Kala Chakra, Womb Chakra and Consciousness  
Talk at Swami's Dhuni

**Swami:** Good evening guys.

Students: Good evening Swami.

**Swami:** How was your day?

Students: Good.

**Swami:** Sounds not good. What?

Constanze: Better now that you're here.

**Swami:** You come that side all the way northeast. Just simple subject on the Kala Chakra, just I want to go review whatever you have the confusion points, so far you made it confusions in your mind. Myuri, somebody can translate in German language to them?

Student: Yes, I can translate Swami, I can do.

**Swami:** Can you stand up if you don't mind?

Myuri: I think there's a little confusion about how Kala comes before Maya.

**Swami:** I will explain whenever the Kama Chakra subject is running. I'll explain that.

Holger: Swami, yesterday you asked the question about the connection between Womb Chakra, Kala Chakra, and consciousness. We have learned that a strong Womb Chakra can control the Kala Chakra, but we don't know the mechanism. Can you talk about that?

**Swami:** Good. Let's say the Womb Chakra is a kind of coconut but hidden in the coconut there is a coconut oil in the coconut meat. Before it's a green coconut, then brown coconut, then the meat, then the meat from that you will get the oil, then you will get the flame. The womb chakra is nothing but purely Mahamaya linked with Kala Chakra. Then the Kala Chakra is linked with Kama Chakra. Kama Chakra is nothing but linked with the consciousness.

Today you're young 16, 18, 19, 20, 30, 35, 40... The Kala Chakra keeps running the cycle. Once the body is getting low... low means in sense of the age, the Kama Chakra is completely down. Kama means it's not only for the attraction, attachment whatever it is, the majority. Maha Viswamitra, he lost his austerities power through his Kama Chakra. It means he disconnected to the Mother's Womb Chakra, then again he regenerated the Gayatri Mantra and he found the Gayatri – he manifested the Gayatri. Without his Womb Chakra being able strong enough, his consciousness is not strong that much enough to make it rebuild it, re-manifest it, Mother Divine. Understand here? It means the target - everything is running there. The Womb Chakra yes, is like twins, the Womb Chakra and the Mahamaya. Once you came out from the mother's womb, the navel they cutted, the linked is gone. The whole feeding is going to you when you're in the mother's womb. The point here is, the consciousness needs to be experience the real soul, the divine soul,

even you. If it's from the sadguru and the right channelings, you really can enjoy the consciousness whenever you're in the mother's womb, or next place with really good sadguru. There is only two places - remaining everything is crazy. Leave it.

Once you have the really clarity consciousness, you can do the amazing wonders in the planet no matter what. Many people think Brahma Consciousness is here (points to Brahmarandra), third-eye consciousness is here (points to third-eye), Hrudaya consciousness is here (points to heart), Kama Chakra consciousness certain place. Doesn't matter. Where the consciousness needs to fix it, the master will know to fix it, in your eyes or in your, wherever in your body. For example, Shirdi Baba in his Dhauti Yoga taking his intestines out and washing, and again swallowing it, again re-fixing it - all his consciousness stage washing the karmas in his intestines. In his?

Students: Intestines.

**Swami:** You might think, "What is this Swami, crazy? Is the body really can carry the consciousness? How the consciousness really looks, that's a big question mark. How to recognize this is the really consciousness or not? Where is the difference? Kala Chakra, Kama Chakra, what is this? Kala time. Kama is a desire, attachment, affection... Even to have the desire you want to see the Mother Divine, you want to win the victory - that is also Kama. But which type of the Kama that is? That the master will decide. The master will?

Students: Decide.

**Swami:** So the part of your life what you really need to understand, for sure without your Womb Chakra getting stronger, you cannot do anything. You cannot?

Students: Do anything...

**Swami:** And enjoying the consciousness you cannot win anything in this life - you have to keep drag on the time. Only you can fight whenever you're here directly face-to-face and requesting and doing the sadhanas, whatever it is. It's only possible if the master is available in your presence. The master is?

Students: Available in your presence.

**Swami:** At the time it's the greatest opportunity to get the consciousness. The consciousness is one of the major part to knowing the knowledge, and to knowing the right channelings and the channelings need to be tested it, proved it, and see the results, and implementation in a proper way for the good for to the globe and harmony, peace, creation...

Some person's consciousness is wrong. They're creating lot of violence and wars. The same mother nature creating the violence through them, to switching their consciousness going crazy, they created, they killed hundreds of people, thousands of people, they destroys beautiful things. Some people they turn around in a beautiful way want to create the siddhas, healers, spiritual knowledge, and lot of helping nature. The same consciousness is going in this direction, going in another direction. So you have to maintain that balance in you in a proper way to Guru Parampara's blessing to win the consciousness, release it to make the globe to bloom in a beautiful nectar way.

You don't know how long you're staying in this body. The Kala Chakra clock keeps moving, keep everyday is running, running, running... How much you really saw it, what the really channelings, you had, the really hook to the Guru Paramparas, to the engine. Empty train doesn't work. Your bogies, the engine, you need to have a hook then he takes you - destiny. Bhavasagaram to cross the ocean, you need a something, a boat, a stick, something... Anyhow you have to swim. Swim means you came on earth, until your last breath you have to keep go through. There is no, "I created everything, I forgot everything, forget it! Only I'm sitting under the tree!" Never knows, a big branch will fall off on your head and you got wounded, and you're suffering with that and putting the leaf's juice, and the maggots is there and... the Maya is purely Maya, just it will find it's

own way, if it wants to play on you it will play on you. Patrick, understand?

Patrick: It's true!

**Swami:** Yes. Let it run, "Ok, yes today it's this. Tomorrow what else? Good." Since almost one month I'm observing the vibrations and everything. You're coming to the Baba arathi and yes you're having a lot of deals to Baba. I'm happy, but I'm not that much happy. What you need to make a deal with Baba? What?

Students: You need to make a deal with Baba.

**Swami:** Everything is possible in his hands. Everything is possible. Don't feel you're under suffer, that is not a suffer, it's a testing. It's a?

Students: Testing.

**Swami:** You have to win that test. Testings is not only for you, it's also for me too. It's also to the Baba, all the Guru Paramparas until to the Mother Nature. Final testing person is the Shiva. He's the only one person can remove any testings, "Get out. Go." Maya - Yama. Yama means death. There's only one person in the planet who can win the death, make it stop the death, that is the?

Students: Shiva.

**Swami:** Shiva – Yamapashan. I'm not giving a panic here but... like Paul, who is Paul? Somebody needs to recognize, somebody needs to take him as a idol, his messages, his belief systems, and his sadhanas. It should be useful. It should be?

Students: Useful.

**Swami:** On the day, Baba he lived in a small tiny place. His messages today the global wide majority is listening it, following it. But I straightly choosed the mechanism angles - Womb Chakra, Kala Chakra, Kama Chakra. Just I'm not giving the surface things, surface things masters. There is tons of people in the planet - Masters, Gurus, Babas, whatever it is, permanent solution. Falk you made the CD?

Falk: Yes, it's ready to show. I have it right here.

**Swami:** Okay, let's go and watch that.
