# Guru Purnima Program 2010

## Sharing Program Information With His Students

### Talk in the Baba Temple

### July 18, 2010

*Swami came down to bhajans. Begins with a conversation to the students singing bhajans and the musicians.*

**Swami:** Especially whenever you need to sing Shiva song, the drums need to be strong. You know what I'm saying? Like a 'dhamaruka nada' the drums need to go.

The program is going to be start the 21st or 22nd but tomorrow is a strike and the buses cannot come, and many people is arriving. And one batch is coming morning, and one batch in the evening, and the whole Ballal is full, and I don't know where they're going to stay, maybe in the airport. It's pretty big testing from Baba. I think they can stay in the airport isn't it? Yes, the boss try to make them to reach safely. Right now the strike is between the two parties: TDP and Maharastra government. The TDP one of top guys, seventy-four people in Maharastra, that area.

So whole state is under shaky. All shops is closed and... it's pretty good maya. And the rains is coming and the people, I don't know how many people can fit in here, and outside the tent. And I told to a few people, especially a few students, they're going to lead the program. For example, Tatyana, Constanze, Clint, Monika T, like a few senior students – ten hours, ten hours, ten hours... Of course

I'll also come and talk but I keep listening how I've given the bullet points which subject they need to talk. And this is the top ending climax stage of the Guru Purnima, with the lotus flowers, what they can pour on Baba. The next Guru Purnima going to Benares. Going to?

Students: Benares.

**Swami:** Then after that, goodbye to this chair. I'm just to lead my life very peacefully in my farmhouse with the horse riding and just... But so far even I invited the Philip, and Tatyana and Monika T. They're running very fast, and how many hours we did work hard?

Tatyana: Whole night, went the whole night.

**Swami:** Few hours means two hours?

Tatyana: You were recording actually two to three hours.

**Swami:** The subject, but the introduction is huge isn't it?

Tatyana: Yes, but before you also gave some... and that is done.

**Swami:** Today again I'm taking you guys and we'll see how it will go. At least thirty percent is done?

Tatyana: It's hard to say what time tomorrow. We have different pieces so they're looking forward to seeing the overall picture to keep go.

**Swami:** Is that statements, is the globe will shake?

Tatyana: Yes, there is new information and beautiful new statements, and I'm sure everyone will look forward to read that in the next volume.

**Swami:** It is the statements and all the knowledge is very unique. It's a kind of unique... unique in the sense it's very powerful, very powerful. It's my hundreds of hours, and even I keep recorded it there. I don't know how fast they can go. We started at nine until to morning six-thirty, seven, we are there isn't it?

Tatyana: Shortly before abhishek.

**Swami:** Five a.m. That is a two hours, huh? I think just you wake up huh?

Tatyana: No, two hours was actually information. The rest was talking around it, enjoying some time there.

**Swami:** I really think the whole dialogues, they need to hear it in the CD form. They need to hear it. Just I can't talk only the Hanuman power. I need to describe how is the Hanuman looks. You know what I'm saying? Like the Jesus Christ, his energy channels, only I cannot describe that. I need to go in depth – depth-by-depth, layer-by-layer, and the last climax layer, it's like a coconut. First you need to take the green one out, brown one out, the cell you need to break it, take the knife and take the coconut meat out - again you bited it, then you tasted it. That much process is that. It takes time. It takes time. Pretty good recordings has already happened, the recording machines also they have it. I'll give to them in the climax stage. Planning to release three books at a stretch —totally is nine books. Totally?

Students: Nine books.

**Swami:** So, you bought that Tobias - scanning machine?

Tobias: Yes.

Swami: Good but we'll see they're doing hard work, and you can pray to the Boss need to come all the people can reach safely here. Okay?

Have a nice time, and I will looking forward to seeing it... and the knowledge, and the senior students this Guru Purnimah, how they're going to lead it. And lotus flowers, as much as you can, and sandalwood abhishek every person has to do abhishek very peacefully to the Baba, and the lotus flowers charging and power spot, even doesn't matter it's raining, thunder, whatever it happens, settle to your Gurustan - fixed it, sealed it. Then we'll go to the near Ganga River to the Benares. We'll see the Mother what She decides, which site I needed to conduct this program in Europe? I sended the Jerry and he checked, rechecked, rechecked, rechecked... pretty crazy anti-Vaastus, up and downs. By the way, now I am a German residency. Do you know that? I'm a German residency now. I'm there in Germany, when is that Tatyana?

Tatyana: I think it was eleventh of July.

**Swami:** Just recently, how many days I stayed in Germany?

Tatyana: You stayed around five days.

**Swami:** Five days I am in Germany. I'm a German citizen, in future, no doubt on that. So I have some good karma with the Germany. We'll see what is the Baba will decide, let's go to arati.

Take care, have a nice time.
