Swami's Soul University Talks

Let Baba do What He Wants to do

Talk in the Baba Temple

April 22, 2011

Swami: What is going on in Puttaparthi? Are you ok, Constanze?

Constanze: Yep. Yep.

Swami: Are you sad?

Constanze: Oh, not now.

Swami: Before, sad?

Constanze: Before, yes.

Swami: Why?

Constanze: Struggling in my heart.

Swami: What?

Constanze: Struggling in my heart.

Swami: Struggling in your heart. You want to go back to Germany?

Constanze: No, not now.

Swami: Next week?

Constanze: It depends. It depends.

Swami: What do you mean it depends?

Constanze: It's unpredictable.

Swami: Unpredictable with what, with me?

Constanze: Yes.

Swami: Quite natural... it's not new isn't it?

Constanze: Yes.

Swami: It's the nature... Mother of Nature... Your aim is here, but your gun is this direction, but the mango has to fall off here (another direction). Everybody looks (at the gun). This mango is going to fall off...but my aim is, that mango need to be fall off. Then only it's possible. No matter what, truth will win it. Truth?

Students: Will win it.

Swami: If it is a true knowledge, it will win it. If it is a true nectar, it will win it. If you are a true love, you will win it. If your processes only you want to hold that, you can't win it. You want to hide the knowledge only for yourself you can't win it. Whenever you spread the knowledge - this is accessible, you'll win it. If you are taking somebody's kidney and your fixing it inside somebody's body, is it a crime or is it...?

Constanze: It's possible.

Swami: Is it a crime or is it fair?

Constanze: It's fair if both agree, yeah.

Swami: If that is fair, spirituality is fair. There is a lot of in depth; spirituality is there. Is a disease is a dangerous or is the medicine is dangerous, Paul?

Paul: Disease is dangerous.

Swami: Medicine is a dangerous. First, medicine after it is raised up (taking more medicine); then disease will start then you have to

discover the medicine to give that diseased person. Am I confusing you guys?

Monika T.: Swami, are you saying that once that a solution comes in the creation, another problem has to come to use that solution there?

Swami: To make it open to clear out. How many millions of vibrations are hidden in this nature, cosmic? Certain exact vibrations to you, you have to receive it. You need to have the special talent to make it, hold it, and make it to discover it...tons of vibrations, frequencies.

At the moment you're sad, tomorrow you're happy, confused then later on again you came out, then again you feel majority left out, isn't it?

Constanze: No, that's not it. It's just only a pity that I'm stuck in here exactly in that time, that's all.

Swami: Pity?

Constanze: Schade. It's...

Swami: Itchy?

Constanze: Pinching.

Swami: You got stuck here?

Constanze: It's not stuck, just the visa situation. It hits exactly in that time. Perfect. It could be later or before, no, just got it exactly...

Swami: You're blaming on me about your visa?

Constanze: No, I don't blame, I just say these are the circumstances. (Something I cannot hear clearly) There is no blame, it just worked out like that. So, He has a different way for me, ok, I surrender.

Swami: Me too! Me too! Your all guys says, "No Japan." (Snaps finger) Permission came, you have to go but visa came not granting it. What should I do? Just now I went to car ride outside of the fort where there is the Mother Divine first gave darshan to Tanali Ramakrishna...that Sri Chakra and I broke a coconut, make certain things to be released. It's too tight, dark, in the bushes...totally dark. Hardly we cannot able to see where we are going and we found a beautiful tree and underneath just Sri Chakra and Mother Divine, and nobody is not around. The dogs is barking and it's a pure jungle. (Snaps finger). Done, release it. Stop. Wait. They'll push it.

Follow your heart... but your heart is not anymore with you, that I believe so...He (Baba) too it, even my heart he took it. Guru Parampara, yes, let him do whatever he want to do it. We had a great journey guys, in one car, like a truck, everybody is holding and just...how many people we sat?

Paul: I think there was five of us.

Monika T.: No, more, twelve.

Swami: Jammed and just, arm by arm, one by one, and just it's this big (shows)...let's go. From where is that limousine I came from Switzerland to?

Paul: Austria.

Swami: Austria?

Carla: Yes.

Swami: In the bus I was super exhausted. I thought, "Ok, test limousine..." and we had a good dinner and we went outside and the limousine driver not able to find it where is the bus parking, and we cannot able to find it. It's freezing and the wind blowing...whooh. My blood pressure is crashing, (gestures with hand going down) like fainting out, and again I'm there escaped to be in the restaurant and go in the limousine. It is also inside freezing. Then I thought it, why am I doing all this stuff, nine hours drive I have to go in the mountains? Why?

The bus is coming from backside with a few people and I want to a little ahead, be comfortable and sleep. Of course I like the bus, but the bus is almost like fifteenth century bus. It's not working - air conditioning inside, it's blowing the super cold air, super cold like ice...oooh! The bed sheets, easily thousands of cockroaches can stay, lot of metals, bacteria and viruses is there shhht. Baba, why are you giving a testing? What are you testing?

Then in the limousine I said, "Can you put the heater on?" "I'm trying it, it's not working." It's big, beautiful, brand new limousine. "Can you make the heats up go please?" "This is the maximum." Still freezing. Then later on it started to heat. It means, why I'm saying this? It's not in your hands. Certain things you want it accurate perfect. If you say perfect, accurate - forget it. "He's the right person for me, yes he'll stay for me until my last breath, until no matter what!" Uh-oh - that is the maya. You are giving a opening door to Mahamaya there. The best soul mate is (Baba). Leave it. Let's go. That's all you can do it.

In Alps Mountains I'm driving, me and the Carla and Tobias. She's talking in German language, and he's talking to her in German language. I don't know what they are talking together. The driver is focusing on the Alp Mountains and driving. It's driving me crazy.

There is no music, nothing there just sitting... She's hungry. I'm hungry. Tobias is very hungry and he's exhausted. It's true, he's exhausted, and everybody's calling them. Brett is calling from one direction and Tatyana giving one direction. Paul is working in a different circumstance, that too. We stopped in a gas station in the mountains, then these two guys is every exhausted, I need to make them entertained. I need to make them?

Students: Entertained.

Swami: I keep trying to them to bring up their energy, be strong, stop...let's go. Not happening, they really got...(Swami lowers his head and closes eyes). Tobias he had one hand of the money, one hand of the banana peel, and he need to throw the banana peels in the dustbin. Instead of the banana peels he throwed this (the money). And he's...what? Wait, wait, wait...then he's took the money and he putted it (the banana peels). "Tobias, are you ok?" And he said, "Well, I'm sorry Swami, I'm tired. I'm really tired and exhausted."

Then, I started to...I purchased cigars, scissor, light, and a little bit dancing and putting my bag on my head, and sunglasses there, just to make them smile and laugh and Tobias taking the picture, and the cigar, "Who cares, so what!" And snow is like a big fall, snow raining? How we call that? Snowfall. Finally, one just started to open after awhile then they had some food and let them enjoy it and then I'm on the phone calls to India taking care of things. Why I'm saying this... Certain times, it's got to go certain rocky time. Rocky?

Students: Time.

Swami: Always smooth landing it's not essence in your life. When you really got old and you're in the wheelchair and just you remember what I done in my life... (Snaps finger) Start, recollect it. That is the moments. That is the?

Students: Moments.

Swami: Today, what I heard the news, Satya Sai Baba is very sick. He's in the hospital and it's completely an unbelievable mystery. Thousands of police is around, and in the hospital around. It's a pretty wild and his liver got damaged. The television is saying that his kidney's got failure and oxygen he's not getting and his brain system is not working proper and all kind of wrong treatment they've given it, whatever it is. And the Trust is fighting. He created unbelievable in Puttaparthi, kind of Sundar loka, like a gigantic huge open spiritual center and charity work.

Shirdi Baba, he opened his Dwarkamai, eighteen feet by twelve feet, the Masjid, the Dwarkamai Masjid. With a tiny little dhuni and his begging clothes and just...handbag and just his chillums and simple life - still he faced the problems. Cobras have only poison in the mouth, but the majority human tendency, the jealousy, the power is, once if they got caught in that, it's unbelievable drives you crazy and nuts. It's a big dangerous disease. Dangerous?

Students: Disease.

Swami: No cure. Once sunrise comes, it has to get sunset no matter what. You cannot expect sunrise all the time, sunset need to be. From first beginning, my picture is in the South West, a cabinet is came. That cabinet is not an ordinary cabinet, it's a Maha Lakshmi cabinet. Then I moved there (to the NW of Baba stage). Then all the way, again he moved that edge (Satya Sai Baba). There is no place to him to go. It got blocked. You can try, once if you fixed my picture in one place in the wall, if you moved it and you put it in a different place, I really drive you crazy. If you want to take away completely, that picture, I know how to reach it, again come back. Is it true Paul?

Paul: Yes.

Swami: Same thing with the Shirdi Baba. He knows what he's doing, exactly he knows, what he is doing. Karta, Karma, Kryia, that's his spot. Karta, Karma, Kriya. If you can be able to stand for that, three gunas, three of his actions, go head do it. You got succeed. You got succeed...everything just leave to him, leave to him, leave to him. He's the right solution. Good, you want to build a five hundred-bed hospital, five thousand people educations. Taking care of lot of souls, good but how many people is really under heartbroken? To be able to heal, the hospital, where is that hospital? Where is that hospital? According what I seen, is only there is three hospitals in the globe, one is Himalayas, Shirdi and Penukonda. This place (Swami's chair) is fifty percent power, Dwarkamai is one hundred times power. Dwarkamai is?

Students: One hundred times power.

Swami: Any questions? Are you sad?

Monika T.: Am I sad? No Swami.

Swami: Sthitapregnata?

Monika T.: Yes.

Swami: Now are you sad?

Constanze: No.

Swami: Confusion is gone?

Constanze: Yes.

Swami: By the way, I want to start a little addiction to the coffee.

Constanze: When I'm in Germany?

Swami: No here. In Germany you cannot be able to get good coffee like here. Only it's the beer, Diet Coke, only super light Diet Coke is there. Coca Cola Diet, something they gives it, it's not tasty uh-hun... Any questions Paul?

Paul: Do you know why Baba did not want you to go to Japan?

Swami: Who said that?

Paul: Well, he didn't give the visa.

Swami: I don't know. I don't... we'll see... Zahira?

Zahira: Question? Well, I don't have questions in my head right now.

Swami: What she say?

Zahira: I don't have questions in my head right now.

Swami: Good.

Zahira: I wasn't thinking...

Swami: Now you're clear? Sthitapregnata? Nina?

Nina: Well, I have a question about the Mother Nature Swami, the creation itself. There is a lot of violence and you said, "In the violence she creates the silence, and in the silence she creates the violence." I would like to understand how to handle her creation when she's in the violence and how to help other people.

Swami: I don't understand.

Monika T.: Swami, she's saying that you had said that the Mother creates violence and from the violence she creates the silence. How do we get to change the Mother to stop to create the violence?

Swami: Using the Shiva energy, there is no other alternate. Whenever the Shiva energy is less, she goes crazy. Whenever Shiva is equal then it goes smooth. Everybody feels so tense and hiding it and want to ask but...

Paul: What is the difference between the Dwarkamai giving one hundred marks and here you are only giving fifty marks? Dwarkamai you are giving one hundred marks, here you are giving fifty marks, what's the difference?

Swami: Baba's atma lingam is there. At the immortal enlightenment time it's coming out and we're putting the...you don't believe it?

Constanze: I believe it but I thought... please don't tell, now it's different.

Swami: No problem. That's my place.

Monika T.: Swami can you explain Kala coming before Maya?

Swami: Hmm?

Monika T.: Can you explain Kala coming before Maya? You said Kala comes before Maya.

Swami: Give me an example.

Monika T.: Well, there is no example. You said, "The Kala comes before Maya." Before the creation of Maya came Kala.

Swami: Wait until Immortal Enlightenment. Sensitive...un-hun. Now you are Mahamaya right here! Un-hun. Done?

Mira: Can I ask a Vaastu question?

Swami: Vaastu?

Mira: Is there a way to calculate the height and weight? Like you have weight in the South West, but 200 meters away in your North East it's a little higher, but it's 200 hundred meters away compared to the South West.

Swami: Speak slow like da, da, da, da, da, da, da, dit.

Mira: Okay. Let's say you've got a little hill 50 meters high in the Southwest.

Swami: Okay.

Mira: And then in the Northeast...

Swami: Yeah.

Mira: 200 meters away or something you have a mountain, which is 150 meters high.

Swami: Forget it.

Mira: Is there some way to calculate distance and height and weight?

Swami: Forget it. What is your problem?

Mira: I'm just trying to understand like in properties a lot of times there is a little hill in the Southwest and then a few kilometers away there is a small mountain in the Northeast. Is there a way to calculate it, or?

Swami: If it is a distance you are ok. This is called Surya Nadi - this way, West and East. North and South - Chandra Nadi. If you are for example, I'm sitting here, one road is crossed, after that there is a one huge weight. No problem. One road is going this way (North to South) breaking that. Again one more road is there breaking it, then one more road is there, then one big mountain is there, it's ok.

I've seen tons of properties in Germany, oooh forget it. One lady she had terrible Vaastu and she built a very beautiful, she's sitting in the Northeast, South slope, West slope, North height, Northeast cut, Northeast bathroom - they called me. At midnight, 12 o'clock I'm on the way. By mistake, I stopped the car, I entered the property, shhhh...even I'm telling, do this, do that, do this, do that... (The person said) "Give me some more solution." What can I give more solutions? What can I give the solution? Simple techniques I give it.

One guy invited, "Swami, I'm a big jewelry man, like a prince. I'm a video guy, television cast. I'm big movie, and this, that, this, this." Ten minutes simply I listened it. What is your problem? I cannot able to find anything in his life. He better to stop not to talk not too much, be quiet and meditate, that is the only solution. I told him, read all my books then we come to the conclusion. You don't need to pay (for the Vaastu consultation), you pay charity works, good luck and just I jumped in the car, "Just to read all my books, transcripts and everything's and help some charities." Done. What can I say?

Somebody is very open hearted, South is a totally empty place, "Put a little fence, a little stakes, a little gardening, like bushes to grow." "I cannot, I love to walk in the South garden." "You can make it, make a small door here." "No, I want to play with my dog and cats and..." I'm a kind of a rat there, she's a dog, like barking...oooh. Am I really able to fix this, guys? Again, "Ok, come towards the North," then I'm making them whole North slope, "If you are using that (south), come North slope.

The point is, I do understand the Western mind system. I'm not criticizing it, I respect their own privacy and their own freedom of the nature and enjoy it, at the same time they have to see why Swami is telling this. Why he's telling this? And one night I went to one person, one lady's house. The energy got stuck. His office is nothing, but one thousand cats can live easily, that such a messy office. You saw that Carla?

Carla: Yes.

Swami: Every, any room, like a junk, to me to walk in the dirty clothes and everything... I have to walk and taking the compass, and

her kids are smoking, and the cigars...ooohh crazy smell and I have to fix the Vaastu, "Baba, why are you giving testing to me?" Patience, cool down, cool down... counting myself numbers 1, 2, 3, 4, 5, 6, 7, 8, 9, 10... She's looking at me, Carla is somewhere and, "Are you doing some kind of a japa Swami?" "Yea, it's a kind of a japa." To make myself calm down in my mind and my heart, ok, finally anyhow, I given the solution. I founded where is her pin-point, caught that, heated it up. I left her. She's automatically by next day morning she's going to start. She done it - completely degluzzing, repainting. First of all you have to know the psychology of the person. If you don't know the psychology of the person, you're not a successful master. It's not you went to the healing, you want to go, somebody came for a healing to you, ok how much, taking the token hundred Euros, throwing it in your box, ok, lay down, put your hands chanting mantra, putting your power objects. That doesn't help. First you have to know where is your pinpoint. Where is the problem? Start.

Ignore it. Even though he's 99.999% he's bad, good but .0001 percent, still open door is there. You catch that - go climb, climb that. You owe that. Until to then you have to be patience and get survive, whatever he's giving torturings and hassle and confusion and fed up, and give up - no way, no need to run, just patience, okay good, good...

Monika T.: Swami, how do you find that pinpoint?

Swami: Easy. If you talk five minutes, out of five minutes, five times he keep repeats minimum, same one dialogue. Either way, he comes to that point. If you talk ten minutes then listening in the ten minutes dialogue at 1, 2, 3, 4, 5, 6, 7 times one dialogue is keep telling it that. The whole ten minutes you can erase it. Catch that seven dialogues with meaning of the same thing that repeats, pin number. From that point, that is your talent where you have to utilize it, hit the ball, perfect goal. You'll reach it. Carla?

Carla: Yes, Swami.

Swami: You're tired isn't it?

Carla: No Swami, I understand, I understand.

Swami: What do you understand?

Carla: To find the pinpoint.

Swami: What do you understand of the pinpoint of the Paul?

Carla: That's different.

Swami: What?

Carla: That's different

.

Swami: That's a different most easiest pinpoint, just simply say yes, you're right. Done. Then you do your work, he feels happy. Just if you say, "Yes, you're right." And still you will do your work. He will make you to do that, your work. I'm sorry Paul, I've given your pin number. We've driven from...where is that airport, Milana? Austria?

Paul: Vienna.

Swami: Vienna. Vienna to Musket, from Dubai something, we flew there. We went to Munich to the changing to Terminal B only we're running out of time and he's a kind of strong step, and less luggage and we're running, running, running...ooohhh. We entered there and everything is closed and nobody's around us who can help us, where

is the ticket counter. We went to the ticket counter, and they gave a little slip, "You go in that direction with this number, then you might get a ticket." Then she went his passport, where is your visa? Visa is there. Driving him crazy. And she typed it wrong going to, something she put it there. Again, she changed it at the last minute boarding passes. No, that's the wrong boarding passes, now we're giving the right boarding passes. Oh my God.

I wanted to do some shopping to the Navya and the Shilpa and just some chocolates or something... and the airport in Musket all kind of Muslims in the Dubai, and kind of just a tiny airport and just desert... all perfumes. Generally, I don't like the perfumes... I hate it, the perfumes... "Paul, is anything in the airport?" "Nothing, just water, diet coke - enjoy. I'll get a piece of bread." "Thanks, good." Taking the piece of bread and biting it and waiting... Musket, early morning and ok, right. In Germany everyday Carla is cutting the bread, putting the butter and jam, fixing it, "This is your breakfast, lunch and dinner." I'm biting it, this is some rice, this is sambar, this is my curd rice - forget it...few days, uh-hun. Here in, Neelama, she cooks and Shilpa, she cooks very delicious food, whatever I want it. But at the time I cannot expect just some rice, and sambar rice, and dhal, un-hun. So, what you understand, Monika?

Monika T.: What do I understand about that? You cannot always expect to have what you need, or want, you have to just adjust.

Swami: But this crew, I know, even I drive them crazy... I really did it. Brett, Tobias, Tatyana, Carla, Paul, these guys is...easily they can handle one thousand kids in a classroom. To handling me - forget it! Every minute it's changing the program. Go this direction...no, cut off, go this direction, cut, go straight. Ok, come back, start again, maximum pushing their patience. First few days in London... what is the hotel that is?

Paul: Luten

Swami: Luten Hof. At least you were happy there, isn't it guys?

Paul: Yea. Yes.

Swami: Gigantic garden, a gigantic hotel, just very peaceful outside of the country. Good, at 10:30, 10:45 I might call the Elephant group. You're ok guys?

Elephant group: Yes.

Swami: Good, we'll see. Pray to Baba, circumstance. Many people got rejected at the immortal enlightenment. It's a painful, and whoever you really seen dedicated, even they don't have any money, your personal feelings, Swami, they are eligible, they can do good hard work night and day, they can be... We can invite them even if they cannot afford the flight tickets, we can send the flight tickets to them. But we need a little advance and they can go to different places and survey. We need their report too. Mira, do you have any friends like that?

Mira: I wouldn't invite any of them to come here, no. I think from the ashram there's people but I think everyone who wanted to come are already able to come.

Swami: Zahira?

Zahira: I know one person, I've already asked about her.

Swami: I already accepted it?

Zahira: No. I don't know, I didn't hear, but I asked about her.

Swami: Who is that person?

Zahira: I don't want to say the name. She's a good person, a very dedicated long-term student.

Swami: Ok. If there is...you guys, anybody?

Rama: I have a friend in Germany I was thinking of. He's not so much in spirituality but he just, I invited him to India some months ago and he went to Shiva Ratri somewhere in North India and he's really into it and so I was thinking to invite.

Swami: Uh-hun, if he's really dedicated.

Rama: Ok.

Swami: It's not for the working here. There is thousands of Indian people who can work and take care - who can really carry the flame to the globe and fragrance - that I want that guys.

Ina: May I ask for Lucia?

Swami: Today I granted her. Today I went again all the rejected files. Several hundreds I rejected it. Lucia, only two three people I selected it out of several hundreds of people. Rejected, all ready rejected it. They're on the wait list. I accepted Lora, and Monika, and Terry too. She gave the authentic letter to me and I will show you guys.

Swami: You ok?

Monika T.: Yes.

Swami: Many people got rejected it. It's so sad.

Ina: And Gustav, we need him for the music.

Swami: What?

Ina: Gustav, we need him for the music.

Swami: He need to pass my examination. That examination is going to connect through Sabeena. If Sabeena accepted it then I'm happy. I'm Sabeena supporting - me and Sabeena, Mira, Govenda, one like one. If he convince us then we are going to give him permission. Is it true Mira?

Mira: Yes.

Swami: Is it a good deal?

Mira: Yes, it's a very good deal.

Swami: It's a package deal.

Mira: Yes.

Swami: Otherwise, why is he saying in London all of a sudden, like a riddle shot to me, I don't understand my wife since twenty years? What? It means I'm already working with him since nine, ten years. Hundreds of programs I made him to connect and made him to sing it. It means I'm not watching what is in his mind? Much I helped him and still I have some letters what he wrote, presented me, "Swamiji, I will follow this, this, this, this, this." What is this? Then all of a sudden, what is this? From your side?

Paul: You picked the right crew. You picked the right people.

Swami: It's your job guys. You don't need hundred people to decide, small group. You can go to view these guys, this person yes, this person yes. Don't see only your selfishness, he's completed to me, he hurted me - this is not the time. Taking your personal influence putting on one person and making it come down. It's not the money issue here. It's not the money issue. Many people I accepted who don't have. Super sick people I accepted it.

Constanze: I have seen.

Swami: What?

Constanze: I have seen.

Swami: Super sick people, old people, hardly they cannot walk, I accepted it. I'm happy to, like a six, seven, eight strong Indian guys they can carry them in the cart and just carry it - no problem. When they have the time, this type of time. It doesn't matter they can pay it or they cannot pay it. Super sick, ok, let's take a challenge. But I given all the Elephant group all the dimensions to make it work, work, work, work... They filter, filter, filter it, finally after I seen their reports, shhhht! Took it, click, click, click, click, click...sended it. Speak.

Monika T.: Swami I have no words to speak.

Swami: Speak!

Monika T.: No. I would say Guru leela is all I can say.

Swami: You're stubborn?

Monika T.: In this case, yes.

Swami: Ok, I will be more stubborn until the Immortal Enlightenment. If you want to clarify now then you'll be free until Immortal Enlightenment. What?

Monika T.: I don't think it's advisable. I think silence is best.

Swami: I know that, but what?

Monika T.: It's not exactly the way you say that. You are presenting it one way. It wasn't exactly that way. So, that's why it's a Guru leela.

Swami: It's not Guru leela. Reality. Reality. Working on the reality. Giving the opportunity who really deserves it. (Snaps fingers) Take it. Somebody's houses I noticed it, the Vaastu... I had to go, cancel it, let's go. No let's go. Cancel this, cancel this, cancel this... Either I have a mental sickness, or egoistic, or their hearts is not open, or their karma is not completely done yet. Out of the four, everyone should be there. We'll see. Ok guys, have a nice night.

Students: Thank you Swami.

Swami: Sure.
