Short Talk on Power & Power Objects

Talk in the Baba Temple

September 26, 2010

**Swami:** Welcome my Dear Divine Souls. Swami here, I hope everybody hearing it?

Students: Yes.

**Swami:** Super, just I want to speak five minutes. I want to give the four more bullet points. So far whatever you discussed all the points, what I got confused and needed clarification, it needs to be very important. You need to be clarified in upcoming generations.

My Dear Divine Souls, so far they asked on the Power Objects Egypt, who really created it? What is the mechanism of the crucifixion and who did it there, and who walked, and what is the role of me and the Baba? In order... whenever you're discussing on that, asking to me the question, each question you need to go in depth, in depth, in depth, in depth. You need to go the more details. First of all, you need to know, what is the meaning of the pyramid? What is the mechanism of the pyramid? What is the cosmic energy existing in the planet so far?

In the power objects, how the power objects is implementing even on the Hitler, on the George Bush, Saddam Hussein, whatever it is any great and unnecessary creativity characters, doesn't matter it's a positive or negative way. What is that mechanism that energy is implementing on them? We're all one. How is really implementing that energy, forcing some characters in a divine way, some characters in negative way?

Another point, it's the same oil, and the same flame is keep giving the blooming. Some flame is burning, some flame is giving the light. How we need to handle that? Another point, the power objects, what is the top power object so far, existing in the planet, and how to identify that? If you can, work on that.

You went to the Penukonda Jain temple, the Gomateshwara. You saw that. How much is existing that, and how much is really implementing the different type of the souls? If it's implementing it, how to recognize that? And how to receive that supernatural cosmic energy? Once if you know that supernatural cosmic energy, and even though it's negative forces is coming, it's a very, very, very important point. Note it. Note it. Note it. Note it. Note it. Write down. Write down.

To make it to change it in a positive way, then filtering that negative forces, negative energy in a positive way, and useful way, to the cosmic generations. If you work on that, pretty good we'll work on that. Please my Dear Divine Souls, try to be concentrate on these subjects, then your Swami will come and give the presentation in front of you in depth, more depth in all angles. I'm happy to share as much as I can whatever your Swami knows the information. Have a nice time. It's time to go to bhajans.
