no guarantee again you're going to wake up...no guarantee, "Thank you, I'm sleeping." You wake up. "Thank you. Lead my day whatever you like it." Today you helped a few people. "Thank

you, you allowed me to help a few people." For every moment, the obedience, the humbleness, the open abundant love, once you carried in you on him, he is with you. He cannot touch you. Whatever testings is flowing on you, simply, "Thank you for your testings." There is no another alternative. "Please, I want to get out from this. I want to escape from this." For temporarily he might escape you, again it will come back. You understand? Again it will come but let that chapter finish it.

Even Lord Krishna, why he ran the Kurukshetra, the huge battlefield, that battle? He can kill all the bad elements because of, he's carrying the Sudarshana Chakra. He can chop out, he can take care out but why he chose the Arjuna, and he carried the whole game? Why he did it? There is a reason. Every person have a duty in this planet. He will use you to accomplish the duty, to complete that duty in a beautiful way. I'm doing my duty. Let him allow you to do his duty through you. Then the divine court will give the right judgment to your mission. Even if you escape this lifetime, again you have to come next lifetime to complete the job, again go back. Why you give a chance for next lifetime? Let's complete this lifetime, let's complete this lifetime.

Shirdi Baba to his master, he also, he been through with Venkusa, with a lot of bhakti, and a lot of shakti, lot of mukti, and worshipping, dedication, all angles he worship. Just his one order, "Go and stay in Shirdi." How much the Shirdi people is tortured - just he simply accepted it until finally he became... Even though he knows he has a lot of abilities, he has a lot of healing abilities, even though he knows he is an avatar of the Datta, but he is obeying the order of the Guru Parampara. "Done, I took the decision, because of the master's giving this order. I'm doing it, I'm doing it, I'm doing it..." He did it. He made it.

Today, he's the Purna Avatar. If you call from your heart, "Baba, please show me the path. I will do whatever you say, but show me the path." Then he will give the little clarity to you. But don't ask, "I want to escape from your job." I know you have a lot of financial problems, relationship problems, health problems, heartbrokens and depressions, a few points it's natural. If you escape one block, another block will be waiting for you, then another block is waiting for you.

Whenever I go, especially in the Europe, somebody, they comes, they sit in front of me, "Yes, what do you want?" Then they

started to crying, keep crying, crying, crying... I pretend I'm listening, "Yes, go ahead... go ahead... yes. Hmm, hmm, good, good don't worry.... good!"

I know he's crying, the headaches, whatever he's carrying it. "Okay, keep go, go, go, go, go, go." After thirty minutes my time is wasted, and he feel relaxed – he feel relaxed. I heard it, but I didn't took that in my mind, and I blessed it, "Don't worry, take this personal mantra, chant it, relax, go."

Then he feels it's a mental satisfaction. Your mental hypnotized tuning, your mental?

Students: Hypnotize.

Swami: Mental hypnotize, mind hypnotize. You're sad, you're sad, you're sad, you're sad, you're sad... Then you're sad! If you feel, "I'm happy, I'm very happy, I'm very happy, I'm happy," you are happy! You are happy. It's a human psychology, how you are going to tune your life. Majority is to suck the will-power. For example, a hundred soldiers is there, one soldier is lot of scary, and panic guy - he will disturb ninety-nine people, don't you think so? He'll create the panic in entire everybody. It's not healthy.

Whatever you choose, the circumstance, his belief system is his belief, your belief system is your beliefs, another person's belief systems is another person's. You cannot inject your unnecessary belief system, your fear and your blocks, implement and pouring on the person - then it will disturbs. It will?

Students: Disturb.

Swami: Is it make sense? That environment, the circumstance is most, most important, too. The devotion is not anywhere – that's in your strongest, in your belief system. Once you believe *aham brahmasmi*: God is everywhere, he is existing everywhere. He's in you, he is around you, he's all the time with you as a shadow. He knows what you're doing it, all your karmas, all your actions is recording, happening in you, the soul is recording. One day

again, it will play back. If you do the good karma in this hand, immediately the results also a good karma will come another hand. If you done the bad karma, you no need to come for next lifetime unnecessarily, the bad will happen immediately too. If you hurted somebody, again you're going to be hurted, too. You cheated somebody - you'll be cheated. There's no way you can escape it. Even if you asked the forgiveness, forgiveness, forgiveness, until openly heartedly, and yes forgived it, and you're not repeating it, and just you rectified it in a beautiful way. Then there is a chance you can escape it. Until to then, the karmic law, it will implement on you to face it, all this kind of funny blocks fragrances. The fragrance of... the punches - good punch, bad punch. Good punch, bad punch. So don't give a chance, my Divine Souls to unnecessarily to your karmas, your actions. The majority, control your ego. Control?

Students: Your ego.

Swami: Ego. You know, what do you mean by 'ego'? "I did it. I created it. I'm the boss. I'm the hero." You're not a hero without God's help, you're otherwise you're a zero. I told it, many times.

In the *Mahabharata*, Karna is the most powerful character. Most? powerful character, more than the Arjuna but some of his ego problems, and his circumstances, he join in the family of the crazy, the Dhuryodhana family, Kauravas. They injected him, then he lost in his battle. He lost in his battle.

So, the ego need to make it all the time, make it balance, control, control, control, control, then, no problem. Even to Baba, whoever is tortured, he's simply is smiling. "Okay. Allah Chakarega. Sabhka Mallik Eke." Just simply one word, "Allah Chakara – God will help you." Even though they're torturing him, and they throw the cobras on him, and they beated him, and they didn't give the food, and they made him to starve, and whatever they did it – he's simply smiling.

Even the Jesus Christ, the crucifixion, he didn't put any small tear in his eyes. He's simply smiling. Even the last breath he's smiling. That's his greatest phenomen, phenomen in the sense of, art. He's smiling and forgiving. One eye blind person, he putted his nail, the nail, and he hitted on his arm. The blood is came on his eye,

then the eye got, came back. Then he stepped back, he can't do his job. Simply he (Jesus) said, "Do your job, man. Do your, do it, do it." I explained everything in the book. You'll read it.

So, that open forgiveness and very humbleness, you will create the most amazing nectar in your life. You will?

Students: Create the nectar.

Swami: Hello, Tatyana, you're hearing it?

Tatyana: Yes.

Swami: Where are you? So, that's the key. That is the key: the channelings, the roots, the connecting, the divine cosmos, and the processes, purifications, all the stuffs – that's my part. I will take care of you, that. But taking care of your blocks, and your humbleness and your egoism – that is in your part. That is?

Students: Our part.

Swami: Your part. Few students, for example, I don't want to tell their names, many times since eight, nine, ten years, they keep coming. Even I didn't say even hello to them, even they paid a little for Guru Dakshina, and Interview times, and no, I didn't even sit with them and keep talking. No. Just I want to observe, and I want to see how they're doing it – what is their reaction.

Even I'm walking and they're coming straight to me. Just I smile it, then I walk out. I love to speak with you, I love to spend time with and talk with you, but simply looking and observing you. I don't want to disturb your soul, and I don't want to disturb myself unless you're ready there... to see your patience.

But keep on observing to you too. Even you're worshipping Baba thirty years, why he's not coming up and giving the results to you? There is a reason. That you need to figure out what is the defect is in you. It's not defect in Baba. It's not a defect? in Baba. It's a defect in you - that you need to see it.

You know your own graph. Every person have a personal secret, privacy life you never, ever disclose, explain to anybody. Some percentage of your personal secret life you hide it. Even your wife, your good friend, and your daughter, and your son - every person has a tiny bit, a percentage of personal life you have it. You don't want... you're shy maybe, you're guilty, and your ego, or whatever it is your problem, and you hide that, and you're pretending you are good. But you have a personal life it's sealed. You break that, opened it and present it in front of him. That is the key, another key to come out of from that. Does it make sense?

Students: Yes.

Swami: You sure?

Students: Yes.

Swami: It is true. So, tonight I recommend to everybody, sit as a group meditation, and tomorrow onwards the fire ceremonies is running. Whatever I given the initiation to the girls and the gents, do that meditations. And few Japanese I didn't started talk anything with them, just chant the Shakti Gayatri. Then whenever is the right moment time, please be alert whenever I call, be ready. Clear guys? So it's time to go to arathi to the boss, and have a wonderful night, and I'm looking forward to seeing you tomorrow. Good luck.

End of Talk
