Swami's Ninety-Day JC Program

Swami Inspiring His Students to Learn the Knowledge

Teaching in the Baba Temple

August 13, 2010

Swami: Hi guys. How is everybody? Tired? How do we say tired in German? Okay. I hope everybody is ready to the target. Target in the sense of whatever you want to ask the questions to me then I can ask the questions to you. Target is like to you, questions in the sense of the prayers, yantras, mantras. Now we're going on the weight scales. Yeah we're going, we're going - everybody's so tight. *So tight!* It's okay.

Please learn. Please train. Please come up, then only you can do it only the order of the Guruparampara, then only I can help, otherwise I can't help you guys. First few days I given the complete freedom to you guys. Now is my time. I'll give the freedom but the same time, but I have to be tough enough, otherwise I can't help it. If you want to ask any prayer, any chakras, Sri Chakra, Sudarshana, Five Elements, Healing technique prayers, yes I will answer but the same thing I will expect from you. Is everybody done your book?

Students: Yes.

Swami: Okay I'll take the first step with Zahira.

This transcript does not include all the questions and answers between Swami and the students that he called to the front to be tested on their book. Following the last exam questions, Swami continued his talk.

Swami: So far I'm satisfied. I'm?

Students: Satisfied.

Swami: And I work night and day. You have to work night and day. Let's go our journey, speed up, come up the speed up – speed up, speed up, speed up – ten, twenty kilometer speed, thirty, forty, sixty, eighty, one hundred, one hundred-thirty, speed up. Speed up - speed up.

Just randomly I took it, very interesting characters. Don't worry Brett, I'll take you too. My sister Zahira, she got passed in her examination. I don't know how you're going to pass, whatever you written there - that you need to clarify with me. Clarify in the sense, tell the clarity way, otherwise don't write it that. Don't write it. If you've written it, you have to admit it. Even if you went to your room and take a lot of papers out, "No, no, no, no," again rewriting – some angles I get compromise, some angles no!

Come up, speed up! Clock is running very fast. Our life spans is also running super fast, super fast. Morning you wake up, breakfast, lunch, dinner, sleeping. That's the life. Of course, I'm not buttering on myself, how much work I'm facing it? The administration level, security level, knowledge level, taking care of the political level, and to protecting the palm leaves, and my personal family life, and my health-wise – yes, I'm also doing my maximum hard work. Even I call Brett, Carla, "Come five, ten minutes talk for business. Business means office work. "Everybody healthy? Everything okay?" 7:53 PM Constanze, even I'm a little sick, little feverish, and she's giving little, "Take this. Okay, you take care, relax, be happy." Done. Patrick is early morning, "Okay, boss I'm there." Terry, "Okay, boss I'm there." Paul and Carla, like they're a couple, "We are with you. Let's walk."

That is the unity. Even if I sit in the morning, early morning I wake up and the chair and I sat in my office, little bit coughing. Yes, they're, "You be relax. Just you relax." Your Swami is nothing but avadhut. I don't mind whatever the society criticizes, but I want your success and your happiness. Early morning, 5 a.m., I come to the Baba abhishek and sometimes I put the water to him. But try to learn the information, the knowledge, whenever I'm available in front of you. Whenever? I'm in front of you. Can you learn the information, the knowledge Baba's not here physically? Is it possible you can learn it? Hello? Don't do that stupid work. Whenever I'm with you, yes, forget it. Hardly sometimes I change my dress even in my office room. I don't even care, like avadhut

nature - change it, be fresh up, put the rose water, everything, be free.

You need to learn maximum your best all the questions you can rise up in the subject-wise, first is my message to you guys. The subject-wise you can write down the questions. Put it, come on, clarify it. I'm not judge on your life. You're not judge on my life, we're a friends. If you like my friendship, you be with me. If you don't like my friendship, you can go. We're a friends, a family. If you like me, stay. If you don't like me, you can go. I won't command on you, but you don't have the right to command on me to decide, "He has to be like this." But I want to always expect some clarity knowledge how much you learned it. I want to know it because I spent my time with you, years together. I think I have a right, otherwise it's a painful.

Step-by-step the bore-well drilling, keep going, again you can... maybe chance sometime I'll pull any time - midnight, early morning, every time... every time means every minute, that's my minute. You don't have any minutes, even you're super drowsy, sleepy, yes, call, came, you have to be here. There's a lot of things you have to learn...lot of things. Please, please, please, please, I'm requesting, ordering, I'm begging... learn the depth, more depth of the knowledge. Then you do whatever you do, your personal life, later on - don't waste the time! You're time, my time.

Today I'm giving the chance to you guys, you write down all your questions, all your clarifications whatever any subject: healing, Vaastu, Sri chakra, JC Channels, Jesus Christ life, about samadhis, about pyramids, power objects, any angle... I will try my best to clarify to your confusions. But the same time you need to be also fair to the Guru Parampara, more than that I can't say anything. Brett is thinking, "I'm always in the room working the computer, how come I can... it's a big task." Yes, it's a task. Has to learn. The outside girls they think, "Oh, we're safe today." But tonight they're not safe. Tonight? They're not safe, safe in a sense to pulling the clarity information.

Come up, come up, come up, wake up, wake up, wake up your consciousness through your monkey mind outside, then only you'll come out divine dignity, otherwise no. Even you're good thirty years, forty years friend, all of sudden he'll turn against on you. Forty years good friends, he turns around. Thirty years your relationship got broken, you staying in one room in one place. You

girls, you cooked for your husband and you feeded him for twenty years, thirty years - broken.

To ignoring the master is not a big deal. Criticizing to the master is not a big deal. Don't stay in the darkness - surrenderity is important, otherwise no chance. I'll see you tonight late, early morning hours, by grace of Baba. I'll start first chapter – the Power Objects. You can work on that - any clarifications and questions, you be ready. Then I'll be ready to clarify you. Subject is the Power Objects. You'll know more interesting how it really works. With evidence I'll prove it - take it granted. With evidence in front of you I'll prove that, then the Parampara will decide. Now you can take rest and come up with all questions. And who ever I examined, let them to me to sign it, finally I'll put my blood thumb print in your book. Who I examined it, come: Zahira, Tobias, Monika B, Lucia, Paul, Constanze, Monika T. Yes now, now, yes come, it's over - no need to waste the time.

End of Talk
