Ashram Talks With Swami

Creating a New Element out of all Five Elements

Talk in the Baba Temple

January 19, 2011

Swami came into the Baba Temple during bhajans. He asked Hannah to sing the Baba bhajan again.

Swami: Good. Good evening guys.

Students: Good evening Swami.

Swami: How is your day?

Students: Good.

Swami: Tatyana your day?

Tatyana: It's good.

Swami: What you done today since morning?

Tatyana: This morning slept till ten. I was up till 3 a.m. last night.

Swami: Yeah. Why you are until 3 a.m.?

Tatyana: *(can't hear clearly)* Because my rhythm right now is staying up late night and sleeping.

Swami: Say again.

Tatyana: I'm maintaining that rhythm.

Swami: Rhythm? Maintaining system, ah-hum. What? What is that? What time you wake up?

Tatyana: Okay, so sometimes you give talk late night, so I stay up late. So I'm trying to maintain that rhythm, so staying up late night and waking up late. I'm usually waking up around ten. I'm maintaining that. Then I'm checking what duties I have to do, checking emails, and planning my day. Some work. So today I had meeting with the Euro Seva Team and discussing topics about structuring the Europe in the world, supporting the teachers in a much better way. Then after that I had a small break then did some exercise today. I had a few conversations, few phone calls.

Swami: With whom?

Tatyana: With Tobias about a few things, which are pending.

Swami: Um-hum. Then?

Tatyana: And then I prepared myself a dinner and then I was ready to come to bhajans, and now I'm here so my day actually half way through. The night is still coming, so...

Swami: You boss, Patrick?

Patrick: My day?

Swami: Just I want to know how you're using your timing in a proper way. I want to know your schedule perfectly.

Patrick: Well I was on duty last night and I think I fell asleep about the time abhishek started this morning because I heard the pujaris starting but then I didn't. I woke up about six for the arathi. Then I slept again until the next guy came on duty at seven.

Swami: So whole day you slept?

Patrick: No, no, no. I left here at seven a.m., had small breakfast and then I slept from maybe eight o'clock to ten o'clock, something like

that. I got up for a little while and then went back to sleep for another hour. So I slept until eleven, morning time.

Swami: Good.

Patrick: Let me think. I got up, checked some emails, read a little bit of knowledge for some time, had some lunch then went to the reading of your talk from two nights ago was at two - went to that. After that I went out to see Monika T. and we had a discussion about that talk for quite some time. And I went back to my room after that and read some more knowledge and then did some japa and now I'm here.

Swami: Good. You Lucia?

Lucia: You're really catching me today Swami. I'm not very satisfied with my day today.

Swami: Hum?

Lucia: I'm not very satisfied today with the day.

Swami: Why?

Lucia: Well something is really bothering me and that is I have to prepare the next stay in the West. I have to prepare to go back to go back to Germany and Austria and do some seminars there, and that's always a big, big problem for me to write, to decide what to teach there, and how to advertise. It's just really giving me stomachache. Actually I didn't wake up early because I had stomachache the whole night, cramps and then I went to class to listen how Myuri teaches and what was the subject there to catch up. And then I came to Baba to ask him to support me, meditated here to support me what to do, how to do then I had lunch. Then I did the German translation. It took two hours to go through the talk, and then I had a discussion with Myuri on the talk, the questions you brought up, the questions that you were asking to think about what the answers could be. And then I had a meeting with somebody helping me to write down these advertisements, like how to present your knowledge in the West so they can feel, "Oh, this is something I want to go," and then how to teach there. This was filling my day. I'm a little impatient about this because I want to do some other important work like translations, but I know I have to do this first and I see that some part of my seva

and my duty too to transport this knowledge outside. So that was my day.

Swami: So when you want to go?

Lucia: Well, end of March I want to go and then I want to teach in April in May. And I try to learn how to do that still.

Swami: You Tatyana? When are you going?

Tatyana: I have no plans right now to go. The next plan to be would be going to the event in London.

Swami: You went to London?

Tatyana: I hope I can be there, yes with you because it's an event you're actually suppose to come.

Swami: It's my event or your event?

Tatyana: It is your event, hopefully. It's always your event but hopefully with your physical presence.

Swami: What I observe, especially in the Europeans, not only them, in the student kingdom. If any program is running they have to go and sit and give a talk, since ten days before they started to be panic. Panic and they're driving themselves crazy and drive everybody around them crazy. Hun-un. They know they can do it but what is the problem Tatyana?

Tatyana: One part self-confidence, faith, and the channel to the Brahma Consciousness but I learned from you that it comes by practice so I guess I just need to do it more often.

Swami: Four, five years she cried in the garden and she's sitting and keep crying, crying, crying and I don't know why she's crying. And I made her to stop that and I really want to put her to teach. Every talk excuse, she's giving excuse, "Oh try Swami, this champagne bottle, this is very famous in Germany...this beer, this, that, beautiful flowers, beautiful chocolates, Swiss chocolates, See's chocolates, and haaa," keep giving it. I'm sorry I don't like the chocolates.

Why I'm saying this, if you want to do it, once you committed it, do it. Don't give a chance to the next alternative to thinking it. If you

started to feeling, how to advertise, how to do this, how to take care? Hun-un. But it's very, very, very, important thing is to make a unity seva crew in Europe - is most, most, most important. If you have a seva crew, like a big family, helping each-others and supporting each others, the journey will go more smooth. More?

Students: Smooth.

Swami: To be honest, of course the Guru Parampara is with me, and even the Elephant Group is helping, and few more groups is helping, at a certain level the majority, the majority levels I'm alone in the battle and fighting. It's like, like, non-stop. No tiredness, just non-stop, stop, stop, go ahead, go ahead, go ahead, keep do it, keep do it. Before I use to sit in my office in the chair and just majority...of course the Jesus Christ, the books pretty good done and I waiting for the right auspicious time - just give it out. It is there very almost all like fifteen, twenty thousand books in the Northwest Building. One big truck they printed it, they brought it. Three volumes it's done.

Last night one of my good friend, I sended him to the States, "Go. Do the work, come back." The last minute we discussed, "Okay, let's do, start. Okay, 2:30, 3 a.m. jump in the car, pack up, go." I gave a hug, and then done. 3 a.m. he left. Why I'm saying this, opportunity once it comes, utilize it. That is the thought for the day. Opportunity comes, utilize it in a proper way. Until to the opportunity comes, try to be observe, under observation. Never lose your inspiration and keep carry your patience. "Swami am I ready. Maybe I'm not able to do this." That's not your job. That is my job. When I pick up you, when I tooked you, it means I know your stamina. If you cannot able to do that I won't choose you. I won't?

Students: Choose you.

Swami: For example, Alexandra, she's one time in the Beuerhof, I think couple years back some time. In the fire ceremony is running, there's hundreds of people is around and she's sitting in the back, and I'm chanting my prayers and the homa is running, and I'm giving little shaktipat and I look at her, "Are you happy?" Her biggest habit is always shaking the head like this, "Well, maybe," like this. "Come India." No more much discussion. "Come India," that's it. The sankalpam is done, it's taking care, the clouds is gone journey is started.

If you want to come to Penukonda, even you don't want to come, the Guru Parampara knows how to pull you here. You're a small bird with a thread on your leg, foot, you're here (*Swami shows pulling the thread*). If you don't want to see you, if you tried even you're in the airport, you're in the flight, you got the boarding pass, flight ready to take off – no chance. No?

Students: Chance.

Swami: It's already well decided. You trust that Patrick?

Patrick: Yeah, I believe that Swami.

Swami: It's well decided. The Guru Parampara knows it. Somebody thinks, "Well Swami's not honest. He confuses. He do this, he do that. What is this Yogas? What is this Marma Kriyas? What is the sadhana? What is the Womb Chakra? What is Sri Chakra?" Do it. Do it, then you see the results. "Southwest swimming pool is a bad." If I say, you say, "No, I like the swimming pool southwest. It's in my beautiful house. I built that, it's gigantic. I enjoyed it. One crazy Swami is telling this, I'm not able to listen this." After you face with the problem, what can I do? What can I do? Before getting wounding, certain things try to just simply do it. The knowledge is that much power. Second statement, knowledge is?

Students: That much power.

Swami: If I harm you, what I get benefit? If you're happy, then automatically I'm happy. If you're happy, I'm happy. If you're unhappy, then you create lot of nuisance in my life, I have to waste my time. Definitely I have to waste my time counseling, counseling, counseling, taking care, taking care... That's why Baba he always use his setkar. You know setkar? Stick, big stick, rosewood, almost all four kilos weight, easy it can break the legs. With no kind, just he throw on the face. He's not beating your physically, even though you're facing a physical torture little bit, but indirectly that evil force, energy, negative energy he's kicking you out from you, "Do this, do that, do this, do that."

Whatever he does in your life just accept it, "Okay Baba, do it. Okay man. Yes, do it. If you like me, do it. Still if you don't like me, change me and utilize my energy whatever you given to me for the good

and peace and harmony in this planet. You're the given the problems - you're the person to taking the problems out." Entire your problems came from whom? Can't blame on Baba, from Guru Parampara put it that way. It's Mahamaya, one part Mahamaya. Even though Mother is playing it, if really the master wants to stop that, yes he can do that but it's necessary you have to go through then the more clarity you'll receive it. More clarity?

Students: You'll receive.

Swami: One guy, I don't want tell his name, many people saw him, American guy. He came with a huge big bag with lot of money. He put it, "Please Swami, give the enlightenment." Beginning days. He flew in his own flight from America to India. Big flight. He came, "Give me enlightenment." Is it possible to buy the enlightenment through the money? Is it possible? Several testings I did it. Failure. Failure. So, the Divine Lineage...never under-estimate the Guru Parampara. Every action, underneath there is some meaning there telling you...anything, whatever is happening, if you really started to thinking, "Why is this happening? What is behind in it? What is the behind in it?" Yes. If you use your consciousness level in a proper way, not to be arrogant and too much crazy suspecting, you cannot win it. I really recommend if you have the time to read the Buddha life, Siddhartha life too, or some photos, or any documentary if anybody made it, try to make them to see it. Almost some seven hundred people have applied to the Immortal Enlightenment. How many Alexandra?

Alexandra: Seven hundred, six.

Swami: But I don't know how many really eligible to that. Last night he's a smiling. I took that whole file and I entered into my bedroom: the red flags, health problems, age problems, tough cookies, tough cookies, strong coconuts and all angles, I have to...senior most students, how many times they been failure in different processes? How much they really can immediately observe the information, the knowledge. After all this, I pretty good seen it, majority of the seniority students gone, swaha. I recorded it, "This person, this have this, this, this, problems... After they have to really prove this, then after they're eligible for this course." Out of the Elephant Group only one person got succeed, only one person. I'm not making you going

down. It means still some time is there until the program. And majority seva crew people got succeed and whoever cannot able to pay, they got succeed, and the dedicated students even who was cleaning the floor and fixing the altar, their devotion, their humbleness, their quietness, their energy levels, pretty good, yes they had huge marks. Sometimes when I walked near Annapurna, somebody's laughing and, it's good, it's not a problem, instead of wasting of unnecessary stuff...discussing the subject. Discussing the subject, whenever opportunity comes we can rise this question to in front of the master, then we can get clarity. I'm sure now the Elephant Group started thinking in a negative way. Is it true Tatyana?

Tatyana: No.

Swami: Taking it sporty?

Tatyana: There's no other option.

Swami: Win until you receive. It's a same meaning, "Win until you receive." Not fight, win. How to win, there's a layers. Yes, that's why try to read the Buddha history... the Baba, that brick is going to hitted him and he's bleeding and he put the cloth around his head. And whole his life is dedicated with his brick as a pillow. And what he's concentrating? What is the gurusthan? On top of the gurusthan Shiva lingam, why the Shiva lingam? *Namashivaya*, the five elements and to whom he given it? What is the purpose? What type of tree-ism close by there? To near our Dwarkamai naturally, what type of tree is there? What type of vibrations is receiving even our Dwarkamai here? Under the neem tree, what we buried it? What is the alahala lingam? If you go that type of questions... is raising the subject, yes. You cannot able to feel it, see it. Where is the Jesus power spot and how to believe that? Yes, you have a right to win that channelings to the Jesus Christ, and to the Baba, and Mother Divine. It's clearly possible, clearly possible. Once you started to thinking in a negative prescription, "I cannot able to do it. I'm not worth it." No. You can do it. Am I boring you guys?

Students: No.

Swami: What else, Lucia? You tired?

Lucia: No, no, there's so many things to ask on different levels. Like personally can we ask questions from your last talk? I think we still need few more hints about the question what we have to ask Baba what the Kumbh Mela saints got stuck. If you could give more hints for us what they got stuck with and what we should not get stuck with, and to ask the Baba.

Swami: Give me example.

Lucia: Well something I was thinking, if we ask something from Baba, something that we can use to implement on the world, then he has to make us to be able to do that, right? If I ask, "I want to give this and this to serve the world with, certain something, then that means Swami has to enable me, has to give to me all I need to be able to give that, right?

Swami: Do you understand Patrick?

Patrick: Not really.

Lucia: Let's say I want to... let's go high, let's say if I want to give enlightenment to my students so they can give enlightenment to their students. That means that also Baba, if he accepts that, that means he has to give me enlightenment to be able to do that so I don't have to need to ask something for myself. If I ask something what I can give to the world, that means he has to be able to make me do that, is that one angle?

Swami: Yes. Let me say, I already told it this, first you meditate in the light, then the light will be in you then you'll be the light. What I said?

Patrick: Meditate on the light.

Swami: In the light.

Patrick: Meditate in the light, then the light will be in you, then you'll become the light.

Swami: If you really can be able to bring the Five Elements inside the Dwarkamai... where the Kumbh Mela all the saints got stuck, how to make it a mixture of all the five elements and create a new element. Who knows that – done, they can win the Shiva. Whenever

you're ready, you can let me know and I'm ready. You can choose five people whoever you like it.

Lucia: Me? You mean me or us?

Swami: Yes, you guys.

Lucia: We choose right now five people?

Swami: You can discuss it...think about it... that is hurry. Patience. Think... hurry, worry, curry – no! You understand Tatyana? Too much hurry it makes the nuisance. Too much worry it makes the nuisance. Too much curry it damages your stomach. No.

Think about it, even tonight, tomorrow, next day, next day... bring the five elements inside Dwarkamai, "Swami this is five elements. Now create one element." Then I'll be.... we'll see some lab...

Good luck. Now it's time to go to arathi. Take care.

End of Talk
