Swami's Ninety-Day JC Program

Swami Gives His Students a Pre-Exam

Skype Call From Bangalore to Penukonda

August 7, 2010

Swami is in Bangalore and called and had a video-conference with his students.

Swami: Hi guys, your Swami here from Bangalore somewhere researching, and I want to tell you just a few minutes some more information. The subject is, first these three days what you're going to be concentrating it, I'm sorry I need to be very strong and stick on you much as I can. You can write down questions, and whenever I can again come back to you, you will answer.

Chapter 1. The subject is okay, let's go the Vaastu subject first.

1. In the Vaastu what is the positive points? What is the negative points of Vaastu? General positive and negative points.
2. In the Vaastu concept, how much your personal friends you experienced, so far, from our childhood days what you faced it? In your personal life what you faced the problems? What is you finding your personal research in the Vaastu?

Chapter 2. What is your so far research of Temples in India whatever you've seen it? Power spots, whatever it is, try to write down in a clarity way. That will cover everything in the Vaastu, then we'll discuss it in a deeply.

Chapter 3. The whole prayers, including the Elements, Sri Chakra, JC prayers, Nine Arrows,

Chapter 4. Write your personal healing techniques whatever you know it. You have to write down all healing techniques what you know it. Go entire all the details of the healing techniques.

Chapter 5. So if you did it, all yantras, be honestly draw all yantras in a perfect way and let me finally certify that, then I can go and review that. Got it? But you should promise not to discuss with anybody, any prayers, any Vaastu discussion. Anybody discuss with eachothers, I'll get my information, they'll immediately jump out on the flight. I'm sorry. I'm not thinking you're a serious student. You have to write your honest, prove your honesty.

Take a separate new book, clean book, and write down with blue or black ink. From now the beginning, until to now, how many yantras you know it. How many yantras you learned it and you need to draw that. How many days you need? I'm only giving three days time. I'm sorry I have to be tough. Once I come there, I pick up any person whoever is got, not being a clarity in a proper way, I'm sorry I have to dismiss them. I need very clarity people. It's most important to train it.

Then I'll go the healing techniques, next my chapter, I come up. First what ever you learned it, come out let me know it. Everybody study. Please, I don't have any personal grudge, any personal negative feeling on anybody. All you're my brothers and sisters and friends, beautiful friends. Of course I love you guys, please, please understand me. First you come up within three days - no classes, nothing. Don't' make a copy, right? I will ask publically in front of everybody, "So and so prayer, okay tell me." You have to answer it. You understand? If you write it in your book, if you don't know it, just put a red mark, "This prayer I don't know it." I have to make it in a categories, which category who will be eligible: A Category, B Category, C Category, I'm sure there's a lot of people in A Category - it's important.

Then healing techniques and the processes, then I'll go next step. Then in the process inner mechanism, the most key information I'll

explain to you guys. First I need to know how much you know it. Does it make sense? First I need to know how much you know it. Then you can ask me openly, "Yes Swami, I want to know this." Yes, I will show what I am. That's your importance. Right now this is your opportunity. Got it?

So it's not an easy job. I think so you can do within three days. You can do within three days? Time close keeps running out. Only you have ninety days program. I have to make it night and day. First give me... take a fresh new book, put your name and picture, write down everything whatever I said it. Then absolutely I'll see everybody person, but randomly I'll pick up. If anybody got mistake... three mistakes it's done. I'm sorry, I can't forgive, it's very serious. Be honestly writing down. I'm not punishing it but it's hard to train, because the healing techniques is hundred times difficult thing, to take the healing techniques, that punch to give to the soul. It's not a joke.

Krishnadevaraya Festival in Penukonda

Today in Penukonda, I think thirty-five thousand people, forty thousand people... Monika T, how many people is there, how many? Two hundred... One lakh, that means one million people.

Monika T: One hundred thousand means, I don't know how to calculate that. Means how many thousands there, ninety?

Swami: You're poor mathematics huh? One million means, one hundred thousand people we keep feeding. You can have a video CD. Try to play it today. Everybody can have at bhajan time. Hello? Are you hearing? Ok, have it play and everybody can have a look. Good. Super.

So, this is the bullet points guys. And try to maintain these three days complete pin-drop silence, and keep maintaining it. But I keep observing, I have my own secret and final information who is talking to what unnecessarily. Switch off your phones, throw them out. You write down all clear information. Everything clear. Got it? Your Swami will give my blood thumbprint on your book and my signature. That will be standard forever and ever in your life as a sacrifice, final sacrifice. Final?

Students: Sacrifice.

Swami: Sacrifice. But unnecessarily I won't take action, please cooperate to me and I will cooperate to you. That's only my request. Do you have any questions to me guys? You can ask to me and I can hear it.

Tobias: Can people have a day to review? For some people its new knowledge?

Swami: No problem. You can take one day I can give to you, no problem. New people just give the exemption. I will understand them. New people, I will definitely understand them. I won't (*connection cutting out*). Not a punishment, just, ok, I will adjust with them. Next? Anybody?

May: Hi Swami, do we still do the new moon JC Yantra on Tuesday?

Swami: Hello? Yeah.

Tobias: (*Asks a question to Swami inaudible*)

Swami: New book.

Jasmine: Hello Swami, this is Jasmine here. I want to know, you talked about the yantras, that we have to draw all of the yantras. So, I want to, need a little clarification on that. How many yantras we have to learn, because right now I only learned one yantra that is the Jesus yantra. Other than that, I don't know any other yantras. So, could you tell us how many yantras we have to learn?

Swami: What's she saying Tobias?

Tobias: She's asking how many yantras she needs to learn. Right now she only knows one, that is the JC yantra. She's asking how many you are expecting everybody to know.

Swami: Whatever, they need to be honest, that is important. Even if you know one yantra, two yantras, three yantras, four yantras, but I will see the graph, how many times they came to India and how much they learned it. I'll take the graph, then I'll take the packets: A Group, B, C, then I can put it which group they belongs to be. How much they're so far, they're sharp enough. Got it?

Students: Yes.

Swami: What else? It is your time. I'm very peaceful. Hello? Hello? Are you hearing me? What is the questions? I've given my points, da, da, da, da, da...

Student: Good afternoon Swami. We are having some difficulties with the technology. It's hard to hear you and if you have the patience it would be really useful to review exactly what you're asking. My understanding, and I could be wrong, is that we need to talk about the Vaastu subject first, in the Vaastu, how much in your personal friends and in your personal life, and in your personal problems may be affected by your Vaastu. Is that correct?

Swami: What's she saying?

Monika T: We can review that.

Tobias: She said she had a hard time understanding all the points. So she had a question about one point, and I think we can review it afterwards and write it down for everybody.

Swami: On what?

Tobias: On the points that you just said are... (the rest is inaudible).

Swami: I think many people they got it. They'll explain. Everybody got it guys?

Students: (*Some: No. Some: Yes.*)

Monika T: Swami, we will print out for everyone, they will get a sheet with all of your questions very clearly written.

Swami: What did Monika T say?

Tobias: (Re-stated Monika T's comment to Swami).

Swami: Yea. Exactly. Yea. Good. So, you have a very short time, three days, it's a very little strong time to testing your mind, and please try to be honest with me and I'll be clarified in all clarity and honesty, and the divine divinity with you. Please try to cooperate with me and to the universe. Don't cheat yourselves. Got it?

Students: Yes.

Swami: So, have a wonderful day and time. Go everybody, pranam to Lord Ganesh, and you start your work. Good luck!

Monika T: Thank you Swami.

Students: Thank you Swami!

Swami: Love you guys - bless you!
