Discussion Cot Construction, Tirumala & Crocodile Riddle

Teaching in the Baba Temple

December 16, 2010

**Swami:** How cold is it in Europe? Like 10 degrees minus? Entire Europe is like that?

Gustav: No, Swami, Europe is very big.

**Swami:** Really? Who is the designer to making that cot subject?

Patrick: Who is designing it?

**Swami:** Yes, can you explain how you going to design it before you not getting damaging it?

Patrick: You want me to draw a picture Swami, or just, or just...

**Swami:** Just explain to me. Try to share to everybody.

Patrick: So, the cot is going to be six point two feet long and three feet wide and it's kind of bamboo cane three feet length this way... try to get the very smooth bamboos, very smooth. And it's gonna be strong enough, super strong enough so that six guys can sit on that cot at one time. And the legs are gonna be made out of like four, five pieces of bamboo, all tied together. It's gonna have six legs, one, two, three on one side, one, two, three on the other side.

**Swami:** Ok.

Patrick: And probably this tall off the ground.

**Swami:** Is it will fit going inside Dwarkamai?

Patrick: Yes of course, we measured the doors so we can keep the things inside. We will keep it less then that.

**Swami:** When will it be done?

Patrick: I'm hoping tomorrow we can get it done, at this time tomorrow night. The sanding is a big project and that's...

**Swami:** What about lots of girls? They're very strong and ..

Patrick to the women: You heard it, guys.

**Swami:** Constanze, you cannot do it?

Constanze: It's possible. It just needs time. Today we had satsang, so we come tomorrow together and we will do it. There is no question on that.

**Swami:** The problem will come whenever you're gathering too many girls around, talking is much, work is less there. (laughing) Talking is much, is four girls, four girls, three girls, four girls, then work will go fast. Ten girls is in one Mandir is equal to thousand men! Sometimes I want to walk towards the canteen, Luciapurna, and they talking and laughing, and talking and laughing. How many people is there? It's hardly six or seven, huhh. What type of tools you're using it?

Patrick: Well, nothing electric, only like sand paper and filing things like that, ...the tools are steel, but no steel in the cot, just fixing everything with string.

**Swami:** Tobias, I marked that in the palm leave, in the xerox, so you can make it, whatever I designed it. When is our program starting?

Students: On the 19th.

**Swami:** How many people's supposed to come, Carla?

Carla: One hundred and thirteen.

**Swami:** Before that you can make it done?

Patrick: Before the nineteenth? What's today?

Women Students: sixteenth.

Patrick: No problem.

**Swami:** Monika B, what you done to him, he forgot even the date? Still you guys is adjusting or what?

Patrick: Oh yeah.

**Swami:** You Monika B? How many cigars she's smoking, different things is she smoking?

Patrick: Some lights.

Swami: You, Madi, how many you smoked in Germany?

Tatyana: Zero.

**Swami:** What you done in your apartment there?

Tatyana: Lot of secret things, but not smoking.

**Swami:** Good. When is my next Europe trip? Not yet decided isn't it? No inspiration.

Tatyana: Well, I got the message that you're planning to have three trips...

**Swami:** From Germany to London by car, how many hours that is Tobias?

Tobias: I don't know, six or so. Flight is just one hour.

**Swami:** Who have the picture of the Lepakshi, that Shiva lingam picture, close by? The whole rock is different. The nagas is different rock. That Shiva lingam is a different rock. Who have that?

Patrick, Paul: The pictures from the first university? We have that.

**Swami:** That vibhuti, Shiva prints, that you got the blow up?

Tobias: Not yet. We only have the ones that Brett made...

**Swami:** Is it possible tonight to work on that?

Tobias: Yes.

**Swami:** It's good, as soon as possible. How much is the climate right now in Laytonville, Clint?

Clint: It's very wet, little cold, but not as cold as in Germany, it's raining, since four days.

**Swami:** What is American news?

Clint: Well, your eagle riddle, and the telephone call brought a lot of inspiration, a lot of excitement to lots of students there.

**Swami:** Do you really have the answer for that, guys? You do? I'll give the clue. In Tirumala, whenever you going to Lord Venkateshwara, straight to opposite, there is a Garuda vahana. Garuda? Vahana Eagle. Straight to Lord Venkateshwara, to the Shiva straight - Maha Nandi, Nandeshwara, to Lord Vishnu - Garuda. In Tirupati, in Tirumala, in a year only one day they open one door. That is the north door. Whatever you seen the temple, once you have pradakshina, and you come out, that is only inside, there is four feet distance, inside there is one more temple, a gap.

Tomorrow they're going to open that door only one day. Vaikuntha eekaadasi (*eleventh day of the lunar fortnight, observed by some persons as a day of fasting*). Vaikuntha? Ekaadasi. Whenever you entering it, inside in the temple, that's good but Lord Balaji, wherever he's standing, that standing, that area it has another temple. True, they can check. It looks like one temple but inside there is one more temple. They're opening one door, secret door. They're closing whole doors. Everybody has to enter in that door.

If somebody can go to early morning, 4 am, like that, to Tirupati, taking the Hari driver or somebody, just jump up to Tirumala. That security whole temple boss, he came here, the Murug Agency, he gave stories, he told many stories about the bird, different, different, different, different.

Students: Super...

**Swami:** In the police he's a security boss, the whole hill. He can ask a favor and I will also organize it. Hari have the contacts, two people can go and

just have darshan and come out. Bring some prasad and everybody can share it. Whoever you like, strong two guys, just go - huge crowd, unbelievable crowd...whole India will be there, majority all Vishnu devotees.

You can do it? Who will go, the guys, only the guys permission. I'm sorry, girls. You both guys (*Clint and Patrick*) 3:30 - 4 am. Talk to Hari and just jump in the car, you can write down Mister Murugation Singh, security in charge and my personal manager, Sury or Shiva, you can contact with them and they'll take you upstairs to the mountain. But still you need to wait few hours, seven hours, ten hours, depends on your luck, even VVVIP darshan.... Have darshan - come out.

That day, tomorrow, if you can perform the Lord Venateshwara pujas it's very, very, very good. The priest can organize the Sudarshana homa... Sudarshana homa, and each person is participating and performing it. Anything else? You can see what is that secret door. It is very high technical they built it...high technical they built it. If you missed it... in the crowd you're a chappati, the pushing, the rushing is that much crowd. What else?

Lucia: What are people receiving through that north door?

**Swami:** First let it happen then I will explain to you. Once you had the prasad.

Lucia: Can you say more to the Sudarshana Kriya, you mentioned it the other night?

**Swami:** Tonight I'm going to do in Dwarkamai Sudarshana Kriya. That's why I cut off. You got the message, no more meditation? Me is entering inside.

To the ladies, who is the group leader? Who can speak good English to the ladies side and German good? There is not much time before the Christmas. Each group need to handle like twenty people, twenty people, twenty people. Carla, you can give the list to them tomorrow morning, then they can divide it they're comfortable. You guys also need to make it, depends on fifteen, twenty people easily can move wherever you want to go like a group leaders. Tobias don't want to be as a group leader, isn't it? You Clint?

Clint: Sure, Guruji, yes.

**Swami:** Hundred people, five, six group leaders. If you cannot able to handle it, in future thousands of people, how you can organize it? It's highly difficult. Groupism, unity, unity, I'm keep saying since years. What else?

Lucia: Could you repeat the list of Kriyas that you mentioned and we couldn't capture all?

**Swami:** Eighteen Kriyas, I explained eighteen! Wait, wait! 2001 at Shiva Ratri time I explained that all Kriyas too, on Shiva Ratri time I did it. Why everybody is so tense? Am I giving you too much hard time, guys?

Students: No.

**Swami:** When you leaving Sabeena?

Sabeena: 13th of January.

**Swami:** What else? Are you really happy, guys? Are you Monika B?

Monika B: Do you mean happy at all?

**Swami:** ARE YOU HAPPY?

Monika B: I'm not happy with everything. I would like to see some results, some steps... that I'm doing a good job... something like that.

**Swami:** I'm sorry, to make a comment the German pronunciation is difficult to me. What she said?

**Swami to Patrick:** At lest you get well trained.

Patrick: She said she like to see more results in herself, more reflection.

**Swami:** You, Madi?

Tatyana: Right now I'm feeling very peaceful, I'm happy to be back.

**Swami:** Right now are you happy or not?

Tatyana: I'm not one hundred percent happy, but I'm making good progress, but in general, I'm looking forward to also have some inner experiences like really proofing what is hidden inside of me to really bring

that spark out and proof it to myself.

**Swami:** Proofing something hitting in yourself?

Tatyana: Yes, whatever greatness is hidden in me, I would like to pull that out and really see it, experiencing it with myself like really an experience which completely pops out of my mind, and an experience where there is not one percent doubt left in me - to really know who I am, to really know where I coming from...what is my dharma exactly, where I'm going. To have a communication with Jesus, to really something that is beyond darshan, a normal darshan, like soul traveling. I know it sounds like a lot, but I guess that's the goal from all of us why we are here, and I'm spending many, many years with you, and I'm very grateful for that time. I can see I developed a lot of maturity and more clarity, but still I feel like the chicken inside the egg and I would like to come out.

**Swami:** Is it my fault? Is it my fault? If you're not happy, is it my fault? I think you need a powerful strong master. You want to visit Kashi?

Tatyana: Yes, I would like to, yeah, but I have the strong master in front of me, and I know you can give me whatever I need and whatever is best for me.

**Swami:** If you change - I will change. If you change - I will change. I'm a simple mirror. If you have a doubt, you have a lack of confidence - I can't help it. I can't? help it. Carrying the blocks, humm - no. Every person want to go and touch on the moon, only few people are able to concentrate on it, on their mission and their job. They made it. That dedication, doesn't matter how much time you spend it, the time in sense of you grinding the knowledge, the concentration is most, most important. You can go, you can hit it, yes, back side I will as much as I can give support. You have to keep watch the time cycles, then take the action.

Immortal Enlightenment Course, we declared many years back. In Kashi, in Benares is bomb blast. Today, this evening, again they founded it, several some more bombs in Kashi, where is the next door of the Harichandra Ghat. That is my strongest final desire. I want to get retirement, make it finish it and just, "Bye." Red check. Am I disappointed to that? No, is not a surprising to me. It's not a surprising.

A scorpion, cobra enters in your bedroom. You saw that, 'Aham brahmasmi - God is everywhere.' That is also a piece of God. Leave it, whatever it will going to be happen. That cobra nature, and scorpion nature is a biting

nature, hitting nature. Sometimes you need to use your common sense. Slowly you need to escape it or push it out. Mother Nature is like that. Mother Nature is like? that. Every click, click second, second is watching on you to divert you and to disturb you, every second, every second. In the egg, where is the beginning? Where is the ending? The Shiva lingam, where is the beginning? Where is the ending? Adi antamu - Adi beginning, antamu?

Students: ending.

Swami: Are the stars bigger then the sun, or is the sun bigger then the stars? Hello? But you want to have great experience, and want to connect the Jesus, and this and that, simple general knowledge you don't know it. Tobias? Generally the stars, big stars is really bigger then the sun, or sun is bigger then the...

Tobias: Well it looks bigger, but same size approximately.

Swami: What is your answer straight?

Tobias: Same size.

**Swami:** Check. Check. This is not for the argument time. Truth is greater, or love is greater, Tobias?

Tobias: I would say truth.

**Swami:** Lucia?

Lucia: First I was thinking the same, but I think the love brings the truth and the opposite, the truth brings the love, so it doesn't matter which...

**Swami:** I don't want explanation just I want this or that.

Lucia: Then I say the love.

Constanze: Super hard,

**Swami:** Super hard?

Constanze: To decide, but I also think love is better, because truth must not be...

**Swami:** 'I think...' no think just...

Constanze: Love, answer love.

**Swami:** Nancy W.?

Nancy: I have to say both.

**Swami:** Either one.

Nancy: Love.

**Swami:** Clint, he's stretching his back. (laughing) Madi? Great, you gave the list of all your experiences. Hello?

Tatyana: Yes, I'm still thinking... I'm saying love.

Swami: Carla?

Carla: Truth.

Gustav: Truth.

Patrick: Truth.

Paul: Truth.

**Swami:** Spell it.

Paul: T, r, u, t, h.

**Swami:** Give me an explanation about the truth, please.

Paul: Truth never dies and truth always wins in the end.

**Swami:** So love will die?

Paul: Not that love will die, but truth will always be there, no matter what. You always find it. It will always seek you. Love... love is powerful but truth is more powerful.

**Swami:** (smiling) I think I need to resign my job today, isn't it? Sathya, dharma, shanti, prema - I putted the prema the last. Adi-antamu, beginning

- ending. Where is the beginning, where is the ending? Indirectly I explained before one minute back. Few minutes back I talked that. Any in my talk before I'm raising any question, if you go back three, four, five minutes back, before what he talked, it is there, answer is hidden there. Without chain linking entire in my talks... it links always, I make it there. We'll see who will come out, how many people is truth, how many people is? the love.

Why the crocodile is super strong when it is in the water? If it is outside even a dog can kill it. If it is in the water it can kill an elephant. Why? Same crocodile, if it is outside of the water a dog can kill that, if it is in the water it can kill the elephant, why? You no need to know... Madi where you coming from, who are you, where I am going? Just you answer this questions, two, three questions. Have a nice time, and in two days it will be done, the cot?

Patrick: It will be done, by the 19<sup>th</sup>.

Clint: Ya, no problem.

**Swami:** Good, I like that answer, cool - Have a nice time.

End of Talk
