### *Discussion after the Holy Bath Transmission*

**Swami:** I like your snoring guys, it's a beautiful music. Somebody like, (*Swami imitates snoring sounds*), especially Tatyana, she's listening then snoring, and Monika T, she's like a fatty girl snoring. I like it, I like it, I like it... Snoring means you're relaxed but can't tolerate the Jonathan snoring, hun-un. He's a biggest snoring guy. Good. Good. Good. Good. Yes, I also snore too. Not that bad, not that small – medium range.

Today want to tell you one Marma Kriya. Marma means secret - Kriya means working... what is the secret working...the content inside the mechanism, inside of the soul. One plus zero, zero, zero, zero, zero, zero – if there is no *one* there, what is the value of all the zeros? What is that *one*? If there is no *one* there is no value of all the zeros, for example, one million dollars. One millions means, first they put 1 then *000,000* go. If there is no *one*, all zeros have any value? No. Without zeros, does *one* have any value? No. It's a scale, balancing scale. Even the *one* is carrying hundreds of zeros, without that zero no *one* is there; without *one* no value, the zeros has no value, the *one* has no value. But something value is there. What it is? I'm giving a puzzle to you. Clint, what is that? *One...* zeros... all zeros and having a *one* here. Which is a power?

Clint: Together they're the power. Together, they have value together.

**Swami:** How it possible? How it possible? Think, think little time, think, think, think. I'll give you one-minute time. No hurry. Think. What? Okay, I'll give a clue here. In the milk pot, if you want to get a curd, a small drop of yogurt, buttermilk is enough, it will turn completely like a yogurt. Now you can think.

Clint: Well it's a spark. It's a spark. It's fusion, it's union, it's change, it's evolution, it's growth together that *one* in that infinite zeros of the milk, becomes what neither one... something new, it's creation.

**Swami:** You're pretty close, keep try. You're pretty close. Keep try, you're almost there. Give one-minute time to your mind to come up. You're almost all there.

Clint: Well, I want to say that's God. That's how God...

**Swami:** Yes, course it's the creation, no problem. No problem. Okay again, I'll give one more clue: A bee produces honey. Whatever it sucked from the flower, and it gives the honey. In beehive, it's not one bee there, there's a lot of bees, once it gathered, then lot of honey produced. Now you think about it. One bee cannot do the, create a nectar. All bees gather like a *unity there*. What they're doing it there?

Clint: Well that's the zero creating the *one*. The yogurt in the milk is *one* creating a billion, a zillion out of the zeros, but the bees are the zeros creating the *one*. So they don't have any... it's not mirrorism but it's like... they're reflecting, or creating something about each other. Somehow they create each other. They create each other.

**Swami:** Exactly. Creating? Each-others. The whole *vishwa*... *vishwa* means whole universe, everything, it's linked between you guys, your souls. One drop of buttermilk in the yogurt, there's a millions of bacteria giving the, making it as a yogurt. Direct what I'm saying here the content, *unity*. In the sky, how many stars is there? In the small galaxy, this planet is small. How many planets, only the scientist is discovered one small hair. How many galaxies? *Ananta viswam mahaa sankalapam. Ananta sankalpam*, there's no limit, no limit. You cannot count the stars but we need to find the happiness in a small star. The glow of the star you need to receive it.

In the full moon time, you can see exactly in the northeast will come the seven stars. It will starting to blooming, then they keep moving out and disappear. It's called *Seven Sisters* - lot of scientists want to research on that. They failed. You can see wherever you are exact northeast, it starts, it goes up, it ends it - very, very, very interesting stars. One day your soul will become as a star in the sky and blooming but I don't have that much luck until some time, but you have that luck guys.

The most important works I need to complete, as much work I keep doing it, night and day. I told everybody to immediately stop the bhajans, and everybody enter in the mandir. Fifteen minutes I given – that's lengthy period. Within nine, ten, eleven, twelve minutes the rain hitting, pouring. Pouring, pouring, pouring, pouring the water non-stop. From the mandir it's like, how big is that water flow, Tobias? You really can stand of in front of that?

Tobias: No.

**Swami:** Am I standed?

Tobias: I didn't see that, but when you came back you were super wet and freezing.

Martin: Yes, you were standing right underneath that waterfall.

**Swami:** I took a holy bath because everybody entered, it means as a master I took a holy bath, it means everybody took the holy bath. Ooooo, it's dumping the water on me, freezing. It's okay. If I catch cold, no problem, I'll take little small medicine. I completed my work whatever I wanted to do I completed it. But the painful thing is a work - lot of hours on the book, the subject, one soul they sold it, lot of my hard work to one company in America. I'll show you the evidence. Tomorrow I'll show you the evidence, then immediately I cut off. How far I can work on it? Night and day worked with them; they're typing and this and that, everything, printing and everything. They sold it. A hundred and fifty hours confidential information they sold it. Is it a shameful to the student's kingdom? I'm also human being. It's a big crime. Am I tolded it to you Patrick then?

Patrick: Yes.

**Swami:** Constanze?

Constanze: Yes you told it.

**Swami:** They'll explain certain things with evidence. How much they received in their bank account... they're talking, you can hear it. I'll play in front of you in the show. My technical guys they caught it, it's a shameful. It's a scary. It's a scary. I'm not lying, crossing my heart. I'll show you. I won't forgive that character. Hun-un nope. My eyes really burning, and night and day, even daytime I'm playing little television. I'm putting sunglasses and watching the television and using the lens (magnifying glass) and lens, and lens, putting one lens this side, one lens this side and reading the palm leaf books with a zoom lens, a small tiny letters like size of ant head. That letter, to seeing it, to getting an appropriate and clarity way, to understanding it, and bringing in a beautiful rhythm way - that much hard work I done it. One hundred and fifty hours the real nectar information gone, but it's not possible - they cannot figure out. Only they have one leg. But I know how to fix that. It's shameful, shameful, shameful, shameful. Touching any person it's a scary. Touching in the sense to

believing. It's giving a scary to me. How many nights Monika T you came midnight, early morning hours, and I called you?

Monika T: Many, many, nights.

**Swami:** For what?

Monika T: Many, many nights you were giving dictation, dictation of your words from the palm leaf books.

**Swami:** Am I did as a joke?

Monika T: No Swami, it's a most serious work.

**Swami:** How much latest equipment Tobias, you brought it that scanning, everything?

Tobias: Latest standard best equipment.

**Swami:** Best equipment to scanning it and printing out to producing to you guys in the world, the latest best equipment.

Martin: How can we help?

**Swami:** You can think about it. If I brought it in front of you, indirectly I'm giving you a hit. Think about it technical guys, think about it. Clint needs to think about it. Martin needs to think about it. Patrick needs to think about it. Constanze needs to think about it. Senior students need to think about it. Paul needs to think about it. Chinello needs to think about it. Tobias and Tatyana need to think about it. How to stop it and how to protect it, and everything in future not getting any more unnecessary damage? Sometimes I'm little avadhut stage, put it that way. Sometimes I believe, "Okay, go ahead, go ahead, go ahead, go ahead." This type

of sneaky things, hun-un no, I cannot tolerate it. This is the third time I received the bullet in my heart. Brett what time I slapped you? C'mon it's okay don't feel shy.

Brett: Like a week and a half ago.

**Swami:** What time that was?

Brett: Like 5:30, 5 in the morning.

**Swami:** 5?

Brett: 5:30.

**Swami:** 5:30 a.m.?

Brett: Yes.

**Swami:** How many people around you?

Brett: Six people.

**Swami:** How many people ran away?

Brett: Two.

**Swami:** Your specs were still on your face or fell off?

Brett: My glass fell off, yes across the room.

**Swami:** It's a scary. I'm sorry, it's not professional ethics. Professional? Ethics. A doctor giving an injection, if the needle got broken in the arm, who's fault is it? Is the patient or the doctor? It's the doctor's. But anyhow some angle he made it. Give a clap to him. He made it. Some angles. See some intelligent crew is there. He made it. But few more guys, certain confidentiality certain things, even tonight I wanted present to you certain important power objects in front of you. I don't know how much it will give the temptation to certain guys, or certain characters. Then they'll grab it and what will happen? Highest powerful power objects. But anyhow I'll put in front of you guys.

So have a discussion tomorrow. Go in depth how to protect, how to protect the knowledge. Protecting your Swami's not a big deal. Baba is Bhagawan is there - he'll take care. But the knowledge, certain important things, there is a big chance it'll run out, if the real important books, if it's gone - *over*. Already I lost several books. Yes, it's true they stole it. Yes it's true. If they have very discipline, that's why I put it very strictly. They can come up do the job, and go out. (In the Jesus Temple)

What's the maximum, how many hours I can dance? How many liters I can drink? How much food I can eat? Ten kilos food? Ten liters of the wine or champagne, is it possible? I can be in a king's suit on top of the roof? This dress, it's a hundred and fifty rupees. A hundred fifty rupees means, three, four dollars.

My daughter gave me on Friendship Day a little thread – raksha bandana. Before I use to have as a wedding... leave it, be free. How many hours I can the TV - the music keeps running it, listening it and I'm walking with the palm leaves, I'm recording. I'm going up and going downstairs dictating in the recording machine everything. It means for security reasons, yes, music keeps running. I put a high volume there but I'm not in the office. I'm not? in the office, hun-un. I go all up and going down, even I go to the backside rooms and everything there, walking going there in the garden and just... but music keeps running, everybody thinks, "Oh, he's in the office. He's in the office ooooh." Music keep running it. If it's immediately the electricity turns off or the battery runs down, and again, "Terry, fix it." He's running it, "You're not in the office, but fix it huh? Okay anyhow. You push this button, go that button." Few people I drive little crazy there, again they're fixing it. How many songs you recently put it Terry?

Terry: In your library, I put 4,000 video songs.

**Swami:** 4,000 songs I can watch it? Aaa-ahhh - sorry. Keep running, running, running, keep do, do, let it run, let it run... High volume there, keep running. Everybody they're hearing it and thinking, "Yes, his attention," the Indians and anybody, but (snaps fingers), immediately I come and sit in my chair, then again I jump out. Today is also the morning hours, Steven K I think, you are there? I told you what is the sounds backside, uh, in the office. What time that is?

Steven K: This morning, it was at 8:30, 9:00.

**Swami:** Some music is running and I heard some songs, "Steven K, go check!" And to whom you told it? Again another sounds is there.

Steven K: The other sounds came from the Northwest building and I called Paul to check it.

**Swami:** Any sounds, we'll keep observing it and taking precautions; it means I am in alert. Why I am saying that, I am alert means you need to be very, very, alert and taking care of the boss. Don't underestimate my mission what I am doing. Then I am in the Mandir, outside when I am playing, today I am played with my daughter, we are playing the ooh running, ooh, in the Jesus temple. She is chasing me and I am chasing it, and we're wrestling it and finally I fall off, and she is jumping on me, yes. And immediately - go, go, go, go, go. She's tired, all right, that makes me also happy and relaxed. Just go - right.

Why I'm saying this, when the family is entered is a different story. Whenever the boss is alone there, only two servants and the works people who doing the seva, and two top most smart people need to be alert. Alert means in a sense, not observing the sounds, they can catch the signals, the hedge is recording the signals they can capture it. Until five kilometers they can type it. It will go. Yes, you can type it, until to five kilometers automatically it will

transfer. It's like a radio frequency vibrations. If they mixed it perfect radio frequency, whenever you switch on the radio, California, you are in the Los Angeles, the radio is on, next radio station voice also keeps is hitting it. If you put the radio here you can hear the Penukonda Police Station what they are talking. And the Kadapur police station, Kadapur radio station voices keep hitting it. The frequency can grab it.

If they really can capture perfectly the hedge which frequency I am, yes they can capture it, everything information goes out using your laptop. It is releasing the vibrations out, they can capture it out. I'm not a technical that much person, excuse me - you need to figure out that, very strongly, to make it straight. The government of India is provide lot of security around, no problem - we are in a very, very, safe zone. No harm. Our field guards, they're taking care. Few police is good, good cooks is in the hut, the food is good right, running, but the information is stealing out and selling out. If the original books is gone what can I do? What can I do? Nooo!

Please try to be unity and think about it. Research about it as much as you can, and you write the advices to me. I'm not in that subject. I'm a zero. I'm openly accepting it. Only a few things only I know, I'm not that expert on it, I'm a zero. Few people, few people, few people leave, again it came back to me. You talk this, this, this, this, this I got shocked, how it possible you hear it? Oh my God.

I'll present it. Tomorrow I'll present it, technical people they'll show it to you. Oh my God, crazy, crazy. We given this much money, to this account, I have no voice. Simply I'm smiling, it's okay, it's okay, not lengthy discussion. Cut off. This is, is running, it's my duty to bring to your notice, then your job is how to take care of that. I'll prove it, then you'll start to think about it, then after that, it's up to you guys. You want clarity, or you want to stay in the dark, you decide yourselves. I'm happy to work night and day. It's really painful. It's very painful. Think about it. Think about it. Definitely you can get it, easily you can get it, you're not stupid - you're brilliance guys. I totally believe in you guys. Baba grace is on you, and every divine soul here. They can get it. They can make it stop in future. Once if you come with one good idea, then I'll talk in front of you, first one sector group, your ideas. Then few technical people, then next, next filtering, filtering, filtering, then finally I will come in a clarity position.

But the major good news is, nobody even be able to touch the real nectar - the books. Hu-un. It's a safe zone, highest safe zone. No way! No way. Nobody cannot that easily can touch that. Like a touching the Baba feet, it's not that easy. Hu-nun. They can take only a flower on his padukas, going on his stage and touching his feet? Hu-nun. If the Penukonda is got disappear, then the books will disappear. The mountain will disappear? Hello?

Students: No.

**Swami:** Then the books can't disappear. Think, research, I have confident on you. And a beautiful transmission happened today, very beautiful transmission. And I would like to speak today with the Elephant Group. I hope you're not that sleepy. And I need the strong characters to be work on the duty. The before work characters little tired, still is good. Elizabeth H is little tired, you can put in Elizabeth H place, Paul. Monika B, are you happy madam?

Monika B: Yes, I'm happy Swami.

**Swami:** Ok, you have to be very complete quiet. I don't like that. And the Martin wife, Gundhild, Nina, and Constanze sister, are you happy Madam?

Annette H: Yes.

**Swami:** Ok, the Jonathan for some time, until what time, one week when you are going?

Jonathan: Until Wednesday.

**Swami:** Until then, just try to be man, anyhow Chinello is in the work and Paul. They have different side works there, and Carla has her own work. Then you can choose very strong character.

Nancy, she's already on the job. Monika T have different job, Patrick have different job, Brett have different job, Tatyana have different job, Tobias already on the job, and Gustav have different job. You can make it pick up two more, three more characters. Tulsi, you are in the job isn't it?

Tulsi: Downstairs.

**Swami:** But you are in the palace isn't it? Ok, you are on the job. Steven K you are in the job. Take uh, and you can put the Alexandra - are you happy to be?

Alexandra: Yes, I'm happy to be.

**Swami:** Are you sure?

Alexandra: Yes.

**Swami:** Good. Alexandra, yes, and you can put that um, other names is uh, it's ok I'll tell later. Strong characters. Mareena.

Mareena: Yes.

**Swami:** Mareena and yes, you can make it have good relationships. Very soon, even Clint and a few of his crew is traveling different places, so they won't available. Otherwise they will be, but after that, again they will jump up. You sure?

Clint: Absolutely.

**Swami:** Good. You need to make the real roll. Teachers, you need to protect it, the senior students let them, like a Gustav is singing... I cannot make him tired. Until early morning I am

awake. I cannot stretch him too much. You can make a, like a team-work. Like a?

Students: Teamwork.

**Swami:** That depends on you, whoever you are comfortable and confidential. It's up to you. If I say, "Call Monika T - fort!" (Snaps) Tatyana, "Yes?" Then you are checking with somebody and you don't know the cell number... I can't, I go crazy. Whenever I had a thought, for example today I called Carla, this morning, "Take your laptop madam, let's ready to type it." "In my cell phone?" "Yes." She put it there, then immediately the cell phone towers is cut off. I don't know why the cell phone towers is cut off. I'm giving a example, all of the sudden, fort cut off in the middle of a dictation. I enter again in the room, again it turned on, again I came out again it cut off. I went in the bathroom, turned on. Again I went in front of the Jesus, it's turned on. Yes, finally I said ok let her bring her laptop. She came with her laptop and she typed it, certain formal letters and everything. Yes, I sent it. Yes, go ahead, you proceeded with papers? It's a shaky. It's a shaky. It's a shaky. You can think about it. At the time, who called you to make you come up?

Carla: I called you.

**Swami:** But your cell phone is, but my cell phone is cut off. Giving a hint, example. What time that is madam, Carla?

Carla: This morning like 11:00.

**Swami:** Eleven o'clock morning, this morning, yes, it's okay, it's okay - stay. So a mystery is there, you can figure it out. And good luck, and have a good sleep and try to... Are you finished Monika T, that all the knowledge and everything? (*Laughing*) In case if you did it, say yes, otherwise I'll give you one more day. I can't give you two more days, I'm sorry. I need to make it go faster, there is a lot of subject I still need to go. Mira you are on the job isn't it?

Mira: Downstairs.

**Swami:** But you are in the palace isn't it? Is your mom is also in the job?

Sabeena: No.

**Swami:** You and your mom can be. She be hungry lady feeding, it's ok.

Monika T: We need one more day.

**Swami:** I'll give two more days, tomorrow I'll give, next day I'll give it. I won't disturb you, you complete your roll, then third day, I'm sorry I'll be little, I have to go fast. I told already to prepare minimum, how many questions?

Monika T: One thousand.

**Swami:** Hello?

Monika T: One thousand.

**Swami:** That's it? Hey go, this is the time, go - squeeze her, squeeze your minds. Everybody just go in different, different, different areas. Go one person Vaastu, go for one Ayurvedic, go for one Astrology, go for one this Yoga, that Yoga, every angle, just keep go. Prepare your question lists, and discuss each others - fort, fort, fort, fort, fort, fort. Come up, print out, give me the question book to me. Fifty percent you can make your knowledge up, then remaining I will take my turn. First I will give your turn, then I will take my turn.

First choice is yours, then next choice is mine. I'll take you, yes. On power objects, the mechanisms and every little thing, lot of depths. But make sure once I'm outside any my voice is, I'm talking a video camera is always keep recording it. It will be very useful to you one day. Make sure it's capturing it, put a little zoom, and yes, capturing my voice, and you can send to the your friends and all of the student kingdoms. A camera yes, must get captured it. I am in the swing, and I am speaking with somebody and they are asking few questions, yes capture that. Put a camera there. Just two, three people job, four people job, six hours, six hours, six hours, they have the camera, any time whenever I come, go. Whenever I come out, capture that. Keep it. Learn everything and everything again, a few people's job - again discussioning and everything with the senior students - that is another job, again grinding everybody, that's your job.

Exact 12:00 now, their duty is started, immediate alert, now they are starting it, high commanding is putting the visible alert, they keep go. One hundred and fifty people have the security around. Everybody have to take their own turns, strengthen sessions. Morning freshly wake up, little walk, gently walk, light food, keep strengthen up inspiration, and throw your cell phone out. Grinding, grinding this. It's almost several weeks is over. This is the time I need to take and make it a fast run. Two days I'll give you Madam.

Monika T: Yes, Swami -Yes!

**Swami:** For what?

Monika T: Two days, two days we will be done.

**Swami:** Super. Good luck. So have a nice sleep, wonderful time. And if the Elephant Group is a little awake I'm happy to speak, otherwise tomorrow I'll speak.

Clint: We're happy to Swami.

End of Talk
